We Can Help You Build Your Future!

LACC
LOS ANGELES CITY COLLEGE
2012-2013 CATALOG
Welcome
to Los Angeles City College
The Urban Oasis of Learning
that educates minds, open hearts
and celebrates community

To assist you in achieving your goals, take advantage
of our many educational and support services! We have
a career and transfer center, child care for 3- and 4-year
olds at our Child Development Center, a program for
International Students, many computer labs for your use,
music and the arts, student government, clubs for many
interests—the list goes on and on. You can start at the
Student Assistance Center (Administration Building 105) for
general information on what is available to you. Use our
library, join a club or participate in student government in our
new Student Union. Enjoy one of our musical presentations
or a play. Take a physical education class to enrich your
body as well as your mind.

Speaking of change, you will notice construction all around
you, as a number of building projects are scheduled this year.
Our challenge is to minimize disruption of college services.
Look for signs, information booths and maps throughout
campus to help you locate services, classes and assistance
during this construction.

Tuition has increased this fall to $46.00 per unit—a change
that may not be so positive. Another change you need to be
aware of is a new state regulation that limits you to three tries
at completing any one class. Financial Aid and Counseling
experts are here to help you navigate these potential
obstacles. It is important that you work with our Financial
Aid experts on campus to make sure that you are using
every possible resource to reduce the cost of your education.
Schedule an appointment with our counseling staff to select
the courses you need to prepare you for a career or to
transfer to a university. Take a step toward personal success
by connecting to our fine programs and services.

No matter what your goal is, LA City College administrators,
faculty and staff are ready to help you achieve it.

Sincerely,
Renee D. Martinez
Interim President

LACC
LOS ANGELES CITY COLLEGE
2012-2013 CATALOG
Note to Students:

Enrollment Fees

The enrollment fee will be raised from $36 to $46 per unit starting for the July 1, 2012. Since this fee increase applies to students who have already registered, as well as new registrants, all Los Angeles City College students are affected by this increase.

For students who have already qualified for the Board of Governors fee waiver, the fee increase is fully covered and no further action needs to be taken. Students who would like to apply or get more information on financial aid, please visit the financial aid section of the college website at lacitycollege.edu.

Students are encouraged to pay all outstanding fees now and avoid the long lines at the beginning of the semester. The fall semester begins Monday, August 27. Fees can be paid in person at the Business Office in AD 111 OR paid through the Student Information System available online OR by calling (323) 226-1999.

For updated information on the enrollment fees currently owed, log on to http://www.laccd.edu/student_information/current_students.htm, and then click on “view and pay fees.”

GENERAL INFORMATION

Set on an attractive 49 acres, Los Angeles City College was the original location for UCLA before it moved to Westwood, CA. The college facilities include more than a dozen mulitstory classroom buildings including a library, computer labs, fitness centers, theatre, and TV/film studios.

Through a $147 million bond award, the college is further enhancing itself with a new and advanced technology learning facility, increased parking, and expanded athletic/fitness and child development centers. (Note: LACC does not provide campus housing. However, inexpensive rentals are available in the surrounding community.)

Our student body is one of the most diverse in the country. Students range in age from late teens to seniors and come from every ethnic group, culture and country in the world. We are proud to have ranked 35th among all community colleges across the country in awarding 2-year certificates to students; 33rd in awarding Associate Degrees to minority students; and 23rd in awarding Associate Degrees to Hispanic students. (Community College Week, June 24, 2002, On-line Edition.)

SATETELLES

City College at Wilshire
http://www.lacitycollege.edu/offsite/ccw
City College at Wilshire, CCW, is located on the 2nd floor of the 3020 Wilshire Boulevard building, two blocks east of Vermont Ave. - (323) 953-4000 ext. 2230
LACCD Van de Kamp Innovation Center 2930 Fletcher Dr. - (323) 953 - 4000 X3534
We also offer distance learning (taking classes via computer and/or video) through Instructional Television and on-line courses.

HISTORY

Los Angeles Junior College was founded on September 9, 1929, by the Los Angeles Board of Education. Dr. William H. Snyder served as the institution’s first director. During its first year, we offered only first-semester courses. The “semi-professional courses” were for students who wanted to limit their college education to two years, and the “certificate courses” were for those looking to continue toward university work. There were more than 1,300 students taught by some 54 faculty. The first Associate in Arts degrees were conferred June 19, 1931.

Governance of LACC has changed through the years. Until 1931, it was a division of the Los Angeles Secondary School District. In 1931, the electorate voted to establish a separate Los Angeles Junior College District. In 1938, the Board of Education changed the name to Los Angeles City College. In July 1969, the California State Legislature enacted legislation allowing the separation of the nine-campus Los Angeles Community College District from the Los Angeles Unified School District. A seven-member Board of Trustees was elected and formally assumed governance. (The other eight colleges in the LACCD are: East Los Angeles College; Los Angeles Harbor College; Los Angeles Mission College; Pierce College; Los Angeles Trade-Technical College; Los Angeles Valley College; Los Angeles Southwest College; and West Los Angeles College.)

The chief executive officers of Los Angeles City College since its founding have been:

Dr. William H. Snyder, Director .................. 1929-1934
Dr. Rosco C. Ingalls, Director .................. 1934-1945
Dr. Einar W. Jacobsen, President ............. 1946-1948
Dr. Howard S. McDonald, President ........... 1949-1955
Dr. John Lombardi, President ................. 1955-1966
Dr. Glenn G. Gooder, President ............... 1966-1970
Dr. Louis Kaufman, President ................. 1970-1973
Dr. John H. Anthony, President ............... 1973-1977
Dr. Steile Feuers, President ................. 1978-1989
Dr. Edwin Young, President ................. 1989-1991
Mr. Jose L. Robledo, President ............... 1991-1997
Dr. Mary Spangler, President ................. 1997-2003
Dr. Doris Givens, President (Interim) ....... 2003-2005
Dr. Steve Maradian, President ............ 2005-2007
Dr. Jamillah Moore, President ............ 2008-2012
Ms. Renee Martinez, President (Interim) .... 2012-

DISTRICT PHILOSOPHY

The Los Angeles Community College District (LACCD) affirms the principle that individuals should have opportunities to develop to their full potential. To that end, our main responsibility is to students and to providing an education that benefits students and enables them to contribute to society. The LACCD colleges, therefore, should be accessible to all individuals who have the capacity and motivation to profit from higher education. Curricula and services of our colleges should provide means for fulfilling the promise of open access.

We recognize the necessity to adapt to the changing educational needs of the LACCD communities and to the growing diversity among students. The quality of the educational experience is judged by its value to students and communities, not merely by quantitative appeal. We further recognize that academic freedom is essential to excellence in education.

The mission of the LACCD colleges is to provide comprehensive lower-division Transfer Education, Occupational Education, General Education, Transitional Education, Counseling and Guidance, Student Services, Continuing Education, Community Services, and Joint Programs that are appropriate to the communities served and that meet the changing needs of students for academic and occupational preparation, citizenship, and cultural understanding.

In pursuit of this mission, we endeavor to:

• promote equal opportunity for participation;
• maintain appropriate standards for academic achievement;
• provide an educational environment that meets the needs of students with varied learning skills;
• provide support services that contribute to instructional effectiveness and student success;
• affirm the importance of multi-cultural, international, and inter-cultural collegiate experiences that foster individual and group understanding; and
• manage effectively educational and financial resources.

FUNCTIONS OF THE LACCD COLLEGES

To accomplish the educational philosophy and mission of the Los Angeles Community College District, Los Angeles City College offers the following types of educational programs.

• Transfer. A college program that enables the student who
completes two years of study to continue upper division (third year) work at accredited four-year colleges and universities through careful and continuous articulation with accredited collegiate institutions and high schools.

• **Occupational.** An occupational education program planned to offer the student basic business, technical, and professional curricula to develop skills that can lead to employment, job advancement, certification, or the Associate Degree.

• **General Education.** A program of General Education course work consisting of Associate Degree programs and other planned experiences that develop knowledge, skills, and attitudes necessary for the student to be effective as a person, a family member, a worker, and a citizen, thereby enhancing the quality of life for the individual and for the society at large.

• **Transitional Education.** A program of developmental and basic skills education for students needing preparation for community college.

• **Continuing Education.** A program of continuing education consisting of graded and ungraded classes to provide opportunities for personal and occupational competence that supplements formal full-time college attendance.

• **Counseling and Guidance.** A counseling and guidance program incorporating academic, career, and personal counseling to assist the student in the establishment of educational goals and in the selection and pursuit of a life work compatible with his or her interests, aptitudes, and abilities.

• **Student Services.** A student services program assisting students in matters of admissions, financial aid, job placement, matriculation and other related student services activities.

• **Community Services.** A program of not-for-credit classes offered to meet the needs of the community for vocational and recreational courses, community and cultural events, and civic functions, completely financed by fees charged those attending the classes.

• **Joint Programs.** Joint programs with business, industry, labor, education, government, international and other institutions that are of mutual benefit to sponsoring institutions, enhance the educational opportunities of program participants, and advance the mission and functions of the LACCD.

**ACCURACY STATEMENT**
The Los Angeles Community College District and Los Angeles City College have attempted to make this catalog accurate and may, without notice, change general information, courses, or programs offered. The reasons for change may include student enrollment, level of funding, or other issues decided by the District or college. The District and college also reserve the right to add to, change, or cancel any rules, regulations, policies and procedures as provided by law.

**ACCREDITATION & PROFESSIONAL PROGRAM APPROVALS**
Los Angeles City College, a California public, tax-supported community college, is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (3402 Mendocino Avenue, Santa Rosa, CA, 95403; [707] 569-9177), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the United States Department of Education.

Los Angeles City College programs are also accredited by the American Dental Association (Dental Laboratory Technician) and the American Medical Association (Radiologic Technology) and the Commission on Dietetic Education of the American Dietetic Association (Dietetic Technician).

**ASSESSMENT OF STUDENT OUTCOMES**
Student outcomes assessment is a term used to describe the measurement and documentation of what LACC students are achieving in their studies at the college. Faculty and staff members define the outcomes of college programs and services and develop measures to assess them.

Our Institutional Learning Outcomes (ILO’s) are the skills and abilities that students are expected to have developed by the time they graduate from Los Angeles City College. These outcomes help guide individual departments and disciplines in the development of student learning outcomes for programs, courses, and services, and to help shape the decision making processes of the college. The 11 Institutional Learning Outcomes are divided into three major areas: Essential Academic Skills, Personal Growth and Development, and Interpersonal/Intercultural/Global Awareness. The individual outcomes are defined as follows:

**Area A: Essential Academic Skills**

1. **Information Competency: Critical and Creative Thinking**

2. **Written and Oral Communication**

3. **Mathematical Competency/Quantitative Reasoning**

4. **Technological Literacy**

**Area B: Personal Growth and Development**

5. **Self-Assessment and Growth**

6. **Intellectual Engagement and Physical Wellness**

7. **Ethical Reasoning**

8. **Aesthetic Awareness and Appreciation**

**Area C: Interpersonal/Intercultural/Global Awareness**

9. **Interpersonal Interaction and Community Participation**
Learners cooperate and collaborate to reach desired outcomes when working with other people, recognizing their personal contribution to the community and to society at large.

10. Intercultural Knowledge and Exploration Learners interact successfully and sensitively with individuals and groups holding a variety of perspectives and who may come with diverse backgrounds and experiences.

11. Discovering Global Issues Learners recognize and analyze the interconnectedness of global and local concerns, analyzing cultural, political, social, and environmental issues from multiple perspectives; they recognize the interdependence of the global environment and humanity.

STUDENT RIGHT-TO-KNOW DISCLOSURE

Beginning in Fall 1995, all certificate, degree, and transfer-seeking first time full-time students were tracked over a three-year period; their completion and transfer rates were calculated. More information about Student Right-To-Know rates and how they should be interpreted can be found at the California Community Colleges “Student Right-To-Know Information Clearinghouse Website” at http://srchk.cccco.edu.

Student Right To Know: Campus Security.

EQUAL-OPPORTUNITY POLICY

COMPLIANCE PROCEDURE

To assure proper handling of all equal opportunity matters, including the Civil Rights Act and Americans with Disabilities Act, discrimination, accommodation, and compliance issues, inquiries should be directed to following individuals:

- Compliance Officer
- Sexual Harassment
- Discrimination – Education
- Discrimination – Workplace - Hiring/Promotion
- Training

For assistance, contact the Compliance Officer (323) 953-4000 ext. 2249.

- ADA Section 504
- Administrative Services for Affirmative Action
- EEO – Hiring/Promotion
- Gender Equity (Non-Athletic)

For assistance, contact Lenore Saunders, AD 213 (323) 953-4000 ext. 2094.

PROHIBITED DISCRIMINATION & HARASSMENT POLICY

The policy of the Los Angeles Community College District is to provide an educational, employment and business environment free from prohibited Discrimination, as defined by Rule 15003. Employees, students, or other persons acting on behalf of the District who engage in Prohibited Discrimination as defined in this policy or by State and Federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract. The specific rules and procedures for reporting allegations of Prohibited Discrimination and for pursuing available remedies are incorporated in the Board Rules in Chapter 15. Copies may be obtained from each College and District Compliance Officer.

The LACCD has a policy that provides formal and informal procedures for resolving complaints. Copies of the policy and procedures may be obtained from the LACCD Compliance Office Website (www.lacitycollege.edu/resource/complianceoffice) or by calling the LACCD Office of the Vice Chancellor of Educational Services at (213) 891-2279, or the LACCD Office of Diversity Programs at (213) 891-2315.

Any member of the Los Angeles City College community, which includes students, faculty, and staff, who believes, perceives, or actually experiences conduct that may constitute prohibited discrimination, has the right to seek the help of the College. Every employee has the responsibility to report such conduct to the LACCD Compliance Officer when it is directed toward students. Potential complainants are advised that administrative and civil law remedies, including but not limited to injunctions, restraining orders or other orders, may be made available. For assistance, contact the Compliance Officer, (323) 953-4000 ext. 2249.

LIMITED ENGLISH PROFICIENCY

Occupational Education Classes are open to all students. Although the lack of proficiency in English is no barrier to enrollment in occupational education courses, it is suggested the students deficient in English utilize the services of the college that are provided for persons who are limited in English proficiency or have English as a Second Language.

Contamos con cursos vocacionales en distintas ramas de trabajo. Todos los cursos están disponibles a las personas que no dominan el idioma inglés con fluidez. No tener conocimientos básicos de inglés no debe ser un impedimento para matricularse en dichos cursos. Los servicios del colegio están disponibles para personas que hablan inglés como segundo lenguaje.

The policy of the Los Angeles Community College District is to provide an educational, employment and business environment free from prohibited Discrimination, as defined by Rule 15003. Employees, students, or other persons acting on behalf of the District who engage in Prohibited Discrimination as defined in this policy or by State and Federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract. The specific rules and procedures for reporting allegations of Prohibited Discrimination and for pursuing available remedies are incorporated in the Board Rules in Chapter 15. Copies may be obtained from each College and District Compliance Officer.

Students with verifiable disabilities who require alternate formats of college publications and resources should check with The Vice President of Student Services (323) 953-4000 ext. 2460. The College will provide information in alternate text formats upon request in the timeliest manner possible. Note: the Catalog and Schedule of Classes are also available on our web site, www.lacitycollege.edu.

CAMPUS SECURITY REPORTS

Pursuant to the Clear Act, the College's Security Reports are published in each LACC class schedule and on the web at www.lacitycollege.edu/public/Crime/index.htm. Students may obtain a paper copy of the Report upon request from the Sheriff's office.

STUDENT RESPONSIBILITIES TO BE INFORMED

It is the student’s responsibility to be familiar with the information presented in this catalog and to know and observe all policies and procedures related to the program he or she is pursuing. Regulations will not be waived and exceptions will not be granted if a student pleads ignorance of policies or procedures.

While LACC academic counselors are available to assist you in planning your schedule, and other instructors are available to assist you, it remains the responsibility of the student to follow all policies and to meet all requirements and deadlines. Students need to satisfy the requirements of the catalog in effect at the time he or she is admitted to, and begins course work in, a degree or certificate program. If a student is not in attendance for more than one consecutive semester, he or she may be excluded from enrollment.
she must follow the catalog in effect when they return. New catalogs take effect in the Fall semester of the year published.

CATALOG RIGHTS

The college catalog is the document of record. A student will maintain “catalog rights” by continuous* attendance in the Los Angeles Community College District to satisfy the degree, certificate or graduation requirements in effect at the college from which the student will earn the degree, certificate or graduate if:

1. At the time the student began such attendance at the college, or

2. At the time of graduation.

*Continuous attendance means no more than a one semester absence within a school year, excluding summer sessions and winter inter sessions. Absence due to an approved educational leave shall not be considered an interruption in attendance, if the absence does not exceed two years.

For purposes of implementing this policy, the college may:

1. Authorize or require substitutions for discontinued courses; or

2 Require a student changing his/her major to complete the major requirements in effect at the time of the change.

ACADEMIC YEAR

The academic year is divided into 4 sessions:

- Fall Semester: 15 weeks, August - December
- Winter Intersession: 5 weeks, January - February
- Spring Semester: 15 weeks, February - June
- Summer Session: 5 & 8 week sessions, June - August

Courses offered during these sessions are similar in scope and maintain equivalent standards. Students may enroll concurrently at Los Angeles City College in both day and evening classes. Days, Evening, Weekends & Distance Learning Classes

Days, Evening, Weekends & Distance Learning Classes

Classes are taught from 7:00 a.m. to 10:00 p.m., Monday through Friday and 7:00 a.m. to 5:00 p.m. on Saturdays. Some courses are available through distance learning including Instructional Television (ITV) and on-line.

Summer Sessions:

Los Angeles City College offers one or more 5 to 8 week summer sessions subject to approval by the Board of Trustees.

ADMISSIONS INFORMATION

Admissions applications are available online at www.lacitycollege.edu. Application forms are also available at the Student Assistance Center.

The Los Angeles Community College District is committed to protecting student privacy. The social security number will no longer be used as the student identifier for students. New students will be issued a student ID number at the time of application. Every student ID will begin with the numbers “88”. Some additional eligibility criteria include persons who are:

1. Eighteen years of age.

2. Apprentices, as defined by Section 3077 of the California Labor Code.

3. In grades K-12, under special circumstances. Information regarding other eligibility criteria and/or admission procedures is available in the Office of Admissions and Records.

CALIFORNIA RESIDENCY REQUIREMENT

To attend any of the Los Angeles Community College District colleges as a resident of California, a student is required to have been a California resident for more than one year preceding the Residence Determination Date. The “Residence Determination Date” is that day preceding the opening day of instruction of the semester.

NON-RESIDENT

A non-resident student is one who has not had residence in the State of California for more than one year immediately preceding the Residence Determination Date.

A student classified as a non-resident will be required to pay non-resident fees as established by the LACCD Board of Trustees. Residence Reclassification Students who have been classified as non-residents must petition to be reclassified as residents anytime they feel their status has changed. The Residence Reclassification form is available in the Office of Admissions in the Cesar Chavez Administration Building (AD100) and must be submitted before the semester in which reclassification as a resident is to be effective.

RESIDENCE APPEAL

A student may appeal the residence classification determined by the College. The student must make the appeal within 30 calendar days of receipt of notification of the residence classification from the Admissions Office. The appeal must be submitted in writing to the College Admissions Officer, who is located in the Cesar Chavez Administration Building (AD100). You may also contact the Office of Admissions (323) 953-4000, extension 2104.

NON-CITIZEN STUDENTS

Los Angeles City College is authorized under Federal and State law to enroll non-citizen students. Information regarding admission procedures is available in the Office of Admissions in the Cesar Chavez Administration Building (AD100). You may also contact the Office of Admissions (323) 953-4000, extension 2104.

APPLICATION FOR ADMISSION TO LACC

Admissions applications are available online at www.lacitycollege.edu. Application forms are also available at the Student Assistance Center.

The Los Angeles Community College District is committed to protecting student privacy. The social security number will no longer be used as the student identifier for students. New students will be issued a student ID number at the time of application. Every student ID will begin with the numbers “88”.

INTERNATIONAL STUDENTS

Also see the “Services & Programs - International Student Center” section of this catalog.

Los Angeles City College has one of the most diverse campuses in the country with students of every culture and from all over the world. The college is certified by the Immigration and Naturalization Services (INS) to issue I-20’s to non-immigrant visa students.
Effective April 12, 2002, the Immigration and Naturalization Service has issued an Interim Rule which requires students with B-visas to change their visa status to either an F-1 or M-1 non-immigrant visa prior to pursuing a course of study at the College.

You may be considered if you meet the following requirements:
- Have or will earn a high school diploma from a US school or the equivalent education from a foreign school.
- Have a score of four-hundred-fifty (450-paper based/133-computer based/45-internet based) or more on the TOEFL (Test of English as a Foreign Language).
- Have a valid non-immigrant visa.
- Show the ability to pay the non-resident tuition.

If you live in the Los Angeles area and would like to be considered for admissions:
1) Attend a scheduled meeting
2) Take the College Placement Assessment to determine placement in English

For meeting dates & times or for more info.: (323) 953-4000 ext. 2470.

For information on receiving credit for courses taken in universities outside of the U.S., see the “Policies - Academic” section of this catalog.

**REGISTERING FOR CLASSES**

**NEW & RETURNING STUDENTS:** A new student is one who has never taken classes at Los Angeles City College and has filed an Application for Admission. A returning student is one who has had a break of more than two semesters between enrollments at Los Angeles City College.

Step 1: Obtain an application from the Student Assistance Center or via the web at www.LACityCollege.edu

Step 2: Return completed application to the Admissions Office, AD 100 and receive an assessment appointment in AD 103.

Step 3: Complete your skills level assessment and orientation.

Step 4: Register for classes by phone or via the web. Students who already have a degree may skip Step 3.

**Continuing Students**

A continuing student is one who attended classes at Los Angeles City College during one of the previous two semesters. Continuing students will automatically receive their registration appointment dates and time in the mail or by logging on to the college website www.lacitycollege.edu.

**STEP Registration System**

Los Angeles City College provides the “Student Telephone Enrollment Program” (STEP) for enrolling. By using the STEP system, students can enroll in Fall, Winter, Spring, and/or Summer classes and access their grade information. Refer to the current Schedule of Classes for more information.

**Class Unit Limit**

The maximum study load is 18 units for the Fall and Spring semesters, 12 units for Summer when there are 3 Summer Sessions. 7 Summer Units = 7 units and 7 units during a Winter Intersession. While the class load for full-time students in the Fall or Spring semester is from 12 to 18 units per semester, students who are employed during the summer should reduce their programs accordingly. It is strongly recommended that students who are employed full-time should enroll in no more than 1 or 2 classes or a maximum of 9 units. Students who wish to attempt more than the unit limits specified above must petition to do so with the Counseling department, located in the Cesar Chavez Administration Building (AD 108).

**CANCELLATION OF CLASSES**

The college reserves the right to discontinue any class with insufficient enrollment prior to the end of the second week of the class.

**MATRICULATION**

The College Agrees to Provide:

1. ADMISSIONS - Students can complete an admissions application online at www.lacitycollege.edu. Students can also speak to multilingual student staff member in the Student Assistance Center for assistance in completing the admissions application and receive general campus information with confidential support and referrals (AD 105). Completed applications are turned in to Admissions (AD100).

2. ASSESSMENT - You will take a basic skills assessment in reading, writing, language usage, and mathematics to help you select courses appropriate for you. Appointments to take assessment are made in AD 103.

3. ORIENTATION - Introduces you to the campus resources, support services and college programs which are available to help you make better, more informed educational and career choices.

4. COUNSELING - Provides academic advisement and assistance in course selection, development of a Student Educational Plan, career planning, referral to appropriate student services, and Personal Development Classes which are taught by counseling faculty.

5. FOLLOW-UP - Provides regular evaluation of your progress through the Early Alert program and group counseling sessions.

The Student Agrees to:

1. Express at least a broad educational intent upon admission.

2. Declare a specific educational goal after completion of 15 semester units at the college.

3. Meet with a College Counselor to establish a Student Educational Plan within one semester after declaring an educational goal and to review the Educational Plan at least once each semester.

4. Attend classes regularly and complete assigned course work.

5. Maintain satisfactory progress toward an educational goal according to standards established by the Los Angeles Community College District and the State of California.

6. Be familiar with the information in the college catalog and schedule of classes, and know and observe all policies and procedures related to the program of study being pursued.

**Exemption**

As a student, you may be exempted from matriculation if you meet at least one of the following criteria:

1. Have an AA, BA or higher degree from an accredited college or university.

2. Have completed 30 units or more including English 28 or 101 and Mathematics 115 or equivalent courses.

3. Are enrolling for personal enrichment or recreational
purposes without plans of taking more than 15 units of credit classes.

Even if you are not exempted from matriculation you may be exempted from assessment if you meet any of the following criteria:

1. Have a record of completing English 28 or 101 and Mathematics 115 or equivalent courses.

2. Have completed equivalent assessments at other colleges and have presented their documentation for verification to the Assessment Center, AD 103. (Verification must be presented before an exemption can be granted.) Math assessment is accepted up to one year.

Waiver
If you are not exempt from matriculation but choose not to participate in the process, a waiver is available in the Student Assistance Center, AD 105.

Appeal
Matriculation is a campus-wide effort of faculty, administrators, staff and students. However, if for any reason, you feel that matriculation interferes with your rights as a student, forms for appeal are available in the Office of the Vice President of Student Services, AD 207.

Repetitions and Withdrawals
Effective Summer 2012, course withdrawal ("W") or a substandard grade ("D," "F," or "NP") count as an attempt at a course. Only three attempts at any one course will be allowed, with some exceptions. Listed below are the new rules that all students need to know about.

Students who drop or are excluded after the last day to drop without a grade of "W" will have a "W" appear on their transcript. The "W" will count as an attempt for that course.

A course in a student’s transcript which currently shows a "W" counts as an attempt for that course.

Students will not be allowed to register for any course within the LACCD if there are three recorded attempts for that course in any combination of W, D, F, or NP grades.

Add permits for a course within the LACCD will not be processed if there are three recorded attempts for that course in any combination of W, D, F, or NP grades.

For courses specifically designated as "repeatable," students may repeat up to three times. (See Title 5 California Code of Regulations sections 55040, 55041, 58161).

Where the student’s number of enrollments in a course exceeds the allowable amount, the student may petition for an additional enrollment in cases of extenuating circumstances.

What students should do:

• Be sure you are academically ready for classes you enroll in.

• If you must drop a course, drop before the specified deadline for dropping a class without a grade of "W."

• See a counselor before making decisions that could affect your educational plan.

PREREQUISITES/CO-REQUISITES, ADVISORIES & CHALLENGES
The following explains conditions of enrollment that qualify a student for a class or course of study according to laws and state regulations AB3 and Title 5.

Prerequisite is the requirement needed to qualify for a course. It is designed to identify skills necessary for success in a course.

Co-requisite is the requirement for taking a simultaneous course in order to enroll in a particular class.

Advisory is advice given before enrolling. It is not required that a student follow this advice.

A Satisfactory Grade is an academic record with the symbol A, B, C, or "P."

CHALLENGE POLICY/PROCEDURE
A student may challenge the above enrollment policies by filing a Prerequisite or Co-requisite Challenge Petition. You can obtain the form from the Admissions Office (AD 100), the Student Assistance Center (AD105), or the Counseling Center (AD 108). Documented proof of your challenge will be required. The Petition must be filed with the Department Chair of the department over the class that is being challenged. If the College does not resolve your challenge within the five-day period, you will automatically be enrolled in the class. If no space is available in the class, the challenge shall be resolved before the beginning of registration for the next term. If your challenge is upheld and space is available, you may enroll in the next term.

Grounds for Challenges
It is your responsibility to show proof with documentation that you have grounds for a legitimate challenge. You may challenge any of the prerequisites or co-requisites using any of the Title 5 regulations listed below:

NOTE: If you have successfully completed a similar course outside of the Los Angeles Community College District, bring your official or unofficial transcripts or grade cards to the Counseling Office - AD 108 for evaluation.

1. The prerequisite/co-requisite does not follow the rules established by the District.

2. The prerequisite/co-requisite is in violation of Pre/Co-requisite and Advisory Regulation, specified in Section 55201(e) of Title V. (See Office of the Vice President of Student Services - AD207)

3. The prerequisite/co-requisite is unlawfully discriminatory or being applied in an unlawfully discriminatory manner. Once you have completed the prerequisite or co-requisite Challenge petition process on the grounds of unlawful discrimination, you have the right to file a formal complaint of unlawful discrimination with the Compliance Officer.

4. You have the ability and knowledge to succeed in a course without the pre/co-requisite.

5. You will be subject to undue delay in obtaining your educational goal because the prerequisite/co-requisite course was not reasonably available.

6. You have not been allowed to enroll due to a limitation set for a course that involves intercollegiate competition, public performance, honor courses, or blocks of courses limited to a particular group of students. You will be allowed to enroll in such a course if there is no equivalent section offered, and you would be delayed a semester or more in obtaining your degree or certificate specified in your Student Educational Plan.

7. You want to enroll in a course which has prerequisite/co-requisite established to protect health and safety, and you can demonstrate that you do not pose a threat to yourself or others.

Resolution of Prerequisite Challenges
Each prerequisite challenge shall be investigated and resolved through the appropriate department chair no later than five (5) working days from the day that your challenge is filed.
Pre/Co-requisite Challenge
Petition Filing Dates
Students may file challenges throughout the fall and spring semesters up to five (5) working days before the end of each semester. Some departments may accept petitions during summer session and winter intersessions, based on faculty availability.

TUITION & FEES
Note: the fees listed below were accurate at the time this catalog was produced, but are subject to change by the California Legislature. Fees are due at the time of registration and create a hold until paid in full.

Students may pay fees by cash, check, Visa, MasterCard, American Express or Discover Card. If you pay your fees by check, your student ID number will be written on your check. If you do not wish to have your student ID number appear on your check, you must use an alternative form of payment. $10 handling fee is charged on all returned checks. Fees may be paid online at http://www.lacc.edu/student_information/sis_logon.asp or on the STEP telephone system, via credit card.

ENROLLMENT FEE $46 per unit
(CA Residents) (no maximum per semester)
Section 72252 of the Education Code requires Los Angeles City College to charge an enrollment fee of each student enrolling in college. The fee is forty-six dollars ($46) per unit per semester for resident students. This fee must be paid at the time of registration. Students may pay enrollment fees by cash, check, or Visa, MasterCard, American Express or Discover Card.

If at the time of enrollment you are receiving benefits under the Temporary Assistance for Needy Families (TANF), the Supplemental Security Income/State Supplementary Program, or the General Assistance Program, the enrollment fee will be waived. For information on the procedure for requesting a waiver, contact the Financial Aid Office before you enroll at LACC.

Financial aid may be available to students who meet the qualification requirements. Students with questions concerning financial aid eligibility should contact the LACC Financial Aid Office. Students should submit an application as soon as possible.

NON-RESIDENT TUITION FEE
Out-Of-State Residents $207 per unit
Foreign Citizens $191 per unit
Non-resident foreign citizens must also pay the enrollment fee of $46 per unit. Effective for the winter 2009 term, students who take 4 or fewer units, OR who take one class that is more than 4 units but is not more than 6 units, will have their non-resident tuition waived. A student who exceeds these limits will be required to pay non-resident tuition for ALL units, unless the student is eligible for an AB 540 waiver.

Enrollment Fee Assistance
Los Angeles City College offers enrollment fee assistance to eligible students who need assistance in paying the enrollment fee. The Board of Governors - (BOG) Enrollment Fee Waiver is available to students whose family is receiving Temporary Assistance for Needy Families (TANF)/CalWORKs, Supplemental Security Income/State Supplementary Program, General Assistance/General Relief, or who meet the qualifying income standards. In addition, dependents of Veterans' National Guard, Congressional Medal of Honor recipients and their children, victims of the September 11, 2001 terrorist attack and deceased law enforcement/fire suppression personnel killed in the line of duty, are also eligible for fee waiver.

An Automatic Fee Waiver will be processed for eligible California residents who have filed a Free Application for Federal Student Aid (FAFSA) with the College Financial Aid Office. Students may contact the Financial Aid Office to obtain a Board of Governors Fee Waiver (BOGFW) Application. See Board of Governor’s Fee Waiver Program under “Financial Aid - State Financial Aid.”

Enrollment Fee Refunds
CA Residents: For full-session classes, a full refund of the enrollment fee will be made through the end of the second week of classes. For short-term classes, a full refund is available up to the end of a period equal to ten percent (10%) of the total session length. No refund will be authorized after the periods described above except when college action to cancel or reschedule a class necessitates the drop. Students must request check/credit card refunds in the Business Office. Credit card refunds will be processed a week after filing the request.

Non-Residents: Non-resident students who formally drop or otherwise separate from part or all of their enrollment may request a refund of previously paid non-resident tuition and enrollment fees in accordance with the following schedule and computations, calculated as follows:

Instructional Materials Fee
Students may be required to provide instructional and other materials required for credit or no-credit courses. Such materials shall be of continuing value to a student outside the classroom setting and shall not be solely or exclusively available from the Los Angeles Community College District.

Associated Student Government (ASG)
Fee $7 per semester
A $7 per semester membership fee provides access to the Student Activities Center free bluebooks, scantrons, copier and fax services, use the computers for homework or to access the internet, preferred parking, movie and amusement park discounts, etc. You are also eligible to participate in student government; join a club; support the college’s theater, music and forensic programs; attend campus events; and participate in shared governance.

Student may waive the ASG benefits by completing the waive form. Waiver forms can be obtained from the Office of Student Life & Leadership Development, located in the Student Union.

Student Representation Fee $1 per semester
This required fee benefits LACC students by enabling your ASG to respond to legislative issues which impact students directly, i.e., tuition increases, textbooks taxes, community college funding. The ASG advocates and lobbies on your behalf at the District or in Sacramento and coordinates their efforts with the state and regional community college student organization (California Student Senate). The ASG is your legally designated liaison with the college, the District Office, the California State Chancellor’s Office and the Board of Governors. They represent the LACC student before local, state and federal government organizations.

Health Services Fee $11 per semester
The Los Angeles Community College District charges an eleven dollar ($11) mandatory Health Fee. The fee is payable to one campus only and covers the costs of Health Centers at the District’s nine campuses. If you are a member of a religious group that depends on prayer for healing, please contact the Dean of Special Services, in CH109 for exemption procedures. Also see Policies: General “Student Health Fee Waivers.”
Parking Fee
Parking in campus lots in areas marked “Parking by Permit Only” will be restricted to vehicles displaying a valid permit. Permit procedures, fees, and refund information are available in the Business Office. A limited number of parking permits will be sold.

Summer Permits: $10  
Winter Permits: $10  
Fall or Spring: Restricted Parking $20 (Lot #2 parking structure ONLY). Preferred Parking $27 (Lot #1 ground floor open area, Lot #2 & #3 parking structures, AND ASO membership).

WHAT IS FINANCIAL AID?
Financial Aid is monies made available by federal and state governments and by private sources in the form of grants, scholarships, loans, and employment. This assistance makes it possible for students to continue their education beyond high school, even if they and/or their family cannot meet the full cost of the postsecondary school they choose to attend.

Who is Eligible for Financial Aid?
To be considered for financial aid, students must generally meet the following minimum requirements:
• Be a U.S. citizen or an eligible non-citizen. An eligible non–citizen is a U.S. permanent resident who has documentation from the Department of Homeland Security verifying that his/her stay in the U.S. is for other than a temporary purpose.
• Show financial need.
• Be making satisfactory academic progress in a course of study leading to an AA or AS degree, certificate, or transfer to a baccalaureate degree program.
• Not be in default on any loans such as Federal Perkins Loans, Federal Stafford Loans (subsidized and unsubsidized), Federal Direct Loans (subsidized and unsubsidized, or FPLUS Loans (Parental Loans for Undergraduate Students) at any school attended.
• Not owe a refund on a Federal Pell Grant, Federal Supplemental Educational Grant (FSEOG), or Cal Grant programs.
• Be registered with the Selective Service, if male between the ages of 18 and 26 years old.
• Be enrolled as a regular student in an eligible program.
• Have a valid social security number.
• Demonstrate an ability to benefit as defined below:

Ability to Benefit (ATB):
Students who meet one of the qualifications listed below have demonstrated the ability to benefit from a college education in accordance with applicable federal regulations.
• Received a high school diploma; or
• Passed a high school proficiency examination; or
• Received a certificate of General Education Development (GED); or
• Successfully completed a two-year program (minimum 48 credit towards a bachelor’s degree)

EDUCATION STATUS
Students requesting a change in education status must submit a general petition with explanation. This is consistent with our office policy that, like residency changes, the burden of proof lies with the student.

PRIORITY DATES & DEADLINES
In general, the institution must have on file a valid Institutional Student Information Record (ISIR) by the last day of enrollment for a term.
• To receive a Pell Grant, financial aid applications and all required documents must be submitted to the Financial Aid Office prior to the end of the enrollment period.
• To receive a Cal Grant, the FAFSA must be submitted no later than March 2, 2012 for the 2012-2013 award year. Students planning to attend a community college in 2012-2013 have a secondary deadline of September 2, 2012 to apply for Cal Grant.
• The priority processing date May 1, 2012, for the 2012-2013 academic year. Students who have missed the priority processing date are encouraged to apply as Pell Grant funds are always available.

