

Los Angeles City College Administrative Services "How To" Book	Information Technology Department	IV
		H-I
How Do I Know the Objectives of the College Network Security Policy?		

A. How Do I Know:

How do I know the objectives of the College Network Security Policy?

1. The Network Security Policy (NPS) of the College (District) can be found on the District website at http://www.laccd.edu/admin_regs/ **Administrative Regulations B-28.**
2. The purpose of the Network Security Policy (NSP) is to promote management practices that will ensure the security and reliability, confidentiality, integrity, and availability of organizational information resources. To achieve this goal, the College/District must reflect the highest standards of ethical conduct and technical competence. Therefore, the NSP will establish policies which will move the College (District) forward to secure the continuation of use of the College (LACCD) WAN/LAN system. Unless computer Users implement proper security procedures, computer viruses such as Code Red and the "I Love You" virus and others, as well as denial-of-service attacks, Trojan horse programs, and other malicious activities can take advantage of computer vulnerabilities and result in substantial damage to the District networks. This policy will help to develop procedures and guidelines to protect our systems from becoming victims of attacks from outside and not allowing poor internal security to create weaknesses from within to corrupt the system.
3. Generally, this document was compiled to promote good information security concepts and practices by providing the following:
 - a. Creating controls and defining good technical practices to support a dependable Information Technology Network within the District.
 - b. Working in conjunction with and reinforcing the District's B-27 (formerly E-76) Computer Usage Policy.
 - c. Maintaining the confidentiality of all proprietary or otherwise sensitive information encountered in the course of professional activities.
 - d. Discharging professional responsibilities with diligence and honesty.
 - e. Refraining from any activities that might constitute a conflict of interest or otherwise damage the reputation of the College (District). Ref: : http://www.laccd.edu/admin_regs/ **Administrative Regulations B-28.**
