

Chapter 5 – Computing Probabilities
Section 2 – Complement and Addition Rules

Materials Needed:

Objectives

1. Use the complement rule to find probabilities.
2. Use the addition rule for disjoint events to find probabilities.
3. Use the general addition rule to find probabilities.

Vocabulary

1. complement
2. venn diagram
3. disjoint/mutually exclusive

Opening/Purpose

Lesson/Activity

Closure/Review

Homework/Assessment

1, 3, 5, 9, 13, 17, 23, 27, 35, 43, 47, 53, 55, 59, 65