VERIFICATION
For students selected for verification by the Department of Education, the Financial Aid Office will request additional documents, such as Federal Tax Transcripts, to process the application.
FEDERAL REFUND REQUIREMENTS
Students who receive federal financial aid and withdraw from ALL classes at the institution in the first 60% of the term may have to repay the “unearned” federal funds received prior to withdrawal. The Financial Aid Office will calculate the amount of federal funds earned up to the point of withdrawal and students will be billed and must repay any federal grant funds received but not earned. Failure to repay these funds will result in the denial of future federal financial aid.

Students are advised to contact the Financial Aid Office before withdrawing from all of their classes.

FEDERAL RECALCULATION REQUIREMENTS
Federal Pell Grant and Federal Supplemental Educational Opportunity Grant (FSEOG) awards must be recalculated if the student’s information changes after the initial calculation or disbursement. The three factors that are most likely to change are enrollment status, expected family contribution (EFC), and cost of attendance.

Awards will be calculated during each term, based on the student’s enrollment status for that term. If the student’s enrollment status changes up to the date of the second disbursement run date, the Financial Aid Office will recalculate the student’s federal financial aid grants. A recalculation may result in a decreased or increased award.

FEDERAL FINANCIAL AID
Federal Pell Grants - The Federal Pell Grant is a federally funded program. To be eligible, an applicant must be an undergraduate student and demonstrate financial need. The maximum for 2012-2013 is $5,550. During his or her lifetime a student’s eligibility is limited to the full-time equivalent of 12 semesters.

Federal Supplemental Educational Opportunity Grants (FSEOG) – The FSEOG is a federal grant program designed to supplement other sources of financial aid for Pell Grant recipients with exceptional need.

Federal Work Study (FWS)—FWS enables a student to earn part of his/her financial aid award through campus employment.

Federal Perkins Loan—This is a low interest loan made available to students with exceptional need to meet their educational expenses.

Federal Direct Loans (Subsidized and Unsubsidized) – Students may be eligible to borrow up to $3,500 for first year students and $4,500 for second year students per academic year from the Direct Loan Program. The student’s annual borrowing limit may also vary based upon the following:
- The amount of unmet need after other federal assistance is considered; and
- The applicant’s aggregate student loan debt; and
- The applicant’s previous delinquent or defaulted loan history.

NOTE: Los Angeles City College will be unable to certify additional loans for a student who has already borrowed two years worth of loans including loans borrowed at other institutions, until the student has obtained additional loan counseling.

FEDERAL DIRECT SUBSIDIZED LOAN
A low interest loans for students that demonstrate financial need. Students are not charged interest as long as they are enrolled at least half-time. The amount that a student may borrow is based upon unmet need and the student’s progress in an academic program. Also, loan amounts are constrained by federally mandated annual and aggregate limits.

FEDERAL DIRECT UNSUBSIDIZED LOAN
A low interest loan for which a student isn’t required to demonstrate financial need. Students are responsible for the interest charges while they are in school. Interest begins to accrue when the first disbursement is made. The amount that a student may borrow is based upon unmet costs and the student’s progress in an academic program. Also, loan amounts are constrained by federally mandated annual and aggregate limits.

Bureau of Indian Affairs Grants (BIA) – The Bureau of Indian Affairs grants provide money to help defray the costs of education for students with American Indian heritage. Students may apply if they:

1. Are a member of, or at least one-quarter American Indian blood or a descendent of a member of an American Indian tribe who are eligible for the special programs and services provided by the United States through the Bureau of Indian Affairs to Indians because of their status as Indians.

2. Have been accepted for admission to a nationally accredited institution of higher education that provides a course of study conferring the Associate of Arts or Bachelor’s degree.

3. Demonstrate financial need as determined by the financial aid officer of the post-secondary institution.

To obtain an application, please send your request to the Office of Indian Education Program, 2800 Cottage Way, Sacramento, California 95825.
STATE FINANCIAL AID

Board of Governor’s Fee Waiver Program (BOGFW): Under this program enrollment fees are waived for students who meet qualification criteria. Applicants do not have to be enrolled in a specific number of units or courses to receive the waiver and no repayment of funds is required. California residents who are enrolled in at least one (1) unit may apply for a fee waiver.

There are three ways to qualify:

Method A
At the time of enrollment you are a recipient of benefits under the TANF/CalWORKS Program (formerly AFDC), SSI (Supplemental Security Income), General Assistance (also known as General Relief).

Method B
1. You meet the following 2012-2013 income standards

<table>
<thead>
<tr>
<th>Household Size (including yourself)</th>
<th>Total 2011 Family Income (adjusted gross income and/or untaxed income)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$16,335</td>
</tr>
<tr>
<td>2</td>
<td>$22,065</td>
</tr>
<tr>
<td>3</td>
<td>$27,795</td>
</tr>
<tr>
<td>4</td>
<td>$33,525</td>
</tr>
<tr>
<td>5</td>
<td>$39,255</td>
</tr>
<tr>
<td>6</td>
<td>$44,985</td>
</tr>
<tr>
<td>7</td>
<td>$50,715</td>
</tr>
<tr>
<td>8</td>
<td>$56,445</td>
</tr>
<tr>
<td>Each additional Family Member</td>
<td>$5,730</td>
</tr>
</tbody>
</table>

Method C
The Financial Aid Department determines that the student has a financial need that’s at least $1,104. This can be only be determined if the student has submitted a FAFSA.

In addition to the income standards, students may also demonstrate BOGFW B eligibility by having a zero EFC (Expected Family Contribution) under federal methodology.

Note: Under the provisions of AB 131, students who are exempt from paying nonresident tuition under Education Code Section 68130.5 (AB 540) will become eligible to participate in the BOG Fee Waiver program on January 1, 2013.

2. If you qualify after you have paid your enrollment fees, you should complete a “Request for Refund” form available in the college Business Office.

CAL GRANT PROGRAMS

- **Cal Grant A** – Although Cal Grant A is only for use at a four-year college, students should apply while attending Los Angeles City College. The California Student Aid Commission (CSAC) will reserve grants for students who qualify until they transfer to a four-year college, but will not hold them for more than two years.

- **Cal Grant B** – Cal Grant B provides a living allowance for entering college freshman. At a community college, students receive up to $1,551 per academic year. Students must be enrolled in a minimum of six (6) units to be eligible.

- **Cal Grant C** – Cal Grant C is intended for students who desire to train for specific occupations, vocations, or technical careers, but who do not have the financial resources to enter training programs because they are from low income families. Grants are limited to $576 per year at community colleges for programs ranging in length from four months to two years. Students must be enrolled in at least six (6) units and demonstrate occupation achievement or aptitude in the chosen field.

Gainful Employment Program

For thousands of dollars less than you’d pay at private career colleges, you can receive outstanding training in Dental and Radiologic Technology, Nursing, Psychology/Human Services, Photography, Journalism, Child Development, Food Services/Dietetics, Cinema/TV Production, Acting/Stage-Craft, Art/Graphic Arts, Music, Computer Technology, Business, Law/Law enforcement and more.

The link (http://www.lacitycollege.edu/services/finaid/eligible-programs.html) provides information about the careers for which each Career and Technical Education Certificate prepares you, the costs associated with the program and the average expected debt.

In order to be eligible for Federal Student Aid, a student MUST be enrolled in an educational program that leads to an associate’s degree, or prepares a student for gainful employment in a recognized occupation. Students must declare an associate’s major, select a transfer goal, or be enrolled in one of the following programs in order to be eligible for Federal Student Aid at LACC.

Chafee Grant Program

The California Chafee Grant Program gives up to $5,000 annually of free money to foster youth and former foster youth to use for college courses or vocational school training. The student must be enrolled in an eligible college or vocational school, enrolled at least half-time and an eligible course of study that is at least one year long. To get additional information, please contact the California Chafee Grant Program at 1-888-224-7268 or write to California Student Aid Commission, Specialized Programs, Attn: California Chafee Grant Program P.O. Box 419029 Rancho Cordova, CA 95741-9029.

Law Enforcement Personnel Dependents Scholarship

This grant program provides educational benefits to the dependents of California police and other law enforcement officers (Chief of Police, Police Officers, Sheriffs, Marshals, Deputy Marshals, etc.) who have been killed or totally disabled in the line of duty. For more information and application materials, write directly to: California Student Aid Commission, 1515 S. Street, Suite 500, P.O. Box 510624, Sacramento, California 94245 – Attention: LEPD Program.

Determining Financial Need

The type of financial aid and amount received will be determined by the LACC Financial Aid Office. Financial aid awards are based on demonstrated financial need which is the difference between allowable educational expenses and the expected family contribution (EFC) and/or the student’s resources. Resources may include, but are not limited to employment earnings, veteran benefits, Social Security benefits, TANF/CalWORKS benefits, JTPA benefits, and CARE benefits. Expected family contribution and resources are then measured against the institutional student Cost of Attendance to determine financial need.

* Subject to change without notice by the California Legislature.

1. Non-Resident Tuition is added to fees, depending on the student residence code.
2. Dependent/Child Care is provided to students requiring child care up to a maximum of $1,000. A student with a spouse attending the same school will receive one child care allowance per family.

**SATISFACTORY ACADEMIC PROGRESS POLICY**

I. GENERAL INFORMATION

A. Effective July 1, 2011, Los Angeles Community College District has adopted a new Satisfactory Academic Progress (SAP). In accordance with the Higher Education Act of 1965, as amended, the Los Angeles Community College District (hereinafter referred to as LACCD) established the following Standards of Academic Progress. These Standards apply to all students who apply for and receive financial aid from the programs listed below.

1. Federal Pell Grant
2. Federal Supplemental Educational Opportunity Grant (FSEOG)
3. Federal Work Study (FWS)
4. Federal Perkins Loan
5. Federal Nursing Loan
6. Federal Parent Loan for Undergraduate Students (PLUS)Family Educational Loan (FFEL)
7. Federal Direct Student Loan (FDSL)
8. Cal Grant B and C Child Development Grant

B. Professional Judgment may be exercised in applying these standards in accordance with Section 479A of the Higher Education Act of 1965 As Amended Through June 1994.

C. Satisfactory Academic Progress Standards are reasonable if they are the same as or stricter than the institution’s standards for a student enrolled in the same educational program who is not receiving assistance under Title IV Federal Financial Aid Programs.

D. Current and previous coursework earned at any college within the LACCD will be reviewed for compliance with the standards put forth in this policy.

E. Consortium Classes

1. All classes throughout the LACCD will be included when reviewing satisfactory academic progress.
2. For students aided under a consortium agreement with colleges outside the LACCD, consortium classes will be included during satisfactory academic progress review by the home school (the college that processes the student’s aid).

II. GENERAL REQUIREMENTS

A. Students receiving financial aid must be enrolled in an eligible program. An eligible program is defined as:

1. An educational program that leads to an associate degree, or
2. An educational program which is at least a two-year academic transfer program that is acceptable for full credit toward a bachelor’s degree, or
3. An educational program which is at least a one-academic-year training program that leads to a certificate, degree, or other recognized educational credential and that prepares a student for gainful employment in a recognized occupation.

III. SATISFACTORY ACADEMIC PROGRESS STANDARDS

A. Maintenance of a 2.0 cumulative GPA.

B. Fewer than ninety (90) attempted units for students who indicated AA degree or Transfer as their educational goal.

1. ESL levels 1 & 2 and Basic Skills/Remedial classes are excluded from the ninety (90) unit limit when determining units attempted.

2. Students who have already earned an Associate or higher degree outside of the LACCD will need to follow the appeal procedure.

3. In Progress (IP) grades count as attempted units in the maximum time frame only. It does not affect cumulative grade point average in the qualitative measure nor is it included as completed units in the quantitative measure.

C. Completion of 67% cumulative units attempted.

1. Entries recorded in the students' academic record as Incomplete (INC), No Pass (NP), and/or Withdrawal (W) are considered non-grades and must be 33% or less than the cumulative units attempted.

**APPLICATION OF STANDARDS**

A. Satisfactory academic progress for financial aid students will be determined annually at the beginning of the academic year.

B. Students who are disqualified from financial aid will be notified by mail and receive the procedure for appeal.

C. A student who has been disqualified at any college in the LACCD, is disqualified at all colleges within the LACCD.

D. A change of one (1) educational goal or major course of study will be permitted. Students are eligible to receive financial aid for one educational goal at the institution of attendance.
IV. MAXIMUM TIME LENGTH

A. Students attending for the purpose of obtaining an Associate of Arts (AA), an Associate of Science Degree (AS), or completion of requirements for transfer to a four-year college, are allowed 90 attempted units in which to complete their objective.

1. Exceptions will be made only when the requirements of a student’s objective cause the student to exceed the maximum time limit.

B. Short Length Certificate Programs

1. Some certificate objectives at the Los Angeles Community Colleges may be completed in less time than that required for the Associate of Arts, Associate of Science and Transfer objectives.

2. The following table shows the normal completion time and maximum time for certificate programs of varying length:

<table>
<thead>
<tr>
<th>Units required for the Certificate Program</th>
<th>Normal Length</th>
<th>Maximum Length</th>
</tr>
</thead>
<tbody>
<tr>
<td>10 to 24</td>
<td>2 semesters</td>
<td>3 semesters</td>
</tr>
<tr>
<td>25 to 36</td>
<td>3 semesters</td>
<td>5 semesters</td>
</tr>
<tr>
<td>37 to 48</td>
<td>4 semesters</td>
<td>6 semesters</td>
</tr>
</tbody>
</table>

C. To be eligible for financial aid, a program must be at least six (6) months in length with a minimum of sixteen (16) units. Students enrolled in a certificate program may continue to qualify for financial aid up to ninety (90) attempted units, six (6) full-time semesters, or the equivalent, if they are planning to obtain an A.A. or A.S degree or to transfer to a four-year school in addition to obtaining the certificate.

V. SUMMER AND WINTER FINANCIAL AID

A. Summer and Winter terms are included in the evaluation of Satisfactory Academic Progress standards.
the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

**LACC Core Competencies**

**Institutional Learning Outcomes (ILO)**

These are the skills and abilities graduates of Los Angeles City College are expected to possess.

**Area A: Essential Academic Skills**

1. Information Competency: Critical Creative Thinking
2. Written and Oral Communication
3. Mathematical Competency/Quantitative Reasoning
4. Technological Literacy

**Area B: Personal Growth and Development**

5. Self Assessment and Growth
6. Intellectual Engagement and Physical Wellness
7. Ethical Reasoning
8. Aesthetic Awareness and Appreciation

**Area C: Interpersonal/ Intercultural/ Global Awareness**

9. Interpersonal Interaction and Community Participation
10. Intercultural Knowledge and Exploration
11. Discovering Global Issues

**General Graduation Requirements**

A “continuing student” is one who has completed a minimum of one course per calendar year. Students who interrupt their attendance become subject to any new requirements which are in effect at the time they re-enroll.

I. Unit Requirement. 60 to 64 units of course credit in a selected curriculum. One credit hour of community college work is approximately three hours of recitation, study, or laboratory work per week throughout a term of 16 weeks.

II. Scholarship Requirement. A “C” (2.0) grade average or better in all work attempted.

III. Competency Requirement. Students must demonstrate competence in reading, in written expression, and in mathematics. The following courses and examinations are approved to meet the competency requirement for the Associate Degree as defined in Board Rule 6201.12.

   A. Reading and Written Comprehension:
      1. Competence in Reading and Written Expression shall be demonstrated by achieving a grade of “C” or better in English 101 or its equivalent at another college.
      2. In meeting the Reading and Written Expression competency requirement, course work is the primary measure of competency. However, competency may be met through credit-by-examination as determined in the college.
   B. The competency requirement in mathematics may be met by:
      1. Competency in Mathematics shall be demonstrated by achieving in Math 125 or Math 124A and 124B or higher or its equivalent at another college.
   2. The competency requirement in Mathematics may also be met by completing an assessment and achieving a score determined to be comparable to satisfactory completion of Math 125 - Intermediate Algebra. That is, students may place into mathematics courses above the level of intermediate algebra or may achieve a satisfactory score on a competency exam or other approved exam.

IV. Residence Requirement. Completion of at least 12 units or work in residence and attendance at the college during the semester in which the graduation requirements are completed. Exceptions may be made under special circumstances.

V. Course Requirements. Students who are majoring in programs of study for which 18-35 units are required in the major and/or are planning to transfer should complete Graduation Requirements “Plan A.” Students who are majoring in programs of study for which 36 or more units are required in the major and may not plan to transfer should complete Graduation Requirements “Plan B.” Students who are following Graduation Requirements “Plan B” and plan to transfer should select the eighteen units for graduation requirements from Graduation Requirements “Plan A” to ensure all the courses for the Graduation Requirements transfer.

**Transfer vs. Career Education Programs**

Los Angeles City College offers over 115 degree and certificate programs in areas including the Arts, Business, Child Development, Cinema/Television, Cultural Studies, Computer Science, English, Foreign Languages, Health Care, Journalism, Law, Liberal Arts, Math, Psychology, Computer Applications & Office Technologies and more. Associate Degree programs designated as “Transfer Program” are designed for students planning to transfer to four-year universities and colleges as juniors. Students are urged to consult with one of our counselors to plan their academic programs and ensure successful transfer.
Associate Degree programs designated “Career Program” are designed to prepare the student to enter occupational and technical fields upon graduation. Students interested in Career Programs who also plan to attend a four-year university, immediately after graduation or at a later point, should consult with one of our counselors on what other courses may be required to successfully transfer. Our Career Education programs also include certificate programs which require fewer general education courses.

**PLAN A - TRANSFER PLAN**

**Graduation Requirements**

Graduation “Plan A” has been designed for students who plan to transfer to either the California State University (CSU) system or the University of California (UC) system. The courses have been selected to parallel the CSU General Education plan. A transfer correlation outline that compares “Plan A,” the CSU General Education plan, and the Intersegmental General Education Transfer Curriculum (IGETC) can be found at the end of this section. Verify the course description area of this catalog for transferability of courses found in these sections.

**MAJOR REQUIREMENTS:**

A minimum of eighteen (18) semester units of study taken in a single discipline or related disciplines.

**GENERAL REQUIREMENTS:**

Successful completion of a minimum of thirty to thirty-one (30-31) semester units of General Education which shall include not less than the minimum number of units indicated in each of the following areas:

**A. Natural Sciences**

Minimum three 3 semester units.

| Anatomy 1; Anthropology 101, 111; Astronomy 1, 5, 11; Biology 3, 6, 7, 25; Chemistry 60, 101, 102, 211, 212, 221; Earth Science 1; Electronics 101; Family and Consumer Studies 21; Geography 1, 15; Geology 1, 2; Microbiology 1; 20; Oceanography 1; Physical Science 1, 13, 14; Physics 6, 7, 11, 12, 14, 21, 22, 101, 102, 103; Physiology 1; Psychology 2 |

Note: Laboratories are underlined

**B. Social and Behavioral Sciences**

Minimum of nine (9) semester units

| B1. AMERICAN INSTITUTIONS (3 Semester Units minimum) | African-American Studies 4, 5, 7; Chicano Studies 7, 8; History 11, 12, 13, 81, 82; Political Science 1 |
| B2. SOCIAL AND BEHAVIORAL SCIENCES (3 Semester Units minimum) | Anthropology 102, 103, 121, 151; Business 1; Child Development 11, 11, 42; Economics 1, 2; Family & Consumer Studies 31; Geography 2; History 1, 2, 3, 4, 59, 86, 87, 88; Journalism 105; Law 3; Linguistics 2; Political Science 2, 7; Psychology 1, 13, 41, 43; Sociology 1, 2, 11, 12, 32; Speech 122 |

**C. Humanities**

Minimum three 3 semester units.

| African-American Studies 20, 60; American Sign Language 1, 2, 3; Arabic 1, 2; Armenian 1, 2; Art 101, 102, 103, 105, 107, 109, 111, 201, 209, 501; Chicano Studies 44, 52; Chinese 1, 2, 3, 4, 10; Cinema 3, 4; Dance 805; French 1, 2, 3, 4, 10; English 203, 204, 205, 206, 208, 211, 212, 214, 215, 216, 218, 219, 239, 240, 252, 253, 255, 270; Humanities 6, 8, 20, 30, 31, 41, 42, 44, 45, 47, 61, 63; Italian 1, 2, 10; Japanese 1, 2, 3, 4, 9; Korean 1, 2, 3, 4, 10; Linguistics 1; Music 101, 111, 121, 122, 135, 200; Philosophy 1, 14, 20, 30, 32, 40; Photography 10, 17, 34; Russian 1, 2, 3, 4, 10, 12; Spanish 1, 2, 3, 4, 9, 10, 35, 36; Speech 130; Theater 100, 110, 338, 400 |

**D. Language and Rationality**

Minimum twelve (12) semester units in the following pattern:

**D1. ENGLISH COMPOSITION** (3 Semester Units minimum)

| English 28, 31, 101; Journalism 101 |

**D2. COMMUNICATION AND ANALYTICAL THINKING** (6 Semester Units minimum)

| Co Sci 101, 103, 108; Co Tech 1; English 102, 103; Mathematics 124A, 124B, 125, 215, 216, 227, 230, 236, 237, 240, 245, 260, 261, 262, 263, 270, 272, 275; Philosophy 5, 6, 8, 9; Psychology 66, 74; Speech 101, 102, 104, 121 |

**D3. Minimum of 3 additional semester units from D1 or D2 above.**

**E. Health and Physical Education**

Minimum three (3) units.

**E1. HEALTH EDUCATION** (2 Semester Units minimum)

| Health 2, 8, 11 |

Note: Health 2 includes the physical education activity

**E2. ONE PHYSICAL EDUCATION ACTIVITY** (1 Semester Unit minimum)

| Dance Spec 440, 446, 459; Dance St 452; Dance Tech 400-469; Phys Ed 101-642 |

Authorized Physical Education activity exemptions include:

a. Medical exemption
b. Extemuating Circumstances
c. Licensed Registered Nurse
d. Students who have served in the Armed Forces of the United States (DD 214)

**PLAN B – OCCUPATIONAL/ VOCATIONAL PLAN**

**GRADUATION REQUIREMENTS**

Graduation “Plan B” has been designed for students who plan an occupational or vocational Associate Degree. Some courses may or may not transfer to the University of California or the California State University system. Verify the course description area of this catalog for transferability of courses found in these sections.

**MAJOR REQUIREMENTS:**

At least a minimum of thirty-six (36) semester units of study taken in a single major or related disciplines.
GENERAL REQUIREMENTS:
Successful completion of a minimum of eighteen (18) semester units in General Education which shall include not less than the minimum number of units indicated in each of the following areas:

A. Natural Sciences —
Minimum 3 units
Anatomy 1; Anthropology 101, 111; Astronomy 1, 5, 11; Biology 3, 6, 7, 25; Chemistry 60, 101, 102, 211, 212, 221; Earth Science 1; Electronics 101; Family and Consumer Studies 21; Geography 1, 15; Geology 1, 6; Microbiology 1; Oceanography 1; Physical Science 1, 13, 14; Physics 6, 7, 11, 12, 14, 21, 22, 101, 102, 103; Physiology 1; Psychology 2
Note: Laboratories are underlined

B. Social and Behavioral Sciences —
B1. AMERICAN INSTITUTIONS
3 Semester Units minimum)
African-American Studies 4, 5, 7; Chicano Studies 7, 8; History 11, 12, 13, 81, 82; Political Science 1

C. Humanities —
Minimum 3 units
African-American Studies 20, 60; American Sign Language 1, 2; Arabic 1, 2; Armenian 1, 2; Art 101, 102, 103, 105, 107, 109, 111, 201, 209, 501; Chicano Studies 14, 44, 52; Chinese 1, 2, 3, 4, 10; Cinema 3, 4; Dance 805; French 1, 2, 3, 4, 10; English 203, 204, 205, 206, 208, 211, 212, 214, 215, 216, 218, 219, 239, 240, 252, 253, 255, 270; Humanities 6, 8, 20, 30, 31, 41, 42, 44, 45, 47, 61, 63; Italian 1, 2, 10; Japanese 1, 2, 3, 4, 9; Korean 1, 2, 3, 4, 10; Linguistics 1; Music 101, 111, 121, 122, 135, 200; Philosophy 1, 14, 20, 30, 32, 40; Photography 10, 17, 34; Russian 1, 2, 3, 4, 10, 12; Spanish 1, 2, 3, 4, 9, 10, 35, 36; Speech 130; Theater 100, 110, 338, 400

D. Language and Rationality —
Minimum six (6) semester units in the following pattern
(Select one course from each area.)
D1. ENGLISH COMPOSITION
(3 Semester Units minimum)
English 28, 31, 101; Journalism 101
D2. COMMUNICATION AND ANALYTICAL THINKING
(3 Semester Units minimum)
Co Sci 101, 103, 108; Co Tech 1; English 102, 103; Mathematics 124A, 124B, 125, 215, 216, 227, 230, 236, 237, 240, 245, 260, 261, 262, 263, 270, 272, 275; Philosophy 5, 6, 8, 9; Psychology 66, 74; Speech 101, 102, 104, 121

E. Health and Physical Education —
Minimum three (3) semester units.
E1. HEALTH EDUCATION
(2 Semester Units minimum)
Health 2, 8, 11
Note: Health 2 includes the physical education activity
E2. ONE PHYSICAL EDUCATION ACTIVITY
(1 Semester Unit minimum)
Dance Spec 440, 446, 459; Dance St 452; Dance Tech 400-469; Phys Ed 101-642

Authorized Physical Education activity exemptions include:
- Medical exemption
- Extenuating Circumstances
- Licensed Registered Nurse
- Students who have served in the Armed Forces of the United States (DD 214)

NOTE: Graduation Requirements

Plans “A” & “B”
While a course might satisfy more than one General Education requirement, it may not be counted more than once for these purposes. It may be counted again for a different degree requirement as determined by each college. Refer to the chart following this page for information about the correlation between “Plans A” and “B.”

A course may meet a General Education requirement for the Associate Degree and also partially satisfy a General Education requirement at the California State University. Students may not use the same course for credit toward the Major and the General Education requirements for the Associate Degree.
* Denotes lab.
** Requirement for American Institution and Government.
# Classified in another area of the CSU-GE Certification.
+ Not acceptable for transfer, or transfers as an Elective only.

Graduation Petitions for Degree
Students who are eligible for graduation from Los Angeles City College must file a Graduation Petition in the semester preceding when they anticipate graduating.
- JUNE GRADUATES: Students petitioning for June graduation should file during the first eight weeks of the Fall semester.
- JANUARY GRADUATES: Students petitioning for January graduation should file during the first eight weeks of the Spring semester

Certificate of Completion
A “certificate of achievement” is any credit certificate that may appear by name on a student transcript, diploma, or completion award, and which requires 18 or more semester units or 27 or more quarter units of coursework. State Chancellor’s Office approval is required.

The college may also request approval from the State Chancellor’s Office for certificate programs that consist of 12 or more semester units or 18 or more quarter units.

In order for a certificate of achievement to be approved, the certificate must represent a pattern of learning experiences designed to develop certain capabilities that may be oriented to career or general education. The term “general education” includes coursework taken to satisfy transfer patterns established by the institutions which award the baccalaureate degree. No sequence or grouping of courses may be approved as a certificate of achievement if it consists solely of basic skills and/or ESL courses. All coursework required for a certificate of achievement must be completed with a grade of “C” or better.

To obtain the Certificate, the student should:
1. Determine which courses are required for the Certificate by reviewing the department requirements
2. Obtain a copy of his or her transcript to verify completion of required courses.
3. Present the transcript to the Department Chairperson (or program coordinator) with the request that it be evaluated for awarding of the Certificate.

Department representatives will evaluate the transcript, and the student will be notified whether the requirements have been met. Each department will award its own certificates.

Graduation With Honors
Students who qualify may graduate with honors from Los Angeles City College. There are three categories under which such students may graduate:

**Summa Cum Laude** is granted to students who have maintained a 3.9+ grade point average in all work taken at Los Angeles City College.

**Magna Cum Laude** is granted to students who have maintained a 3.7+ grade point average in all work taken at Los Angeles City College.

**Cum Laude** is granted to students who have maintained a 3.5+ grade point average in all work taken at Los Angeles City College.

For Dean's List/Honor Roll information, see “Policies: Academic”

GENERAL INFORMATION FOR TRANSFER
The information below has been compiled to help Los Angeles City College students who intend to transfer to a four-year college or university.

Students who plan to earn a Bachelor Degree should take a pattern of courses designed to complete the lower division preparation for their major and the general education. There are several options for completing General Education requirements.

Los Angeles City College can provide the lower division preparation for most majors at many of the California four-year public colleges and universities and select private universities.

For purposes of classification, students who are paralleling the work of four-year colleges and universities are indicated as transfer students.

Three principal kinds of requirements must be met in order to attain full junior standing at California public universities or other institutions of higher education maintaining equivalent standards. They are as follows:

1. Completion of the specific General Education requirements for junior standing. For the University of California (UC), students should complete the Intersegmental General Education Transfer Curriculum (IGETC) requirements. For California State University (CSU), students should complete the CSU General Education certification pattern. Students who are undecided regarding choice of transfer institution should complete the IGETC.

2. Completion of a minimum of 60 units to a maximum of 70 transferable semester units will permit a student to enter the university at the junior level.

3. Completion of the lower division major and minor course preparation. These vary according to the institution where students are seeking admissions.

4. Students transferring to private colleges or universities in California or other states must see a College Counselor or University Transfer Center staff for transfer requirements.

TRANSFER OF CAREER EDUCATION CLASSES
All Los Angeles City College transfer and occupational education courses are college level courses and may be applied toward graduation requirements for the Associate in Arts or Associate in Science Degree. Following each course title in the Course Description section is a set of letters indicating the credit toward the Associate Degree or credit toward transfer to one of the California State University or the University of California campuses.

COURSE CREDIT VALUE
The following abbreviations are used in course descriptions:

- **UC** indicates the course is acceptable for unit credit at all campuses of the University of California.
- **CSU** indicates the course is Baccalaureate transferable for unit credit at all campuses of the California State University.
- **A** (Associate Degree level) indicates the course is acceptable toward fulfillment of the Associate in Arts or Associate in Science Degree.
- **NDC** (Non-degree Course) indicates a course that presents prerequisite or preparatory work for the Associate level courses. Credit is given toward computing the grade point average but may not be used toward graduation requirements.
- **NC** (Non-credit Course) indicates the course is remedial and develop-mental to help students prepare for further advanced courses.

“Students are not likely to succeed in courses classified as UC or CSU transferable if they are not eligible to enroll in English 28 or higher.” This statement identifies the indicated level of potential success a student may expect regarding a specified course.

Students intending to transfer to a college or university upon the completion of their studies at Los Angeles City College should consult the requirements of the institution of their choice and develop a “Student Educational Plan” with an LACC counselor.

THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM
The University of California (UC) system has eleven campuses throughout the state. This catalog gives information concerning requirements for the Intersegmental General Education Transfer Curriculum (IGETC), which transfers to ten campuses.

For specific information regarding preparation for the colleges at the University of California at Los Angeles (UCLA) (Letters and Science, School of the Arts, and School of Theatre, Film and Television, and School of Engineering) please see a counselor.

Information regarding preparation in the majors for most of the UC campuses is available from the Los Angeles City College Counseling or University Transfer Centers. Major requirements have been articulated on a course-for-course basis to enable students to complete most of their lower division preparation at LACC.
TRANSFER REQUIREMENTS
(Advanced Standing Admission)
An “advanced standing” student is one who has been a registered student in another college or university or in college-level extension classes other than a summer session immediately following high school graduation. Advanced standing applicants may not disregard their college records and apply for admission as a freshman.

Students planning to transfer to a UC campus should discuss their transfer plans with College Counselor every semester they attend LACC, in as much as significant changes frequently occur in requirements, subsequent to the printing of this catalog, and during the life of this catalog.

ADVANCED STANDING ADMISSION
Requirements for admission in advanced standing vary according to your high school record. LACC students planning to transfer to any UC campus are required to have an official copy of their high school transcript sent to the Admissions Office. UC requires an exact pattern of high school subjects.

If deficiencies in either subjects or grades exist, they can be made up with courses taken at LACC. A student who has not graduated from high school or who has not graduated but has passed the State Proficiency Exam or has a General Education Diploma (GED) may also make up subject and grade deficiencies at LACC. In many cases, these courses also will help satisfy the college breadth requirements. Students are expected to complete:

1. Basic Proficiency Level courses.
2. General Education requirements.
3. Major subject requirements.

Courses described in this catalog with UC in parentheses are transferable to the UC system. If you have attended and received credit from any four-year college or university, please consult with a College Counselor regarding admissibility to the UC.

THE CALIFORNIA STATE UNIVERSITY (CSU)SYSTEM ADMISSION
Students intending to transfer to a California State University campus should plan a program to meet the graduation requirements of the specific institution which they plan to attend. Transfer admission eligibility is based on transferable college units or high school record and test score. Consult the catalog issued by the individual campus for a complete description of the curricula or with an LACC counselor.

Applicants who are California residents and who have completed 60 to 70 transferable semester units (90-105 quarter units) are eligible for admission if they:

A. Are in good standing at Los Angeles City College, and
B. Have achieved a 2.0 or better grade point average in all college units attempted (nonresidents, 2.4 or better)

Students entering must complete 9 units in English language course work and the mathematics requirement and additional units within the General Education certification pattern to equal 30 units of General Education. Students in pre-majors with a total of 40 or more units should consult with an LACC counselor regarding completion of the General Education subject requirement for admission to the California State University system.

Students with fewer than 56 transferable semester units (84 quarter units) completed are eligible for admission if they:

A. Are in good standing at Los Angeles City College and
B. Have achieved a 2.0 or better grade point average in all college units attempted, and were either
   1. Eligible for admission as first-time freshmen or
   2. Eligible for admission as first-time freshmen except for completion of the subject requirements and have removed deficiencies in those required college preparatory subjects with acceptable college work.

Consult with a counselor regarding ways to fulfill the subject requirement deficiency.

Admission to a California State University campus does not guarantee admission to the major department or college on that campus.

REQUIREMENTS FOR THE BACHELOR’S DEGREE
The degree requirements at a California State University campus consist, in general, of three parts: first, the General Education Requirements, which are required of all degree candidates; second, the Major Department Requirements, which are a part of the student field of specialization; and third electives. Students with high-unit majors should take electives after transfer.

These requirements are classified in two levels: Lower Division and Upper Division. Students may complete most of the lower division requirements in the major and all of the lower division in the general education pattern at Los Angeles City College.

TRANSFER INFORMATION
University of California (UC) & California State University (CSU) General Education Articulation Agreements
The California State University (CSU) delegates authority to Los Angeles City College to identify courses applicable towards the CSU curriculum:

1. Courses that transfer for Baccalaureate credit;
2. Courses that fulfill CSU lower division General Education-Breadth requirements;
3. Courses that fulfill the United States history, constitution and American ideals requirements.

Up to 39 or the 48 General Education-Breadth units required for the Baccalaureate Degree can be transferred from Los Angeles City College. Students who are certified with 39 semester units of lower division General Education-Breadth units will be required to complete a minimum of 9 semester units of upper division General Education work after transfer. Students completing this pattern must complete the nine (9) units in Area A with a “C” grade or better in each course and a “C” grade or better in mathematics, Area B3. Students must also complete 30 units taken from Area B through Area E.
The California State University assigns a high priority to Los Angeles City College transfer students who have completed the first two years of their Baccalaureate program (60-70 units). Los Angeles City College students transferring with 60 units minimum enter at junior level standing and may enter their major upper division work if all prerequisites have been completed. Executive Order 595, General Education Requirements, Office of the Chancellor, California State University, establishes that all students must fulfill the requirements. Previous General Education requirements will not carry catalog rights after January 1994. IGETC units will be certified by the graduation clerks when verified by LACC Counselors. Pass Along will be honored from other community colleges for courses approved for the IGETC.

An alternative to the lower division requirements stated above is the Intersegmental General Education Transfer Curriculum (IGETC). IGETC requires completion of a minimum of 37 semester units of lower division work with a “C” grade or better in each course completed. Students must complete all areas to become certified.

You must complete the IGETC before transferring. This is an all or none situation. (Completion and certification of the IGETC may not fulfill the Admissions Requirements for the UC or CSU.)

Completion of the IGETC will permit a student to transfer from Los Angeles City College to a campus in either the California State University or University of California system without the need, after transfer, to take additional lower-division General Education courses to satisfy the university General Education requirements.

Completion of the IGETC is not a requirement for transfer to CSU or UC, nor is it the only way to fulfill the lower-division General Education requirements of the CSU or UC prior to transfer. Depending on a student major and field of interest, the student may find it better to take courses fulfilling the CSU General Education requirements or those of the UC campus to which the student plans to transfer. Students pursuing majors that require extensive lower-division preparation (such as Engineering or Biology) may not find the IGETC option to be advantageous.

**INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) POLICY**

Completion of all of the requirements in the Intersegmental General Education Transfer Curriculum will permit a student to transfer from Los Angeles City College to a campus in either the California State University or University of California system without the need, after transfer, to take additional lower-division, General Education courses to satisfy campus General Education requirements.

The course requirements for all areas must be completed before the IGETC can be certified. All courses must be completed with grades of “C” or better.

