## SPRING 2021 REFLECTION

Written by ANNET ESTRELLA-TORRES

We are at the end of the Spring 2021 semester and it is hard to believe that it has been over a year since we began this remote learning environment! We all have grown and learned so much from the experience! Congratulations to you, CARE Students, for staying motivated and determined to move forward regardless of the circumstances. This period has not been easy on anyone yet you have continued to inspire and motivate others around you. This spring, I encourage you to declutter your space and your mind to welcome any and all possibilities for growth as we exit the pandemic, once and for all!
