Find online AND IN-PERSON classes this fall!
Venture into a new career in one of the most in-demand professions in California and the nation! Pharmacy Technicians in Southern California earn an average of about $47,620 per year with greater Los Angeles ranking as the third highest urban center for pharmacy technician employment in the nation (source: the U.S. Department of Labor, Bureau of Labor Statistics).

Prepare to work in a pharmacy and become a licensed California Pharmacy Technician through classroom instruction and a 120 hour pharmacy externship. Gain exposure to the preparation of medications, maintaining client records, assisting with inventory control, purchasing, collecting payments, coordinating billing, and much more.

This is not simply a "test prep" class and is a fraction of the cost of similar for-profit training programs. Students with satisfactory performance and attendance will receive certification from LACC necessary for the CA Board of Pharmacy license application, giving the student all they need to work as a Pharmacy Technician in California.

Payment plan available. Expenses & fees may be tax-deductible (consult with tax advisor).
Welcome from the College President

Welcome to Los Angeles City College. As we begin to re-engage and offer more on-campus classes, our faculty and staff remain committed to help you achieve your educational and personal goals. We are pleased to announce that we will be offering classes at our Van De Kamp campus this fall as well.

The LACC Extension program offers you a variety of classes for you, your friends, and your family members who wish a career enhancement or just to explore personal interests. Whether it is a class to develop new skills, obtain workforce training, complete a high school diploma, start your own business, or discover a new hobby, we are here to serve you.

We have added many classes to our fall extension schedule, including: Barista Training, ServSafe Food Protection Training & Certification, Shooting Great Video with Your Smartphone, Sewing Made Easy, Ikebana, Tennis, Swimming, and Youth Basketball, and Badminton Clinics.

The health, safety, and well being of our students, staff, faculty, and community are of paramount concern and guide all of our decision-making processes. We continue to maintain the highest standards of health and safety as we transition to more in-person classes and services.

Online classes are offered during the day, evenings, and weekends. So, find the time that best fits your schedule and enjoy coming back to campus.

Los Angeles City College remains the place to believe, achieve and succeed.

Enjoy the fall.

Warm regards,

Dr. Mary Gallagher, MBA, PhD
President, Los Angeles City College
Hello LACC Extension Students!

LACC Extension is excited to share that this Fall term we are offering a number of classes on campus again! We know some of you have grown to like learning from the comfort of your own home, so we are offering a fair share of online classes as well. As you glance through the catalogue, you will notice many of your favorite classes — some that you haven’t seen in quite some time. They are all well marked so you can see which classes are online and which are in-person.

To assure the safety of our students, LACC Extension classes will be following LA County Covid guidelines. We will know the specifics of those as we get closer to the term starting. Whether that will mean wearing masks or socially distancing, we want to make sure all our students feel they are learning in a safe and comfortable environment. We have been working hard to prepare for our return to campus, and we are beyond excited to see many of you in person soon!

Thank you,

Jason Lesner
Program Manager, LACC Extension

According to the US Bureau of Labor Statistics (BLS), the projection of growth and demand for medical coders and billers is growing rapidly. With the skill set you will obtain in this series, you will be prepared to sit for the license exam for a national certification with AAPC or AHIMA.

So if you’re interested in working with a doctor’s office, clinic or healthcare facility, dental office, insurance company, or independent billing company, LACC Extension’s Medical Billing and Coding Series is a great place to start your career or expand on your skills!

Medical Terminology
To work in healthcare, knowing medical terminology and having the ability to communicate with physicians, dentists, and other medical professionals is a must. Learning medical terminology will open the door to many job opportunities in the healthcare field. Students in this course will receive thorough instruction in developing fluency with medical terms covering the different body systems, body orientation, diseases, and medical treatments. By the end of this course, you will be familiar with word components for quick mastery of countless medical terms and be able to communicate effectively with peers in the field.