IGETC units will be certified by the graduation clerks when verified by LACC Counselors. Pass Along will be honored from other community colleges for courses approved for the IGETC.

You must complete the IGETC before transferring. (Completion and certification of the IGETC may not fulfill the Admissions Requirements for the UC or CSU.)

**AREA 1: ENGLISH COMMUNICATION CSU:**

three courses required, one from each group below. UC:

- **Group A: English Composition**
  - Select 1 course, 3 semester units (minimum): English 101.

- **Group B: Critical Thinking English Composition**
  - Select 1 course, 3 semester units (minimum): English 102, 103, Philosophy 5

- **Group C: Oral Communication**
  - 3 semester units (minimum): Speech Communication 101, 102, and 121 (Students transferring to the UC do not have to meet this requirement.)

**AREA 2: MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING**

**AREA 3: ARTS AND HUMANITIES**

At least 3 courses, with one from the Arts and one from the Humanities and one from either Arts or Humanities, nine semester units (minimum).

**3A: ARTS**

African-American Studies 60 (same as Music 135); Art 101, 102, 103, 105, 107 (same as Chicano Studies 52), 109; Cinema 3, 4; Dance 805; Music 111, 121, 122, 135 (same as African-American 60), Photography 34; Theater 338, 400.

**3B: HUMANITIES**

African-American Studies 3, 20; American Sign Language 3; Chicano Studies 44; English 203, 204, 205, 206, 208, 211, 212, 214, 215, 216, 219, 239, 240, 252, 253, 255, 270; American Sign Language 3, 4; Arabic 3, 4; Chinese 3, 4; French 3, 4; Japanese 3, 4, 9; Korean 3, 4; Russian 3, 4; Spanish 3, 4; Chinese 10, French 10, Italian 10, Korean 10, Russian 10; Italian 11, Spanish 5, 6, 11; History 7, 86, 87; Humanities +6, +8, 20, 30, 31, 41, 42 (same as French 10), 44 (same as Italian 10); 45 (same as Korean 10), 47 (same as Spanish 9), 61, 63, 73; Linguistics 1; Philosophy 1, 14, 20, 30, 32, 40; Russian, 12; Spanish 9; Theatre Arts 100, 110.

**AREA 4: SOCIAL & BEHAVIORAL SCIENCES**

At least three courses from two disciplines or an interdisciplinary sequence: 9 semester units (min)

- African-American Studies +4, 5, 10(*);
- Anthropology 102, 103, 121, 151;
- Chicano-Studies 7, +8;
- Child Development 1, 2;
- Economics 1; Geography 2, 7;
- History 1, 2, 3, 4, +11, +12, +13, 59, 73, 78, +81, +82, 86, 87, 88;
- Law 3; Linguistics 2; Political Science +1;
- Psychology 1, 8(*); 13, 18; Sociology 1, 2, 11, 12, 32; Speech 121, 122.

Courses designated with a +, if used to fulfill the United States History, Constitution and American Ideals requirement for the CSU, may not be doubled counted for the Social and Behavioral Sciences requirement.
AREA 5: PHYSICAL & BIOLOGICAL SCIENCES
Two courses, one Physical Science course and one Biological Science course; at least one must include a laboratory 7-9 sem. units (minimum)

5A: PHYSICAL SCIENCES
Astronomy 1, 5, 11; Chemistry 60, 101, 221; Earth Science 1; Geography 1; Geology 1, 6; Oceanography 1; Physical Science 1, 14; Physics 6, 11, 12, 14, 21, 101, 102, 103.

5B: BIOLOGICAL SCIENCES
Anatomy 1; Anthropology 101; Biology 3, 6, 7, 25; Microbiology 1, 20; Physiology 1; Psychology 2.

NOTE: Courses underlined indicate those with a laboratory component.

(UC REQUIREMENT ONLY)
LANGUAGE OTHER THAN ENGLISH
Proficiency equivalent to two years of high school study in the same language. (May use any Foreign Language course listed in the Los Angeles City College catalog through level two [example: French 1+2].)

(CSU ONLY)
Bachelor’s Degree Graduation Requirement In United States History, Constitution And American Ideals (Requirements listed here are not part of IGETC. The following courses may be completed prior to transfer.)

Six units, one course from group 1 and one course from group 2.
1. African-American 7+; Political Science +1
2. History +11, +12, +13; 81, 82; African-American Studies +4, +5; Chicano Studies +8.

NOTES: (*) Courses may be listed in more than one area, but shall not be certified in more than one area; + Indicates that transfer credit may be limited either by UC or CSU or both. Please consult with a College Counselor.

CSU GENERAL EDUCATION CERTIFICATION
Listed below are the requirements for California Statue University (CSU) General Education certification policy for students transferring to one of the 23 CSU campuses and petitioning for full or partial certification from Los Angeles City College. (Please read carefully.)

1. Students transferring from Los Angeles City College must submit a petition for full or partial certification to the LACC graduation office.
2. Students fully or Area D certified by Los Angeles City College or by Pass Along status, may double count the requirements for United States History, Constitution, and American Ideals.
3. Students must complete all requirements stipulated in Areas A, B, C, D, E for full certification.
4. Students may receive partial certification by fulfilling requirements stipulated in each Area. ONLY the area will be certified, not individual courses.
5. Students should submit a Certification Petition for certification when requesting their transcript or when requesting the graduation check for the Associate Degree.
6. Students with high unit majors (i.e., Biological Sciences, Engineering) may be granted exceptions to the full certification requirements by the CSU campus. Students seeking transfer under this provision shall be responsible for requesting verification from the transferring institution.
7. Pass Along Policy: Courses taken at other institutions (including California Community Colleges outside the Los Angeles Community College District) that have been approved for certification by the California State University system may be given Pass Along status. Please consult with a College Counselor regarding approved courses to receive Pass Along.

General Education Certification for The California State University - Executive Order 595
A. English Language Communication and Critical Thinking (9 Units)
Select one course from each section.
A1. Oral Communication: Speech 101, 102, 121
A2. Written Communication: English 101
A3. Critical Thinking: English 102, 103; Philosophy 5, 6, 8; Psychology 66; Speech Communication 104

B. Scientific Inquiry and Quantitative Reasoning (9 Units) Select one course from Physical Science, and one course from Life Science with at least one laboratory course from either, and one course from Mathematics/Quantitative Reasoning.

B1. Physical Science:
Astronomy 1, or 11 with 5+; Chemistry 101+, 60+, 221+; Earth Science 1; Electronics 101; Geography 1 with 15+; Geology 1 with 6+, 11; Mineralogy 1+; Oceanography 1; Physics 1 with 14+: Physics 6+, 11+, 12 with 14+, 21+, 101+, 102+, 103+

B2. Life Science:
Anatomy 1+; Anthropology 101 with 111+, Biology 3+, 6+, 7+, 25; Microbiology 1+, 20; Physiology 1+; Psychology 2

B3. Laboratory Activity:
one of the courses from B1 or B2 must be a lab course designated by +.

B4. Mathematical/Quantitative Reasoning:

C. Arts and Humanities (9 units)
Select one course from, The Arts and one course from, The Humanities and one course from either section.

1. The Arts:
   African-American Studies 60*; Art 101, 102, 103, 105, 107*, 109, 111, 201, 209, 501; Chicano Studies 52*; Cinema 3, 4; Dance 805; English 253; Music 101, 111, 121, 122, 139*, 200; Photography 10, 17, 34; Theatre 100, 110, 338, 400.

2. The Humanities:
   African-Am. St. 20; ASL 1, 2, 3; Arabic 1, 2; Armenian 1, 2; Chicano St. 44; Chinese 1, 2, 3, 4, 10*; English 203, 204, 205, 206, 208, 211, 212, 214, 215, 216, 218, 219, 239, 240, 252, 253, 255, 270; French 1, 2, 3, 4, 10*; History 3, 4, 7, 86, 87; Humanities 6, 8, 20, 30, 31, 41*, 42*, 44*, 45*, 47*, 61, 63, 70; Italian 1, 2, 10*; Japanese 1, 2, 3, 4, 9; Korean 1, 2, 3, 4, 10*; Linguistics 1; Philosophy 1; Russian 1, 2, 3, 4, 10, 12; Spanish 1, 2, 3, 4, 5, 6, 9*, 10, 35, 36; Speech 130.

*Cross reference: Credit given to only one of Art 107 and Chicano Studies 52; African-American Studies 60 and Music 135. English 102 prior to Fall 1999 Area C2.
**Students transferring to CSU are required to take Speech Communication 101.
**Students transferring to CSU using the IGETC may not use...
American History and Government for General Education requirement.

*** Students transferring to UC must fulfill this requirement.

+ Part of the 12-unit minimum - Area "A"
++ May be counted in General Education Area "D"

D. Social Sciences

(9 Units Minimum)

U.S. History, Constitution, and American Ideals requirement: Select one course from A and one course from B.

D-A: African-American Studies 4, 5; Chicano Studies 8; History 11, 12, 13, 81, 82.

D-B: African-American Studies 7; Political Science 1, 2-3; select one additional course not taken from D-A or D-B above, from D1 through D10.

D1. Anthropology: Anthropology 102, 103, 121, 151.

D2. Economics: CSIT 103; Economics 1, 2; Journalism 105.

D4. Gender Studies: No Courses.

D5. Geography: Geography 2, 2H.

D6. History: African-American Studies 4, 5; Chicano Studies 7, 8; History 1, 2, 3, 4, 11, 12, 13, 59, 73, 78, 81, 82, 86, 87, 88.

D8. Political Science, Government, Legal:

Chicano Studies 19; Business 1; Law 3; African American Studies 7; Political Science 1, 2, 7.

D9. Psychology: Child Dev. 1; Psychology 1, 13.

D10. Sociology & Criminology: Sociology 1, 2, 32; Speech 121, 122.

E. Life Long Understanding And Self Developments

(3 Units) Child Development 1; Family & Consumer Studies 21, 31 (same as Sociology 12); Personal Development 20, 40; Health 2++, 3++; 11++; Political Science 1, 2-3; Psychology 41, 43, 60; Dance 400, 431, 433, 437, 440, 446, 452, 466, 467, 468, 469 (maximum of 1 unit total).

NOTES:

1. Credit given to one course.

2. United States History, Constitution, and American Ideals: Six (6) semester units are required. Courses in Area A and B above may be used as double counting for both fulfillment in Area D and the U.S. History, Constitution and American Ideals requirement as long as the student meets full or Area D certification.

3. + Meets laboratory requirement.

4. ++ Health requirement for the Associate Degree may be satisfied by taking Health 8, 11, or 10, and one unit of Physical Education or Health 2, a health/physical combined course.

5. +++Course listed in more than one area shall be certified in one area only.

6. Courses used to satisfy requirements for lower division major core may also be used to satisfy General Education Requirements if the total area has been certified. (i.e. A 1, 2, 3)

7. Students must petition for certification before transferring.

CAL STATE UNIVERSITY LOS ANGELES (CSULA)

MAJOR DEPARTMENT REQUIREMENTS

The specific major course requirements for CSULA can be located on the web at www.assist.org “Articulation by Major.”

INDEPENDENT CALIFORNIA COLLEGES AND UNIVERSITIES

California fully accredited independent colleges and universities provide a wide range of options at undergraduate, graduate and professional levels for students planning to continue their education beyond community college.

ADMISSION POLICIES

Students who transfer to independent colleges or universities find they are given academic credit for most, if not all, of their community college studies. Virtually all institutions give full credit for General Education courses and usually other courses designated for transfer by the community college.

Articulation agreements for General Education requirements and some major requirements may be obtained from the LACC Counseling Center. The Center maintains information for BIOLA College; Claremont McKenna College; Cleveland Chiropractic College; Golden Gate University; Loyola University; Mount St. Mary’s University; Pepperdine University; the University of Southern California; and others.

Some colleges and universities stipulate that a certain number of units must be completed before considering eligibility for transfer. The requirements are outlined in the respective college catalogs. Please consult with a College Counselor or the academic advisor from the college or university visiting the Transfer Center.

Independent institutions are generous in awarding credit. They invite students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.

HONORS PROGRAM

NOTE: Previously called Scholars Program

(323) 953-4000 ext. 2057

http://www.lacitycollege.edu/services/honorsprogram/Page_1x.html

The Honors Program is designed to prepare the highly motivated student for transfer. The program’s enriched and rigorous curriculum challenges those who thrive on intellectual exercise. Honors Program students may have the opportunity to do projects in service learning, tutoring and research.

The student who completes 18 units of Honors credit will receive certification in UCLA’s Transfer Alliance Program (TAP). This guarantees priority consideration for admission to non-impacted majors in UCLA’s College of Letters and Sciences, and increases the student’s chances of being admitted. Among other partners are Irvine, UC Riverside, UC Santa Cruz, Occidental College, Chapman University, and La Sierra University.

Honors’ Program Benefits:

- Transfer scholarships
- Early registration for all LACC classes
- Counseling and transfer advisement
- Special Counseling and smaller Honors classes
- Library privileges at UCLA and various other UC schools
- Honors and research opportunities through the National and Western Regional Honors Council
- Get-togethers throughout the academic year

Program Requirements:

1. Maintain minimum 3.0 GPA (cumulative).
University Transfer Center

Administration Bldg 109 • (323) 953-4000 ext. 2215
http://www.lacitycollege.edu/services/transfer/index.html

The college University Transfer Center brings access to higher education at a four-year university within reach for any student seeking the university experience. It is the intent of the Center to assist students to move on to the next level of higher education as they strive to reach academic, personal and professional goals. Students who have completed 24 transferable units including English 101, are automatically considered to have begun the transfer process. So, even students who have not identified transfer as a goal are encouraged to visit the Transfer Center.

The Center offers a variety of opportunities and services for students seeking to transfer including:
- University research library.
- Guarantee Admission Agreements with select universities.
- Guidance through the transfer process for California and nationwide universities.
- Applications to special summer programs for prospective transfer students such as UCLA’s Summer Intensive Transfer Experience (SITE) CalSOAP Senior Summer Bridge Institute, UC Berkeley – Summer Cal. and others.
- Transfer preparation and transfer ready workshops on campus and at universities.
- Representatives from the University of California, California State University and the Association of Independent California Colleges and Universities regularly are available for one-on-one consultations in the Center. NOTE: Students should review the general education and pre-major preparation courses with a counselor of the University Transfer Center before making an appointment with a university representative.

DEGREE PROGRAM

ADMINISTRATION OF JUSTICE

Associate in Arts Degree

Transfer Program

Students who are planning to transfer to a four-year college or university must meet the General Education requirements specified by Plan A. The Associate in Arts Degree in Administration of Justice under Plan A consists of classes totaling 60 semester units. Plan A requires 30 semester units of General Education classes. For assistance in understanding the Plan A requirements, please consult with a Counselor in the Counseling Department.

For Plan A, the student must select and successfully complete a minimum of 30 semester units in General Education in each of the following areas:

A. Natural Sciences - Minimum 3 semester units
B. Social and Behavioral Sciences - Minimum 9 semester units
C. Humanities - Minimum 3 semester units
D. Language and Rationality - Minimum 12 semester units
E. Health and Physical Education - Minimum 3 semester units.

Competency Requirements:

The following courses are approved to meet the competency for the Associate Degree for all students entering beginning Fall 2009.

A. Reading and Written Expression
   1. Competence in Reading and Written Expression shall be demonstrated by achieving a grade of “C” or better in English 101 or its equivalent in another college.

B. Mathematics
   1. Competence in Mathematics shall be demonstrated by achieving a grade of “C” or better in MATH 125 or MATH 124A and MATH 124B or higher or its equivalent at another college.

PLAN A - ADMINISTRATION OF JUSTICE CLASSES

A.J. 1, Introduction to Administration of Justice .........................3 units
A.J. 2, Concepts of Criminal Law .............................................3 units
A.J. 4, Principles and Procedures of the Justice System..............3 units
A.J. 5, Criminal Investigation ..................................................3 units
A.J. 160, Police Organization and Administration ..................3 units
A.J. 160, Police Organization and Administration ..................3 units
Corrections 1, Introduction to Corrections ..........................3 units
TOTAL ..............................................................................18 UNITS

Also, students must complete a total 12 semester units from one or more of the following areas: Evidence; Investigations; or Fingerprint Classification, plus Electives (if necessary).

Evidence Emphasis

A.J. 3, Legal Aspects of Evidence .............................................3 units
A.J. 53, Forensic Fingerprint Evidence .....................................3 units
A.J. 62, Fingerpint Classification .............................................3 units
A.J. 379, Advanced Criminalistics - Forensics I.....................3 units
A.J. 391, Firearms Evidence Analysis .................................3 units

- OR -

Investigations Emphasis

A.J. 14, Report Writing for Law .............................................3 units
A.J. 50, Arres, Search and Seizure .......................................3 units

The Administration of Justice programs are designed to prepare students to begin careers as Police Officers, Deputy Sheriffs, Highway Patrol Offices, Forensic Specialists, Police Assistants, Fingerprint Experts, Custodial Officers, Probation/Parole Officers, Private Investigators, Insurance Investigators, and Financial Investigators with private agencies. The programs stress practical application in order to expose students to the fundamental concepts and tasks of law enforcement and ready them for employment.

Additionally, students are prepared for the qualification and screening process required to enter law enforcement academies, such as the Los Angeles Police Department Academy. Internship opportunities include: the Los Angeles Police Department, the Los Angeles Sheriff’s Department, the District Attorney’s Office, the Coroner’s Office, and the Probation/Parole Offices.

Chair: Wilhelm I. Vargas, Attorney at Law

A.J. 391, Firearms Evidence Analysis...................................... 3 units
A.J. 396, Traffic Collision Investigation.................................. 3 units
A.J. 413, Financial Crimes Investigations.................................. 3 units

Total Units............................................................................. 36

Career Program
Students who are planning to enter a career in the administration of justice must meet the General Education requirements specified by Plan B. The Associate in Arts Degree in Administration of Justice under Plan B consists of classes totaling 60 semester units. Plan B requires 18 units of General Education classes. For assistance in understanding the Plan B requirements, please consult with a Counselor in the Counseling Department. For Plan B, the student must select and successfully complete a minimum of 18 semester units in General Education in each of the following areas:

A. Natural Sciences - Minimum 3 semester units
B. Social and Behavioral Sciences - Minimum 3 semester units
C. Humanities - Minimum 3 semester units
D. Language and Rationality - Minimum 6 semester units
E. Health and Physical Education - Minimum 3 semester units.

Competency Requirements:
The following courses are approved to meet the competency for the Associate Degree for all students entering beginning Fall 2009.

A. Reading and Written Expression
1. Competence in Reading and Written Expression shall be demonstrated by achieving a grade of "C" or better in English 101 or its equivalent in another college.

B. Mathematics
1. Competence in Mathematics shall be demonstrated by achieving a grade of "C" or better in MATH 125 or MATH 124A and MATH 124B or higher or its equivalent at another college.

Plan B - ADMINISTRATION OF JUSTICE CLASSES
A.J. 1, Introduction to Administration of Justice ...................... 3 units
A.J. 2, Concepts of Criminal Law .......................................... 3 units
A.J. 4, Principles and Procedures of the Justice System............. 3 units
A.J. 5, Criminal Investigation ............................................... 3 units
A.J. 180, Introduction to Forensics......................................... 3 units
A.J. 382, Introduction to Firearms Training System.................... 3 units

Sub Total Units....................................................................... 18

Also, students must complete a total 24 semester units from one or more of the following areas: Evidence; Investigations; or Fingerprint Classification, plus Electives.

Evidence Emphasis
A.J. 3, Legal Aspects of Evidence........................................... 3 units
A.J. 53, Forensic Fingerprint Evidence.................................. 3 units
A.J. 62, Fingerprint Classification.............................................. 3 units
A.J. 379, Advanced Criminalistics - Forensics I...................... 3 units
A.J. 391, Firearms Evidence Analysis...................................... 3 units

Plus 9 semester units of Electives

- OR -

Investigations Emphasis
A.J. 14, Report Writing for Law............................................... 3 units
A.J. 60, Arrest, Search and Seizure.......................................... 3 units
A.J. 62, Fingerprint Classification.............................................. 3 units
A.J. 180, Introduction to Forensics......................................... 3 units
A.J. 396, Traffic Collision Investigation.................................. 3 units
A.J. 413, Financial Crimes Investigations.................................. 3 units

Plus 6 semester units of Electives

- OR -

Fingerprint Classification Emphasis
A.J. 53, Forensic Fingerprint Evidence.................................. 3 units
A.J. 62, Fingerprint Classification.............................................. 3 units

Plus 18 semester units of Electives

List of Elective Units
A.J. 6, Patrol Procedures......................................................... 3 units
A.J. 8, Juvenile Procedures...................................................... 3 units
A.J. 14, Report Writing for Law............................................... 3 units
A.J. 16, Recruitment Selection Process..................................... 3 units

CERTIFICATE PROGRAMS

ADMINISTRATION OF JUSTICE Certificate
The Certificate in Administration of Justice is designed to help prepare students to meet the employment requirements of law enforcement agencies or related fields including investigations. To qualify for a certificate, a student must complete the 18 semester units of required Administration of Justice classes, plus 18 semester units from the listed electives, totaling 36 semester units. All course work must be completed with a grade of "C" or better. The certificate will be issued by the Law Department upon application of the student with the department.

A.J. 1, Introduction to Administration of Justice ...................... 3 units
A.J. 2, Concepts of Criminal Law .......................................... 3 units
A.J. 4, Principles and Procedures of the Justice System............. 3 units
A.J. 5, Criminal Investigation ............................................... 3 units
A.J. 180, Introduction to Forensics......................................... 3 units
A.J. 382, Introduction to Firearms Training System.................... 3 units

Sub Total Units....................................................................... 18

Plus 18 semester units of Electives
List of Elective Units
A.J. 4, Principles and Procedures of the Justice System........................................3 units
A.J. 6, Patrol Procedures..................................................................................3 units
A.J. 8, Juvenile Procedures.............................................................................3 units
A.J. 14, Report Writing for Law.................................................................3 units
A.J. 16, Recruitment Selection Process.......................................................3 units
A.J. 53, Forensic Fingerprint Evidence.........................................................3 units
A.J. 60, Arrest, Search and Seizure...............................................................3 units
A.J. 62, Fingerprint Classification..................................................................3 units
A.J. 67, Community Relations.......................................................................3 units
A.J. 160, Police Organization and Administration........................................3 units
A.J. 379, Advanced Criminilistics - Forensics I.........................................3 units
A.J. 381, Law Enforcement Internship..........................................................3 units
A.J. 382, Introduction to Firearms Training Systems....................................3 units
A.J. 391, Firearms Evidence Analysis...........................................................3 units
A.J. 396, Traffic Collision Investigation........................................................3 units
A.J. 413, Financial Crimes Investigations....................................................3 units

SPECIALIZING IN FORENSICS
Certificate
The Certificate in Forensics is for students who are interested in a career in law enforcement, as a police officer, criminalist, or as a civilian employee with duties as an evidence technician, fingerprint specialist, property custodian, or police assistant who investigates traffic accidents and writes reports. This program in Forensics is designed to help prepare students to meet the employment requirements of law enforcement agencies or private firms. To qualify for a certificate, a student must complete the 36 semester units of required Administration of Justice classes emphasizing forensics. All course work must be completed with a grade of "C" or better. The certificate will be issued by the Law Department upon application of the student with the department.

A.J. 1, Introduction to Administration of Justice ........................................3 units
A.J. 2, Concepts of Criminal Law ...............................................................3 units
A.J. 4, Principles and Procedures of the Justice System.............................3 units
A.J. 5, Criminal Investigation.................................................................3 units
A.J. 14, Report Writing for Law...............................................................3 units
A.J. 53, Forensic Fingerprint Evidence.......................................................3 units
A.J. 62, Fingerprint Classification...............................................................3 units
A.J. 180, Introduction to Forensics.............................................................3 units
A.J. 379, Advanced Criminilistics - Forensics I.........................................3 units
A.J. 391, Firearms Evidence Analysis........................................................3 units
A.J. 396, Traffic Collision Investigation........................................................3 units
A.J. 413, Financial Crimes Investigations....................................................3 units
Total Units ..................................................................................................36

EVIDENCE SPECIALIST
Skill Certificate
The Evidence Specialist curriculum provides training for students interested in a career as an Evidence Specialist/Evidence technician or related fields such as a police assistant. Students completing the Skill Certificate program will be qualified to assume a variety of employment opportunities in crime scene investigations with Federal, State, and Local Law Enforcement Agencies. To qualify for a certificate, a student must complete the 18 semester units of required Administration of Justice classes.

A.J. 5, Criminal Investigation .................................................................3 units
A.J. 53, Forensic Fingerprint Evidence.......................................................3 units
A.J. 62, Fingerprint Classification...............................................................3 units
A.J. 180, Introduction to Forensics.............................................................3 units
A.J. 379, Advanced Criminilistics - Forensics I.........................................3 units
A.J. 391, Firearms Evidence Analysis........................................................3 units
Total Units ..................................................................................................18

FINGER PRINT CLASSIFICATION
Skill Certificate
Upon completion of the fingerprint classification course, students will receive a certificate that qualifies them to take the state fingerprint examination, which is required for the position of Finger Identification Expert. To qualify for a certificate, a student must complete the 6 semester units of required Administration of Justice classes.

A.J. 53, Forensic Fingerprint Evidence.......................................................3 units
A.J. 62, Fingerprint Classification...............................................................3 units
Total Units ...................................................................................................6

INVESTIGATIONS
Skill Certificate
This certificate is designed to give those students interested in private investigations the necessary skills to perform the needed work for private investigation firms, insurance companies, state agencies, business and others. To qualify for a certificate, a student must complete the 6 semester units of required Administration of Justice classes.

A.J. 5, Criminal Investigation .................................................................3 units
A.J. 14, Report Writing for Law...............................................................3 units
A.J. 180, Introduction to Forensics.............................................................3 units

PROGRAMS OFFERED
Courses Only - Skill Certificates:
Architectural and Design Computer Aided
Interior Design and Drawing Technical Drawing

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/default.aspx

LACC has a new and exciting Architecture Program with three primary objectives: 1) To prepare students for admissions and transfer into accredited architecture schools; 2) To prepare students with sufficient skills and knowledge for the job market in architecture, interior design, construction management, and construction; 3) To provide information and insight for those who simply want to learn something about architecture and design. We offer a full range of architectural courses, including instruction on the use of CAD and computer 3-D modeling as part of the design and drawing process.

The architectural profession is a very exciting field and currently is very strong. For more information, contact Wayne Chiu at chiuyw@lacitycollege.edu for more information and/or consultation.

www.lacitycollege.edu/academic/departments/art/index.html

PROGRAMS OFFERED

Associate of Arts:
Art - General
Art - Graphic Design

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

The Los Angeles City College Art Department is committed to offering an extensive program of courses for students whose goals range from a career in fine arts or graphic design to those pursuing personal enrichment. We offer the AA degree in Fine Arts and Graphic Design as well as two year programs aimed at transfer to the University of California and California State University systems. Our students may also choose private schools such as University of Southern California, Art Center College of Design, and Otis College of Art and Design, Woodbury University, and Fashion Institute of Design & Merchandising.

Our faculty of working professionals teach art as both a subject and an activity. Our courses provide a foundation in visual knowledge and theory and training in the techniques of art-making. We recognize the uniqueness of the individual and encourage exploration of her/his creative talents by emphasizing art experience and potential in a diversity of cultures. The relationships among the arts are emphasized and enrollment is encouraged in other arts disciplines.

DEGREE PROGRAMS

The Art Department offers two Associate in Arts Degrees: Art/General and Art/Graphic Design. Note that Art/General - Plan A is for students planning to transfer to a four-year college, university or art school. Plan B for Art/General or Art/Graphic Design is for students wanting an AA degree Career Program.

ART/GENERAL

The above core consists of the minimum of art courses to be taken for transfer. Please see a counselor for specific university major preparation. As many institutions require a portfolio, students should plan to develop a portfolio with instructor guidance. Courses may be substituted under special circumstances with departmental approval.

--To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.
PLAN A: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan A is designed for transfer to a four-year college or university. However, requirements vary depending upon the individual institution. Please consult with a counselor for the specific requirements of the university you plan to attend.

3-6 Units English Composition
6-9 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
9 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

ART/GENERAL

Associate of Arts Degree
Career Program

The following is a suggested plan for completing the courses for Plan B Associate in Arts Degree in two years. Please note that the requirements for Plan A are not necessarily required for Plan B. As career opportunities are limited for art students with only an Associate in Arts degree, the Art Department strongly advises continuing training at a four-year college, university, or art school. Students are expected to develop a portfolio with instructor guidance.

First Semester
Art 201 .......................................................... 3
Art 501 .......................................................... 3
Art 101 or 102 .................................................. 3

Second Semester
Art 202 or 204 .................................................. 3
Art 300, 304 or 307 .......................................... 3
Art 101 or 102 .................................................. 3

Third Semester
Art 111 .......................................................... 3
Art 502 .......................................................... 3
Art 700 or 708 .................................................. 3

Fourth Semester
Art 633 .......................................................... 3
Art 300, 304 or 307 .......................................... 3
Art 700 or 708 .................................................. 3

Total Units ...................................................... 36

Suggested Electives: Art 105, 107, 109, 202, 209, 400, 503, 620, 634, Photography 10

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

BIOLOGY/ANATOMY

Chair: Sean Phommasaysy, Life Science
(323) 953-4000 ext.2796•LS204
www.lacitycollege.edu/academic/departments/lifesci/index.html

PROGRAMS OFFERED

Courses Only - No Degree/Certificate

Anatomy Biology Microbiology Physiology

Students considering careers in health and medicine are required to take courses in the Biology/Anatomy discipline. Many health and allied health programs (e.g. Radiologic Technology, Pharmacy, Physical Therapy, etc.) require Anatomy and Physiology. Some programs, Nursing for example, also require Microbiology. Students in non-health care related majors can also benefit from a grounding in these areas. For instance, the non-major’s Biology 3 course meets the IGETC (transfer) laboratory requirement. Additionally, understanding basic biological principles can help you live a healthier life and better understand diseases, medical treatments, and medical breakthroughs.

All LACC Biology/Anatomy classes are UC and CSU transferable.
BUSINESS ADMINISTRATION

Chair: Britt Hastey

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/default.aspx

PROGRAMS OFFERED

DEGREE PROGRAMS

ACCOUNTING

Associate of Arts Degree
Career Program
Designed for students who are interested in a career in accounting, in private industry, or in public service, or who may choose to become accounting technicians with a public accounting firm. Students who already possess a Bachelor’s degree and contemplate preparing for the Certified Public Accountant certificate should contact the State Board of Accountancy for eligibility requirements. Their website address is: http://dca.ca.gov/cba. The curriculum outlined below is for students who do not intend to transfer to a four year college or university. Transfer students should consult the transfer requirements in the Transfer Requirements section, elsewhere in this catalog.

REQUIRED COURSES

First Semester
Accounting 1..........................................................5
Accounting 55.........................................................1
Business 1............................................................3
Accounting 31 or Business 38.................................3

Second Semester
Accounting 2..........................................................5
Accounting 17.........................................................2
Supervision 1..........................................................3
Accounting 23........................................................3

Following Semesters
Accounting 27.........................................................3
Finance 2..............................................................3
Business 17..........................................................3
Accounting 15........................................................3
Business 15..........................................................3

Total Units..................................................................40

Suggested General Education Electives: Supervision 1; Management 2; Finance 8, 15, Law 1.

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog

“Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

BOOKKEEPING

Associate of Arts Degree
Career Program
The Business Administration department has designed the Bookkeeping curriculum for students who wish to become bookkeepers in private industry or government service. It is so arranged that students forced to terminate their schooling after completing one, two, or three semesters will have acquired skills necessary for employment. Students expecting to serve in the Armed Forces will find this a suitable preparation for many military classifications. Students who wish to become public accountants should take the Accounting curriculum.

REQUIRED COURSES

First Semester
Accounting 21 and 41.............................................4
Accounting 31 or Business 38.................................3
Business 1..........................................................3
Business 17..........................................................3
### BUSINESS ADMINISTRATION

3-5 Units Math Competency

MARKETING

Associate of Arts Degree

Career Program

The Marketing degree program provides the student with a wide range of knowledge in marketing, selling, advertising and retailing, as well as decision-making skills in product planning, pricing, and selection of channels of distribution. The capstone course, Marketing 21, provides a vehicle for making contacts in the field of marketing with a view toward employment.

The Marketing curriculum shown below serves as a guide to students majoring in the subject area. Students have flexibility in scheduling these classes but are advised to begin their studies with Principles of Marketing (Marketing 21).

REQUIRED COURSES

First Semester
- Marketing 21 .................................................. 3
- Marketing 1 ...................................................... 3
- Business 1 ...................................................... 3
- Management 31 .............................................. 3

Second Semester
- Marketing 11 .................................................. 3
- Marketing 31 .................................................. 3

3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

REAL ESTATE

Associate of Arts Degree

Career Program

The Real Estate curriculum has been designed by the Business Administration department for students who plan to enter the real estate field in such areas as sales, brokerage, management, and escrows. Individuals who complete all class requirements listed below in a chosen Real Estate program with a satisfactory grade or better in each course may apply for a Real Estate Certificate. Applications are distributed in the Real Estate classes at approximately the middle of each semester. Applications should be filed with the Graduation Clerks in the Admissions Office during the semester in which the program is expected to be completed. Education and experience requirements for the broker license are set by the California Department of Real Estate. For more information please contact the Los Angeles District Office Branch is located at: 320 W. 4th Street, Suite 350; Los Angeles, CA 90013-1105; (213)620-2072

REQUIRED COURSES

Real Estate 1 .................................................... 3
Real Estate 3 ..................................................... 3
Real Estate 5 ..................................................... 3
Real Estate 7 ..................................................... 3
Real Estate 6 ..................................................... 3
Real Estate 9 ..................................................... 3
Real Estate 11 ................................................... 3
Real Estate 14 ................................................... 3
Real Estate 18 ................................................... 3
Real Estate 21 or Accounting 1 ....................... 3/5
Marketing 1 ..................................................... 3

Total Units .................................................. 36-39

To refer to prerequisites for Accounting 1. Suggested General Education Electives: Real Estate 60; Marketing 21, CSIT 130. Advanced courses for practicing real estate agents are suggested as follows: CSIT 130 (word processing, data base, spreadsheet) Real Estate 60. Real Estate 60 is also recommended for pre licensing students.

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.
PLAN B: Please consult with a counselor about specific courses needed or see the college catalog.

“Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency
CERTIFICATE PROGRAMS

AUTOMATED ACCOUNTING TECHNICIAN CERTIFICATE
A certificate in Automated Accounting Technician will be issued by the Business Administration department upon submittal of an application by the student to the department after successful completion of the following course work with a satisfactory grade.

REQUIRED COURSES
Accounting 21 and 41..................................................4
Accounting 22 and 42..................................................4
Accounting 15..............................................................3
Accounting 17..............................................................2
Accounting 23..............................................................3
Accounting 55..............................................................1
Accounting 31 or Business 38.........................................3
Accounting 27..............................................................3
Business 17.................................................................3
Total Units.....................................................................26

BUSINESS ADMINISTRATION CERTIFICATE

Associate of Arts:
Administrative Office Assistant
Computer Applications Specialist
Legal Office Assistant
Administrative Medical Office Assistant

Specialty Certificates:
Administrative Office Assistant
Clerical Office Assistant
Computer Applications Specialist
Legal Office Assistant
Administrative Medical Office Assistant

Skills Certificates:
Basic Administrative Assistant
Basic Computer Applications
Basic Legal Office
Basic Administrative Medical Office Assistant
Basic Medical Transcription
Basic Web Page Design

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

This curriculum offers the student a wide variety of options, which may lead to a certificate and/or an Associate of Arts degree. The Certificate program will prepare the student to work closely with management and various types of business, professional, educational, or industrial offices. The student may receive the Associate of Arts degree to ensure upward mobility in the chosen field of employment. Students interested in obtaining an Associate of Arts degree, Plan B, must complete graduation requirements for the Plan B. Please consult a counselor early in your program for appropriate general education courses.

The Specialty Certificates are designed for students who do not wish to pursue an Associate of Arts degree. The Computer Applications And Office Technologies certificate program prepares the student for positions such as: Administrative Office Assistant, Clerical Office Assistant, Computer Applications Specialist, Legal Office Assistant and Administrative Medical Office Assistant.

DEGREE PROGRAMS
COMPUTER APPLICATION & OFFICE TECHNOLOGIES
Associate of Arts Degree
Career Program
The following Core courses are required for all Computer Applications & Office Technologies Associate of Arts degrees
(required for all Associate of Arts degrees)

**REQUIRED CORE COURSES**
- CAOT 1, 2, or 3 ................................................................. 3
- CAOT 31 ................................................................................. 3
- CAOT 32 ................................................................................. 3
- CAOT 84 ................................................................................. 3

Total Core Units ...................................................................... 12

All students pursuing an Associate of Arts Degree must complete the core courses plus additional courses indicated below.

