

FOR ALL FACULTY & STAFF

Join Us at the E-PORTFOLIO TRAINING!!

Friday, October 23, 2009

9:00am-3:00pm

Library Room 123

An ePortfolio is a digitized collection of artifacts including demonstrations, resources, and accomplishments that represent an individual, group, or institution. This collection can be comprised of text-based, graphic, or multimedia elements archived on a Web site or on other electronic media such as a CD-ROM or DVD. An ePortfolio is more than a simple collection—it can also serve as an administrative tool to manage and organize work created with different applications and to control who can see the work. ePortfolios encourage personal reflection and often involve the exchange of ideas and feedback. Students and faculty can continually add content to efolios throughout their student and professional careers. Here is a link to check out what efolios can do:
