| How Do I Know the Personnel Responsible for the College/District Network? | | |

A. How Do I Know

How do I know the personnel responsible for the College/District network?

1. The College and District personnel that are responsible for the daily operations of the College/LACCD LAN and WAN and network operations include, but are not limited to, the following local campus and District Office Information Technology technicians and managers: Chief Information Officer, Software Systems Manager, Dean of Information Technology, College Information Systems Manager, Senior Computer and Network Support Specialist, Computer and Network Support Specialist, Assistant Computer and Network Support Specialist, Software Systems Engineer, and Data Communications Specialist.
2. The personnel generally responsible for WAN operations including monitoring, maintenance, installation & configuration, and access to WAN hardware and software, are the Data Communications Specialists. Cabling or wiring "to the plug" will, whenever possible, be accomplished by the appropriate crafts or Unit responsible for that activity according to District agreements.