**ADMINISTRATIVE OFFICE ASSISTANT**
**Associate of Arts Degree**
**Career Program**

**REQUIRED COURSES**
- Core Courses above PLUS the following courses:
  - CAOT 3 ................................................................................. 3
  - CAOT 43 ................................................................................. 3
  - CAOT 79 or 112 ................................................................. 3
  - CAOT 85 ................................................................................. 3
  - CAOT 88 ................................................................................. 3
  - CAOT 97 ................................................................................. 3
  - CAOT 98 ................................................................................. 3

Subtotal .................................................................................. 21

**Total Units (Core + Specialization)........................................................................... 33**

Suggested Electives: CAOT 9, 34, or 64

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog.

"Graduation Requirements" section. Plan B is not designed for transfer to a four-year college.

- 3 Units English Composition
- 3 Units Communication/Analytical Thinking
- 3 Units Natural Sciences
- 3 Units Humanities
- 3 Units Social/Behavioral Sciences (including American History & Governments)
- 3-5 Units Health/Physical Education
- 3-5 Units Math Competency

**COMPUTER APPLICATIONS SPECIALIST**
**Associate of Arts Degree**
**Career Program**

**REQUIRED COURSES**
- Core Courses above PLUS the following courses:
  - CAOT 79 ................................................................................. 3
  - CAOT 82 ................................................................................. 3
  - CAOT 85 ................................................................................. 3
  - CAOT 88 ................................................................................. 3

Department of Chemistry & Earth Sciences

Chair: Michael Farrell
Department of Chemistry and Earth Sciences
(323) 953-4000 ext. 2600 • SCI 324B
www.lacitycollege.edu/academic/departments/chemistry/chemweb

PROGRAMS OFFERED
Associate of Science: Chemistry - General

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

Everything in the world involves chemistry. The air you breathe, the food you eat, and the blood coursing through your veins all involve chemistry. It involves the snow on the mountains, the gasoline you put in your car, and the batteries used to run your iPod. A background in chemistry is essential to many high-paying, challenging careers in health care, technology, consumer industries, environmental management and more including: Pharmaceuticals, Forensic Science, Petroleum Industry, Food Technology, Cosmetics and so much more.

All chemistry courses offered at Los Angeles City College are designed to transfer to state and national university systems. Chemistry meets a general education requirement for most university majors, particularly: Premedical, Pre-Dental, Nursing, Anthropology, Biology, Chemistry, Geology, Physics and Pharmacy.

DEGREE PROGRAM

CHEMISTRY- GENERAL

Associate of Science Degree

Transfer Program

This Associate of Science degree provides the student with preparatory course work, allowing transfer to a four-year university as a junior in chemistry or related physical sciences. Individuals who earn the degree with a major in chemistry will find many desirable entry-level jobs in chemistry and manufacturing.

Required coursework – 40 units*
Chemistry 101 – 5 units
Chemistry 102 – 5 units
Chemistry 211 – 5 units
Chemistry 212 – 5 units
Math 261 – 5 units
Math 262 – 5 units
Physics 101 – 5 units
Physics 102 – 5 units

General Education – 20 additional units for a total of 60 units

*Ten units of the required coursework can be applied toward the thirty units of general education required for Plan A Transfer Graduation Plan as follows:
1. One required chemistry or physics course (5 units) counts towards the Natural Sciences graduation requirement.
2. One required math course (5 units) counts towards the Language and Rationality graduation requirement.

Note: One Chemistry or Physics course and one Math course can be applied to the Plan A general education requirement.

To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.

PLAN A: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan A is designed for transfer to a four-year college or university.

However, requirements vary depending upon the individual institution. Please consult with a counselor for the specific requirements of the university you plan to attend.

3-6 Units English Composition
6-9 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
9 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

About Child & Family Studies (including the Child Development Center) and Dietetics

The Department of Child & Family Studies and Dietetics at Los Angeles City College provides curriculum that includes theory and practice preparing students to earn vocational career certificates, degrees, and become transfer ready in one of two distinct academic programs: Child Development and Dietetics. Highly trained and experienced faculty teach in state-of-the-art facilities including a NAECY Accredited Child Development Center that provides lab experiences for both programs. The Dietetics program is accredited by the American Dietetic Association and serves as a unique program in the region. To assist students in meeting their academic goals, the Child Development program administers three dynamic support programs that include the Child Development Training Consortium, the California Early Childhood Mentor Teacher Program, and the Los Angeles City College Child Development AA2BA Degree Transfer Program. For more information see contact information above.

PROGRAMS OFFERED

Child Development

www.lacitycollege.edu/academic/departments/childdev/index.html

Program Mission:
The mission of the Child Development program is to provide learners with multiple pathways that prepare them to become dynamic, responsive, authentic, and informed early childhood education professionals.

Child Development certificates and degrees provide students with experiences for both programs. The Child Development program offers licensure programs that include the Child Development Training Consortium, the California Early Childhood Mentor Teacher Program, and the Los Angeles City College Child Development AA2BA Degree Transfer Program. For more information see contact information above.

www.lacitycollege.edu/academic/departments/childdev/index.html
Students are trained as educators for a variety of private and public early childhood education programs including Head Start, State Pre-School, and unified school district early care and education programs. Graduates teach or administer in programs for infants, pre-schoolers, children with special needs, and in before and after school-age programs. Many students begin their career as assistant teachers, then, with additional coursework and experience, are able to move up the career ladder to become lead teachers or site supervisors. Professionals in this field can expect to make between $20,000 - $40,000 annually. Those who continue their education at a four-year university can typically increase their earnings to the mid-$50,000 range.

**Associate of Science (AS) Early Childhood Education-Transfer Degree**

**Associate of Arts (AA) Child Development Vocational Career Degree**

**Certificates of Achievements:**
- Child Development Associate Teacher
- Child Development Teacher
- Child Development Master Teacher
- Child Development Site Supervisor

**Skill Certificates:**
- Infant & Toddler Studies
- Children with Special Needs

Student learning outcomes for each degree and certificate program are listed at [http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx](http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx)

**PROGRAM NOTES**

Students beginning their course work for certificates and degrees in Child Development must be aware of the following:

- **Criminal Clearance:** In order to fulfill State licensing requirements for employment in private and public programs students must receive a Criminal Clearance to work with young children. Consult with faculty for additional information.
- **Mantoux test:** Some Child Development courses may require students to obtain a Mantoux test for Tuberculosis clearance. The college Health Center provides this service. Please call ahead to schedule a Mantoux test and reading at 323-953-4000, Ext. 2485.
- **CPR Training:** Your employer may require you to take a 15 hour Cardiopulmonary Resuscitation class. This class covers training on basic first aid for infants and children, CPR techniques and information on basic health and sanitation procedures.

**AA2BA DEGREE PARTNERSHIP PROGRAM LACC & California State University Los Angeles (CSULA) & University of La Verne (ULV)**

have partnered to offer you a seamless Associate and Bachelor degree (AA2BA) educational experience. Let us help you to achieve your educational goals. Eligible students receive tuition/book stipends, are assigned a program Mentor, provided with educational planning and guidance by the AA2BA Child Development Counselor and given access to the Textbook Lending Library and workshops designed to prepare you for transfer and in your career.

For more information on program requirements email or call:
- Kathleen Bimber, AA2BA Project Director and Chair, C&FS and Dietetics -323-953-4000, Ext. 2290 bimberkr@lacitycollege.edu
- Vickie Venegas, AA2BA Program Assistant 323-953-4000, Ext. 2290, venegasv@lacitycollege.edu
- Ariela Nissim, AA2BA Child Development Counselor (323) 953-4000 ext. 1251, nissima@lacitycollege.edu

**PLAN A OPTIONS**

**Plan A Option I**

**Early Childhood Education-Plan A Transfer Program- Student Transfer Achievement Reform Act.**

**Associate of Science (AS)Degree**

**Program Description:**

Completion of the Associate in Science in Early Childhood Education for Transfer degree prepares students for transfer to a California State University under the provisions of SB 1440, the Student Transfer Achievement Reform Act, and for employment in an early care and education program. Students develop skills, knowledge, and attitudes that prepare them to work as teachers of young children or as administrators of ECE programs. Students who successfully complete this degree are guaranteed admission with junior status to the CSU system, but not to a specific campus or major. The student will receive priority admission to the local CSU campus and to a program or major that is similar to his or her community college major or area of emphasis.

To earn the Associate in Science in Early Childhood Education for Transfer, students must meet the following requirements:

(a) Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following: (i) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements; and (ii) A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.

(b) Obtainment of a minimum grade point average of 2.0. Students completing this degree will have satisfied the lower division major preparation and transfer requirements for priority admission to a local CSU campus and to a similar major or area of emphasis.

Note: Co-requisites or Advisories of English 21 or 73 and 28 or 31, or equivalent, are required for many Child Development courses.

**REQUIRED**

- Child Development 1 ..............................................3
- Child Development 2 .............................................3
- Child Development 7 .............................................3
- Child Development 10 .........................................3
- Child Development 11 .........................................3
- Child Development 22 .........................................4
- Child Development 34 .........................................3
- Child Development 42 .........................................3

**Total Units ..........................................................25**

Note: Suggested electives (required by CSULA)
- CD 30 ..............................................................3
- FCS 31 ............................................................3

**PROGRAM NOTES:**

- Some courses may be offered every other semester, or less frequently, or alternating day and evening.
- All students must receive a satisfactory grade of a “C” or better.

**EARLY CHILDHOOD EDUCATION - PLAN A**

**2-YEAR PLAN Transfer Program**

**Associate of Science (AS) Degree Transfer Program**

**FIRST YEAR COURSES**

**First Semester**
- Child Development 1
- Note: English 21 is a Co-requisite for CD 1 and 11
- Child Development 2
- Note: English 28/31 is a Co-requisite for CD 2
- Child Development 11

**Second Semester**
Child Development 10
Child Development 7
General Education coursework
SECOND YEAR COURSES
Third Semester
Child Development 22
Child Development 34
General Education coursework

Fourth Semester
Child Development 42
General Education coursework

PROGRAM NOTES
To earn the Associate in Science in Early Childhood Education for Transfer, students must meet the following requirements:
(a) Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following: (i) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements; and (ii) A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
(b) Obtaining a minimum grade point average of 2.0. Students completing this degree will have satisfied the lower division major preparation and transfer requirements for priority admission to a local CSU campus and to a similar major or area of emphasis.
Please see a counselor early for guidance on which General Education courses satisfy IGETC or CSU Certification requirements for CSU or other universities of your choice.

PLAN B OPTION
CHILD DEVELOPMENT PLAN B
Career Vocational Program
Associate of Arts (AA) Degree
Completion of the Associate Degree, Plan B prepares students for employment in an early care and education program. Students develop skills, knowledge, and attitudes that prepares them to work as teachers of young children or as administrators of ECE programs. 60 units with at least 36 units in Child Development.

Note: Plan B is not designed for transfer to a four-year college.

REQUIRED
Child Development 1 ................................................. 3
Child Development 2 ................................................. 3
Child Development 10 ................................................. 3
Child Development 11 ................................................. 3
Child Development 22 ................................................. 4

Family & Consumer Studies 21 ..................................... 3
Family & Consumer Studies 31 ..................................... 3
English 218 ................................................................. 3

Total Units ..................................................................... 36

PROGRAM NOTES:
• Some courses may be offered every other semester, or less frequently, or alternating day and evening.
• All students must receive a satisfactory grade of a “C” or better. Consult with the department regarding specialization options to satisfy AA degree Plan B and Certificate 3 requirements.

To complete requirements for a Plan B AA Degree in Child Development, the following areas of General Education are required.
3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog.

CHILD DEVELOPMENT PLAN B
2-YEAR PLAN Career Vocational Program
Associate of Arts (AA) Degree

PROGRAM NOTES:
• To receive a CD certificate, students must have completed English 28 or 31 or equivalent with a satisfactory grade or have appropriate placement on the College Assessment.

Two Year Plan
FIRST YEAR COURSES
First Semester
Child Development 1
Note: English 21 is a Co-requisite for CD 1 and 11
Child Development 2
Note: English 28 or 31 is a Co-requisite for CD 2

Second Semester
Child Development 3 or 4 or 7
Child Development 10
Child Development elective (select from electives listed above in Plan B or from Specialization Options listed in Certificate 3-Master Teacher)
Child Development 84/85 (optional labs that provides support for CD 2, 3, 7, 22, 23, 30, 31, 35, 42, 44, 45, and other courses)

SECOND YEAR COURSES
Third Semester
Child Development 22
Take 3 units from electives listed above or in Certificate 3-Master Teacher OR Take CD 38 if working toward Site Supervisor Certificate

Fourth Semester
Child Development 23
Child Development 65
Take 3 units from electives listed above or in Certificate 3 - Master Teacher or Take CD 39 if working toward Site Supervisor Certificate

CERTIFICATE PROGRAMS
The Certificate in Child Development will be issued by the Department of Child & Family Studies after completing requirements with at least a “C” grade in courses taken within the last 10 years. Students must also complete English 28 or 31 or higher or may satisfy this requirement through appropriate placement on the College Assessment, in order to qualify for most certificates. The student may obtain the application for a certificate from the Child & Family Studies Department in the CD building, second floor, room 200. Applications must be returned to the department by the 9th week of the Fall and Spring semesters. Students applying for Certificates with course work in progress will receive their official certificate upon verification of a satisfactory grade.

PROGRAM NOTES:
• Students with the objective of completing the Certificate Program in 2 years must be eligible for English 28 or 31, their first semester in order to meet course prerequisites or advisories. Students may also satisfy this English requirement through the appropriate placement on the College Assessment.
• All Child Development “core” courses for Skill Certificate 1 - Associate Teacher must be taken at LACC or another college in the Los Angeles Community College District.

ASSOCIATE TEACHER Certificate 1
This skill certificate is the first step on the early childhood career ladder. Recipients of this certificate meet the minimum State requirements to teach in a private preschool, or school-age programs, and with the addition of CD 30, infant programs. With work experience, students may qualify for the California Child Development Permit: Associate Teacher level.
12 Child Development units plus 3 units in English REQUIRED
Child Development 1 ................................................................. 3
Child Development 2 ................................................................. 3
English 28/31 ......................................................................... 3
Child Development 11 .............................................................. 3
Child Development 3 OR 4 OR 7 ............................................. 3
Total Units .................................................................................. 15

PROGRAM NOTES:
• Co-requisite or advisory requirements for Eng. 21 or 73 & 28 or 31 for above classes. You may also satisfy this requirement through appropriate placement on the College Assessment.
• To qualify for Title 22, Director, take above core units and CD 38 Administration & Supervision of Early Childhood Programs I.

CHILD DEVELOPMENT-TEACHER Certificate 2
This certificate, along with 16 general education units and work experience makes the recipient eligible for the California Child Development Permit: Teacher level. Recipients of this certificate may teach in private or public preschool, school-age programs, and with the addition of CD 30, infant programs. 28-29 Child Development units.
Completion of 12 Child Development units from Certificate I, plus 3 units English
PLUS REQUIRED
Child Development 3 OR 4 OR 7 ............................................. 3
(which ever course not taken in Certificate 1)
Child Development 10 .............................................................. 3
Child Development 22 .............................................................. 4

Child Development 23 or any CD elective course ..................... 3-4
(see electives listed in the Master Teacher certificates for specialization options)
Total Units .................................................................................. 28-29
Note: To complete requirements for a California Child Development Permit at Teacher level, add 16 general education units including Humanities, Social Science, Math/Science and English. Consult with a Counselor regarding general education requirements.

CHILD DEVELOPMENT-MASTER TEACHER Certificate 3
This certificate enables the recipient to not only teach, but also to supervise other child development teachers and staff. Some responsibilities of the Master Teacher might include: developing and implementing age-appropriate curriculum within a safe, healthy and stimulating environment, supervision of classroom staff, creating positive communication links with parents, school and community. Additionally, the Master Teacher Certificate is designed to meet the requirements for the major and for the Associate in Arts degree in Child Development, Plan B. Students interested in transferring to a four year institution should follow Plan A transfer requirements. With work experience and 16 general education units, students may also qualify for the California Child Development Permit: Master Teacher level. This level permit is the gateway to the CA Early Childhood Mentor Program.
36-38 Child Development units.
Meets requirements for Plan B Associate in Arts Major in Child Development.
(To complete the General Education requirements for AA degree, consult with a Counselor.)
Note: To meet the requirements for Master Teacher Certificate, students will have completed units from Certificate 2 and need to complete additional specialization elective units to total 37 Child Development units. (See specialization elective units below.) Specialization units are also required if students wish to obtain the California Child Development Permit: Master Teacher level.
Completion of 28-29 units from Certificate 2 (includes English 28 ),
PLUS REQUIRED
Child Development 65 ............................................................. 2
6 Specialization units (refer to specialization options below) .......... 6
Total Units .................................................................................. 36-37

SPECIALIZATION OPTIONS
(Consult with Child Development faculty for other specialization options.)
Choose 2 courses from the same sequence below:
Child Development 30 and 31 ................................................. 3/3
Child Development 44 and 45 ................................................. 3/3
Child Development 48 and FCS 31 ......................................... 3/3
Child Development 10 and FCS 21 ......................................... 3/3
Note: if you choose CD 10 for this specialization you will need to replace 3 units in certificate 2 by choosing another elective.
Child Development 42, 44 or 45 ............................................. 3/3

CHILD DEVELOPMENT SITE SUPERVISOR Certificate 4
This certificate is the highest certificate offered by the Child Development program. Recipients of this certificate are qualified to supervise an entire program at one site. Some responsibilities of site supervisors include the following: use of positive leadership skills to implement the sites’ philosophy, adherence to state and federal licensing requirements, budget implementation, enforcement of enrollment/registration policies and procedures, hire, inspire and supervise all staff, foster positive communication links between
FAMILY & CONSUMER STUDIES (DIETETICS)

Chair: Kathleen Bimber  
(323) 953-4000 ext. 2290 • CD 201

Vice Chair: Janice Young  
(323) 953-4000 ext. 2291 • AD 200

www.lacitycollege.edu/academic/departments/dietetics/index.html

The Dietetics program provides learners with multiple pathways that prepare them for entry into the field of Dietetics. The program offers educational opportunities that ready students for employment, transfer, advance study, and life-long learning to serve the ethnically diverse population of California.

Certificate:  
Dietetic Service Supervisor

A certificate in Dietetic Service Supervisor will provide students with the knowledge and skills that meet the standards of training for Dietetic Service Supervisors specified by the California Department of Public Health. Completion of this certificate qualifies students to work as the food service director in a skilled nursing facility.

PROGRAM OFFERED  
Associate of Science:  
Dietetic Technician  
(2 & 3 year plans)

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

DEGREE PROGRAMS

DIETETIC TECHNICIAN  
Associate of Science Degree

Career Program

Students transferring to a Dietetics program at a four year university should meet with a counselor.

The Dietetic Technician Program is an AS degree program accredited by ACEND/Academy of Nutrition and Dietetics which prepares students to sit for the Dietetic Technician Registration Examination. Students develop skills, knowledge, and attitudes that prepare them to work as dietetic technicians, registered in health care facilities, schools, correctional facilities, restaurants, WIC, public health agencies, community health programs, community wellness programs, food companies, contract food management companies, etc.

The following certificates are designed for students interested in specializing in a particular field of study such as: infant/toddlers, or children with special needs. Note: English 21/73 or 28/31 are corequisites for most courses and may be satisfied through placement on the College Assessment.

INFANT & TODDLER STUDIES Skill Certificate  
The Infant & Toddler Studies skill certificate qualifies the student for the most entry-level teacher position within private infant/toddler programs. Infant/Toddler teachers are responsible for supervising the care and development of children birth through 2½ years old. Some responsibilities may include: developing and sustaining caring, loving, respectful relationships, designing developmentally age-appropriate curriculum, organizing parent conferences and establishing clear daily communications with parents and other caregivers.

CHILDREN WITH SPECIAL NEEDS Skill Certificate  
This skill certificate qualifies students for an entry level teacher or assistant position in a program with children who have special needs. Students gain skills in accommodating and adapting the physical environment and developing instructional strategies and curriculum to meet the needs of differently-abled children and their families.

Child Development Training Consortium (CDTC):  
If you are currently working in a paid position in a licensed Early Childhood Program serving infants to kindergarten, before and after school-age programs, and are taking Child Development or General Education units towards a Child Development Permit, you may qualify for partial reimbursement of your fees, books, or other expenses at LACC. For more information contact: Nancy Washburn 323-953-4000 Ext. 2296, washburne@lacitycollege.edu or Mary Skousen Radford, 323-953-4000, Ext. 2297, skouseme@lacitycollege.edu.
Dietetic Technician, Registered (DTR)

Educational and professional requirements

Dietetic technicians, registered (DTRs), are trained in food and nutrition and are an integral part of the health-care and foodservice management teams. DTRs have met the following criteria to earn the DTR credential:

• Completed a dietetic technician program accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics, that includes a minimum of 450 hours of supervised practice experience in various community programs, health-care and foodservice facilities and has completed at least a two year associate’s degree at a U.S. regionally accredited college or university.

OR

• Completed coursework in an ACEND-accredited didactic program or coordinated program in dietetics and has completed at least a bachelor’s degree at a U.S. regionally accredited college or university.

• After completing the degree and dietetics coursework, pass a national examination administered by the Commission on Dietetic Registration (CDR). For more information regarding the examination, refer to www.cdrnet.org.

• Completed continuing professional educational requirements to maintain registration.

College course work

• The course work for dietetic technicians includes a variety of classes in food and nutrition sciences, foodservice systems management and a range of general science courses.

• Courses are planned in sequence. Completion of all courses with at least a “C” grade is required for progress in the program. Refer to graduation requirements Plan “B” for additional information.

• Class scheduling restricts the completion of this program to the day. However, working students who are able to have one to two day(s) off during the week may complete the program. Students must provide their own transportation to assigned supervised practice sites within the greater Los Angeles area. A Mantoux test, MMR, health exam, liability insurance, background check, fingerprinting, drug screening, etc. are required for supervised practice courses.

• A verification statement that allows the candidate to sit for the Dietetic Technician Registration exam is issued upon successful completion of the program, submission of a notebook documenting how the core knowledge and competencies have been met and a score of at least 90% on a preparation for the DTR exam administered by the Child and Family Studies/Dietetics Department. Students must join The Academy of Nutrition and Dietetics. Passing the DTR exam authorizes use of the initials “DTR” after the name. Graduates may also be able to take Dietary Managers Exam. Please see the DMA website at: www.dma.org.

• DTR’s must complete professional educational requirements to maintain registration.

Employment opportunities

Dietetic technicians, registered work independently or as a team member under the supervision of registered dietitians in a variety of employment settings, including health care, business and industry, community/public health, foodservice and research.

Many work environments require that an individual be credentialed as a DTR. DTRs work in:

• Hospitals, HMOs, clinics, nursing homes, retirement centers, hospices, home health-care programs and research facilities helping to treat and prevent disease by conducting screens, gathering data and performing other tasks to assist the registered dietitian in providing medical nutrition therapy as an important part of health-care teams.

• Schools, day-care centers, correctional facilities, restaurants, health-care facilities, corporations and hospitals, managing employees, purchasing and food preparation and preparing budgets within foodservice operations.

• Women, infant, children (WIC) programs, public health agencies, Meals on Wheels and community health programs, developing and teaching nutrition classes for the public.

• Health clubs, weight management clinics and community wellness centers, helping to educate clients about the connection between food, fitness and health.

• Food companies, contract food management companies or food vending and distributing operations developing menus, overseeing foodservice sanitation and food safety and preparing food labeling information and nutrient analysis.

If you already have a degree

If you already completed college coursework or have a degree that is not in dietetics and are interested in becoming a dietetic technician, registered, you should have your college transcript evaluated by the Dietetics Program Director. The program director will evaluate your previous academic preparation and identify the courses you would need to complete at LACC to meet the requirements for taking the registration exam for dietetic technicians.

Salaries and job outlook

According to Academy’s 2009 Dietetic Compensation and Benefits Survey, half of all DTRs in the U.S. who have been working in the field full-time less than five years earn between $33,800 and $37,700 per year. Salary levels vary with region, employment setting, geographical location, scope of responsibility and supply of DTRs.

The job market for dietetic technicians, registered is assumed to be similar to that for dietitians and nutritionists. According to the US Bureau of Labor Statistics, employment of dietetic technicians is expected to grow faster than average for all occupations through the year 2016 because of increasing emphasis on disease prevention, a growing and aging population, and public interest in nutrition. Employment in hospitals is expected to show little change because of anticipated slow growth and reduced lengths of hospital stay; however, faster growth is anticipated in nursing homes, residential care facilities and physician clinics.

PROGRAMS OFFERED

Associate of Arts:
Cinema Production
Television Production

Certificates:
Cinema Production Cinema/Video Production Television Production

Skill Certificates:
Beginning Cinema & Television Production Cinematography Directing
TV Studio Production - Level I

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

For those attracted to telling a story in pictures, defining and refining images and sound, or for those who want to join the world of entertainment - behind the scenes - a career in cinema and television production could be just right. The opportunities and professional areas in which to work are varied. Large and small film studios, television production companies, product and service companies, public and private organizations, and individuals all use cinema/television professionals. Positions include Camera Operator, Audio Technician, Film/TV Floor Positions, Lighting Technician, Photographer, Film/Video Editor, Cinematographer and Director. Assignments encompass full-length films; shorts; animation; entertainment television or news; documentaries; commercials; informational, web content, promotional or private videos; portraits and commercial photography; and much more. Salaries also range widely, but average from $35,000 - $200,000+ annually. The LACC Cinema & Television Department provides its students with the history, principles, technical competency and hands on training needed to work successfully in cinema or television production. Many of our students successfully go from LACC into the industry. For others who wish to go after a Bachelors degree, the skills and work product obtained at LACC will help them be more competitive candidates for acceptance into top four-year universities.

DEGREE PROGRAMS

CINEMA PRODUCTION

The Cinema-Television Department offers two Associate of Arts Degrees

**Plan A** is for students planning to transfer to a four-year college or university. **Plan B** is a training program in motion picture production.

CINEMA PRODUCTION – “PLAN A”

Associate of Arts Degree
Transfer Program

For most four-year schools, the classes here are for preparatory purposes only and the classes are accepted only as electives. You must complete a total of 18 units in Cinema. See the counseling office for more details.

Plus two Cinema and Television Electives for a total of 6 units from any of the following courses: Cinema 5, 6, 7, 9, 10, 20, 32, 33, 34, 38, 185 and Television 1, 4, 9, 25. Courses may be substituted under special circumstances with departmental approval.

To complete general education requirements in this area of study, Plan A for the AAAS Degree is required.

PLAN A: Please consult with a counselor about specific courses needed or see the college catalog

**Graduation Requirements** section. Plan A is designed for transfer to a four-year college or university. However, requirements vary depending upon the individual institution. Please consult with a counselor for the specific requirements of the university you plan to attend.

3-6 Units English Composition

6-9 Units Communication/Analytical Thinking

3 Units Natural Sciences

3 Units Humanities

9 Units Social/Behavioral Sciences (including American History & Governments)

3-4 Units Health/Physical Education

3-5 Units Math Competency

CINEMA PRODUCTION - “PLAN B”

Associate of Arts Degree
Career Program

This curriculum in the Cinema-Television Department is designed for the student who wishes training in motion picture production. The course of study leads to an Associate of Arts degree in Cinema and/or a Cinema Production Certificate. An Associate of Arts degree with an emphasis in Cinema will be awarded to students who have completed a minimum of 36 units in Cinema and/or Television with a minimum of 31 units in Cinema. Supplies and books for production classes can vary from $50-$500 or more, depending upon the class and the scope of the student project.

All Cinema and Television courses must be completed with a grade of "C" or better.

REQUIRED CORE

CSIT
(Computer Science/Information Technology)

Chair: Roger Wolf
(323) 953-4000 ext. 2680 • AD321
www.lacitycollege.edu/academic/departments/math/csitdept/

PROGRAMS OFFERED
Associate of Science:
Computer Science/Information Technology
Computer Information Systems

Certificates:
Applications Software Programming Languages

Skill Certificates:
APPLICATIONS SOFTWARE Certificate
This sequence of courses prepares students for careers in applications software development and usage in fields related to databases, networking, web technologies, business analysis, and/or programming. Students successfully completing this program will find opportunities for employment in various industries depending on the track chosen for the electives.

CO SCI 103 or 101 and 108 ........................... 4-7
CO SCI 104 ............................................ 3
CO SCI 107 ............................................ 3
CO SCI 134 ............................................ 3
CO SCI 138 ............................................ 3
CO SCI 148 ............................................ 3
CO SCI 186 ............................................ 3
Electives ............................................. 6
Total Units ........................................... 28-31

Acceptable Electives:
Database Track: 2 courses from CO SCI 187, 188, 189, 198, and 199
Networking Track: 2 courses from CO SCI 181, 182, and 183
Operating Systems Track: 2 courses from CO SCI 167, 168, and 169
Programming Track: 2 courses from CO SCI 136, 139, 140, 141, and 142
Web Technologies Track: 2 courses from CO SCI 144, 155, 156, 158, and 159.

PROGRAMMING LANGUAGES Certificate
This course sequence provides students with comprehensive training in high-demand programming languages and tools such as Visual Basic, C++, Java, Perl, XML, ASP, and others. Students can choose electives from three exciting tracks: Databases, Web Development, and Operating Systems. Successful completion of the program will prepare students for an exciting career in software analysis, design, and development.

CO SCI 103 or 101 and 108 ........................... 4-7
CO SCI 104 ............................................ 3
CO SCI 107 ............................................ 3
CO SCI 134 ............................................ 3
CO SCI 136 ............................................ 3

ASSOCIATE DEGREE (Transfer Program)

CO SCI 103 Computer Systems for MIS

CO SCI 104 & 107  Operating Systems
CO SCI 134 Operating Systems
CO SCI 158 HTML
CO SCI 186 Oracle SQL

CO SCI 139 Beginning C++

CO SCI 136 Data Structures

ASSOCIATE DEGREE TRANSFER PROGRAM
Requirements for the Associate of Science degree in COMPUTER SCIENCE. For General Education requirement, refer to Plan A.

CO SCI 140 or 141  Advanced C++ or Java

ASSOCIATE DEGREE TRANSFER PROGRAM
Requirements for the Associate of Science degree in INFORMATION SYSTEMS. For General Education requirement, refer to Plan B.

CO SCI 140 Advanced C++
CO SCI 138 Advanced VB
CO SCI 142 Advanced Java

Electives ............................................... 9
Total ..................................................... 37-40

Acceptable Electives: Databases Track: 3 courses – CO SCI 187, 188, 189, 198, and 199 Web Development Track: 3 courses from CO SCI 144, 155, 156, 158, and 159 Operating Systems Track: 3 courses – CO SCI 167, 168, and 169

DATABASE ADMINISTRATION Skill Certificate
This course sequence offers state-of-the-art hands-on training in setting up and administering Oracle relational databases and prepares students for the Oracle professional certification in database administration.

CO SCI 186 ............................................ 3
CO SCI 187 ............................................ 3
CO SCI 188 ............................................ 3
CO SCI 189 ............................................ 3
CO SCI 198 ............................................ 3
Total Units ........................................... 15

DATABASE Developer Skill Certificate
Use Oracle Developer Suite 10g and deploy applications on the Web with Oracle Application Server 10g. The students learn how to build forms and reports and use the web to access them. Students also learn the procedural language PL/SQL for Oracle.

CO SCI 186 ............................................ 3
CO SCI 198 ............................................ 3
CO SCI 199 ............................................ 3
Total Units ........................................... 9

Web Client Technologies Skill Certificate
Program provides training in the use of client-side web technologies for design and development of interactive web sites. Skills include use of HTML, DHTML, XML, Java, JavaScript, Dreamweaver and Flash in web site development.

CO SCI 141 ............................................ 3
CO SCI 151 ............................................ 3
CO SCI 152 ............................................ 3
CO SCI 103 ............................................ 4
CO SCI 158 ............................................ 3

Database Administration
Database Developer
Web Client Technologies

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

NOTE: The official abbreviation for Computer Science/Information Technology (CSIT) is "CO SCI". If you have a talent for math and science our programs will prepare you to enter more advanced university programs or directly enter careers related to Computer and Information Systems, System Analysis, Computer Science, Database Administration, Computer Operations, Information Processing Services, Computer Software Engineering, Telecommunications, and Web Development and Technologies. According to the Department of Labor median hourly earnings for high demand occupations in technology and other computer fields at the entry levels range from nearly $12/hour to $26/hour. With advance training and or a Bachelors degree, salaries can exceed $42/hour.

The Computer Science Information Technology discipline program at Los Angeles City College offers two Associate degrees that students can choose from depending on their career and educational goals. The first, Associate of Science in Computer Science, is designed for students with transfer goals to the Computer Science program at four-year universities. The second, an associate of science in Computer Information Systems, is designed to prepare students for careers in exciting Information Technology fields such as programming, software engineering, database administration, computer networking, multimedia, and web technologies. Students with interest in transferring to the Information Systems program at four-year universities should consult with the Computer Science department for needed course work. The following tables list the requirements for each degree. For information on general education courses, students are encouraged to see a counselor for advisement.

COMPUTER SCIENCE
Associate of Science Degree
Transfer Program

First Semester
CO SCI 104..........................................................3
CO SCI 107..........................................................3
(CO SCI 103 is a prerequisite to required CO SCI courses and can be used to fulfill a general education requirement)

Second Semester
CO SCI 134..........................................................3
CO SCI 139..........................................................3

Suggested Major Preparation:
Physics 1 .............................................................4
Math 261 .............................................................5

Third Semester
CO SCI 140 or 141.................................................3
CO SCI 186..........................................................3

Suggested Major Preparation:
Philosophy 7, 8, or 9 ..............................................3

Fourth Semester
CO SCI 136..........................................................3
CO SCI 158..........................................................3
Total Major Units .................................................24

Note: On approval by the Computer Science/Information Technology discipline, students may use Math 262, 263 and Physics 2, 3 as substitute to any of the CO SCI requirements except CO SCI 139, CO SCI 140 (or 141), and CO SCI 136 as long as a minimum of 18 CO SCI units is met.

To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.

PLAN A: Please consult with a counselor about specific courses needed or see the college catalog "Graduation Requirements" section. Plan A is designed for transfer to a four-year college or university. However, requirements vary depending upon the individual institution.

Please consult with a counselor for the specific requirements of the university you plan to attend.

3-6 Units English Composition
6-9 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
9 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

COMPUTER INFORMATION SYSTEMS
Asscociate of Arts Degree
Career Program

First Semester
CO SCI 104..........................................................3
CO SCI 107..........................................................3

(CO SCI 103 is a prerequisite to required CO SCI courses and can be used to fulfill a general education requirement)

Second Semester
CO SCI 134..........................................................3

CO SCI 187..........................................................3

Suggested Electives:
CO SCI 167..........................................................3
CO SCI 168..........................................................3

Total Major Units .................................................36

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog "Graduation Requirements" section. Plan B is not designed for transfer to a four-year college.

3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

CERTIFICATE PROGRAMS

Certificates in Computer Science-Information Technology will be issued by the Computer Science/Information Technology discipline upon submittal of an application to the department by the student and successful completion of one or more of the following sequences.
VBA Application Skill Certificate
This certificate program provides the students with an advanced level of instruction and techniques in Microsoft Visual Basic Applications and Visual Basic programming. Students will learn developing and implementing Macros in Microsoft Excel and Microsoft Access. Students will be able complete this certificate program Online.

CO SCI 103.................................................................4
CO SCI 133.................................................................4
CO SCI 134.................................................................3
CO SCI 138.................................................................3
CO SCI 148.................................................................3
Total Units.....................................................................16

JAVA PROGRAMMING LANGUAGE Certificate
This course sequence provides students with comprehensive training in high-demand programming languages and tools such as Visual Basic, Java. Successful completion of the program will prepare students for an exciting career in software analysis, design, and development.

CO SCI 108.................................................................3
CO SCI 104.................................................................3
CO SCI 107.................................................................3
CO SCI 141.................................................................3
CO SCI 142.................................................................3
Total .............................................................................15

C++ PROGRAMMING LANGUAGE Certificate
This course sequence provides students with comprehensive training in high-demand programming languages and tools such as Visual Basic, C++. Successful completion of the program will prepare students for an exciting career in software analysis, design, and development.

CO SCI 103.................................................................3
CO SCI 104.................................................................3

PROGRAMS OFFERED Associate of Science: Computer Technology

Certificates:
Computer Technology
Program in A+ Certification
Program in Network+ Certification

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

The computer technology curriculum has been developed to provide training in the principles underlying the design of modern computer systems. The program presents theory of computer architecture and design, operation of equipment, and diagnostic programming. Emphasis is placed on essential electronics, design of digital systems used in robotics, automation and industrial control, data processing, and networking. Practical aspects of maintenance, troubleshooting, and integration of digital and analog systems are included.

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

COOPERATIVE EDUCATION

Chair: Fabiola Mora
(323) 953-4000 ext. 1523 • AD 205D

PROGRAMS OFFERED

Courses Only - No Degree/Certificate
See Below

Through Cooperative Education or “CO-OP ED,” students may earn college credit for their on-the-job work experience.

CO-OP ED is designed to enhance the student's academic and personal development. Educational objectives are carefully planned and coordinated with the student's employer to provide realistic employment relationships.

To be eligible, students are expected to:

CO SCI 181
CISCO Networking I

CO SCI 182
CISCO Networking II

CO SCI 183
CISCO Networking III

CO SCI 184
CISCO Networking IV
For students working in their major or a related field, a maximum of four (4) units may be earned per semester for a total of sixteen (16) units maximum in CO-OP ED. The same CO-OP ED course may be repeated for a maximum of four (4) semesters. Students may enroll in one (1) section number and a maximum of four (4) CO-OP ED units per semester.

