

Dear Perspective Students,  
Are you interested in a New Career in Health Care?  
Improving Patient's Quality of Life!  
Start your Journey!  
Enroll in:  
Spring 2021  
Program' Pre-requisite  
DEN TEK 100: Intro to Dental Lab

### **WHAT IS A DENTAL TECHNOLOGIST?**

Dental technologists improve a patient's appearance and quality of life.

Learn how to make dentures, bridges, crowns, implants orthodontic appliances and other prostheses and you will become the co-creator of beautiful smiles.

Dental technicians can use their skills in a variety of situations. They can be found in dental offices, laboratories and hospitals.

### **WHAT TYPES OF JOBS CAN A DENTAL TECHNICIAN GET?**

Dental technicians can become entrepreneurs, instructors in vocational education programs, technical advisors for manufacturing companies or representatives in dental sales.

### **HOW MUCH DO DENTAL TECHNICIANS EARN?**

Dental technicians are in high demand and can earn from \$33,000 to \$46,000 annually in the early stages of their careers. More experienced dental technologists, lab owners and sales representatives can earn in excess of \$100,000 a year.

### **ACCREDITATION**

The Dental Technology (DT) Program at Los Angeles City College (LACC) is one of the only two community college programs in California accredited by the Commission on Dental Accreditation of the American Dental Association.

LACC DT Program is ranked #1 in the country with an overall RG Exam passing rate of 95%.