Medical Coding
In physician practice it is common for the Medical Biller to also be the Medical Coder because physicians depend on the Biller/Coder to determine the diagnostic codes for procedures. In this class, you will learn how to find the proper procedure (CPT-4) and diagnostic codes (ICD-10), how to do proper code sequencing, and when to use these codes.

Prerequisite: Medical Terminology or experience in the medical field.

Required Books:
- ICD-10-CM for Physicians (Professional or Expert). Any preferred publisher.

For both books, old editions are permitted if only to be used for practice (2020, 2019, 2018, 2017). Current edition if to be used for current year’s license exam.

No class Dec 25 and Jan 1.

Medical Insurance Billing
Once you have taken Medical Coding, you are ready for the final class in the series. In Medical Insurance Billing, students will get a thorough know-how of billing all 3rd party payers for physicians’ charges. This class will give you a look into the differences between insurance policies and insurance companies, how to fill out forms required for billing, how to handle patients, and collect their payments.

Prerequisites: Medical Terminology & Medical Coding. Have your ICD-10/CPT-4 coding books. No class Feb 19.

### Be a Solar Panel Installer in Less Than a Month

**Crash Course in Solar Installation**

Solar-energy jobs are growing 12 times faster than the U.S. economy. Per the Bureau of Labor Statistics, solar installer employment is projected to grow 105 percent from 2016 to 2026, much faster than the average for all occupations. The State of California now requires that all new homes built have solar panels installed. This rapid expansion and adoption of solar panel installations in homes, commercial buildings, golf carts, swimming pools, water fountains, attic fans, and more will result in excellent job opportunities for qualified individuals.

Our crash course in solar design and installation can help make you one of those qualified individuals. The solar industry now employs more people than coal, oil, and gas combined. Great for engineers and engineering students, homeowners, contractors, infotech personnel (smaller and remote-operated systems), and those who want to install, maintain, inspect, or design solar installations. An Award of Completion issued upon student’s achievement of the class. **Class fee includes materials.**

Become a Notary Public or Renew Your Commission

All prospective notaries must complete a course approved by the California Secretary of State. Our approved course will give you the most updated notary information and the knowledge you need to pass the state exam and perform your duties correctly. Becoming a notary and notary loan signing agent can be a great way to earn extra money, start your own business, or enhance your current career.

Class fee includes valuable 70-page manual, the ability to take the State Exam after the class (in-person classes only) notary public handbook, certificate of completion, notary public application and sample forms notaries use every day.

FOR ONLINE CLASSES (live/via zoom), resources and registration support will be provided during the class regarding the State notary examination.

FOR IN-PERSON CLASSES. State examination is conducted on the same day immediately after class starting at 4:30PM. Bring an official photo ID, two #2 pencils, a 2”x2” passport-sized color photo and a separate $40 check made payable to the “Secretary of State.” - For those students wishing to take the exam only, there is a $25 registration fee payable one day before the day of class.

Before signing up for this class, check to see that you meet eligibility requirements for becoming a notary: visit https://www.sos.ca.gov/notary/qualifications/
You must register with a valid email address.

Note: Due to strict State regulations, no one is admitted after class begins. Check-in begins at 7:30AM. Have your current, official photo ID ready.

Notary Loan Signing Seminar

A Notary Signing Agent is a notary public who has specialized expertise in the handling of mortgage loan documents. With the housing market on the rebound, this will be an in-demand service for notary publics! Currently, Notary Signing Agents can make anywhere from $90-$180 and more per loan package.

Class fee includes valuable 60-page manual (a list of potential sources for your business is included in your manual) a practice loan package, practice journal page, notary forms and the certificate of class completion.

In this six-hour seminar, receive hands-on instruction in the main documents a Notary Signing Agent will notarize. You’ll assemble a practice loan package and will practice how to complete the journal, the acknowledgement and the jurat forms. Get familiar with escrow procedures, explore the types of real estate sales and loans currently on the market. Examine the ethical and administrative role of the notary and finally, learn about marketing and customer service, with practical information on how to start your new business.

Prerequisite: current notary public commission or successful completion of six hours of notary education.

Crafts & Fine Arts

**Draw Comic Book & Cartoon Characters**
If you always wanted to become a cartoon artist this beginner’s class is for you. Sketch out your favorite characters while learning some fundamental drawing concepts. Within this course you will learn drawing techniques such as: linear perspective, proportions, line of action, and much more. No experience needed. Please bring a pencil, eraser, and pad of paper to the first meeting. Instructor will address additional materials at the first session.

**Painting with Watercolor**
The course will help students gather the tools needed to create and express themselves through watercolor. Through instructor guided paintings, students will receive step-by-step instruction on watercolor techniques. The instructor will cover concepts such as, basic color theory, composition, brush strokes, blending, and more. Students need to have access to a basic set of watercolor paint set (tube paint will work), a watercolor paper pad (9”x12” preferably), 2 cups or tin cans, a rag or small towel, watercolor brushes, pencil, eraser and masking tape.

**Wire Art Jewelry Making: Beginning Wire Wrapping**
Learn linking techniques for earrings, bracelets, and necklaces; how to make jump rings, spacers, charms, and clasps with a particular design. Class will also cover how to attach beads with solderless wire. Bring your ideas & imagination. Ages 16 and up. Please, check our website to view the materials required for this class.

**Urban Sketching (Ages 15+)**
Students will learn techniques that will assist them in sketching the urban landscape. The instructor will guide the learners through exercises that will implement elements of linear perspective, composition, lighting, modeling, and a variety of other methods that will aid them to capture the scene. Class exercise mediums include graphite pencils, ink pens, watercolor brush (4-7 will work) and a watercolor set (a basic inexpensive set will work). Required materials for the first meeting are 9x12 or larger mixed media sketch pad, 12” ruler, vinyl eraser, HB or 2hb pencil. Additional materials discussed at the first meeting. No previous experience needed.

**Sewing Made Easy**
Sewing basics, including proper sewing machine operation, fabric selection, personal body measurements, and introduction to patterns and garments construction with basic sewing machine techniques. Continuing students will further their skills by doing intermediate and advanced projects. Open to men and women ages 16 years and up. Limit 8 students.

**Wire Art Jewelry Making: Hoop Earrings and Bracelets**
Design your own hoop earrings and bracelets! They have been very popular lately! Make hoop frames and bracelets for any size. Find out how to texture the wire, how to use single or double wire to make the hoops, and “strand and sew” pearls or crystals to make earrings and bracelets in different styles! Make great accessories as gifts for your girlfriends or for sale! Ages 16 and up. Please, check our website to view the materials required for this class.

**Fizzy Bath Balls**
These bath balls make fantastic gifts – once dropped into a hot bath they fizz and dissolve releasing a beautiful fragrance! Surprisingly easy to make, let your imagination run WILD with different oils, colors, or adding dried rose petals, dried lavender, and fine glitter. The possibilities are endless! At the end of this class you will have dozens of effervescent treats in a variety of shapes and colors that will scent and soften bath water as they bubble. Class is hands-on, please dress accordingly.

**Bath Products (Shampoo, Shower Gel & Bubble Bath)**
In this fun presentation, discover simple techniques for making one-of-a-kind bath products (shampoo, shower gel, bubble bath, bath salt & exfoliate). Topics include: • Ingredients and equipment • Where to obtain supplies • Tips for making bath gels • Adding herbs, glycerin, extracts. • Aromatherapeutic effects of oils. Why purchase expensive commercial bath products when you can delight in making your own? Class is hands-on, please dress accordingly.

**Candle Making**
Have you ever wondered how beautiful candles are made? Have you ever wanted to make fragrant, multicolored candles for yourself or friends? Learn how to create unique candles to admire and share for far less than what they cost in stores in this dynamic workshop. Make several candles and learn skills to continue on your own. Topics include: • Getting started • Types of candles • Candle molds • Adding fragrance and color • Materials and supply sources. Class is hands-on, please dress accordingly.

**Ikebana: Japanese Art of Flower Arrangement**
In this workshop you will learn the manipulation and the observation of materials, as they are best used to gain the objectives expressed in the Japanese view of flower arranging following the OHARA method done in a low bowl using moribana style, meaning “piled-up.”
Advanced class is for continuing students or those with Ohara Ikebana experience! Bring florist scissors, low-bowl vase/flower needle holder. Vase/low bowl vase: diameter approximately 10-12” inches, pin holder: approximately 3.5x2.5 rectangle or round shape.

**Painting for Adults (Age 17+)**
This class will get you starting in basic color charcoal stick painting techniques with an emphasis on understanding/experiencing color composition, on two and three-dimensional design. Get step by step instructions as you choose to use charcoal sticks and acrylics to paint still life, flowers, landscape, etc. This class will help to build your observational and visual thinking skills providing for showcasing artistic expression. Bring 1 drawing pad (18”x12”), 1 - 2B and HB pencil, 1 white bar eraser, 1 full stick of charcoal, 1 full stick of white chalk, and a box of 12 color sticks, and a box of 12 color pencils, (nothing fancy or expensive). Acrylic paints, brushes, a small cup of tin will be necessary later on during the class period.

As a pianist under the tutelage of Dr. Lucy Nagizyan (USC) at East Los Angeles College, he studied both solo and collaborative repertoires, as well as choral singing and the violin. During that time, he also sang in the school choir, played percussion, and took violin lessons. He obtained his Bachelor of Music degree at California State University, Northridge.

Anthony Baray

Mel worked many years with the Los Angeles Civic Light Opera coaching singers for auditions and performances. He has also directed cabaret acts in New York and Southern California.
Adobe Photoshop Training for Everyone

If you’re new to Adobe Photoshop, you’ll learn the fundamental concepts and features you’ll need to master the program. If you’ve been using Photoshop for a while, you’ll find our training programs teach many advanced features and concepts. In this hands-on class, students will first work on multiple guided small projects, and then create their own movie poster and pop art. Learn graphic design, photo manipulation, layout, and restoration. Photoshop is a very detailed program that can help businesspeople as well as individuals stand out from the crowd in design and imaging.

Class will be held in a computer lab, however, you may bring your own laptop, if you prefer: PC or MAC with any Adobe Photoshop software EXCEPT Photoshop Elements. Bring USB flash drive.

Acting Technique
Would you like to be an actor? Explore the basics of acting in a safe, positive, and encouraging environment. Learn how to break down a script or prepare for an audition. Create and develop believable characters through effective use of imagination. Breathe life into every scene and move people emotionally. Work on film & T.V. scripts with scene partners. All levels of experience are welcome. This class has an on-camera component.

Nancy teaches professional acting classes to adults, teens, and children while also working as a private acting coach. With a background in acting, casting, and film directing, she brings her students experience from both sides of the camera. And as a passionate teacher, she has developed a teaching style that integrates techniques and tools that help students unlock their creative potential and bring their characters to life.

So, You Want to Host a Podcast
Do you have something to say? Are you passionate about storytelling? Could you spend hours discussing the pros and cons of glassblowing, Stephen King, or social media dog influencers? Maybe it’s time to fuse those brilliant thoughts into one brilliant audio experience. Taught by the hosts of the podcast, “Spin the Bottle,” this course serves as an introduction to podcasting where you’ll learn everything from how to come up with a show concept, to writing and planning content, to how to launch and market your finished product.

Off-the-Cuff Comedy Improv
Do you have presentations at work? Are you a teacher or a lawyer or an IT worker? Do you not like the idea of public speaking? This class can help. Have a blast and learn a new skill! Actors and non-actors learn the building blocks of improvisational comedy. Comedic improvisational acting is about communication, teamwork, listening and trusting yourself, all in a very fun environment. Learn fundamentals, philosophy and rules through games, exercises, and scene work.