LACC COOPERATIVE EDUCATION (CO-OP ED) COURSES Vocational Disciplines Offering Co-op Ed Experience
Note: Students in the following declared majors may enroll under the following disciplines: Business, Cinema, CAOT, Music, Television
Non-Vocational Disciplines Listed for Cooperative Education
Note: In accordance with the State Chancellors' guidelines, students may enroll in general Co-op Ed courses under the state approved top code.

DENTAL TECHNOLOGY

Chair: Dana Cohen
(323) 953-4000 ext. 2502 • SCI 325
http://dental.lacitycollege.edu

PROGRAMS OFFERED
Associate of Science:
Dental Technology

Certificate:
Dental Technology

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

Dental Technology (often referred to as Dental Laboratory Technology) is a career in the design and manufacturing of dental prosthetic devices (dentures, partial dentures, crowns and bridges) and orthodontic devices (both passive and active retainers). Dental Technicians and technologists usually work in a commercial dental laboratory which is separate from the dental practice. Salary is based upon knowledge level, experience and speed of manufacture among other aspects. Dental technicians receive dental impressions and prescriptions (work authorizations) from the dentist, apply their expertise and return the prescribed appliance to the dentist for placement in the patient’s mouth. Entrance into the Dental Technology Program
All candidates for the Dental Technology Program must have a high school diploma or G.E.D. Getting selected into the LACC Dental Technology Program is a two part process. First the candidate must enroll in DT 100 “Introduction to Dental laboratory”, DT 101 “Elements of Dental Technology” and DT 102 “Dental Anatomy and Terminology”. Candidates for the Dental Technology Program must complete these (3) courses with a grade of “C” or better.

Students that receive a D, F, W, or Incomplete grade will not be considered for entrance into the Dental Technology Program. The second part of the process is to take the Dental Technology Dexterity Exam that will be given on the 10th class meeting of the DT 100 course. This exam is not a pass/fail exam and there is no way to study for it. The Dexterity Exam gives the selection committee an accurate indication of hand/eye coordination and three-dimensional ability of each candidate. These qualities are necessary for a dental technologist to have. The candidates are ranked according to their individual results with all of the other dental technology candidates. The top 18 candidates out of the testing cohort are invited to enter the Dental Technology Program.

If a candidate is not selected into the Dental Technology Program, the candidate may request to take the Dental Technology Dexterity Exam when it is given in the next testing cohort.

The Associate of Science Degree Program and the Certificate Program are identical from a course sequence standpoint. The only difference is the general education requirements taken outside of the Dental Technology Department.

DEGREE PROGRAM
DENTAL TECHNOLOGY
Associate of Science Degree
Career Program
This curriculum is specifically designed to provide students with the skills, knowledge and background necessary to become a dental technician in either a commercial dental laboratory or dental office laboratory. Good eye/hand coordination, communication skills and the ability to follow directions are requisites for successful entrance into this program. Students selected for each new group are admitted into the program based upon their successful completion of DT 100, 101 and 102. A dexterity exam score administered during the DT 100 course; evaluation of the student’s level of commitment and determination and the ability to follow directions. All candidates for the Dental Technology program must have a high school diploma or G.E.D.

Courses in the Dental Technology curriculum are designed to be taken in sequence. Successful completion of each Dental Technology course in a particular sequence with a grade of “C” or better is required before the student may progress into the next level of courses in the sequence. All courses listed are required for the Associate of Science degree with a major in Dental Technology. Students who successfully complete all the Dental Technology courses will be eligible to sit for the Recognized Graduate Certified Dental Technician Exam given by the National Board for Certification of Dental Technicians.

Note: Math 112 Pre-Algebra or higher must be taken before completion of the Dental Technology Program.

This curriculum is specifically designed to provide students with the skills, knowledge and background necessary to become a dental technician in either a commercial dental laboratory or dental office laboratory. Good eye/hand coordination, communication skills and the ability to follow directions are requisites for successful entrance into this program. Students selected for each new group are admitted into the program based upon their successful completion of DT 100 course; their dexterity exam score administered during the DT 100, 101 and 102; evaluation of the student’s level of commitment and determination and the ability to follow directions. All candidates for the Dental Technology Program must have a high school diploma or G.E.D.

Courses in the Dental Technology curriculum are designed to be taken in sequence. Successful completion of each Dental Technology course in a particular sequence with a grade of "C" or better is required before the student may progress into the next level of courses in the sequence. All courses listed are required for the Associate of Science degree with a major in Dental Technology. Students who successfully complete all the Dental Technology courses will be eligible to sit for the Recognized Graduate Certified Dental Technician Exam given by the National Board for Certification of Dental Technicians.

A certificate in Dental Technology will be issued by the Dental Technology Department upon successful completion of all Dental Technology courses. Courses in the Dental Technology Certificate program are the following: Note: Math 112 Pre-Algebra or higher must be taken before completion of the Dental Technology Program.

**PREREQUISITE**

**CERTIFICATE PROGRAM**

**ESTHETIC DENTAL DESIGN**

**Certificate**

The Esthetic Dental Design Program offered by LACC at UCLA dental school is a unique program that trains dental technicians in the art and science of esthetic dental restorations. Successful completion of the Dental Technology Associate or Certificate Program is the prerequisite for selection into the UCLA Esthetic Dental Design Program. The Esthetic Dental Design Program requires the candidate to take a prerequisite course DT 300. The selection of each group is based upon the student’s progress during this course and an oral interview conducted by the course instructor and the director of the UCLA program. The Program consists of courses in the arts and sciences of esthetic dental restorations.

A certificate will be issued by UCLA Center for Esthetic Dental Design upon completion of the following courses:

ADVANCED PROSTHODONTIC, IMPLANT AND MAXILLOFACIAL
Certificate
The Advanced Prosthodontic, Implant and Maxillofacial Program is a unique program that trains dental technicians in the art and science of Advanced Prosthodontic Devices, Dental Implant Technology and the delicate art of making prosthetic replacements for the human face and head. Successful completion of the Dental Technology Associate or Certificate Program is the prerequisite for selection into the Advanced Prosthodontic, Implant and Maxillofacial Program. The Advanced Prosthodontic, Implant and Maxillofacial Program, requires that the candidate spend a week shadowing a current student followed by an oral interview conducted by the UCLA program director and faculty. The program consists of the art science and technology of implant restorations, full mouth reconstructions and replacement parts of the human face.
A certificate will be issued by UCLA Advanced Prosthodontic Department upon completion of the following courses:

If you are interested in how things work, our Electronics programs will prepare you for entry-level positions related to computer hardware and electronics. Opportunities include: computer repair, manufacture, installation and design; manufacturing and/or repairing electronic equipment including transmission devices used by electronic utilities; machinery controls; telecommunications; wiring in buildings, automobiles, aircraft, robotics, printed circuit development; and more. Students completing one of the certificate programs can expect to enter high paying positions in the computer/electronics industries. With more experience and/ or a Bachelor’s degree or advance trade certification (e.g. Electricians), entry-level technicians can advance in position and salary.

Our strength is our instructors and hands-on training. With years of realworld experience, our instructors bring quality instruction into the classroom that cannot be found in textbooks. Our smaller class size allows our instructors to give extra attention to the individual needs of each student. And, hands-on experience gives students the skills and confidence to be successful in the workforce.

DEGREE PROGRAM

ELECTRONIC SYSTEMS TECHNOLOGY

Associate in Science Degree

Career Program

This curriculum provides for the study of the technical aspects of applied electronics and is designed for persons seeking employment as an electronic technician, electronic service technician, communications technician, customer engineer, radiologic electronic specialist, electronic test technician, electronic research and development technician, or electronics equipment representative.

Successful completion of this curriculum will equip the graduate with sufficient mathematics and theory to enter employment and achieve advancement in a variety of job titles. Laboratory and practical courses develop skills that are immediately useful to prospective employers and, as well, provide a foundation for more advanced skills which can be developed with a minimum of on-the-job training.

First Semester

Computer Technology 1 ................................................. 4
Electronics 2 ....................................................... 3
Electronics 4* .......................................................... 4
Electronics 10* .......................................................... 3

Second Semester

Electronics 6* .......................................................... 4
Electronics 8 ........................................................... 4
Electronics 12* .......................................................... 3
Computer Technology 20 ........................................... 4

Third Semester

Electronics 20 ........................................................... 4
Electronics 22 ........................................................... 4

Fourth Semester

Electronics 24 ........................................................... 4
Electronics 48 ........................................................... 4

Total Units ........................................................................ 45

* All majors are expected to take Electronics 4 and 10 during one semester.

Suggested Electives: Computer Technology 38, Physics 11

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education

ELECTRONICS TECHNOLOGY (Fast Track Program)

Associate in Science Degree

Career Program

The fast track electronics program combines the best and most important aspects of our traditional Electronics and Computer Technology Programs into a seamless sequence of classes. The essential theory of electronic devices and circuits are included, along with the theory and operation of digital circuits and microprocessor-based systems. Skills learned include the use of test equipment, circuit design and stimulation, assembly and test of electronic circuits, and troubleshooting. We make extensive use of the latest circuit design and stimulation software to assist you in visualizing and understanding how circuit work and how they are used in everyday systems like personal computers, cell phones, DVD and television systems, etc.

After successful completion if this program the graduate can enter the industry in a wide variety of entry level positions involved in electronic and computer fields (such as home/commercial security, computer manufacturing, digital communications, entertainment technology, and computer systems networking), or transfer to California State University Los Angeles for a bachelor’s degree in technology, engineering, or computer science.

First Semester

Computer Technology 1 ................................................. 4
Electronics 151 ........................................................... 5

General Engineering 101

The following classes are required to earn an Associate of Science degree in Engineering from Los Angeles City College. In addition to earning an A.S. degree, taking these courses will prepare the student for transfer to a four year college or university to pursue further studies in the engineering field.

For Electrical Engineering Majors or Computer Engineering Majors:
General Engineering 101 ............................................................. 2

Math 261 (First semester Calculus) .............................................. 5
Physics 101 .............................................................................. 5
Chemistry 101 ........................................................................... 5
General Engineering 131 ......................................................... 3
Math 262 .................................................................................. 5
Physics 102 .............................................................................. 5
Math 263 .................................................................................. 5
Physics 103 .............................................................................. 5
Electrical Engineering 220 ....................................................... 4
Math 275 .................................................................................. 3

Total Units ...................................................................................... 47

For Mechanical Engineering Majors or Civil Engineering Majors:
General Engineering 101 ......................................................... 2
Math 261 .................................................................................. 5
Physics 101 .............................................................................. 5
Chemistry 101 ........................................................................... 5
General Engineering 131 ......................................................... 3
Math 262 .................................................................................. 5
Physics 102 .............................................................................. 5
CSIT 139 or 140 ........................................................................ 3
General Engineering 151 ......................................................... 3
Math 263 .................................................................................. 5
Physics 103 .............................................................................. 5
General Engineering 241 ......................................................... 3
Math 275 .................................................................................. 3
Electrical Engineering 220 ....................................................... 4

Total Units ...................................................................................... 56

To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.

PLAN A: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan A is designed for transfer to a four-year college or university. However, requirements vary depending upon the individual institution. Please consult with a counselor for the specific requirements of the university you plan to attend.

3-6 Units English Composition
6-9 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
9 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

ENGLISH & ESL

CHAIR: Dr. Genevieve Patthey
(323) 953-4000 ext. 2700 • JH300A
http://www.lacitycollege.edu/academic/departments/eng esl/index.html

PROGRAMS OFFERED
Associate of Arts:
English
Other Courses:
Linguistics

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

The department offers extensive English and ESL courses. The courses are offered...
from basic skills English courses, ESL courses, and they extend to our transfer level. The English program is geared to assist students at all levels, so that they may improve their writing and prepare to transfer in an environment that fosters a rich literary tradition. Students develop methods for critical interpretations of relevant works of English, American, and other literatures in English. Our ESL programs offer courses to assist students to improve their ability to write, read, and listen/speak English.

**DEGREE PROGRAM**

**ENGLISH**

**Associate of Arts Degree**

**Transfer Program**

An Associate of Arts Degree in English requires a minimum of 18 units in the major in addition to the Plan A General Education requirements. The English curriculum encourages students who plan to transfer to begin their program of coursework early so that they will have completed all the required lower-division courses by the time they are ready to apply to four-year colleges or universities. In order to satisfy the requirements, 9 to 12 of the required 18 units must be satisfied by taking English 102 (if not used to fulfill general education requirements), 203, 205, and 206.

Students who transfer as English majors must realize that the requirements vary from institution to institution.

The requirements for additional English and foreign language classes vary from school to school. Students should consult with a counselor to make sure they have the most complete and up-to-date information. Please refer to www.assist.org for most recent major preparation requirements of CSU and UC systems

**REQUIRED**

Arabic Armenian Russian

Student learning outcomes for each degree and certificate program are listed at [http://sharepoint.lacitycollege.edu/effectiveness/outcomes_for_students/default.aspx](http://sharepoint.lacitycollege.edu/effectiveness/outcomes_for_students/default.aspx)

LACC is literally where worlds come together, situated between Little Armenia, Korea Town, Hollywood and Central and South American neighborhoods. This makes the college a particularly wonderful setting for learning a new language or
mastering the language of your parents or grandparents. Understanding a foreign language can: increase your understanding of other cultures and/or your own; enrich your travel experiences abroad; and open career opportunities. Language skills are prized by employers, especially in teaching, translating, social work, foreign service, international relations, trade and any other occupations catering to multicultural and international audiences.

**PROGRAMS OFFERED**

Courses Only - No Degree/Certificate
**DEGREE PROGRAM**

**HUMANITIES**

**Associate of Arts Degree**

**Transfer Program**

The following curriculum is an interdisciplinary studies sequence that brings together art, music, history, literature, and cultural studies. It provides a strong foundation for a wide range of undergraduate majors, including the arts, literature, history, world cultures as well as ethnic and gender studies.

A minimum of 18 units of Arts and Humanities is required for the Humanities major. Requirements for the major are to be chosen from the Plan A Graduation requirements under the Humanities section.

**HUMANITIES - ARTS:** 3 units from any of the following:
- African American Studies, Architecture, Art, Asian American Studies, Chicano Studies, Cinema, Music, Photography, Theater

**HUMANITIES - LITERATURE:** 3 units from any of the following:
- African American Studies, English

**HUMANITIES - 3-5 units from any of the following**

**FOREIGN LANGUAGE:**
- All courses in Arabic, Armenian, Chinese, French, Italian, Japanese, Korean, Russian, Spanish and American Sign Language

**HUMANITIES - 6 units from any of the following**
- Humanities 6, 8, 20, 30, 45, 47, 61, 63,

Elective Units: Choose from any course listed under any section to bring total to a minimum of 18 units

Total Units .................................................... 18-20

To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.

**PLAN A:** Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. **JOURNALISM**

**Associate of Arts Degree**

**Transfer/Career Program**

The journalism curriculum is an open-ended program that is arranged so the graduate is prepared to work in either the field or, with additional course work, to transfer to a four-year college or university. Journalism majors are offered courses designed to train them in desktop publishing skills and for editorial, and photojournalism jobs on daily and weekly newspapers, magazines, trade journals and consumer publications. They also are prepared for work as freelance writers and as writers for television and radio news programs. The employment records of hundreds of graduates show the California Publishers Association approval of courses offered here.

LAW
Chair and Paralegal Program
Director:
Wilhelm I. Vargas, Attorney at Law
(323) 953-4000 ext. 2754• HH200 F
www.lacitycollege.edu/academic/departments/law/introparalegalstudies

PROGRAMS OFFERED
Associate in Arts:
Paralegal Studies

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

The Paralegal Studies Program is approved by the American Bar Association. It is offered by the Law Department to students who are interested in working in the legal field. Paralegals assist attorneys in providing legal services in civil and criminal matters. Paralegal training is also valuable to persons seeking employment in fields such as real estate, insurance, banking, or brokerage. According to the latest statistics from the Bureau of Labor Statistics, the job outlook for paralegals is projected to grow faster than the average for all occupations through 2012. Despite projections of fast employment growth, competition for these jobs is rigorous and only the highly-skilled, formally-trained paralegals have excellent employment potential. The paralegal program is designed to provide students with high quality paralegal training, and on-the-job experience through internships. The paralegal program is flexible and accommodates day, evening, and weekend students.

DEGREE PROGRAMS
PARALEGAL STUDIES
Associate in Arts Degree
Career Program

According to California Business and Professions Code section 6450, “Paralegal” means a person who holds himself or herself out to be a paralegal, who is qualified by education, training, or work experience, who either contracts with or is employed by an
attorney, law firm, corporation, governmental agency, or other entity, and who performs substantial legal work under the direction and supervision of an active member of the State Bar of California, or an attorney practicing law in the federal courts of this state, that has been specifically delegated by the attorney to him or her. Paralegals may not provide legal services directly to the public, except as permitted by law.

Employment growth for paralegals stems from law firms increasingly hiring paralegals to lower the cost and increase the availability and efficiency of legal services. In the future, the majority of job openings for paralegals will be new jobs created by employment growth. While the program cannot guarantee employment, every effort will be made to assist students in finding law-related positions.

All paralegal students are welcome to join the on-campus student club, the Legal Association. All paralegal students are also encouraged to be active in the Los Angeles Paralegal Association. Los Angeles City College is a member of the American Association for Paralegal Education (AAFE).

In order to graduate from the Paralegal Program, a student must meet the requirements to receive an Associate in Arts Degree in Paralegal Studies.

The Associates in Arts Degree in Paralegal Studies consists of classes totaling 60 semester units:

1. A minimum of 42 semester Units of required classes, 18 of which are designated as "Legal Specialty - Required" courses. A Legal Specialty course is a course that (1) covers substantive law or legal procedures or process, (2) has been developed for paralegals, and (3) emphasizes practical paralegal skills. The student must complete all Legal Specialty courses (6 courses) at Los Angeles City College. Students considering transferring law/paralegal credits from another college should consult with the Paralegal Program Director.

2. A minimum of 18 semester units of General Education (Plan B).

Competency Requirements:
The following courses are approved to meet the competency for the Associate Degree for all students entering beginning Fall 2009.

A. Reading and Written Expression

1. Competence in Reading and Written Expression shall be demonstrated by achieving a grade of "C" or better in English 101 or its equivalent in another college.

B. Mathematics

1. Competence in Mathematics shall be demonstrated by achieving a grade of "C" or better in Math 125 or Math 124A and Math 124B or higher or its equivalent at another college.

A student who has earned an A.A. degree or higher from an accredited post-secondary institution, must have their transcripts evaluated to determine if some or all of their general education course work meets the requirements for an A.A. Degree in Paralegal Studies at Los Angeles City College.

The following is a list of the 42 semester units of required classes. The courses are arranged in a suggested, not mandatory, course sequence.

**First Semester**

- CAOT 84 - Keyboarding Operations ........................................ 3
- Speech 101 - Oral Communication I .................................. 3
- Law 10 - Introduction to Legal Assistant I ............................ 3
- Library Science 101 - Library Research Methods ...................... 1

**Second Semester**

- Law 1 - Business Law I ...................................................... 3
- Law 11 - Introduction to Legal Assistant II ........................... 3
- Law 12 - Tort Law and Claims Investigation .......................... 3
- Law 51 - Legal Research for Paralegals .............................. 3

**Third Semester**

- Law 2 - Business Law II .................................................... 3
- Law 17 - Legal Writing .................................................... 3
- CAOT 93 - Legal Document Production ................................. 1
- Paralegal Electives (see list below) .................................... 3

**Fourth Semester**

- Law 4 - Directed Field Work in Legal Assisting ..................... 3
- Law 19 - Real Property ................................................... 3
- Paralegal Electives (see list below) .................................... 3

**Total Units** ........................................................................... 42

Paralegal General Electives:

- Law 3, Civil Rights and the Law
- Law 13, Wills Trusts, and Probate Administration
- Law 18, Marriage and Family Law
- Law 33, Law and the Media
- Law 35, Immigration Law
- Law 37, Bankruptcy
- Law 38, Criminal Law

In fulfilling their General Education requirements, the student must satisfy all the requirements of Plan B for completion of an Associate of Arts Degree. Plan B is not a program designed for transfer to a four-year college. For assistance in understanding the Plan B requirements, please consult with a Counselor in the Counseling Department. For Plan B, the paralegal student must select and successfully complete a minimum of eighteen (18) semester units in General Education in each of the following areas:

1. Natural Sciences - Minimum three (3) semester units
2. Social and Behavioral Sciences - Minimum three (3) semester units
3. Humanities - Minimum three (3) semester units
4. Language and Rationale - Minimum six (6) semester units
5. Health and Physical Education - Minimum three (3) semester units.

All course work must be completed with a grade of "C" or higher. The Paralegal Program at Los Angeles City College may accept general education classes and non-paralegal specific classes as transferable credits. The transferred credits must have been earned at a regionally-accredited post-secondary institution. All acceptable transferred credits will count toward the student's grade point average for graduation. The student must meet all applicable graduation requirements existing at the time of enrollment into the Paralegal Program.

PROGRAMS OFFERED

Associate of Arts: Liberal Arts AA Degree

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

DEGREE PROGRAM

LIBERAL ARTS

Associate in Arts Degree & Transfer Major

Transfer Program

The Liberal Arts degree is designed for students planning to transfer to a four year college/university, including the California State University (CSU) and the University of California (UC) system. This degree provides a well-rounded academic education in the liberal arts and sciences. The Liberal Arts degree consists of the following: 1) general education requirements, 2) 18 units in an area of emphasis, and 3) electives, for a total of 60 units.

• Select one of the three options to meet general education requirements:

Option 1. Los Angeles City College Plan A General Education (30 units min.)

Option 2. CSU GE Breadth Certification (39 units min.). Option 2 must include a health course (CSU GE - Area E). Option 2 must also include one physical education/dance activity course.

Option 3. IGETC Certification (37 units min.). Option 3 must include American Institutions/Government requirement. Option 3 must also include a health and physical education/dance activity course.

• Choose an Area of Emphasis (18 units min.)

• Complete electives for the required 60 total units for the AA degree

Areas of Emphasis

Social and Behavioral Sciences

These courses emphasize the perspective, concepts, theories and methodologies found in the social and behavioral sciences. Students will study about themselves and others as members of a larger society. This pattern emphasizes the contributions and perspectives of men, women and members of various ethnic and cultural groups and a comparative perspective on both Western and non-Western societies.

African American Studies 4, 5, 7
Business 1
Child Development 1
Geography 2
History 1, 2, 3, 4, 11, 12, 13, 59, 81, 82, 86, 87
Journalism 105
Law 3
Linguistics 2
Political Science 1, 2, 7
Psychology 1, 13
Sociology 1, 2, 11
Speech 122

Natural Sciences and Mathematics

These courses emphasize the natural sciences which examine the physical universe, its life forms, and its natural phenomena. Courses in mathematics emphasize the development of mathematical and quantitative reasoning beyond the level of intermediate algebra.

Anatomy 1
Anthropology 101, 111
Astronomy 1, 5, 11
Biology 3, 6, 7, 25
Chemistry 60 or 68, 101, 101, 102, 211, 212, 221
Earth Science 1
Geography 1, 15
Geology 1, 6
Mathematics 227, 230, 236, 245, 260, 261, 262, 263, 270, 272, 275
Microbiology 1, 20
Oceanography 1
Physical Science 1, 14
Physics 6, 7, 11, 12, 14, 21, 22, 101, 102, 103
Physiology 1
Psychology 2

Arts and Humanities

These courses bring together art, music, history, literature, and cultural studies. Students will interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation.

African American Studies 20, 21, 60 (Music 135)
American Sign Language 40
Art 101, 102, 103, 105, 107, (Chicano Studies 52), 109, 111, 201, 209, 501
Chicano Studies 44, 52 (Art 107)
Cinema 3, 4
Dance 805
English 203, 204, 205, 206, 208, 211, 212, 214, 215, 216, 218, 219, 221, 239, 240, 252, 253, 255, 270
Foreign Language courses including American Sign Language
Humanities 6, 8, 19, 20, 30, 31, 41 (Chinese 10), 42 (French 10), 44
(Italian 10), 45 (Korean 10), 47 (Spanish 9), 48, (Spanish 10), 61, 63
Music 101, 111, 121, 122, 133, 135 (African American Studies 60)
Philosophy 1, 2, 12, 14, 19, 20, 30, 32, 35, 40, 41
Photography 10, 17, 34
Speech 130
Theater 100, 110, 140

Performing and Visual Arts

These courses bring together the performing disciplines of Art, Cinema/TV, Dance, Photography, Music, and Theater. The students will demonstrate through performance how these disciplines integrate and relate to another. Students will be encouraged to work on the interdisciplinary aspect in the
185 Directed Studies through departamental collaborative projects.

A minimum of 18 units from the following 4 of the 6 disciplines below:

Choose a total of 12 units from 2 of the disciplines and the remaining 6 units from 2 of the other disciplines: Art, Cinema/TV, Dance, Music, Photography, and Theater.

Art 201, 501
Cinema 2
Dance Specialties 459
Dance Studies 185, 452
Dance Techniques 400, 431, 434, 437, 466, 467, 468
Dance Techniques 440, 446 or Dance Specialties 440, 446
Music 185, or 311 or 400 or 601 or 621, and 501
Photography 1, 10

Choose one of the following courses for the Arts and Humanities General Education Area: Art 101, 102, 103, 105, 107, 109; Cinema 3, 4; Dance Studies 805; Music 111, 121, 122, 133, 135; Photography 34; Theater 110, 400

The Library department is designed to help students succeed in their college classes. The course gives students confidence in doing research using standard library resources as well as the Internet.

**PROGRAMS OFFERED**

Associate of Science: Mathematics

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

Mathematicians and their models put man and machines in space, make millionaires out of investors, and even propel video gaming technology to new levels of excitement. Mathematicians are active in just about every professional area you can think of and are typically in-demand and high earners. Here are just a few of the places you’ll find them: Computer Animation; Virtual Environments; Digital Special Effects in Movies; Space Research; Mathematical Evolution and Modeling; Engineering; Software Development & Computer Technology; Electronics; Business (Financial Models, Trend Analysis, etc); Military & Security Occupations; Oil Exploration; and Teaching.

The LACC Mathematics Department offers from Pre-Algebra to Advanced Calculus and Differential Equations. Our students successfully transfer to prestigious university programs including Cal State Universities, UCLA, UC Berkley and other UCs, USC and CalTech to name a few. And, LACC’s math team has consistently placed in the top 5 out of nearly 200 colleges in the National American Mathematics Association of Two Year Colleges Competition in recent years.

**Placement Information**

High school courses are not accepted as equivalent to college courses. Every new incoming student will be required to take the math assessment unless he/she has satisfied the prerequisite by a college level course or a comparable assessment process from another college (must not be based on high school transcripts).

Those students placing above Math 125 please note: If the placement information given to you does not fit your circumstances, see Math Department for more detailed evaluation.

**DEGREE PROGRAM**

**MATHEMATICS Associate of Science Degree**

**Transfer Program**

The curriculum shown below is designed to guide students in the Mathematics major and to encourage students to start courses in this major early in their college career. By completing this curriculum, students will be ready to compete in this major with other students at a four-year college or university. Whether or not students elect to receive the Associate of Science degree, the courses listed below are those that will prepare them to enter their transfer institutions fully prepared to pursue the Mathematics major.

**First Semester**

Mathematics 261 ................................................................. 5

**Second Semester**

Mathematics 262 ................................................................. 5
Mathematics 270 ................................................................. 3

**Third Semester**

Mathematics 263 ................................................................. 5

**Fourth Semester**

Mathematics 275 ................................................................. 3

**Total Units ................................................................. 21**

Depending on your preparation, you may need additional prerequisite courses before entering this program.

To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.

**PLAN A:** Please consult with a counselor about specific courses needed or see the college catalog. **Graduation Requirements** section. Plan A is designed for transfer to a four-year college or university. However, requirements vary depending upon the individual institution. Please consult with a counselor for the specific requirements of the university you plan to attend.

PROGRAMS OFFERED

Associate of Arts:
Music

Certificates/Skill Certificates:
Instrumental Performer:

Brass  (Level 1 - 4)
Guitar  (Level 1 - 4)
Percussion  (Level 1 - 4)
Piano  (Level 1 - 4)
Strings  (Level 1 - 4)
Woodwinds  (Level 1 - 4)
Music Copyist  (Level 1 - 4)
Music Technology  (Level 1 - 4)
Orchestrator/Arranger  (Level 1 - 4)
Vocal Performer  (Level 1 - 4)

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

The LACC Music Department offers the highest quality music courses, designed for students seeking a variety of educational goals, including General Education; Certificate Programs that provide the knowledge, expertise and skills needed to obtain a job in the music industry; and the Associate of Arts (AA) Degree program, designed for students planning to transfer to four-year universities.

Our faculty members are dedicated teachers who are active in the music industry as arrangers, copyists, composers, theorists, sound engineers and performers who play and sing regularly as soloists and with professional ensembles.

Students have a variety of performance opportunities, giving public concerts in Commercial and Classical Voice, Piano and Chamber Ensemble, Choir, Orchestra, Percussion Ensemble, Guitar Ensemble and our famous Studio Jazz Band. In addition to being performers, music majors enter such fields as Recording Industry (Producing, Engineering, Arranging); Television and Radio (Program Director, Music Licensing); Music Technology (Sound Editor); Composing (Commercial Jingles, TV/Film); Conducting; Music Business (Music Distributor, Marketing); Music Education; Music Librarian; Music Publishing (Music Editor, Copyrights); Music Therapy; Music Communications (Publisher, Reporter); Instrument Making and Repair and more.

MUSIC

ASSOCIATE OF ARTS DEGREE

Transfer/Career Program

The Music Major Core Curriculum is outlined below. Although the order and semester in which courses are taken may have to be modified to meet individual needs, all courses listed as requirements are needed for the Associate of Arts degree with a Major in Music. Students will select additional courses in Music needed for proficiency in particular performance areas, composition, and orchestration and arranging.

All students should see a music counselor in the Music Department for assistance in arranging their academic programs.

First Semester
Music 152*.........................................................1
Music 200*.........................................................4
Music 300*.........................................................1
Music 311* (or more advanced level).................1
Performance Ensemble (See Below)*....................1

Second Semester

NURSING

Director: Betsy Manchester
(323) 953-4000 ext. 2065

SCI TECH
http://www.lacitycollege.edu/academic/departments/nursing/index.html

PROGRAMS OFFERED

Associate of Science: Nursing, Registered
Other:
Certified Nursing Assistant:
Available as funding permits
Home Health Aide:
Available as funding permits

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

RN Residency

DEGREE PROGRAM

Los Angeles City College reopened the Associate Degree Registered Nursing Program in Fall 2002. The college accepts 20-40 students for enrollment every Fall and Spring. Should the number of qualified applicants exceed the number of available openings, a simple lottery will be implemented.

The Associate Degree program is a 2-year full-time program that includes theory and clinical courses over 4 days a week. Clinical experiences will include the opportunity for students to participate in nursing care and treatments of clients in hospitals and other health care facilities. Once admitted, this program is designed to be completed in four semesters for non-licensed candidates.

NCLEX-RN Exam

Students will be eligible to apply for and take the NCLEX-RN examination upon graduation. The Board of Registered Nursing may deny licensure on such grounds as: being convicted of crime, acts of dishonesty, fraud or deceit, etc. Persons impaired by alcohol, drug abuse and emotional illness are expected to voluntarily seek diagnosis and treatment for any suspected illness.

Prerequisites

As of Spring 2009, the Registered Nursing Program Prerequisites include completion of the following prerequisites with a minimum overall grade point average of 2.5 and no grade less than “C.”

1. Human Anatomy (with lab)
2. Human Physiology (with lab)
3. Microbiology 1 or 20.

4. English 101 (College Reading and Comprehension) or equivalent with a minimum of a "C."
5. General Psychology (Psychology 1)
6. LifeSpan Psychology (Psychology 41)

Additional Requirements

- Completion of or proof of Math Assessment comparable to Math 115 (Math 125 or higher is required for graduation).
- Completion of 1 year of High School Chemistry with a lab or equivalent (Chemistry 60 or 68)
- Overall college grade point average of 2.5
- Satisfactory score on the admission assessment test (contact Nursing Department for details)
- Satisfactory “cut score” of 80 or higher based on the Chancellor’s validation study
- Completion of all of the admission requirements of Los Angeles City College
- Graduation from an accredited U.S. High School or equivalent or graduation from an accredited U.S. College or university or equivalent.

If students received their high school diploma from a foreign country and/or are requested equivalency of foreign college credits to fulfill prerequisites, the transcripts must be evaluated for equivalency by an LACC approved agency.

- Students must also meet health and other requirements mandated by the program and affiliating hospitals and/or clinical prior to entry. For additional requirements, please attend one of the Information Sessions where details are discussed.

It is highly recommended that the following co-requisites/graduation requirements be completed prior to entry into the Registered Nursing Program. Those courses that have not been satisfactorily completed will need to be completed during the 4 semesters of the Registered Nursing program. It is the student’s responsibility that the following courses be completed prior to graduation and taking the NCLEX-RN examination.

1. Sociology 1 or Anthropology 101 - Must be completed prior to 4th semester.
2. Speech 101 - Must be completed prior to 3rd semester
3. 3 units of American Institutions - Must be completed prior to 4th semester
4. 3 units of Humanities - Must be completed prior to 4th semester
5. 1 unit of PE - Must be completed prior to 4th semester

Please refer to Plan B or consult with the nursing counselor for further guidance.

Also note: The information presented may be updated or modified subject to district, state and/or BRN requests. The LACC Registered Nursing Curriculum is in the process of being modified to align with the other LACCD nursing programs in the district. These modifications may be in place by Fall 2009 if district and BRN approved.

Fourth Semester
NRSGREG 110 .................................................. 5
NRSGREG 111 .................................................. 4

Total Required Units .............................................. 38
(Total Units Including Electives .............................. 39)

Note to Current LVN’s:
Current practicing LVN’s are invited to complete the Associate Degree Registered Nursing Program by applying and being accepted into the second year of the program based on space availability. LVNs must have taken a 2 unit Transition/Bridge course. LVN candidates must complete the above prerequisites. This will enable licensed vocational nurses with 6 months clinical experience to complete requirements for the Registered Nursing Associate Degree in 1 year.

LACC also offers a 30-unit option for LVN’s. Candidates who choose this option will not be graduates of the LACC Nursing Program. Several states in the USA will not recognize nurses who pursue this option. The CA Board of Registered Nursing will issue a restricted license upon successful completion of the NCLEX-RN licensing exam for applicants who complete the 30 unit option.

To complete general education requirements in this area of study Plan B for the AA/AS Degree is required.
NOTE: The Plan B requirements for this program include 16 units in Natural Sciences and NOT 12 units as listed in Plan B under other programs in this catalog.

PLAN B: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

3 Units English Composition
3 Units Communication/Analytical Thinking
3 Units Natural Sciences
3 Units Humanities
3 Units Social/Behavioral Sciences (including American History & Governments)
3-4 Units Health/Physical Education
3-5 Units Math Competency

RN RESIDENCY IN PEDIATRICS PROGRAM
Los Angeles City College’s Nursing Program in partnership with Versant Holdings, LLC offers a Registered Nurse Residency in Pediatrics Program. For information contact Versant Holdings, LLC at http://versant.org
A clinical placement is required for this course. Students will be responsible for securing and maintaining their clinical placement within the Children’s Hospital Los Angeles (“CHLA”) system.

CERTIFIED NURSING ASSISTANT PROGRAM
LACC also offers a Certified Nursing Program, Nursing 100 as funding permits. This is a 5 unit course that prepares students for the certified nursing assistant examination given by the Red Cross. Upon completion of the certification exam, students may enroll in the Home Health Aid course.

**PERSONAL DEVELOPMENT**

Chair: Reri Pumphrey
(323) 953-4000 ext. 2250 • AD108

PROGRAMS OFFERED
Courses Only - No Degree/Certificate

The Counseling Department offers life-skills courses providing students with opportunities to increase their potential for academic success, and in their future careers. Personal Development courses introduce students to Los Angeles City College programs and services, develop students’ learning strategies, assist students with planning educational goals, and provide career/major exploration for undecided students. The Counseling Department believes that students should take time early in their college life to develop a comprehensive plan to meet their interests, values, abilities, and goals, improve their time-management skills and adopt other behaviors key to their success in college and beyond.

**PHILOSOPHY**

Chair: Julio Torres
(323) 953-4000 ext. 2763 • HH200

PROGRAMS OFFERED
Courses Only - No Degree/Certificate

Too often when we hear “philosophy,” the thought of old statues and ancient writings comes to mind. In fact, philosophy is alive and well and critical to our every day decision making and the decisions made by business, religious institutions and governments around the world. Additionally, examining the principles of philosophy helps in becoming a more ethical and organized thinker. These skills are critical for future managers. The logic skills gained can benefit anyone and especially aspiring lawyers who will need to present well structured arguments.

