**Department of Speech**

## *"How to Improve your Voice and Articulation"*

Whether you are staff or faculty, communicating effectively is a big part of being successful in relationships with students, friends and colleagues.

We'll discuss how to take care of your voice, how to improve your articulation and if you're a non-native English speaker, you'll improve on the pronunciation of American English speech sounds.

Come join us and learn strategies to help keep your voice healthy and effective.