Write a Feature Screenplay in 5 Weeks
If you’ve been wanting to write a feature screenplay but don’t know where to begin, this class is your chance to start (and finish) a screenplay in just over a month. Learn the bare bones structure for working fast and smart in a style that fits your story. Bring your idea — whether it be a paragraph, a synopsis, a character, or an unfinished work — and be ready to work!

Intro to Television Production
Ever think about working in the television industry? Here’s your chance to learn how to begin and maintain a successful career in television production. In this class, you will gain a thorough understanding of the basics of TV production - how to behave on set, reading a call sheet, understanding and maintaining scripts, putting them to use, as well as how to launch and market your finished product.

Advanced Screenwriting
As a follow-up to LACC Extension's popular "Write a Feature Screenplay in 5 Weeks," this class will be a more focused and intensive dive into the screenwriting process. Selected scenes will be workshopped aloud in class with brainstorming critique sessions and constructive comments exclusive to your individual work. Previous enrollment in the "Write a Feature Screenplay in 5 Weeks" class is not mandatory, but previous screenwriting experience or education is recommended. There has never been a more ideal time to take your screenwriting vision to the next level. Limit 10 students.

Shooting Great Video with Your Smartphone
This is a mobile filmmaking class for everyone. Learn to shoot better videos on your smartphone. Are you interested in being a content creator; making films, vlogs, sport videos, documentaries, travel, and corporate videos with your wonderful smartphone? We will look at resolution formats, frames per second, exposure controls such as ISO and shutter speed, focusing, and more. If you have any shooting gear or gadgets for your smartphone, feel free to use them in class and share your experience. Let’s all learn about them.

You must download the latest version of the Filmic Pro App for IOS or Android on to your smartphone (check the FilMic Evaluator App for compatibility). It is a purchase, and you will need it to fully participate in class.

Class Cancellations
The State of California mandates that LACC Extension programs be entirely self-supporting. This means that from time to time, we have to cancel a class that does not have enough enrollments. Classes canceled by us are eligible for full refunds and students may always opt to transfer their payment toward another class. Help us avoid cancellations and guarantee your spot – register early and register a friend! Refunds are processed as quickly as possible. Refunds for cash payments may require up to 30 working days.

Authorized Registrant
Attendance at/within a LACC Extension offering is limited to paid/registered students, unless otherwise specifically authorized in the offering description or by the instructor. Instructors and LACC personnel reserve the right to bar/expel unauthorized persons or guests of registered students. Any person deemed to be disruptive to the class or a safety hazard may be subject to discipline or legal action pursuant to LACC/LACCD rules/regulations.

Credits & Electronic Vouchers
Electronic Vouchers or Credits may be granted to students in lieu of refunds or for other purposes. These vouchers are non-refundable and must be used within 365 days of issuance. Electronic Gift Cards purchased by students do not expire.

Refunds & Transfers: Choose your classes carefully!
All requests for refunds or transfers must be made at least two days before the start of class and are subject to a $10 cancellation fee per class. There are no refunds nor transfers granted after the 48-hours prior to class. Transfers are limited to once per class.

Physical Activity
Some LACC Extension offerings require a degree of physical activity and capability. All participants should check with their physician prior to beginning a new activity.

Room Assignments
Due to ongoing construction, campus renovations, and other factors, LACC Extension has limited access to facilities. Rooms will typically be assigned by the college 1-2 days prior to the start of class. We appreciate your patience and will notify students via the phone and/or email information provided at registration as soon as possible. To aid us in this process, we appreciate a valid email address and local area code phone number on file with your account.

Credits & Electronic Vouchers
Electronic Vouchers or Credits may be granted to students in lieu of refunds or for other purposes. These vouchers are non-refundable and must be used within 365 days of issuance. Electronic Gift Cards purchased by students do not expire.