**PHOTOGRAPHY**

Chair: Daniel Marlos
(323) 953-4000 ext. 2835

Photography - Digital
Photography - Photojournalism

Skills Certificate:
Photography Darkroom
Digital Photography

The LACC program is nationally recognized as one of the most outstanding of its kind. Many LACC Photography majors become employed in the industry either during or after completion of the degree program. Students interested in photography as a hobby or because it relates to their career goals (e.g., journalism, public relations, art, real estate, business, cinema, etc.) will also benefit greatly from our class offerings.

Degree Program
Photography
Associate of Arts Degree

Career Program
This curriculum will prepare you for a career in professional photography, as a photographer and/or photographic laboratory technician. Training includes lighting, design and professional techniques of color and black and white photography for various publication media, advertising, portraiture and display, using a wide variety of materials and techniques and state of the art equipment including digital cameras, inkjet printers and scanners. Students will be introduced to computer digital imaging technology, including instruction in Adobe Photoshop techniques, and Internet website design classes.

To enroll in Photography 1, you must complete Photography 10 or approval of 10 or more samples of your black and white work, by the instructor. You will need a manual (or automatic with fully manual capability) 35mm single lens reflex camera with a full range of adjustable apertures, shutter speeds and focusing. If you are in Photo 1 or above, you will have access to the department 4 x 5 view cameras and 120 size roll film cameras. Estimated semester expenses for film, paper and other personal supplies are about $200 to $300, depending on the class.

Required Photography
Students may complete course work toward an Associate of Arts degree and/or Certificates of Completion in photography.

Photography
Associate of Arts Degree
Career Program

CORE
Photo 10 ................................................................. 3
Photo 1 ................................................................. 6
Photo 28 ................................................................. 1

Recommended courses including General Education for photography majors are: Art 201, Art 204, Cinema 1, Cinema 2, CAOT 31, Journalism 101, Law 1, Photography 3, 6, 7, 15, 17, 20, 22, 33, 34, 46, 49, 50, 107 and 207.

Pluses
18 units of general education requirements (consult with a counselor for specific courses);

-plus additional elective units to total 60 units for the Associate of Arts degree.

Total Units ................................................................. 36

To complete general education requirements in this area of study, Plan B for the AA/AS Degree is required.

Plan B: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan B is not designed for transfer to a four-year college.

- 3 Units English Composition
- 3 Units Communication/Analytical Thinking
- 3 Units Natural Sciences
- 3 Units Humanities
- 3 Units Social/Behavioral Sciences (including American History & Governments)
- 3-4 Units Health/Physical Education
- 3-5 Units Math Competency

Liberal Arts
Associate in Arts Degree & Transfer Major
Transfer Program

The Liberal Arts degree is designed for students planning to transfer to a four year college/university, including the California State University (CSU) and the University of California (UC) system. This degree provides a well-rounded academic education in the liberal arts and sciences. The Liberal Arts degree consists of the following: 1) general education requirements, 2) 18 units in an area of emphasis, and 3) electives, for a total of 60 units.

- Select one of the three options to meet general education requirements:

Option 1. Los Angeles City College Plan A General Education (30 units min.)
- Option 2. CSU GE Breadth Certification (39 units min.), Option 2 must include a health course (CSU GE - Area E). Option 2 must also include one physical education/dance activity course.
- Option 3. IGETC Certification (37 units min.). Option 3 must include American Institutions/Government requirement. Option 3 must also include a health and physical education/dance activity course.
- Choose an Area of Emphasis (18 units min.)
- Complete electives for the required 60 total units for the AA degree

Areas of Emphasis
Performing and Visual Arts
These courses bring together the performing disciplines of Art, Cinema/TV, Dance, Photography, Music, and Theater. The students will demonstrate through performance how these disciplines integrate and relate to another. Students will be encouraged to work on the interdisciplinary aspect in the 185 Directed Studies through departmental collaborative projects.

A minimum of 18 units from the following 4 of the 6 disciplines below:

Choose a total of 12 units from 2 of the disciplines and the remaining 6 units from 2 of the other disciplines: Art, Cinema/TV, Dance, Music, Photography, and Theater.

Art 201, 501
Cinema 2
Dance Specialties 459
Dance Studies 185, 452
Dance Techniques 400, 431, 434, 437, 466, 467, 468
Dance Techniques 440, 446 or Dance Specialties 440, 446
Music 185, or 311 or 400 or 601 or 621, and 501
Photography 1, 10

Choose one of the following courses for the Arts and Humanities General Education Area: Art 101, 102, 103, 105, 107, 109; Cinema 3, 4; Dance Studies 805; Music 111, 121, 122, 133, 135; Photography 34; Theater 110, 400
CERTIFICATE PROGRAMS

A certificate in Commercial, or Freelance, Photography will be issued by the Media Arts Department upon application of the student with the department upon successful completion of the courses listed above with a satisfactory grade.

OPTION A: PHOTOGRAPHY
Commercial Certificate of Achievement

HEALTH ADVISORY FOR PHOTOGRAPHY

Because students enrolled in the Photography program are required to precisely mix photographic chemicals, some of which are toxic, it is advisable that a student be able to clearly understand oral instructions and reading materials that are distributed in class and lab. Consequently, it is advisable for students to possess reading comprehension at the English 28 level (Intermediate Reading and Composition) or higher.

PHYSICAL EDUCATION

Chair: Daniel Cowgill
(323) 953-4000 ext. 2660 • MG104

SKILL CERTIFICATES OFFERED

Ballet
Jazz Dance
Modern Dance

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

Ballet

Dance students demonstrate basic skills in ballet that lead to creating a ballet dance in choreography class. The Music and Theater courses provide needed background for the choreographic process.

PHYSICAL SCIENCE

Chair: Dr. Jayesh Bhakta
(323) 953-4000 ext. 2923 • SCI 222D
www.lacitycollege.edu/academic/departments/physics/

PROGRAMS OFFERED
Courses Only - No Degree/Certificate

The physical sciences, including geography, geology, and physical science, are related to environmental management, teaching, urban planning, geology and construction careers. These courses provide an opportunity to learn more about our environment, the earth and the forces that shape it.

PHYSICS/ASTRONOMY

Chair: Jayesh Bhakta
(323) 953-4000 ext. 2923 • SCI 222D
www.lacitycollege.edu/academic/departments/physics/

PROGRAMS OFFERED
Associate of Science Physics - General

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

Other Courses
Astronomy

From falling apples to interplanetary spacecraft, high speed computer to the, all natural phenomena and man made technologies have the laws of physics at their core. Studying physics will help you develop an understanding and appreciation of the physical world and prepare you for further work in science, engineering, medical and technical fields.

The LACC Physics department offers classes for science and engineering majors, as well as classes and labs for non-science majors which meet transfer requirements. In addition to modern equipment, the department offers research experiences at Cal State LA and JPL (Jet Propulsion Laboratory), access to an on-campus observatory and computer controlled telescopes, and “Star Parties” – special astronomy field trips.

DEGREE PROGRAM
PHYSICS
Associate of Science Degree
Transfer Program

This four semester sequence of courses serves two functions:
1) it provides a student with a two year Associate in Science degree as a physics major; and
2) it provides the student with preparatory course work to transfer to a four-year university as a junior in physics or other related physical sciences.

All of the physics and mathematics courses listed here are prerequisites for upper division physics and mathematics courses for physics majors. Courses not completed at LACC must be taken at the university before entry into the upper division major program.

First Semester
Mathematics 261........................................5
English 101..............................................3
General Education (American History)................3

Second Semester
Physics 101.............................................5
Mathematics 262.......................................5
Chemistry 101..........................................5
General Education
(Speech Communication 101 or English 102)........3
** Students transferring to the UC should take English 102.

Third Semester
Physics 102.............................................5
Mathematics 263.......................................5
Mathematics 275.......................................3
General Education (Humanities).........................3

Fourth Semester
Physics 103.............................................5
Chemistry 102..........................................5
General Education (Health Ed and PE)
(Select one course from either
Behavioral Science or Life Science).........................6

Total Units
(includes general education requirements) .................61

Physics 101 and Mathematics 261 may be used to fulfill the General Education requirements (double count).

To complete general education requirements in this area of study, Plan A for the AA/AS Degree is required.
PLANA: Please consult with a counselor about specific courses needed or see the college catalog “Graduation Requirements” section. Plan A is designed for transfer to a four-year college or university. However, requirements vary depending upon the individual institution. Please consult with a counselor for the specific requirements of the university you plan to attend.

3-6 Units  English Composition
6-9 Units  Communication/Analytical Thinking
3 Units   Natural Sciences
3 Units   Humanities
9 Units   Social/Behavioral Sciences (including American History & Governments)
3-4 Units  Health/Physical Education
3-5 Units  Math Competency
PSYCHOLOGY

Chair: Rochelle Schooler

(323) 953-4000 ext. 2930 • HH100G
www.lacitycollege.edu/academic/departments/psych/index.html

PROGRAMS OFFERED Associate of Arts:
Human Services - Generalist
Human Services - Drug/Alcohol

Certificates:
Human Services - Generalist
Human Services - Drug/Alcohol

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

A career in Human Services is a career of making a difference for others while discovering more about yourself. Human Services professionals help people turn their lives around and find new directions. They assist the mentally ill, victims of abuse, children, addicts and others in need.

Human Services workers, on average, earn between $20,000 - $40,000 annually. Those who continue their education to become social workers can earn between $25,000 - $65,000 annually. Occupations include: Activity Director, Gang Counseling, Special Education Assistant, Domestic Violence Counselor, Senior & Teen Service Providers, Probation Office Assistant, Activity Director, Disabled Services, CalWORKS/GAIN Program Assistant, Childcare Worker, Social Worker Assistant, Mental Health Worker, Alcohol/Drug Abuse Counselor.

DEGREE PROGRAMS
HUMAN SERVICES
Associate of Arts Degree
Career Program

The Human Services curriculum, offered by the Department of Psychology, is a lower division two year course of study designed to train a student in one of two Options: Human Services Generalist or Drug/Alcohol Studies. The curriculum also serves as an introduction to the helping professions for students planning four year college degrees in Psychology, Human Services, Behavioral Science, Rehabilitation Counseling, Social Work, Health Science and Alcohol and Substance Abuse, and other majors. The Human Services Curriculum specifically trains paraprofessionals who are able to function in a wide variety of areas under professional supervision.

Students in the Human Services Generalist Option and the Drug/Alcohol Studies Option complete the same core courses. Academic preparation is offered in basic psychology courses such as Introductory Psychology, Personality and Social Development, and Abnormal Psychology. Another part of the core classes concentrates on important communication skills and self awareness through participating in Group Dynamics courses, which are conducted as laboratory workshops for the purpose of engaging in and learning about the group process. The third aspect of the core courses is a three semester rotation through Field Work courses, coordinated and taught by a faculty member, in cooperation with facilities in the community. These fieldwork courses are related to the student's special interests and the population with whom they expect to work in the future. By completing the courses listed below, students will be eligible for the Associate of Arts degree with a major in Human Services. Satisfactory completion of all courses with at least a “C” grade is required. Students should note that, while this curriculum culminates in an Associate of Arts degree and Human Services Certificate, additional courses are required for transfer to a four-year college.

**RADIOLOGIC TECHNOLOGY**

Chair: John Radtke  
(323) 953-4000 ext. 2943 • RT  
www.lacitycollege.edu/academic/departments/radtech/index.html

**PROGRAMS OFFERED**

**Associate of Science: Radiological Technology**

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

**DEGREE PROGRAM**

**RADIOLOGIC TECHNOLOGY Associate of Science**

**Degree Career Program**

Radiologic Technology is a health care profession whose practitioners work in hospitals, clinics, free standing imaging centers, and private offices. The Radiologic Technologist (Radiographer) is a member of the health care team who works directly with the patient and the physician performing a wide variety of diagnostic x ray procedures. The Radiographer must be proficient in the knowledge of radiographic exposure, anatomy, patient positioning, the operation of specialized equipment, and in the care and management of the patient. The rapid expansion of medical diagnostic imaging has greatly increased the diversity and utility of medical diagnosis. A career in Radiologic Technology offers vast opportunities for advancement.

The Radiologic Technology curriculum is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) and the State of California, Department of Public Health. The clinical educational centers are accredited by the Joint Commission for the Accreditation of Health Care Organizations (JCAHO). Los Angeles City College is accredited by the Western Association of Schools and Colleges.

Students who complete the curriculum, including the clinical education requirements, will be eligible to take the certification examinations prepared by the American Registry of Radiologic Technologists and the State of California, Department of Health Services, Radiologic Health Branch. An advisory committee, composed of Radiologists, Radiologic Technologists, Radiology Administrators, Clinical Instructors and Student Technologists, cooperates with the College faculty and administrators in continuous curriculum development, evaluation, and revision.

**Admission to the Program**

Admission to the Radiologic Technology program is based upon completion of the following:

- The completion of the prerequisites with a satisfactory grade.
- An application form, to be submitted to the program director.
- The college accepts a limited number of students into the program, which is based on availability of clinical sites. Should the number of qualified applicants exceed the number of available openings, a simple lottery will be implemented.
- Official transcripts of all college courses attempted must be submitted. All pre-requisite courses must be completed by the current Spring semester.

Applicants must meet certain physical health requirements. A physical
examination must be performed by a licensed physician to determine physical and mental fitness of the student. The program director is authorized to require records of such examinations be released to the college. Such records may be used only to determine fitness for the program, and except for such use, the confidentiality of such records shall be maintained. Students must be free from communicable diseases, infection, psychological disorders, and other conditions that prevent the successful performance of the responsibilities and tasks required in the program. Any health condition described above which is developed by the student after admission to the program may be considered sufficient cause for suspension from the program.

Desirable Abilities & Skills
The Joint Review Committee on Education in Radiologic Technology (JRCERT) our accrediting body requires student proficiency in the application of technical knowledge, operation of specialized equipment in a competent and safe manner, and the ability to provide physical care and emotional support to patients during radiographic procedures. Therefore, in order to be admitted to the program, or to be retained in the program after admission, all applicants should possess:

- Visual acuity, such as needed in the accurate preparation and administration of contrast media and for the observation necessary for patient assessment, care and management.
- Auditory perception to receive verbal communication from patients needing assistance and from members of the health care team.
- Communication skills (speech, reading, writing) to interact effectively and sensitively with patients in order to elicit information; describe changes in patient condition; assess non verbal communications; and be able to effectively and efficiently transmit information to patients, fellow students, faculty, staff and all members of the health care team.
- Gross and fine motor coordination to carry out diagnostic procedures including reaching, lifting, and moving radiographic equipment. Applicants should be able to execute motor movements reasonably required to provide general and emergency care to patients.
- Intellectual ability to be able to measure, calculate, reason, analyze and evaluate as required for direct patient care. The applicant must be able to comprehend three dimensional and spatial relationships.
- Emotional stability to enable use of intellectual abilities, exercise good judgment, promptly complete all responsibilities attendant to care of the patients.
- Social attributes to allow the development of mature, sensitive and effective relationships with patients, faculty, co-workers, and administrators.

The “Technical Standards for Admission” have been established as a guideline to use in realistically informing the student of minimum standards needed to satisfactorily function in the Program and ultimately in the profession. The assessment of applicant compliance to these Standards will be accomplished in the following manner:
1. Faculty counseling to determine applicant goals and expectations.
2. A physical examination performed by a licensed physician.

Clinical Work Schedule
The LACC Radiology Technology program has students scheduled at various hours weekly from 5:00am to 7:00pm depending on the student’s rotation. Each student is required to be at the hospital for 36 hours for their clinical training and then spend 4 hours at the LACC campus for additional training and testing. Students are scheduled to work Monday through Sunday with no more than ten (10) clinical hours per day or forty (40) hours per week. Hours exceeding these limitations are voluntary from the student.

Required Courses

The total number of students accepted into the program is determined by the number of available clinical education positions. Courses outlined below are necessary for completion of the program, and are applied toward requirements for the Associate in Science degree with a major in Radiologic Technology. Students are advised by department faculty to determine the specific sequence in which the following courses must be taken.

Prerequisite courses for entrance into the Radiologic Technology Program are: Anatomy 1 (4 units), Physiology 1 (4 units), English 101 (3 units), Mathematics 125 or higher, and, Radiologic Technology 100, 101, and 102.

Note: Class scheduling restricts the completion of this program to day courses.

SPEECH

Chair: Kathleen Beaufait
(323) 953-4000 ext. 2964 • CC187

PROGRAMS OFFERED
Associate of Arts Studies
Oral communication is basic to all human activity— to individual development, to interpersonal activity and to the functioning of all political, business, economic cultural and social institutions. Speech communication examines communication behavior with the goal of understanding the structure, patterns, and effects of human communication and of facilitating a higher quality of communication effectiveness both for individuals and for society. It seeks to improve individual abilities for public speaking, handling informal conversations, creating and maintaining healthy relationships, interacting with individuals from other cultures, solving problems in groups and reaching sound decisions, managing the communication dynamics of an organization and becoming effective producers and consumers of informative, persuasive and artistic messages. The mission of this department is to effectively teach these skills.

THEATER

Chair: Kevin Morrissey
(323) 953-4000 ext. 2992 • TA 208
http://theatreacademy.lacitycollege.edu/

PROGRAMS OFFERED
Associate of Arts: Theater, General

Theatre Academy Vocational Certificates:
Acting
Advanced Acting
Costume Design Level 1
Costume Design Level 2
Technical Theater Entertainment Technology - Level 1
Technical Theater Entertainment Technology - Level 2
Design and Digital Media for the Entertainment Industry

Student learning outcomes for each degree and certificate program are listed at http://sharepoint.lacitycollege.edu/effectiveness/outcomes/for_students/default.aspx

There are two types of programs offered for students interested in majoring in Theater:

• Associate of Arts Degree Program. This program is designed for students who wish to pursue an Associate of Arts degree in Theater and then transfer to an undergraduate university or college.

• Theatre Academy Professional Theatre Training Program.

This nationally recognized conservatory is a vocational skill certificated, professional theater training program for students specializing in acting, technical theater, and costuming who wish to move directly into the profession upon completion of their training.

Note that some courses offered may be offered every other semester, or less frequently. Students must receive a satisfactory grade in all Theater courses taken and have completed those courses within eight years to meet requirements.

DEGREE PROGRAM

GENERAL THEATER (FOR NON-ACADEMY APPLICANTS)

Students studying in the Theater Department who are not part of the Theatre Academy fall into four categories:

1. Those who are satisfying their elective and/or humanities requirements for the Associate of Arts degree;
2. Those who are currently in the entertainment industry and are interested in focusing on a specific course that will further strengthen their understanding of the craft and how it may apply to their profession;
3. Those who are interested in receiving an Associate of Arts Degree and then transferring to an undergraduate university or college (PLAN A – See below);

THEATER

Associate of Arts Degree (Plan A)
Transfer Program

A student must satisfy an 18-unit minimum requirement in the Theater major plus general education units equaling an additional 60-64 units, minimum, in order to receive a transferable Associate of Arts degree in Theater. No specific combination of classes in Theater is required.

The following Theater program is strongly recommended for students interested in a transferable Associate of Arts Degree ("PLAN A").

Any two (2) of the following:
The Theatre Academy is dedicated to the training of talented, serious students who wish to pursue a career in the professional theatre. All prospective Academy students are required to apply for admission to the Theatre Academy (Theatre Production Office, Theatre Building 208). All candidates are required to audition and/or interview before being invited to train at the Academy. Those interested in training at the Academy should call the Theatre Production Office (323) 953-4000 ext. 2990 to set up an audition/interview.

The training that Theatre Academy students receive is stimulating, broadening, exacting, and intense. Allocated number of openings are available both Fall and Spring semester to those students who are highly motivated, aggressive, exceptionally talented, and responsible.

Information concerning audition/interview requirements is available in the Theatre Production Office of the Theatre Department. Any actor interested in pursuing training at the Theatre Academy must exhibit competence in spoken English, relatively free of dialects and regional accents, so that faulty understanding or articulation does not become a hindrance in the training.

All prospective Acting majors must consult with a member of the faculty before auditioning. Prospective Technical Theatre and Costume majors must consult with a faculty member in the appropriate area of interest within the Academy.

BLOCK SCHEDULING: The Theatre Academy is a full-time professional theatre conservatory that schedules classes in a "block" configuration; that is, students are given a specific and required full-time load of courses that are to be taken each semester. Students are not to vary the courses in each semester’s block schedule without approval of the department. When time permits, students are welcome to take other coursework outside the Academy class structure.

PROFESSIONAL ACTOR TRAINING – LEVEL 1
Skill Certificate

The training introduces the student to acting fundamentals through specific movement and vocal techniques, character analysis, observation exercises, and scene study. The ultimate goal is to develop a firm foundation in basic acting skills and a strong respect and appreciation for all aspects of the theatre. All training is geared toward preparing students for careers in acting and related industries.

THEATRE ACADEMY Level 2: ACTING
Vocational Certificate
Career Program

This two-year program is a full-time exploration of the skills necessary to compete in theatre, television, film, and other aspects of the entertainment industry. Guided by a critically acclaimed faculty with a vast range of experience in the industry, the students are provided fundamental skill understanding in acting, movement, voice, speech, character analysis, dialects, and production. Upon satisfactory completion of the program, the students will have developed a respect and appreciation for all aspects of theatre, along with the ability to create a character on stage and to sustain a
performance in front of an audience.

First Semester
Theater 100 ................................................................. 3
Theater 105 ................................................................. 1
Theater 242 ................................................................. 3
Theater 270 ................................................................. 3

Total Units ................................................................. 79

Some students may be advised to take additional prerequisites or co-requisite courses beyond those required to ensure success in the program. Others may be excused from specific courses above based on previous training and/or experience. Any other changes than those stated above are made with the advice and consent of the Theatre Academy faculty.

THEATRE ACADEMY Level III – ADVANCED ACTING Vocational Certificate
Career Program
After successfully completing two years of professional actor training at the Theatre Academy, a select number of students are invited to a third year of specialized training where they receive advanced coursework in theatre orientation, directing, acting for the camera, rehearsal and performance, scene study, and work in classical acting. Students who complete this special third year of training are fully prepared to enter the acting field a step above many professional actors in the industry today. Audition and cold reading techniques, resume preparation and career marketing are only a few of the skills provided that will better equip the Academy graduate to work in the highly competitive fields of theatre, film, and television.

THEATRE ACADEMY COSTUME DESIGN
Vocational Certificate
Career Program
The Theatre Academy’s program in Theatrical Costuming trains costumers and designers through a broad-based theatre curriculum with continual reference to the requirements and differences of television, video, and film costuming. The hands-on curriculum guides the student through methods of costume construction, procedures for handling theatrical wardrobe and organizational techniques, analyzing scripts from a costume perspective, dealing with costuming emergencies, and understanding Director/Designer relationships. This hands-on program stresses shop discipline, organization, maintenance, and procedures. The final two semesters of study focus on the student’s individual interests and talents, including the development of a portfolio, the design of an Academy production, or internship at one of the Los Angeles theatres.

Students must demonstrate computer proficiency to the satisfaction of the Costuming faculty.

Suggested Electives: Students qualified to take more than the prescribed units should take CAOT 1, 2; Art 202.

Vocational Certificate
Career Program
The Technical Theatre Training program graduates highly trained and specialized scenic technicians who have learned a sound working knowledge of their craft and a respect for the skills and technologies associated with their chosen profession. The Technical Theatre Training program at LACC is one of the most unique hands-on programs of its kind in the country, with faculty working alongside students who are specifically interested in the disciplines and craft related to the stage technician. The cutting edge technologies being taught on state-of-the-art equipment are some of the most advanced in the theater training industry. The curriculum combines classroom study with the intense hands-on experience associated with the Academy’s rigorous play production schedule.

Students are required to take Theater 200 and to demonstrate computer proficiency to the satisfaction of the Theatre Technology faculty. Suggested Electives: Students qualified to take more than the prescribed units should take Theater 105; Art 101, 102, 209, 501.
THEATRE ACADEMY SKILL CERTIFICATE
Los Angeles City College has provided quality hands-on professional theatre training, technology, and production experience unrivaled by larger universities and performing arts academies. The Theatre Academy provides each student with the principles and techniques, discipline, organization, and dedication to training required for success in the entertainment industry. All areas of the Academy – acting, technical theatre, and costuming – are showcased each year in six to eight professional level productions. Intensive production experience is complemented by our location just minutes from Hollywood, “the entertainment capital of the world.”

PROFESSIONAL TECHNICAL THEATER
Skill Certificate
Basic level training in equipment, procedures, principles, and techniques used in play production, construction, painting, lighting, properties, manipulation of stage scenery, special effects, and organization of stage activity. All training is geared towards preparing students for careers in technical theater and related industries.

WORKFORCE DEVELOPMENT READINESS ACADEMY
Dean: Alex Davis
(323) 953-4000 ext. 2596 • AD208A
Chair: G. Jara ext. 2597
http://workforce.lacitycollege.edu/

PROGRAMS OFFERED
The Los Angeles City College (LACC) Workforce Readiness Academy prepares English language learners proficient, economically disadvantaged, and other non-traditional college students to attain the essential knowledge, skills and abilities to successfully acquire and retain employment, and to effectively explore, plan and establish career ladder pathways leading growth opportunities in high demand occupations.

The focus of the Academy is to designate participation in workforce education programs as the first step in the career ladder of success towards attaining economic self-sufficiency, with subsequent career ladder progression to credit, vocational education skills certificates, certificates, and associate degree programs.

Academy education and training programs encompass 10 non-credit Skills Certificates of Competency and Completion, and over 30 courses in Basic Education and Computing skills, English as a Second Language (ESL), Vocational ESL, Workforce Literacy and Job Readiness skills, and associated Short-Term Vocational Training for high demand jobs in high growth industries such as the healthcare, child development, and retail sectors. Other high demand Academy programs include Citizenship Preparation and Entrepreneurship skills training.

All non-credit courses and Certificate programs are available FREE to all program participants! Take advantage of these opportunities to advance in your career now, and Welcome to Los Angeles City College... From the Staff of the Workforce Readiness Academy Also see the Citizenship/English Literacy section earlier in this catalog.

WORKFORCE READINESS ACADEMY

ALL COURSES ARE ALSO OFFERED ON A “STAND-ALONE” BASIS

Nelijens Colon-Paladini
Coordinator of Non-Credit Programs
(323) 953-4000 ext. 2230

The LACC Workforce Readiness Academy was voted “Best Workforce Development Program” at the LA Community College District’s Excellence in Workforce Development Awards, held in May 2008. The District’s eighth annual event also honored the program with a first place trophy in the category “Successful Encouragement of Special Populations.” The program is focused on non-credit workforce education and enables students to enter various career ladder pathways. Courses are taught at City College Wilshire - 3020 Wilshire Blvd. AND Van de Kamp Innovation Center - 2930 Fletcher Drive.
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

At the time of catalog publication, a student may earn an AA-T in Early Childhood Education and Communication Studies. Additional majors are being developed. Please see a counselor and www.lacitycollege.edu for more information.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or "AS-T" major as detailed below. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063). Courses may be double counted for General Education and the major.
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) ; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

ACCOUNTING

ACCOUNTING 1
Introductory Accounting I
5 UNITS - (UC:CSU)
Lecture 5 hours
Accounting 1 is intended for transfer students. All others should consider taking Accounting 21 with Accounting 41 and Accounting 22 with Accounting 42.
Students learn fundamental accounting principles and concepts. Includes analysis and recording of various business transactions in the journals and ledgers; preparation of basic financial statements of service and merchandising firms; detailed study of accounting for cash, receivables, inventory, plant assets including depreciation; intangible assets and amortization; payables payroll and related payroll taxes.

ACCOUNTING 2
Introductory Accounting II
5 UNITS - (UC:CSU)
Lecture 5 hours
Prerequisite: Accounting 1 with a satisfactory grade or better.
Students continue learning fundamental accounting principles and concepts including the recording of transactions unique to partnerships and corporate forms of business. Students prepare cash flow statements, financial analysis and interpretation and introduction to basic cost accounting concepts and procedures. Basic fundamental understanding of issuing and investing in stocks and bonds.

ACCOUNTING 15
Tax Accounting I
3 UNITS - (CSU)
Lecture 3 hours
Prerequisite: Accounting 1 with a satisfactory grade or better.
Tax laws, accounting procedures required in the preparation of Federal and California State income tax returns for individuals. Can be utilized to meet the basic qualifications for registering as a tax preparer and the continuing education requirements of the California Tax Preparer Act.

ACCOUNTING 17
Payroll Accounting
2 UNITS - (A)
Lecture 2 hours.
Advisory: English 28 and 67 or appropriate placement on college assessment.
Concerned with procedures and practices involved in a firm’s payroll system, includes familiarizing students with current State and Federal laws with respect to computation of regular and overtime pay, withholding of payroll taxes, computation of employer’s payroll taxes, and the preparation of payroll tax returns and reports.
ACCOUNTING 21
Bookkeeping and Accounting I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Co-requisite: Accounting 41.
(Note: Accounting 21 students must also enroll in Accounting 41 at the same hour and with the same instructor as Accounting 21. Credit allowed for only Accounting 1 or the combination of Accounting 21 with 41 and 22 with 42.)
UC limit: Accounting 21 and 22 equal five units allowable.
Fundamentals of double-entry accounting; the accounting cycle; preparation of the trial balance, adjusting entries and three basic financial statements; use of controlling accounts; accounting for merchandise and cash transactions; special journals and periodic reporting.

ACCOUNTING 22
Bookkeeping and Accounting II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Accounting 21 with satisfactory grades or better.
Co-requisite Accounting 42.
(Note: Accounting 22 students must enroll in Accounting 42 at the same hour and with the same instructor as Accounting 22.)
This class covers accounting for receivables, payable and bad debts, deferrals and accruals, merchandise inventories, plant and equipment, accounting for partnerships and corporations, Cash Flow statement, comparative financial statement analysis, and accounting for manufacturing enterprises.

ACCOUNTING 23
Recordkeeping for Small Business
3 UNITS - (A)
Lecture 3 hours.
Prerequisite: Accounting 1 or Accounting 21 with satisfactory grades or better.
QuickBooks class builds on knowledge and background gained from Accounting 21/41 and introductory computer skills. Introduces cash basis concept of accounting, and small business computerized accounting software using QuickBooks. Students will complete simulated accounting projects designed for different types of small business firms using both manual and automated systems.

ACCOUNTING 27
Accounting: Automated Accounting Methods and Procedures II
3 UNITS - (A)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Accounting 1 or Accounting 21 with a satisfactory grade or better.
Computer applications in the preparation of special journals, payroll register, bank reconciliation, aging accounts receivable inventory costing and depreciation. Analysis reconciliation, aging accounts receivable, inventory costing and depreciation. Analysis of financial statements and preparation of a computerized practice set.

ACCOUNTING 31
Mathematics of Accounting
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Review of mathematical fundamentals, followed by bank reconciliation, payroll computations, depreciation and allocation of overhead, trade and cash discounts, simple and compound interest computations, multiple payment plans, present value, sinking fund and amortization.

ACCOUNTING 41
Laboratory for Accounting 21
1 UNIT - (A)
Laboratory 2 hours.
Co-requisite: Accounting 21.
(Note: Accounting 41 students must also enroll in Accounting 21 at the same hour and with the same instructor as Accounting 41)
Fundamentals of double-entry accounting; the accounting cycle; preparation of the trial balance; adjusting entries and three basic financial statements; use of controlling accounts; accounting for merchandising and cash transactions; special journals and periodic reporting.

ACCOUNTING 42
Laboratory For Accounting 22
1 UNIT - (A)
Laboratory 2 hours.
Prerequisite: Accounting 41 with a satisfactory grade or better.
Co-requisite: Accounting 22 which meets at the same hour.
Accounting 42 students must also enroll in Accounting 22, at the same hour and with the same instructor. This laboratory course is designed to reinforce the lecture and discussion in Accounting 22.

ACCOUNTING 55
Accounting Computer Laboratory
1 UNIT - (A)
Laboratory 2 hours.
Prerequisite: Accounting 21 with a satisfactory grade or better.
Students learn to use the spreadsheet software “Microsoft Excel” for solving accounting problems and concepts being studied in other accounting classes.

ADMINISTRATION OF JUSTICE
ADMINISTRATION OF JUSTICE 1
Introduction to Administration of Justice
3 UNITS - (UC:CSU)
Lecture 3 hours
Students learn the philosophy and history of law enforcement, overview of crime criminal justice problems, including community relations: Organization and jurisdiction of local, state, and federal law enforcement agencies. Students survey professional career opportunities; and qualifications required for entry into a career in Administration of Justice.

ADMINISTRATION OF JUSTICE 2
Concepts of Criminal Law
3 UNITS - (UC:CSU)
Lecture 3 hours.
The students learn the basic principles of the evolution of the English Common Law with emphasis on sections of the California Penal Code most frequently used by police officers.

ADMINISTRATION OF JUSTICE 3
Legal Aspects of Evidence
3 UNITS - (CSU)
Lecture 3 hours.
Students learn the origin, development, philosophy and constitutional basis of evidence. Students also analyze the constitutional considerations of the rules governing the admissibility of evidence in court.
 ADMINISTRATION OF JUSTICE 4  
Principles and Procedures of the Justice System  
3 UNITS - (CSU)  
Lecture 3 hours.  
Students learn the history and services related to judicial organization, management and administration. Additionally, students learn about prosecutorial and court functions.  
UC limit: One course from Administration of Justice 1, 4

 ADMINISTRATION OF JUSTICE 5  
Criminal Investigation  
3 UNITS - (CSU)  
Lecture 3 hours.  
This course will cover the fundamentals of a criminal investigation. Topics include: Interviews and interrogations, evidence collection and analysis and case preparation for court.

 ADMINISTRATION OF JUSTICE 6  
Patrol Procedures  
3 UNITS - (CSU)  
Lecture 3 hours.  
The students cover the history and development of patrol philosophy; planning for field activities to include functions of patrol, traffic and other preliminary investigative duties of the field officers.

 ADMINISTRATION OF JUSTICE 7  
Juvenile Procedures  
3 UNITS -  
Lecture 3 hours.  
Students learn about the juvenile justice system and related juvenile justice issues. Topics include Juvenile Justice and Delinquency in the United States; Theories of Juvenile Delinquency; Policing Juveniles, the Law, and the Courts; Juvenile Corrections; and Issues in Juvenile Delinquency.

 ADMINISTRATION OF JUSTICE 10  
Report Writing for Peace Officers  
3 UNITS - (CSU)  
Lecture 3 hours.  
Students learn to complete written reports as used by law enforcement agencies and present factual material with clarity, definiteness, and conciseness emphasized.

 ADMINISTRATION OF JUSTICE 11  
Recruitment Selection Process  
3 UNITS - (CSU)  
Lecture 3 hours.  
The students receive an in-depth coverage of the selection process for employment in a law enforcement agency.

 ADMINISTRATION OF JUSTICE 53  
Forensic Fingerprint Evidence  
3 UNITS - (A)  
Lecture 3 hours.  
Students locate, develop and lift fingerprints from crime scenes. These skills are a must for students interested in law enforcement as a police officer or evidence specialist or for private investigations.

 ADMINISTRATION OF JUSTICE 62  
Fingerprint Classification  
3 UNITS - (CSU)  
Lecture 3 hours.  
A practical course designed to cover the technical aspects of fingerprinting. Topics will include pattern interpretation, classification, taking and lifting of prints, and searching and filing procedures. Times will be devoted to laboratory work in the classroom.

 ADMINISTRATION OF JUSTICE 67  
Community Relations I  
3 UNITS -  
Lecture 3 hours.  
Students learn about citizen participation and emphasizes why it is critical to the effectiveness of the criminal justice system. It focuses on the importance of and strategies for positive police-community interactions and addresses the internal and external communities the police serve.

 ADMINISTRATION OF JUSTICE 160  
Police Organization and Administration  
3 UNITS - (CSU)  
Lecture 3 hours.  
Students learn to analyze the concept of police organizations and management styles; addressing the roles and responsibilities of law enforcement agencies.

 ADMINISTRATION OF JUSTICE 379  
Advanced Criminalistics -Forensics I  
3 UNITS - (A)  
Lecture 3 hours.  
Advisory: Administration of Justice 180.  
Students concentrate on three areas of forensics: Serology (blood/DNA), blood spatter analysis and trace evidence. Students use a “hands-on” approach to identify and collect this type of evidence and learn the techniques, used by crime-lab criminalists, to analyze evidence.

 ADMINISTRATION OF JUSTICE 381  
Law Enforcement Internship  
3 UNITS - (A)  
Lecture 1 hour; laboratory 8 hours.  
The students provide voluntary service to a law enforcement agency of their choice to determine whether police work will be a career goal.

 ADMINISTRATION OF JUSTICE 382  
Introduction to the Firearms Training System  
3 UNITS - (A)  
Lecture 3 hours.  
Students learn the legal ramifications in the use of deadly force by law enforcement personnel. Additionally, with the use of a computer simulation, students are placed in “real life” type situations and must determine to “shoot or don’t shoot”.

 ADMINISTRATION OF JUSTICE 60  
Arrest, Search and Seizure  
3 UNITS - (CSU)  
Lecture 3 hours.  
Students concentrate on their individual rights as it pertains to an officer searching and/or seizing property. Fourth Amendment rights regarding unreasonable search and seizure are discussed.
ADMINISTRATION OF JUSTICE 391
Firearms Evidence Analysis
3 UNITS - (A)
Lecture 3 hours.
Firearm analysis is a forensic course that examines all aspects of firearms - guns/rifles/shotguns, bullets, cartridges, and bullet comparisons. The student approaches firearm analysis from a criminalist point of view and uses a “hands-on” approach through practical exercises and microscope comparisons.

