

# LACC Master Plan for Technology 2009-2013

Technology Steering Committee Web site: <http://www.lacitycollege.edu/facstaff/itc/index.html>

**Vision Statement:** Los Angeles City College empowers and supports the college community in the effective use of instructional and information technologies.

**Mission Statement:** LACC's mission for technology is to provide access to current technologies; the technology skills and knowledge needed by each member of the college community, and the opportunity to expand and apply that knowledge in teaching, learning, and working.

## **Goal 1: Improve the Technology Coordination, Planning, and Governance.**

### **Contact: Technology Steering Committee**

*Objective 1.1: Improve communication with adjunct faculty using personal email addresses where appropriate*

*Objective 1.2: Instructional Assistants*

*Objective 1.3: OSS participation in technology planning*

*Objective 1.4: Develop distance Education program*

*Objective 1.5: Equipment replacement policy*

## **Goal 2: Increase the Computer Proficiency of the Campus Community.**

### **Contact: Staff and Organizational Development**

*Objective 2.1: Increase awareness and utilization of IT resources*

*Objective 2.2: Provide on-going training*

*Objective 2.3: Maintain on-going staff development training (@One), on-line, on-site, and off-site*

*Objective 2.4: Student technological literacy program*

*Objective 2.5: Computer competency program*

*Objective 2.6: Greater utilization of electronic classrooms and computer labs*

## **Goal 3: Foster the Instructional Integration of Information Technology.**

### **Contact: Technology Steering Committee**

*Objective 3.1: Increase class accessibility*

*Objective 3.2: increase student access to technological resources*

*Objective 3.3: Provide additional faculty resources*

*Objective 3.4: Campus-wide access to standard computer applications*

*Objective 3.5: Custom application development*

*Objective 3.6: Support a standard Course Management System*

## **Goal 4: Expand the Use of Management Information Technology in Campus Planning, Research, and Administrative Activities.**

### **Contact: Office of Institutional Effectiveness**

*Objective 4.1: Leverage new technologies to provide increased access to the functions of Student Services*

*Objective 4.2: Implement a system for maintaining a current hardware and software inventory utilizing a computer database*

*Objective 4.3: Conduct an annual IT survey / needs assessment college wide to students, staff and faculty*

*Objective 4.4: Electronic transactions*

## **Goal 5: Upgrade network infrastructure to meet the current and future demand**

### **Contact: Information Technology**

*Objective 5.1: Expand the campus' wireless network*

*Objective 5.2: Open computer labs for students*

*Objective 5.3: Network storage*

*Objective 5.4: Develop audio and video streaming for promotional and instructional uses*

## **Goal 6: Establish and maintain external partnerships to increase resources available to the campus community.**

### **Contact: Office of Institutional Effectiveness**

*Objective 6.1: Coordinate with departmental advisory groups, community outreach programs, and local business organizations.*
