Program Notes

"Ghosts" was first published in December, 1881. Ibsen wrote to Ludwig Passarge, one of his German translators, "My new play has now appeared, and has occasioned a terrible uproar in the Scandinavian press; every day I receive letters and newspaper articles decrying or praising it. I hardly believe that they will dare to play it in the Scandinavian countries for some time to come." He judged rightly.

The play which we accept today as a standard dramatic piece was considered then as a piece of outlandish social writing. It, as one of the best known works of Ibsen, marked a new phase of dramatic writing and has influenced to an enormous extent playwrights from his time to the present day.

Some of the newspaper comments taken from "The Quintessence of Ibsenism" by Bernard Shaw might prove of interest.

"Ibsen's positively abominable play entitled 'Ghosts'. . . ."
"Candid foulness . . . ."
"Absolutely loathsome and fetid."

"This mass of vulgarity, egotism, coarseness, and absurdity."

What a great contrast is shown between the above and the newspaper notices of praise accorded to Alla Nazomiva following her recent country-wide tour with her own production of "Ghosts."