ADMINISTRATION OF JUSTICE 396
Traffic Collision Investigation
3 UNITS - (A)
Lecture 3 hours.
Advisories: English 28 and 67.
Students concentrate on investigating traffic collisions by identifying and interpreting forensic evidence as well as diagramming and measuring scenes. Students also learn how to understand vehicle and pedestrian dynamics (behaviors) normally associated after a collision.

ADMINISTRATION OF JUSTICE 413
Financial Crimes Investigations
3 UNITS - (A)
Lecture 3 hours.
Advisories: English 28 and 67.
Students concentrate on the criminal and civil investigation techniques in dealing with the highly technical field of financial crimes. Students analyze the following crimes: forgery, credit card fraud, financial scams, fake identification fraud, computer fraud, internet crimes and identification fraud (Social Security Number).

AFRICAN-AMERICAN STUDIES

AFRICAN-AMERICAN STUDIES 4
The African-American in the History of the United States I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
Note: Meets the Associate in Arts degree requirements in U.S. History, U.S. Constitution, and California State and Local Government. Students analyze historiographical issues in African American history and how black Americans were active agents in creating their own history. Emphasis on the African background of African Americans, the institution of slavery, the development of the African American community institutions, and African American participation in and impact on the Civil War and Reconstruction.

AFRICAN-AMERICAN STUDIES 5
The African-American in the History of the United States II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
Note: Meets the Associate in Arts degree requirements in U.S. History, U.S. Constitution, and California State and Local Government. Transfer Limit UC. Maximum credit one course from African Am Studies 5, Chicano Studies 8, and History 12 or 13.
Students analyze historiographical issues in African American history and how black Americans were active agents in creating their own history. Emphasis on ideas of black social thought, political protest and efforts to create social change from Reconstruction to the present.

AFRICAN-AMERICAN STUDIES 7
African-Americans and the Political System
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
Students analyze the relationship of minority groups to American Politics with emphasis on African Americans in the political system. This course gives an in-depth study of the distribution of political power at the Federal and State levels, African American political thought, ranging from early 18th and 19th emigrationist sentiments to the nationalist exhortations of contemporary African American culture, including African American feminist and socialist thought.

AFRICAN-AMERICAN STUDIES 20
African-American Literature I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
Students survey African American writers, covering all types of literatures (slave narrative, poetry, novels, etc.) to develop a positive attitude towards reading and understanding the progression of American culture as interpreted by African American writers.

AFRICAN-AMERICAN STUDIES 60
African-American Music
3 UNITS - (UC:CSU)
Lecture 3 hours.
A study of African-American Music and their influences on folk spirituals, gospels, concert music, opera, ballet, blues and jazz underscoring styles, characteristics, origin and contributions by African-American Artists.
Credit allowed Credit allowed for only one of African America 60 and Music 135.

AFRICAN-AMERICAN STUDIES 7
African-Americans and the Political System
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
Students analyze the relationship of minority groups to American Politics with emphasis on African Americans in the political system. This course gives an in-depth study of the distribution of political power at the Federal and State levels, African American political thought, ranging from early 18th and 19th emigrationist sentiments to the nationalist exhortations of contemporary African American culture, including African American feminist and socialist thought.

AMERICAN SIGN LANGUAGE

AMERICAN SIGN LANGUAGE 1
American Sign Language I
4 UNITS - (UC:CSU)
Lecture 4 hours. Laboratory 1 hour.
This is an introductory course designed to develop basic conversational skills using vocabulary and grammar of American Sign Language. Its emphasis is placed on receptive and comprehension skills. Incorporates vital aspects of the Deaf culture and community.

AMERICAN SIGN LANGUAGE 2
American Sign Language II
4 UNITS - (UC:CSU)
Lecture 4 hours. Laboratory 1 hour.
Prerequisite: American Sign Language I with a satisfactory grade or better.
This course completes the study of elementary vocabulary and grammar. Increased development of inflectional and non-manual behavior patterns. Incorporation of selected aspects of Deaf culture and community within receptive and expressive conversation.
**AMERICAN SIGN LANGUAGE 3**

**American Sign Language III**

4 UNITS - (UC:CSU)

Lecture 4 hours. Laboratory 1 hour.

Prerequisite: American Sign Language 2 with a satisfactory grade.

Students continue to develop American Sign Language grammar, with special emphasis on idiomatic constructions. Conversational techniques are emphasized focusing on expressive skills, and expanded study of Deaf cultural issues.

**ANTHROPOLOGY 101**

**Human Biological Evolution**

3 UNITS - (UC:CSU)

Lecture 3 hours.

Co-requisite: Anthropology 101.

This course introduces laboratory methods used to examine evolutionary theory, human genetics, classification, and modern human variation. Students will be able to underline the historical path to natural selection, describe the five factors of the evolutionary process, identify biological characteristics of primates, discuss features of primate behavior, diagram the origin of mankind through comparing skulls from the hominid fossil record, and interpret modern human variation.

**ANTHROPOLOGY 102**

**Human Ways of Life: Cultural Anthropology**

3 UNITS - (UC:CSU)

Lecture 3 hours.

Advisory: English 28 and 67 or equivalent.

This course establishes the four-field approach to anthropology while covering both anthropological theory and method. Conversations will adopt a holistic perspective to human culture and establish cultural relativism. The objectives of this course are (1) to employ a relative perspective in the appreciation of the world’s cultural diversity, and (2) to apply case studies to describe this variation. The student examines communication, learning, subsistence, economics, family, kinship, gender, ethnicity, politics, stratification, globalization, religion, expressive art, and cultural changes as these all affect our lives, through assigned readings from the text, lectures, discussions and ethnographic investigations, this course will equip you the student with a better understanding of cultural life ways, both past and present, in this time of globalization.

**ANTHROPOLOGY 103**

**Archaeology: Reconstructing the Human Past**

3 UNITS - (UC:CSU)

Lecture 3 hours.

Advisory: English 28 and 67.

This course is an exploration of the theories and methods of contemporary archaeology and offers a narrative on prehistory. Students will interpret the peopling of the planet, culture change, and the rise of civilization using the archaeological record. Students will construct a theory-rich research design that reflects current trends in contemporary archaeology.

**ANTHROPOLOGY 111**

**Laboratory in Human Biological Evolution**

2 UNITS – (UC:CSU)

Lecture 1 hour. Laboratory 2 hours.

Co-requisite: Anthropology 101.

This course introduces laboratory methods used to examine evolutionary theory, human genetics, classification, an introduction to primates, the hominid fossil record, and modern human variation. Students will use practical research modules to identify biological characteristics of primate using principles of classification, discuss features of primate locomotion, diagram the origin of mankind by employing the comparative morphology of skulls from the hominid fossil record, and use forensic techniques to interpret modern human variation. Students must complete Anthropology 101 or be currently enrolled.

**ANTHROPOLOGY 121**

**Anthropology of Religion, Magic and Witchcraft**

3 UNITS - (UC:CSU)

Lecture 3 hours.

Advisory: English 28 and 67 or equivalent.

Students learn about the origins and varieties of religious beliefs and practices cross-culturally. Topics include mythology, symbolism, shamanism, traditional healing, altered states of consciousness, magic, divination, witchcraft, and the question of cults.

**ANTHROPOLOGY 151**

**Visual Anthropology: Exploring Culture Through Film Mixed Media**

3 UNITS - (UC:CSU)

Students survey and analyze the use of film and video in anthropological research, teaching, theory and methodology. Films are studied for their anthropological content and as artifacts of western culture, which reveal significant aspects of that culture. Students learn techniques in video and audio production in the creation of a final visual product.
ARCHITECTURE

ARCHITECTURE 121
Freehand Drawing
2 UNITS - (RPT1) (UC:CSU)
Lecture 1 hour; Laboratory 3 hours.
Students will learn fundamental architectural drafting and drawing techniques including perspective, coloring and rendering conventions and freehand drawing.

ARCHITECTURE 162
Computer Aided Design and Drafting
3 UNITS - (UC:CSU)
Lecture 2 hour; Laboratory 4 hours.
Students learn and apply beginning AutoCAD 2-D drawing techniques to advance 2-D commands and 3-D modeling methods by completing a series of exercises. The latest version of the popular program is utilized. Important for students interested in the fields of architecture, interior design, and construction.

ARCHITECTURE 172
Architectural Drawing I
3 UNITS - (CSU)
Lecture 1 hour; laboratory 5 hours.
First level architectural design and technical drawing methodology. Students design a simple one-story residence and prepare a complete set of design and technical drawings of the residence. Creative, conceptual and analytical skills are developed. Fundamental architectural drawing techniques as well as 3-D computer modeling methods are introduced. Some basic architectural principles, theories, order and methodologies are explored and incorporated into student projects. The profession of architecture and the practice of architects are clarified. Critical for students applying for work in the architectural or interior design fields as well as students interested in pursuing a higher degree in architecture school or related design field. Great also as a general education course to develop the creative mind and learn to draw architectural plans. Students will also create a portfolio of their work.

ARCHITECTURE 173
Architectural Drawing II
3 UNITS - (CSU)
Lecture 1 hour; laboratory 5 hours.
Prerequisite: Architecture 172 with a satisfactory grade.
Second level architectural design and technical drawing methodology. Students design a two-story residence addressing a range of complex contextual and environmental issues, including passive energy design principles. A complete set of design and technical drawings of the residence will be produced. Creative, conceptual and analytical skills are developed. Fundamental architectural drawing techniques as well as 3-D computer modeling methods are refined. Critical for students applying for work in the architectural or interior design fields as well as students interested in pursuing a higher degree in architecture school or related design field. Students will also create a portfolio of their work.

ARCHITECTURE 201
Architectural Design I
3 UNITS - (UC:CSU)
Lecture 1 hour; laboratory 5 hours
Prerequisite: Environmental Design 102 with a satisfactory grade.
Third level architectural design studio. Students design large and complex projects addressing significantly broader issues both architecturally and contextually. Complex project programmatic requirements are studied and organized in architecturally coherent fashion. Drawing, rendering, computer and model making skills are further refined. Students will examine and analyze the architectural formal and spatial design principles, theories, order and methodologies of significant architects and incorporate them into student projects. Students will also create a portfolio of their work.

ARCHITECTURE 202
Architectural Design II
3 UNITS - (UC:CSU)
Lecture 1 hour; laboratory 5 hours
Prerequisite: Architecture 201 with a satisfactory grade.
Fourth level architectural design studio. Student imagination, vision and foresight are nurtured through the conception and development of a high density housing community of the near future. Issues of urban fabric, quality of neighborhood, support infrastructure, and transportation will be examined and addressed in the proposed community.

ARCHITECTURE 222
Architectural Graphics
3 UNITS - (UC:CSU)
Lecture 1.5 hour; laboratory 4.5 hours.
Students learn architectural drafting and drawing conventions. Students practice standard techniques to draw plans, elevations, sections, axonometrics, and perspectives as well as non-traditional methods. A variety of media are explored and utilized to create a range of graphic outcome. The course also covers some basic conceptual training and development of creative skills. Students will create a portfolio of their work from this and other design courses.

ARABIC

ARABIC 1
Elementary Arabic I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: English 28 and 67
Introduces the fundamentals of the Arabic pronunciation and grammar structure. The student receives practical material for simple conversation based on everyday experiences and basic facts on the geography, customs and culture of the Arabic speaking world.

ARABIC 2
Elementary Arabic II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Arabic 1 with a satisfactory grade or equivalent.
Students complete learning elementary Arabic grammar and began reading and writing relatively more advanced elementary texts. They continue with the study of the cultures of countries that speak Arabic.
ARCHITECTURE 271
Architectural Drawing III
3 UNITS - (CSU)
Prerequisite: Architecture 173 with a satisfactory grade.
Lecture 1 hour; Laboratory 5 hours.
Third level architectural design and technical drawing methodology. Students design a multiple story residence on a down slope site addressing a range of complex contextual and environmental issues, including passive energy design principles. Different building materials such as concrete and metal will be studied and incorporated into the building. A complete set of design and technical drawings of the residence will be produced. Creative, conceptual and analytical skills are further developed. Fundamental architectural drawing techniques as well as 3-D computer modeling methods are refined. Students will create a portfolio of their work.

ARCHITECTURE 272
Architectural Drawing IV
3 UNITS - (CSU)
Prerequisite: Architecture 271 with a satisfactory grade. Lecture 1 hour; Laboratory 5 hours.
Fourth level architectural design and technical drawing methodology. Students design a multi-story mid density residence which will address a range of complex contextual and environmental issues, passive energy design principles and code compliance design. Different building materials such as concrete and metal will be studied and incorporated into the building. A complete set of design and technical drawings of the residence will be produced. Creative, conceptual and analytical skills are further developed. Fundamental architectural drawing techniques as well as 3-D computer modeling methods are refined. Students will create a portfolio of their work.

ARMENIAN 1
Elementary Armenian I
5 UNITS - (UC:CSU)
Lecture 5 hours, Laboratory 1 hour.
Advisory: English 28 and 67.
The student completes the fundamentals of pronunciation and elementary grammar, practical vocabulary and useful phrases to understand, read and write simple Armenian.

ARMENIAN 2
Elementary Armenian II
5 UNITS - (UC:CSU)
Lecture 5 hours, Laboratory 1 hour.
Prerequisite: Armenian 1 with a satisfactory grade or equivalent.
The students learn the elementary grammar, reading and comprehension of simple text, with emphasis on oral expression. It also includes an introductory study of Armenian culture to complement comprehension of language.

ART
ART 101
Survey of Art History I
3 UNITS - (UC:CSU)
Lecture 3 hours
Advisory: English 28 and 67.
Students study the development of art from prehistoric period to the time of the Renaissance emphasizing the cultural context of the West and its major points of contact with the non-European world.

ART 102
Survey of Art History II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students learn about the development of Art from the time of the Renaissance to the Early 20th Century. Emphasis is placed on the cultural context of the West while major points of artistic contact with the non-European world is considered.

ART 103
Art Appreciation
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
The student learns about art forms and media in traditional and contemporary styles including terminology and problems of definition, meaning, and evaluation in the visual arts.

ART 105
History of Asian Art
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
The student learns about the development of Asian art from prehistoric times through the 20th Century including the artistic traditions and histories of China, India, Japan, Korea, and Southeast Asia. The student considers how cultural, political, and religious forces influenced the arts and explores how the various regions of Asia formed and influenced one another.

ART 107
Mexican Art - Modern
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
The student learns about the pictorial arts of Mexico prior to and during the 20th Century including the periods from the pre-Historic through the Mexican influence on the arts of the United States.

ART 111
History of Contemporary Art
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 67 or equivalent.
Students will be exposed to a survey of major trends in Art from 1900 to the present day. Students will explore the historical context of each trend and the pluralism of contemporary art will be considered.

ART 185
Directed Study - Art Honors
1 UNITS
Lecture 1 hour.
Students pursue on their own an in-depth study of a subject of special interest to them in studio art. Students work independently but consult with the instructor on a weekly basis to critique their work.
ART 201
Drawing I
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Students explore various drawing approaches in several black and white media with emphasis upon the development of observational, technical and expressive skills in graphic representation.

ART 202
Drawing II
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 201 and 501 with satisfactory grades.
A continuation of Drawing I with continued emphasis on technical, observational and analytical aspects of drawing with the addition of color media as well as mixed drawing media. Projects are designed to test conceptual skills.

ART 204
Life Drawing I
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours; Discussion 1 hour.
Prerequisite: Art 201 with a satisfactory grade.
Co-requisite: Art 501.
Drawing from the live model in various mediums, solving problems related to structure, anatomy, composition and expressive design.

ART 205
Life Drawing II
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 204 with a satisfactory grade.
Students continue drawing and painting from the live model in various media, solving more complex problems related to structure, anatomy, composition and design.

ART 206
Life Drawing III
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 205 with a satisfactory grade.
Students continue drawing and painting from the live model in various media, solving complex problems related to structure, anatomy, composition and design.

ART 207
Life Drawing IV
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 206 with a satisfactory grade.
Students continue drawing and painting from the live model while developing a more personal drawing style. Emphasis is on deepening and broadening the student’s mastery of drawing and creating the human form.

ART 209
Perspective Drawing I
3 UNITS - (UC:CSU)
Lecture 2 hour; Laboratory 2 hours.
Students learn to draw three-dimensional objects in space using measured vanishing point systems along with direct observation and freehand drawing. Students explore methods of drawing cast shadows and mirror reflections in perspective.

ART 285
Directed Study - Art Honors
2 UNITS
Lecture 2 hours.
Students pursue on their own an in depth study of a subject of special interest to them in studio art. Students create art works of special interest to them under guidance of the instructor.

ART 300
Introduction to Painting
3 UNITS - (UC:CSU)
Lecture 2 hour; Laboratory 2 hours.
Prerequisite: Art 201 with a satisfactory grade.
Co-requisite: Art 501.
Students learn the technique of watercolor painting applied to still life, landscape and the human figure using transparent watercolors as the medium.

ART 301
Watercolor Painting I
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 300 with a satisfactory grade.
Students expand their knowledge of watercolor painting, composition and color while continuing to explore art concepts, content and imagery.

ART 302
Watercolor Painting II
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 301 with a satisfactory grade.
Students expand their knowledge of watercolor painting, composition and color while continuing to explore art concepts, content, and imagery as applied to personal expression.

ART 303
Watercolor Painting III
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 302 with a satisfactory grade.
Students expand their knowledge of watercolor painting, composition and color while continuing to explore art concepts, content, and imagery with special emphasis on personal style.

ART 304
Acrylic Painting I
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 201 and 501 with a satisfactory grade.
Students learn a variety of techniques employing acrylic paints and related grounds and tools. A variety of subject matter is used to introduce a series of stylistic approaches.

ART 305
Acrylic Painting II
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 304 with a satisfactory grade.
Students learn to employ acrylic paints and related grounds and tools at an intermediate level, building upon techniques from Art 304. A variety of subject matter is used to support the development of stylistic approaches.

ART 306
Acrylic Painting III
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 305 with a satisfactory grade.
Students learn to employ acrylic paints and related grounds and tools at an advanced level, building upon techniques from Art 305. A variety of subject matter is used to support the development of personal style.
ART 307
Oil Painting I
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 201 and Art 501 with satisfactory grades or better.
Students learn the tools, materials, and techniques of painting with the oil painting medium. Students expand their knowledge of composition and color while developing art concepts, content and imagery from still life, landscape and the human figure.

ART 308
Oil Painting II
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 307 with a satisfactory grade.
Students explore the oil painting medium in a variety of perceptual problems. Students work from the study of still life, landscape, and the live model.

ART 309
Oil Painting III
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 308 with a satisfactory grade. Students explore the oil painting medium in a variety of perceptual problems. Students work toward individual growth and development of personal concepts.

ART 385
Directed Study - Art Honors
3 UNITS
Lecture 2 hours.
Students pursue on their own an in-depth study of a subject of special interest to them in studio art. Students will create art works of special interest to them under guidance of the instructor.

ART 400
Introduction to Printmaking
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 201 and 501 with satisfactory grades. Students practice various forms of advanced relief platemaking and printing. Emphasis will be placed on the development of visual ideas and printing techniques.

ART 401
Etching I
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 400 with a satisfactory grade. Students practice various forms of etching and printing. Emphasis will be placed on the development of visual ideas and etching techniques.

ART 402
Etching II
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 401 with a satisfactory grade. Students practice various forms of etching and printing. Emphasis will be placed on the development of visual ideas and advanced etching techniques.

ART 407
Relief Printmaking I
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 402 with a satisfactory grade.
Students practice various forms of platemaking and printing in the relief process. Emphasis will be placed on the development of visual ideas and relief printing techniques.

ART 408
Relief Printmaking II
3 UNITS - (UC:CSU)
Lecture 1 hour; Laboratory 5 hours.
Prerequisite: Art 407 with a satisfactory grade.
Students practice various forms of advanced relief platemaking and printing. Emphasis will be placed on the development of visual ideas and themes utilizing printmaking techniques.

ART 501
Beginning Two-Dimensional Design
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 501 with a satisfactory grade. Co-requisite: Art 201. Students study concepts of three dimensional form with experimental problems in a variety of materials using various spatial constructions.

ART 502
Beginning Three-Dimensional Design
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 501 and Art 633 with satisfactory grades. Students learn visual thinking and expression by working with the basic methods and concepts of composition and the basic elements of line, shape, value and color. Students study the role of graphic communication in society.

ART 604
Graphic Design I
3 UNITS - (CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 501 and Art 633 with satisfactory grades. Students study concepts of three dimensional form with experimental problems in a variety of materials using various spatial constructions.

ART 605
Graphic Design II
3 UNITS - (CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 604 and Art 633 with satisfactory grades. Co-requisite: Art 639. Students apply graphic design principles using computer graphic rendering. Emphasis is placed on comprehensive layouts for advertising design and graphics and include product rendering with the integration of typographical elements.

ART 606
Graphic Design III
3 UNITS - (CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 605, Art 633 and Art 639 with satisfactory grades. Students apply more advanced graphic design principles using computer graphics. Emphasis is placed on the creation of illustrations and digital images and their integration into page layout software to produce press-ready graphics.

ART 620
Illustration 1
3 UNITS - (CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: Art 201 with a satisfactory grade. Co-requisite: Art 501. Students learn to use drawing and design techniques and media in solving problems in commercial illustration including editorial, illustration, book illustration and comics.
ART 633  
Introduction to Computer Graphics  
3 UNITS - (CSU)  
Lecture 2 hours; Laboratory 2 hours.  
Prerequisite: Art 501 with a satisfactory grade.  
Students learn the fundamentals of computer graphics using Adobe Illustrator. The macintosh operating system, color modes, file formats, basic scanning and digital printing techniques as well as web research is also surveyed.

ART 634  
Computer Graphics I: 3D Computer Graphics  
3 UNITS - (CSU)  
Lecture 2 hours; Laboratory 2 hours.  
Prerequisite: Art 633 with a satisfactory grade.  
Introductory still-image manipulation course using Adobe Photoshop.

ART 635  
Desktop Publishing Design  
3 UNITS  
Lecture 2 hours; Laboratory 2 hours.  
Prerequisite: Art 633 and 639 with a satisfactory grade  
Students learn the principles of page layout design as it applies to print media using Adobe InDesign. The course is designed for graphic design and journalism majors with a strong foundation in computer illustration and digital image manipulation. Emphasis is placed on computer layout and composition in relation to single and multiple-page formats including, for example, ad, brochure, menu and newsletter design.

ART 639  
Digital Imaging  
3 UNITS - (CSU)  
Lecture 2 hours; Laboratory 2 hours.  
Prerequisite: Art 633 with a satisfactory grade  
Students learn the fundamentals of still-image manipulation using Adobe Photoshop.

ART 700  
Introduction to Sculpture  
3 UNITS - (UC:CSU)  
Lecture 1 hour; Laboratory 5 hours.  
Prerequisite: Art 501 with a satisfactory grade.  
Advisory: Art 201.  
Students practice various forms of additive and subtractive sculpture. Emphasis will be placed on the development of visual ideas and sculptural techniques.

ART 701  
Sculpture I  
3 UNITS - (UC:CSU)  
Lecture 1 hour; Laboratory 5 hours.  
Prerequisite: Art 700 with a satisfactory grade.  
Students practice various forms of sculpture including the armature. Emphasis will be placed on the development of visual ideas and sculptural techniques.

ART 702  
Sculpture II  
3 UNITS - (UC:CSU)  
Lecture 1 hour; Laboratory 5 hours.  
Prerequisite: Art 701 with a satisfactory grade.  
Students will be challenged with advanced problems in sculpture. Students will be encouraged to explore individual creativity, materials and processes.

ART 703  
Sculpture III  
3 UNITS - (UC:CSU)  
Lecture 1 hour; Laboratory 5 hours.  
Prerequisite: Art 702 with a satisfactory grade.  
Students will further explore sculptural ideas. Each student will be confronted with advanced problems in sculpture. Students will be encouraged to develop a theme within the area of sculpture.

ASTRONOMY 1  
Elementary Astronomy  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
A fascinating look into the general principles and the fundamental facts of astronomy. This introductory course is designed for the non-technical student. Topics covered include the history and science of astronomy, the solar system, our sun, stars, galaxies and cosmology. No college math preparation is needed. If a student wishes to transfer this as a lab science course, the student must also complete Astronomy 5.

ASTRONOMY 5  
Fundamentals of Astronomy Laboratory  
1 UNIT - (UC:CSU)  
Laboratory 3 hours.  
Co-requisite: Astronomy 10 or 11  
Advisory: Astronomy 1  
Astronomy 5 laboratory course offers a presentation of the methods and techniques used by astronomers to determine the nature of the universe. This course uses some very basic mathematics, and can be taken by non-science and/ or science majors. When taken together with Astronomy 1 or Astronomy 10 or Astronomy 11, a student’s ‘science with a lab’ transfer and graduation requirement is met. Topics covered in Astronomy 5 include star names, asterisms and constellations, sky motion, planet motion, orbital motion, stellar brightness, stellar spectrum, crater formation, star clusters, galaxies and deep sky objects. An important part of the course involves working with and learning the operation of astronomical instruments and equipment including celestial globes, astrolabes, azimuth sundials, astronomical binoculars and computer controlled telescopes.

ASTRONOMY 11  
Stars, Galaxies, and the Universe  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
This conceptual course surveys the universe beyond the solar system. Students learn about stars, stellar evolution, black holes, galaxies, the big bang, cosmology and the possibility to extraterrestrial life.
BIOLOGY

BIOLOGY 3
Introduction to Biology
4 UNITS - (UC:CSU)
Lecture 3 hours; Laboratory 3 hours.
Advisory: English 21.
Credit not allowed for Biology 3, 3H to students who have previous credit for Biology 1, 6, 23, 25.
In this survey course for nonmajors, students learn general biological principles, activities, and the relationships of living organisms to each other and the world they live in with emphasis on their correlations to the human organism. The course includes a study of the nutritional, medical, and genetic aspects of the modern world.

BIOLOGY 6
General Biology I
5 UNITS - (UC:CSU)
Lecture 3 hours; Laboratory 6 hours.
Prerequisite: Mathematics 125 and Chemistry 60 or Chemistry 68 with a satisfactory grade or equivalent.
Advisory: English 21 or equivalent.
In this class designed for general biology majors and pre-professional students, students examine and learn the principles of molecular biology, cell structure and function, genetics, evolution and organization at the tissue level in plants and animals.
UC limit: No credit allowed for Biology 1, 3, 23 or 25 if taken after Biology 6.

BIOLOGY 7
General Biology II
5 UNITS - (UC:CSU)
Lecture 3 hours; Laboratory 6 hours.
Prerequisite: Chemistry 60 and and Math 125 with a satisfactory grade or equivalent. Advisory: Eligibility for English 21 or equivalent.
In this class designed for general biology majors and pre-professional students, students examine and learn the diversity, structure, and the life processes of plants and animals as well as the principles of organization at the organ and organ system levels, embryology, ecology and behavior.

BIOLOGY 25
Human Biology
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: Eligibility for English 21 or equivalent.
In this course for the nonscience major, students explain the principle human organ systems according to structure and function and examine the problems of pollution, population control and preservation of the natural environment.

BUSINESS

BUSINESS 1
Introduction to Business
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
The student surveys business, including forms of business organization, finance, personnel problems, marketing, managerial aids, business-government relations; and business terms and concepts.

BUSINESS 15
Business Statistics
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Mathematics 125 with a satisfactory grade or equivalent.
The student learns measures of Central Tendency, Measures of Dispersion, Normal Distribution, Hypothesis Testing, Correlation and Analysis of Variance.
UC limit: Maximum one course from Mathematics 225 and Business 15.

BUSINESS 17
Computer Graphics for Business
3 UNITS
Lecture 1 hour; Laboratory 4 hours.
Pre-requisite: Business 1.
A comprehensive course in business graphics covering types of business graphics, their uses and techniques for generating graphics emphasizing computer usage, computer techniques and current computer graphics software. The student learns types of Excel and PowerPoint programs and how these applications are used in business.

BUSINESS 38
Business Computations
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Note: Credit allowed for only one of Business 38 or Accounting 31.
Students learn basic mathematics, beginning with whole numbers and solving word problems, fractions, decimals, checking accounts, basic algebra, percents and their applications. The course covers business applications of mathematics, including trade and cash discounts, markups and markdowns, payroll, simple interest and promissory notes and compound interest.

BUSINESS 911
Cooperative Education - Business
1 UNIT - (RPT 3) (CSU)
Lecture 1 hour.
Students receive credit for approved internships, including cooperative education and work experience with an employer in the field of Business under the direction of the Cooperative Education Director. The work-site must be approved by the Department Chair. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. Students must work 75 hours paid or 60 hours non-paid.

BUSINESS 921
Cooperative Education - Business
2 UNIT - (RPT 3) (CSU)
Lecture 2 hour.
Students receive credit for approved internships, including cooperative education and work experience with an employer in the field of Business under the direction of the Cooperative Education Director. The work-site must be approved by the Department Chair. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. Students must work 75 hours paid or 60 hours non-paid.

BUSINESS 931
Cooperative Education - Business
3 UNIT - (RPT 3) (CSU)
Lecture 3 hours.
Students receive credit for approved internships, including cooperative education and work experience with an employer in the field of Business under the direction of the Cooperative Education Director. The work-site must be approved by the Department Chair. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. Students must work 225 paid hours or 180 volunteer hours during the semester.

CAOT (COMPUTER APPLICATIONS & OFFICE TECHNOLOGIES)

CAOT 1
Computer Keyboarding and Document Applications I
3 UNITS - (CSU)
Lecture 2 hours; Laboratory 3 hours.
Advisories: Eligibility for ESL Level 6B and 6C.
Students develop a salable skill-computer keyboarding by touch; minimum speed at end of course, 30wpm accurately; formatting of letters, memos, tables, and simple reports using word processing software.

CAOT 2
Computer Keyboarding and Document Applications II
3 UNITS - (CSU)
Lecture 2 hours; laboratory 3 hours.
Prerequisite: Computer Keyboarding I or equivalent.
Students master the keyboard (letters, numbers, and symbols) by touch. Minimum speed at end of course of 40 accurately; formatting of mailable advanced letters, tables, reports, memos, and desktop published documents using Microsoft Word.

CAOT 3
Computer Keyboarding III
3 UNITS - (CSU)
Lecture 2 hours; laboratory 3 hours.
Prerequisites: Completion of CAOT 2 or CAOT 84 or equivalent. (Students who do not meet these prerequisites should enroll in either CAOT 2 or CAOT 9 and CAOT 84, Microsoft Word.) Develops production skills in using advanced features of Microsoft Word to create properly formatted business documents. Includes composition at keyboard, decision making, and timed production of letters, tables, and reports. Develops minimum speed at end of course of 50 wpm.

CAOT 7
Machine Transcription
3 UNITS - (A)
Lecture 3 hours; laboratory 1 hour.
Prerequisite: CAOT 31 with a satisfactory grade or equivalent. Advisory: CAOT 1 or ability to key 30wpm.
Students develop proficiency in operating transcribing software on the computer to accurately transcribe a variety of business documents from taped dictation using word processing software. Students thoroughly review English fundamentals and strengthen keyboarding and proofreading skills.

CAOT 9
Computer Keyboarding Improvement
1 UNIT - (RPT 2) (CSU)
Laboratory 3 hours.
Prerequisite: CAOT 1
The student improves keyboarding procedures through continued emphasis on correct keyboarding techniques and develops speed and accuracy through timed writings and corrective drills.

CAOT 14
Microcomputer Office Applications: PowerPoint
2 UNITS - (A)
Lecture 1 hour; laboratory 3 hours.
Prerequisite: CAOT 82.
The student learns how to develop proficiency in the operation of Microsoft PowerPoint. It develops the skill to create, modify, and retrieve various presentations, the skill to integrate PowerPoint with other programs, and the skill to use visuals in the presentation.

CAOT 20
Medical Office Procedures
5 UNITS - (CSU)
Lecture 5 hours.
Prerequisites: CAOT 2 or 31 with a satisfactory grade or equivalent. Advisory: CAOT 44.
Students learn proficiency in typing medical documents, case histories, medical reports, history and physicals. Additionally, students learn about medical ethics and sensitivity training for the medical office, privacy laws, telephone etiquette, medical filing and handling of confidential documents, scheduling appoints in a variety of medical facilities and medical insurance.

CAOT 23
Legal Office Procedures I
5 UNITS - (A)
Lecture 5 hours.
Advisories: CAOT 2 and 31 with satisfactory grade or equivalent.
Students planning to become legal secretaries are provided office procedures and administration for legal secretaries and offices duties. Discussions include different types of equipment and software systems used; various types of law practices, organizational structures; preparation of civil, criminal, and federal lawsuit pleadings.

CAOT 31
Business English
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: English 28 and 67 with a satisfactory grade or equivalent. Required of all CAOT majors.
Students learn English grammar and punctuation rules; practice in writing sentences and paragraphs.

CAOT 32
Business Communications
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisites: CAOT 1 and 31 with a satisfactory grade or equivalent.
Credit is allowed for only one of the following courses: CAOT 32 or Supervision 12.
Students learn application of business communications, principles of writing a variety of business letters, interoffice memorandums, business reports, business presentations plus improve their general and business vocabularies.
CAOT 33
Records Management And Filing
2 UNITS - (A)
Lecture 1 hour; Laboratory 2 hour.
Students learn creation, storage, disposition and preservation of all types of documents using alphabetic, geographic, numeric, and subject methods. Includes database management on a microcomputer.

CAOT 34
Business Terminology
2 UNITS - (CSU)
Lecture 2 hours.
The student practices the specialized vocabulary used in modern business communications, including correct definition, spelling, pronunciation, and effective usage.

CAOT 43
Office Procedures
3 UNITS - (RPT 2) (A)
Lecture 3 hours.
Prerequisites: CAOT 2 and CAOT 31 with satisfactory grades or better.
Comprehensive knowledge and application of office skills and procedures for the automated office; development of attitudes for success on the job.

CAOT 44
Medical Terminology
3 UNITS - (CSU)
Lecture 3 hours.
Students develop an understanding of medical terminology through a study of word roots, prefixes, and suffixes and body systems. Students' emphasis is also given to spelling, pronunciation, and definitions.

CAOT 46
Medical Transcription
3 UNITS - (A)
Lecture 2 hours; Laboratory 2 hours.
Prerequisites: CAOT 2 and CAOT 31 with satisfactory grades or equivalent.
Advisory: CAOT 44 or equivalent.
The student develops a proficiency in accurately transcribing medical documents, including medical letters, chart notes, history and physicals, and reports from CDs and/or through the Internet. Correct spelling, proofreading, correct terminology usage, and abbreviations are emphasized. Students simultaneously review anatomy and major body systems.

CAOT 47
Applied Office Practice
2 UNITS - (RPT 3) (A)
Lecture 1 hour; Laboratory 4 hours.
Advisory: CAOT 1 with a satisfactory grade or equivalent and second semester standing.
Practical experience in working in an office on campus and lectures relating to office behavior, productivity, motivation, and interpersonal skills.

CAOT 49
Machine Transcription for Legal Secretaries
3 UNITS - (A)
Lecture 2 hours; laboratory 2 hours.
Prerequisites: CAOT 2 and CAOT 31 with satisfactory grades or equivalent.
Advisory: CAOT 23
Students develop proficiency in operating transcribing machines to transcribe legal correspondence and documents, including court documents, from cassette tape. Emphasis is placed on spelling, proofreading, formatting, and the meaning of legal terms.

CAOT 64
Computer Applications and Office Technologies Laboratory
1 UNIT - (RPT 3) (CSU)
Laboratory 2 hours.
Co-requisite: CAOT 1.
Students in Computer Applications and Office Technologies classes receive additional time on computers to work with all the software that is offered in the Department. Students must complete a minimum of 32 hours per semester. In addition to lab hours that are required for any other classes student is enrolled in. Pass/No Pass.

CAOT 79
Word Processing Applications
3 UNITS - (CSU)
Lecture 2 hours; laboratory 3 hours.
Prerequisites: CAOT 84 and CAOT 31 with satisfactory grades or equivalent.
Further develops skill in preparing a variety of business documents on a personal computer. This course covers the different formats used for letters, memos, reports, tables, outlines, form documents, graphics, desktop publishing, and merged documents.

CAOT 82
Microcomputer Software Survey in the Office
3 UNITS - (CSU)
Lecture 2 hours; laboratory 3 hours.
Prerequisites: CAOT 1 and CAOT 31 with satisfactory grades or equivalent.
Introduces students to the use of the microcomputer and commercially available software used in business office. Course provides hands-on introduction to word processing, database, spreadsheet, graphics, desktop publishing and presentation design software.

CAOT 84
Microcomputer Office Applications: Word Processing
3 UNITS - (RPT 2) (CSU)
Lecture 2 hours; Laboratory 3 hours.
Prerequisites: ESL Level 5B and completion of CAOT 1 with a satisfactory grade or equivalent.
Use basic and advanced commands in Microsoft Word or other word processing software, to create, format, edit, save, and print documents including letters, tables, reports, and merge documents. Use desktop publishing features to create newsletters, brochures, fliers, and resumes.

CAOT 85
Microcomputer Office Applications: Spreadsheet
3 UNITS - (CSU)
Lecture 1 hour; laboratory 4 hours.
Students learn spreadsheet applications using a PC and spreadsheet application software, such as Excel. Students are taught to create, edit, format, and print worksheets; construct graphs and build databases that utilize the data table function.

CAOT 86
Microcomputer Office Applications: Database
3 UNITS - (CSU)
Lecture 1 hour; laboratory 4 hours.
Advisory: CAOT 1.
The students learn office database applications using a relational database program, such as MS Access. Records design, file creation and maintenance, data manipulation, report formats, and printing are covered. Office applications, such as records for personnel, inventory, and sales, are
emphasized. Graphing and integration with a word processing program to produce automated mailings are included.

**CAOT 88**
Microcomputer Office Applications: Desktop Publishing  
3 UNITS - (RPT 2) (CSU)
Lecture 2 hours; laboratory 3 hours.

Provides information and hands on training using a personal computer, printers and various desktop publishing software including Microsoft Publisher. Includes producing camera ready, near typeset quality reports, newsletters, business forms, and presentations.

**CAOT 93**
Legal Document Production  
2 UNITS – (A)
Lecture 2 hours.
Prerequisites: CAOT 2 and CAOT 84 with satisfactory grades or equivalent.  
Co-requisite: Law 2
Students produce legal documents and judicial forms using a computer. Emphasis is placed on the standards used in legal procedures for various areas of law.

**CAOT 97**
Introduction to the Internet  
3 UNITS - (A) (RPT 2)
Lecture 2 hours; laboratory 3 hours.
This course is designed to prepare students to use the Worldwide Computer Network, Internet. The course emphasizes the features of the Internet, including Electronic Mail, File Transfer Protocol, Internet Explorer, and other services and utilities.

**CAOT 98**
Microcomputer Office Applications: Introduction to Windows for CAOT  
3 UNITS - (A)
Lecture 1 hour; laboratory 4 hours.
Students prepare to work in the Windows environment. Emphasizes the feature of Windows, including changing and creating icons, opening and closing windows and other applications, responding to dialog boxes, and working with directories.

**CAOT 105**
School-to-Work-Portfolio  
2 UNITS - (A)
Lecture 2 hours.
Prerequisite: CAOT 31 with a satisfactory grade or equivalent.
Students prepare a comprehensive professional portfolio that contains a resumé, cover letter, application for employment, reference letters, and personal achievement. The course will also include career planning, networking with business and industry, and job search using the Internet and other resources.

**CAOT 112**
Microcomputer Office Applications: Web Page Design  
3 UNITS - (CSU)
Lecture 2 hours; laboratory 3 hours.  
Advisory: CAOT 98 or equivalent.
This course is designed to help students learn the most important topics of Web Page Design. The course emphasizes creating a new website, integrating a database, styles, and working with HTML codes.

**CAOT 126**
Introduction to Medical Coding/Billing  
3 UNITS - (A)
Lecture 3 hours.
Prerequisite: CAOT 44.  
Advisories: English 28 and 67
Students learn the comprehensive overview of medical insurance and billing procedures with introductory instruction in CPT and ICD-9-CM basic coding procedures. Basic medical insurance procedures for commercial and government insurance plans such as Blue Cross/Blue Shield, Medicare, Medicaid, Tricare/Champva, Workers Compensation, and Disability insurance will be covered. HIPAA (Health Insurance Portability and Accountability Act) will be reinforced throughout the course. Introduction to electronic medical billing practice management and electronic claims billing will be presented and utilized throughout the course.

**CAOT 385**
Directed Study - Computer Application Office Technology  
3 UNITS - (CSU)
In this course students pursue directed study in Computer Applications and Office Technologies on a contract basis under the direction of a supervising instructor.

**CAOT 911**
Cooperative Education 911 – CAOT  
1 UNIT (RPT 3) (CSU)
Lecture 1 hour.
Students receive credit for approved internships with an employer in the field of Computer Applications and Office Technologies under the direction of the Cooperative Education Director. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. The worksite will be approved by the Department Chair. Students must work 75 hours paid or 60 hours non-paid.

**CAOT 921**
Cooperative Education 921 – CAOT  
2 UNITS (RPT 3) (CSU)
Lecture 2 hours.
Students receive credit for approved internships with an employer in the field of Computer Applications and Office Technologies under the direction of the Cooperative Education Director. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. The worksite will be approved by the Department Chair. Students must work 150 hours paid or 120 hours non-paid.

**CAOT 931**
Cooperative Education 931 – CAOT  
3 UNITS (RPT 3) (CSU)
Lecture 3 hours.
Students receive credit for approved internships with an employer in the field of Computer Applications and Office Technologies under the direction of the Cooperative Education Director. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. The worksite will be approved by the Department Chair. Students must work 150 hours paid or 120 hours non-paid.
CAOT 941
Cooperative Education 941 – CAOT
4 UNITS (RPT 3) (CSU)
Lecture 4 hours.
Students receive credit for approved internships with an employer in the field of Computer Applications and Office Technologies under the direction of the Cooperative Education Director. The internship course will assist students in acquiring desirable work habits, attitudes and career awareness. The work-site will be approved by the Department Chair. Students must work 300 hours paid or 240 hours non-paid.

CHEMISTRY
TRANSFER LIMITS: UC gives no credit for Chemistry 51, 60, or 68 if taken after Chemistry 101.

CHEMISTRY ENROLLMENT INFORMATION
Enrollment in all chemistry classes is based on completion of the required prerequisites with satisfactory grades or better.

Students enrolling in Chemistry 60 or 68 who have not completed Math 115 or the equivalent must take the mathematics placement assessment prior to enrolling in either of these courses.

Students enrolling in Chemistry 101 who have not completed Chemistry 60, 65, or 68 or equivalent must pass the Chemistry Readiness Exam in order to enroll in this course. Please contact the Assessment Office at 323.953.4000 ext. 2264 for more information.

It is recommended that all chemistry students complete English 28 and 67 or the equivalent. Students who have completed the prerequisites for chemistry courses outside of the Los Angeles Community College District must submit proof of prerequisite completion to the Counseling Office prior to enrollment in chemistry courses.

INFORMATION FOR PRE-NURSING STUDENTS:
All LACC pre-nursing students must complete Chemistry 60 with a satisfactory grade to satisfy the chemistry requirement for the LACC Nursing Program.

CHEMISTRY 60
Introduction to General Chemistry
5 UNITS - (UC:CSU)
Lecture 3 hours. Laboratory 4 hours.
Prerequisite: Mathematics 115 or appropriate score on the placement assessment.
Advisory: English 28 and 67.
This course is intended as a preparation for careers in the physical and biological sciences, medical and dental professions and satisfies the IGETC natural sciences requirement.

CHEMISTRY 101
General Chemistry I
5 UNITS - (UC:CSU)
Lecture 3 hours. Conference 2 hours. Laboratory 4 hours.
Prerequisite: Chemistry 60 or 65 or 68 and Mathematics 125
Advisory: English 28 and 67.
This course is intended as a preparation for careers in the physical and biological sciences, medical and dental professions and satisfies the IGETC natural sciences requirement.
professions, veterinary and agricultural science, nutrition and food chemistry, and related fields. Topics relate to the chemistry and metabolism of biological compounds and include discussion of proteins, lipids, carbohydrates and nucleic acids. Laboratory work includes electrophoresis, chromatography, spectroscopy, and enzyme purification and kinetics.

**CHEMISTRY 185 DIRECTED STUDY - 1 UNIT (CSU) (RPT2)**
Lecture 1 hour.
Prerequisite: Chemistry 102.
Advisory: English 28 and 67.

**CHEMISTRY 285 DIRECTED STUDY - 2 UNIT (CSU)**
Lecture 2 hours.
Prerequisites: Chemistry 102
Advisory: English 28 and 67.

**CHEMISTRY 385 DIRECTED STUDY - 3 UNIT (CSU)**
Lecture 3 hours.
Prerequisite: Chemistry 102
Advisory: English 28 and 67.
Students pursue Directed Study in Chemistry on a contract basis under the direction of a supervising instructor. Laboratory and literature research is performed.

**CHICANO STUDIES**

**CHICANO STUDIES 7**
The Mexican American in the History of the United States I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Note: Meets the Associate in Arts degree requirements in U.S. History, U.S. Constitution, and California State and Local Government.
Credit allowed for only one of Mexican American Studies 7 or African-American Studies 4 or History 11. UC limit: One course from Chicano Studies 7, African-American Studies 4, History 11.
This course traces the historical evolution of persons of Mexican descent and their institutions to 1850. It surveys the contributions of Mexican-descended persons to the development of the United States with particular emphasis on the present-day U.S. Southwest.

**CHICANO STUDIES 8**
The Mexican American in the History of the United States II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Note: Meets the Associate in Arts degree requirements in U.S. History, U.S. Constitution, and California State and Local Government.
Credit allowed for only one of Mexican American Studies 8 or African-American Studies 5 or History 12 or 13. UC limit: One course from Chicano Studies 8, African-American Studies 5, History 12, 13.
The course examines Chicano historical experiences from the nineteenth century to the present. The course focuses on the social, historical, and political tensions between American dominant society and Chicano communities. It also examines the U.S. constitution and U.S. political systems.

**CHICANO STUDIES 44 (Same As Spanish 16)**
Mexican Civilization
3 UNITS (UC:CSU)
Lecture 3 hours.
This course is a board survey of Mexican civilization and culture. The course covers the periods of prehistoric expansion of Mesoamerica, Pre-Columbian Mexican civilization, the Spanish conquest, the colonial period, and Mexico in the 19th and 20th century.

**CHILD DEVELOPMENT**

**CHILD DEVELOPMENT 1**
Child Growth and Development
3 UNITS - (UC:CSU)
Lecture 3 hours.
Co-requisite: English 21 or equivalent.
An introductory Child Development course that examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There is an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages.

**CHILD DEVELOPMENT 2**
Early Childhood Principles and Practices
3 UNITS - (CSU)
Lecture 3 hours.
Co-requisite: English 28 and 67 or 31 or equivalent, and Child Development 1.
Note: Verification of annual Mantoux test (or chest x-ray) is required.
A survey course which compares and analyzes historical as well as current models of early childhood programs. Students examine the underlying theoretical principles of developmentally appropriate practices applied to programs and environments. Emphasis is placed on the key role of relationships, constructive adult-child interactions and teaching strategies that support physical, social, creative and intellectual development of children and lead to desired learning outcomes. Professional development and career paths based upon CA Child Developmental Permit Matrix will be discussed.

**CHILD DEVELOPMENT 3**
Creative Experiences for Children I
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Child Development 1 and 2 or equivalent.
Students develop and implement creative curriculum for young children. Activities include: sensory, motor, manipulative, art, music, movement, and dramatic play experiences. Emphasis is on environments that promote creativity and the role of the teacher. Enrollment recommended in CD 84 OR 85: Child Development Labs one hour TBA a week to develop activities and lessons.
**CHILD DEVELOPMENT 7**

*Introduction to Curriculum in Early Childhood Education I*

*3 UNITS - (CSU)*

Lecture 3 hours.

Prerequisite: CH DEV 1 and 2

Students learn and develop the knowledge and skills to provide appropriate curriculum and environments for young children from birth to age 6. Students examine a teacher’s role in supporting development and fostering the joy of learning for all young children using observation and assessment strategies emphasizing the essential role of play. Planning, implementation, and evaluation of curriculum, includes but not limited to: language and literacy, social and emotional learning, sensory learning, art and creativity, math, natural and physical sciences.

**CHILD DEVELOPMENT 10**

*Health, Safety and Nutrition*

*3 UNITS - (CSU)*

Lecture 3 hours.

Co-requisite: English 21 or equivalent.

Students study the interrelationship of health, safety and nutrition and the impact on children’s growth and development. The key components that ensure physical health, mental health and safety for both children and staff are identified along with the importance of collaboration with families and health professionals. Students learn how to implement a comprehensive nutritional program, use universal health precautions and implement emergency procedures.

**CHILD DEVELOPMENT 11**

*Child, Family and Community*

*3 UNITS - (CSU)*

Lecture 3 hours.

Co-requisite: English 21 or equivalent.

Students examine the developing child in a societal context focusing on the interrelationship of the family, school and community and emphasizes historical and sociocultural factors. The processes of socialization and identity development will be highlighted, showing the importance of respectful, reciprocal relationships that support and empower families. Some topics covered are: social influences on parenting styles, communication, child-rearing and the relationships between the child, family and the school is studied.

**CHILD DEVELOPMENT 22**

*Practicum in Child Development I*

*4 UNITS - (CSU)*

Lecture 2 hours. Laboratory 2 hours.

Prerequisite: Child Development 3 or 4 OR Child Development 7

Note: Verification of annual Mantoux test (or chest x-ray) is required.

Students are assigned to an approved Child Development program to demonstrate developmentally appropriate early childhood teaching competencies under guided supervision. Students utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, assessment and knowledge of curriculum content areas is emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning.

**CHILD DEVELOPMENT 23**

*Practicum in Child Development II*

*4 UNITS - (CSU)*

Prerequisite: Child Development 22 or equivalent.

Lecture 2 hours. Laboratory 6 hours per week.

Note: Verification of current Mantoux test (or chest x-ray) is required.

This course provides an advanced practicum experience. Students apply assessment strategies to plan, implement, and evacuate developmentally appropriate activities. Techniques that promote partnerships between teachers and families are developed. An educational philosophy statement, a resume and a professional portfolio are created. Students assigned to directed practicum teaching in a child development center demonstrate professional and ethical behaviors.

**CHILD DEVELOPMENT 30**

*Infant and Toddler Studies I*

*3 UNITS - (CSU)*

Lecture 3 hours.

Advisory: English 21 or equivalent.

Note: Verification of current Mantoux test (or chest x-ray) is required.

Students receive an in-depth study of cognitive/language, social/emotional and perceptual/motor developmental domains and milestones of infants from birth to 36 months, in the context of respectful relationships. As well as, an overview of major theories including attachment, brain development, the value of play, early intervention and relationship-based care in the context of family systems: culture, home language, and traditions. Students will be introduced to the laws and regulations of safe healthy environments and the rights of all infants and toddlers including children at-risk for disabilities. Class instruction includes objective observations of infants and toddlers in diverse settings.

**CHILD DEVELOPMENT 31**

*Infant and Toddler Studies II*

*3 UNITS - (CSU)*

Lecture 3 hours.

Advisory: English 21 or equivalent.

Note: Verification of current Mantoux test (or chest x-ray) is required.

Students learn the principles of inclusive, respectful, caregiving for infants and toddlers. Topics include: typical and atypical development, principles of early intervention, appropriate environments, curriculum, infant care licensing; observation, assessment and intervention plans; and tools for family communications and home visits within the context of home language, culture and traditions. Verification of Mantoux test (TB test) or chest x-ray is required.
CHILD DEVELOPMENT 34
Observing and Recording Children's Behavior
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Child Development 1 and English 28 and English 67 or equivalent.
Note: Verification of current Mantoux test (or chest x-ray) is required. Students learn the appropriate use of assessment and observation strategies to document development, growth, play and learning to join with families and professionals in promoting children’s success. Recording strategies, rating systems, portfolios, and multiple assessment tools are explored.

CHILD DEVELOPMENT 38
Administration and Supervision of Early Childhood Programs I
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Child Development 3 or 4 or 7; and 11 or equivalent.
Students are prepared to establish and administer an early childhood program. Financial aspects of administration and legal rules and regulations pertaining to establishing a center are emphasized. Students apply licensing information and knowledge of regulations to design an appropriate environment, create a fiscal plan, marketing strategy and develop an enrollment and hiring process. This course partially fulfills the licensing requirements for the director.

CHILD DEVELOPMENT 39
Administration and Supervision of Early Childhood Programs II
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Child Development 3 or 4 or 7; and 11 or equivalent.
Students learn how to administrate an Early Childhood Program. Students analyze state and federal regulations and learn how to apply the information to developing and supervising a comprehensive, culturally sensitive, developmentally appropriate program. In addition, students learn about appropriate computer applications for administration, how to write grants and proposals for funds, use advocacy skills for community improvement, develop leadership skills and team management techniques, develop a comprehensive parent partnership, work with program evaluation tools, and understand legal issues. This course partially fulfills the licensing requirement for the director.

CHILD DEVELOPMENT 42
Teaching in a Diverse Society
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 21 or equivalent.
Students examine the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various classroom strategies are explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Student utilize self-examination to reflect on issues related to social identity, stereotypes and bias, social and educational access, media and schooling.

CHILD DEVELOPMENT 44
Early intervention for Children with Special Needs
3 UNITS - (CSU)
Advisory: English 21 or equivalent.
May be offered in alternate semesters. This course is designed for students interested in specializing in or working with children with special needs. Students examine components of a comprehensive service delivery system that is based on legal mandates and an understanding of typical and atypical development across all domains. Also discussed is the role of observation and documentation in adapting the environment, creating instructional strategies and in developing Individual Education Plans.

CHILD DEVELOPMENT 45
Programs for Children with Special Needs
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 21 or equivalent.
Note: Verification of Mantoux test (or chest x-ray) is required. Students learn about programs for exceptional children and best practices for inclusion of children with special needs into educational settings as close to their typically developing peers as possible. Students explore a variety of disabilities from a child development perspective includes definition, and educational implications.

CHILD DEVELOPMENT 48
Positive Guidance in Early Childhood Settings
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Child Development 2 or equivalent.
Exploration of developmentally appropriate management techniques for children in early childhood settings. Emphasis is on developing culturally sensitive individualized plans for behavior management of traditional and special needs children.

CHILD DEVELOPMENT 65
Adult Supervision and Early Childhood Mentoring
2 UNITS - (A)
Lecture 2 hours.
Prerequisite: Child Development 23 or 38 and 39 or equivalent.
This course satisfies the Child Development Permit Master Teacher adult supervision requirement and is designed for students who currently, or will supervise adults in an early childhood program. Students compare methods and principles of supervision and mentoring as well as how to develop positive team relationships and utilize conflict resolution techniques.

CHILD DEVELOPMENT 84
Child Development Lab
0.5 UNITS - (A) (RPT 3)
Laboratory 1 hour.
Co-requisite: One of the following Child Development 2, 3, 7, 10, 22/23, 30/31, 42, and 44/45
Students interested, or currently working in the field of Child Development, or taking Child Development classes, may use lab materials, curriculum resource books, technology and equipment to design lesson plans, games, and other curricular activities. A $20 lab fee is required.
CHILD DEVELOPMENT 85
Child Development Lab II
0.5 UNITS - (A) (RPT 3)
Laboratory 1 hour.
Prerequisite: Child Development 84 or equivalent.
Students learn about quality literacy experiences through exposure to age-appropriate literacy materials and (modeling or practicing) library habits under the supervision of a literacy expert. Students evaluate and analyze literacy materials, write activity plans, and create instructional materials that support emerging literacy. A $20 lab fee is required.

CHILD DEV 285 DIRECTED STUDY — 2 UNITS (CSU)
Lecture 2 hours.
Note: A maximum of 3 units in Directed Study may be taken for credit.
Child Development students pursue Directed Study on a contract basis under the direction of a supervising instructor. Scheduled consultations with the instructor are required.

CHINESE
CHINESE 1
Elementary Chinese I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: English 28 and 67.
Mandarin Chinese corresponds to the first year of high school Chinese. Pronunciation, grammar, practical vocabulary, and basic facts on the geography, customs and culture of China.

CHINESE 2
Elementary Chinese II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Chinese 1 with a satisfactory grade or equivalent.
Completes the elementary Mandarin Chinese grammar; introduces reading and writing of elementary texts.

CHINESE 3
Intermediate Chinese I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Chinese 2 with a satisfactory grade.
A review of grammar with vocabulary building for conversational fluency, written composition and advanced reading.

CHINESE 4
Intermediate Chinese II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Chinese 3 with a satisfactory grade.
Continues a review of grammar, advanced composition and reading of everyday and literary subjects to study idiomatic expressions.

CHINESE 10
Chinese Civilization
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28.
This course offers the students lectures and discussions in English on history, culture, geography, government and institutions of China; the life style and customs of the people; the language. Literature, arts, and sciences; the contributions to civilization.

CINEMA

CINEMA 1
Introduction to Motion Picture Production
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Required of all Cinema majors; open to all students.
A comprehensive introduction to film video production techniques and equipment. Proper procedures are explained for the use of digital and film cameras, lenses, filters, film stocks, lights, microphones, audio recorders, and other motion editing picture equipment. Attention is also given to production planning and post–production as well. Cinema 2 should be taken concurrently.

CINEMA 2
Beginning Motion Picture Workshop
3 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 4 hours.
Required of all Cinema majors. Open to all students.
Introductory workshop in practical filmmaking. Each student is responsible for the making of short films in digital video.
Cinema 1 may be taken concurrently.

CINEMA 3
History of Motion Pictures
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Required of all first semester Cinema majors; open to all others.
History of the development of motion pictures, with examples, from their beginnings to the present day. Emphasis is placed on the American feature film.

CINEMA 4
History of the Documentary Film
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Required of all first semester Cinema majors; enrollment open to all others.
The development of films dealing with the truth. Films types seen and discussed include: historical, animated, propaganda, educational, commercial, cinema verite and direct cinema. Students will develop critical standards for judging documentary films.

CINEMA 5
Introduction to Screenwriting
3 UNITS - (RPT 1) (CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: Cinema 1, 2, 3, and 4 with satisfactory grades or better. Required of all Cinema majors.
Students will write screenplays. Cinema majors will write the scripts for films they will make in Cinema 33.

CINEMA 6
Motion Picture Photography
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: Cinema 1, 2, 3, 4, with satisfactory grades or better. Required of all Cinema majors.
This course is an introduction to cinematography, including optics, photo emulsion, camera operation, laboratory procedures, terminology and aesthetics. Students will do individual and group projects using 16 mm or digital video camera equipment.
CINEMA 7
Advanced Cinematography and Creative Techniques
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: Cinema 6 with a satisfactory grade or better.
An advanced course in creative cinematography covering sophisticated professional equipment and techniques used in the motion picture industry. Emphasis is placed on lighting and current industry standards.

CINEMA 9
Motion Picture Sound
3 UNITS - CSU
Lecture 1 hour, Laboratory 4 hours.
Prerequisite: Cinema 1, 2, 3, 4 with satisfactory grades or better.
Students learn the basics of motion picture production and post-production sound. Students use digital audio recorders, microphones and booms and learn how to properly record sound. Students learn to loop and mix sound using a digital audio program.

CINEMA 10
INTRODUCTION TO FILM DIRECTING
3 UNITS - (RPT 1) CSU
Lecture 2 hours, Laboratory 2 hours
Prerequisite: Cinema 1, 2, 3, 4 with satisfactory grades or better.
The student is introduced to the crafts of acting and directing for the film medium.

CINEMA 20
Business Aspects of Motion Picture Production
3 UNITS - (CSU)
Lecture 3 hours
Prerequisite: Cinema 1, 2, 3, 4, with satisfactory grades or better.
The student surveys cinema business practices including financing, production and distribution.

CINEMA 32
Editing Fundamentals
3 UNITS - (A)
Lecture 1 hours. Laboratory 4 hours.
Prerequisite: Cinema 1, 2, 3 and 4 with satisfactory grades or better.
Intermediate students learn the principles of editing using digital non-linear editing equipment.

CINEMA 33
Digital Video Production Workshop I
3 UNITS - (RPT 1) (A)
Lecture 1 hour. Laboratory 4 hours.
Prerequisite: Cinema 1, 2, 3, and 4 with satisfactory grades or better.
Intermediate film and television students will produce short video projects using digital video cameras and editing systems.

CINEMA 34
Motion Picture Soundstage Production Practicum
3 UNITS - (RPT 1) (A)
Lecture 1 hour. Laboratory 4 hours
Prerequisite: One of the following - Cinema 5 or 6 or 7 or 9 or 10 or 32 with satisfactory grades or better.
Designed for students to gain practical experience in a specific area of motion picture soundstage production in order to develop the necessary skills needed in that field of the industry. Included skills are screenwriting, directing, production management, lighting, cinematography, sound recording and editing.

CINEMA 38
Modern Picture Stage Grip
3 UNITS - (RPT 1) (A)
Lecture 2 hours. Laboratory 2 hours.
Open to all students.
In this hands-on course, students learn basic grip skills and operate grip equipment and tools used in motion picture stages, television studios, and on location during film and television production including, but not limited to, a Grip Cart, C-Stands, Apple Boxes, Scaffolding, Manlifts, Gels, Ropes, Plates, Clamps, Wedges, Cribbing, Cucolori, Flags and Scrim, Gaffer Tape, Griffon, Gaffer Grips, and Mole-a-gators. Topics covered include stage safety, operating procedures, set etiquette, basic tool usage, basic grip equipment usage, and basic lighting safety and lighting fixture usage. Students have the option to learn the safety and basic use of power tools in the construction of an Apple Box as an individual project.

CINEMA 185
DIRECTED STUDY
1 UNIT - (RPT 2)
Lecture 1 hour.
Prerequisite Cinema 5 or Cinema 33
The student creates a writing or post-production study project as agreed upon by the student and a supervising instructor.

CINEMA 911 COOPERATIVE EDUCATION—CINEMA
1 UNIT - (RPT3)
Lecture 1 hour
Advisory: Cinema 1
Cooperative Education is a work experience course that grants college credit for supervised employment for internships in the field of entertainment. Students will gain on the job training, enhance work skills, and career awareness. Completion of at least seven units, including Cooperative Education, at the end of the semester is required. Students must be employed or volunteering/interning in order to participate in program.

CINEMA 921 COOPERATIVE EDUCATION—CINEMA
2 UNITS
Lecture 2 hours
Advisory: Cinema 1
Students receive work experience that grants college credit for supervised employment for internships in the field of entertainment. Students will gain on the job training, enhance work skills, and career awareness. Completion of at least seven units, including Cooperative Education, at the end of the semester is required. Students must be employed or volunteering/interning in order to participate in program.

CINEMA 931 COOPERATIVE EDUCATION—CINEMA
3 UNITS
Lecture 3 hours
Prerequisite: Cinema 1 with a satisfactory grade or better.
Students receive work experience that grants college credit for supervised employment for internships in the field of entertainment. Students will gain on the job training, enhance work skills, and career awareness. Completion of at least seven units, including Cooperative Education, at the end of the semester is required. Students must be employed or volunteering/interning in order to participate in program.
CINEMA 941 COOPERATIVE EDUCATION—CINEMA
4 UNITS
Lecture 4 hours
Prerequisite: Cinema 1 with a satisfactory grade or better.
Students receive work experience that grants college credit for supervised employment for internships in the field of entertainment. Students will gain on the job training, enhance work skills, and career awareness. Completion of at least seven units, including Cooperative Education, at the end of the semester is required. Students must be employed or volunteering/interning in order to participate in program.

CO SCI
Computer Science/Information technology

The official abbreviation for Computer Science/Information Technology (CSIT) is “CO SCI”.

CO SCI 101
Introduction to Computers and Their Uses
4 UNITS - (UC:CSU)
Lecture 3 hours; laboratory 2 hours.
Credit not allowed if student has credit for CO SCI 103.
Students receive instruction in computer hardware, software, terminology, ethics, and social impact, plus an overview of operating systems, word processing, spreadsheets, database management systems, and telecommunications and networks. A general computer literacy course open to all students.

CO SCI 103
Introduction to Computer Systems for MIS
4 UNITS - (UC:CSU)
Lecture 3 hours; laboratory 2 hours.
Students receive an introduction to computers for a one-semester transfer course or for certificates or a degree in CSIT. Topics include computers, programming and systems design, programming languages and flowcharting. Laboratory includes word processing, spreadsheets, database concepts and extensive programming in Visual BASIC.

CO SCI 104
Mathematics for Programmers
3 UNITS - (CSU)
Lecture 3 hours
Advisory: CO SCI 103 or equivalent.
The student develops mathematical reasoning and general problem solving skills using topics from discrete mathematics including first order logic, boolean algebra, set theory, relations and functions, combinations and permutations, discrete probability, graph theory, and finite state machine.

CO SCI 107
Programming Logic
3 UNITS - (UC:CSU)
Lecture 3 hours
Prerequisite: CO SCI 103 with a satisfactory grade or better or equivalent.
The student develops program design skills and general problem solving skills by applying structured programming techniques to program specifications and already written programs. The student learns to write program designs and documentation from descriptions of programs and from the analysis of already written programs.

CO SCI 108
Beginning Visual Basic Programming
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: CO SCI 101 with a satisfactory grade or better or equivalent.
The student learns program language terminology, the syntax and semantics of an event-driven, object-oriented program language, how to solve problems from descriptions of the problem in English and how to translate problem solution descriptions to Visual Basic.

CO SCI 117
Beginning Microcomputer Assembly Language Programming
3 UNITS - (UC:CSU)
Lecture 2 hours; laboratory 2 hours.
The student learns program language terminology, the syntax and semantics of an event-driven, object-oriented program language, how to solve problems from descriptions of the problem in English and how to translate problem solution descriptions to Visual Basic.

CO SCI 133
Micro Database Programming
3 UNITS - (CSU)
Lecture 2 hours; laboratory 2 hours.
The students learn the essential principles and concepts of microcomputer database environment. A comprehensive examination of the functions of a database command language is included.

CO SCI 134
Operating Systems
3 UNITS - (CSU)
Lecture 2 hours; laboratory 2 hours.
Prerequisite: CO SCI 101 with a satisfactory grade or better or equivalent.
The student gains knowledge and skills necessary to install, plan and maintain a Windows 7, one of the four core required courses of Microsoft Windows Certified Systems Engineer (MCSE), and prepares students for the related Microsoft exam.

CO SCI 136
Introduction to Data Structures
3 UNITS - (UC:CSU)
Lecture 2 hours; laboratory 2 hours.
Prerequisite: CO SCI 103 with a satisfactory grade or better or equivalent.
The student learns to apply complex data structures to the design of solutions to programming problems. The student learns to incorporate arrays, stacks, queues, dequeues, trees and graphs in the design of programs with the highly desirable result that the programs produced thereby are more data driven, more object oriented and more easily modified than designs that rely primarily on passing data among functions.

CO SCI 138
Advanced Visual Basic Programming
3 UNITS - (UC:CSU)
Lecture 2 hours; laboratory 2 hours.
Prerequisite: CO SCI 108 with a satisfactory grade or better or equivalent.
An advanced programming course in the Visual Basic .Net programming language with objects, classes, exception handling, GUI, DBMS, SQL, ASP.NET, Data Structures, and
Webmaster-user interactivity; server- and client-side scripting.

CO SCI 139
Programming in C
3 UNITS - (UC:CSU)
Lecture 2 hours; Laboratory 2 hours.
Prerequisite: CO SCI 103 with satisfactory grades or better.
The student learns all CS1 topics including Problem Analysis and Program Design, Simple Data Types, Streams and File I/O, Control Structures, Functions, Arrays, and Strings, emphasizing procedural programming with C++.

CO SCI 140
C++ Programming II
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: CO SCI 139 with a satisfactory grade or better or equivalent.
Student learns Object-Oriented and Advanced programming with C++ including Classes, Data Abstractions, Inheritance, Composition, Virtual Functions, Operators & Functions Overloading, Templates, Exception Handling, Recursion, Pointers, Dynamic Data Types, and Linked Lists.

CO SCI 141
Programming in JAVA
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: CO SCI 103 with a satisfactory grade or better or equivalent.
Students learn the basics of procedural programming, plus the concepts of Object-Oriented Programming.

CO SCI 142
Advanced JAVA
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: CO SCI 103 and 141 with a satisfactory grade or better or equivalent.
This is a sequel to CO SCI 141. It covers numerous topics beyond the introductory Java course. Topics included are: (1) UML, (2) Multithreading, (3) Networking, (4) Exception handling, (5) Recursion, (6) Files & Streams, (7) JDBC, and (8) Generics. This course will prepare a student to tackle the Sun Certified Java Programmer industry certification Exam.

CO SCI 148
Advanced Spreadsheet Applications
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: CO SCI 101 or 103 with a satisfactory grade or better or equivalent.
Students receive guidance in advanced spreadsheet operations, including nested functions, data tables, exporting/importing data, what-if-analysis, macro development, macro logic, printing enhancements and spreadsheet systems development.

CO SCI 151
Adobe Dreamweaver I
4 UNITS - (A)
Lecture 2 hours. Laboratory 1 hour.
Advisory: CO SCI 108 with a satisfactory grade or better or equivalent.
The student receives an extensive practical and theoretical framework for using Adobe’s Dreamweaver to develop web sites, including enhancements for web page layout, coding, and Webmaster-user interactivity; server- and client-side scripting.

CO SCI 152
Adobe Flash
3 UNITS - (A)
Lecture 2 hours. Laboratory 1 hour.
Prerequisite: CO SCI 151 with a satisfactory grade or better or equivalent.
The student receives an extensive practical and theoretical framework for using Adobe’s Dreamweaver to develop web sites. It includes enhancements for web page layout, coding, and Webmaster-user interactivity; server- and client-side scripting.

CO SCI 158
Hyper-Text Markup Language (HTML)
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: CO SCI 101 with a satisfactory grade or better or equivalent.
The student learns basic internet concepts and technologies. The student learns to develop web sites by applying concepts like tables, layers, cascading styles sheets, frame sets, image maps, lists, forms, and control dynamic content using basic JavaScript.

CO SCI 159
Web Projects
3 UNITS - (CSU) (RPT 2)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: CO SCI 158 with a satisfactory grade or better or equivalent.
Covers more complex topics in rapidly changing technology of web pages construction including multimedia developments, plug-ins, helper applications, CSS, DHTML and new developments. Students will complete web projects with emphasis placed upon recent developments in students and software.

CO SCI 181
Computer Networking – CISCO I
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
Prerequisites: CO SCI 101 or 103 with a satisfactory grade or better or equivalent.
This course covers fundamentals of computer networking. Topics include evolution of networking, seven layers of the OSI reference model, and networking devices such as bridges, hubs, switches, and routers. Internet protocol, IP addressing, subnetting, network topology, and cabling will also be covered.

CO SCI 185
Directed Study – CO SCI
1 UNIT (RPT 2) (CSU)
Lecture 1 hour.
Computer science students will pursue on their own an in-depth study of a subject of special interest in the field of computer science topic(s). Consultation with the instructor on a weekly basis, plus independent work is required.

CO SCI 186
Introduction to Oracle: SQL and PL/SQL
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
The student learns the concepts of both relational and object relational databases and the SQL language. Students learn about data server technology and how to create and maintain database objects and how to store, retrieve, and manipulate data.
CO SCI 187
Oracle DBA (Database Administration) Part 1A: Architecture and Administration
3 UNITS - (A)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: CO SCI 186 with a satisfactory grade or better or equivalent.
The student receives a firm foundation in basic administrative tasks and the necessary knowledge and skills to set up, maintain, and troubleshoot an oracle database. The students learn to use an administration tool to startup and shutdown a database, manage file and database storage, and manage users and their privileges.

CO SCI 188
Oracle DBA (Database Administration) Part 1B: Backup and Recovery
3 UNITS - (A)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: CO SCI 187 with a satisfactory grade or better or equivalent.
This course focuses on planning and implementing database backup and recovery strategies. The class addresses backup and recovery techniques and examines various database backup, failure, restore and recovery scenarios. In hands-on exercises, students examine backup methodologies based on mission critical requirements of business enterprises.

CO SCI 198
PL/SQL Programming for Oracle
3 UNITS - (A)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: CO SCI 186 with a satisfactory grade or better or equivalent.
The student learns the Oracle PL/SQL language which provides for programming logic features not contained within SQL. Also, the grammar, syntax and benefits of using the PL/SQL language within an Oracle database environment are considered. The student creates and manages user-defined packages and Oracle supplied packages, plus creating functions and procedures to encapsulate business functionality. The skills to take an Oracle Developer Certification are provided.

CO SCI 285
Directed Study – Computer Science Information Technology
2 UNITS (RPT 1) (CSU)
Lecture 2 hours.
Computer science students can pursue on their own an in-depth study of a subject of special interest in the field of Computer Science topic(s). Consultation with the instructor on a weekly basis, plus independent work is required.

CO SCI 385
Directed Study – Computer Science Information Technology
3 UNITS
Lecture 3 hours.
Allows students to pursue Directed Study on a contract basis under the direction of a supervising instructor.

COMPUTER TECHNOLOGY

COMPUTER TECHNOLOGY 1
Introduction to Computer for Technicians
4 UNITS - (CSU)
Lecture 3 hours. Laboratory 3 hours.

In this first course in the computer technology major students learn the physical aspects of computer hardware and low-level programming.

COMPUTER TECHNOLOGY 4
Introduction to Computer Networks
4 UNITS - (A)
Lecture 3 hours. Laboratory 3 hours.
Advisory: Computer Technology 1 or equivalent.
The students gain basic understanding of networking technologies, the OSI model, methods of signaling and encoding, interfaces, protocols involved in moving data over a communication network.

COMPUTER TECHNOLOGY 12
A-Plus Certification Preparation
4 UNITS - (CSU)
Prerequisite: Computer Technology 12
One of two courses on the computer hardware and operation to prepare students for CompTIA A+ certification exam. Includes technology of portable computers, printers, understanding, installing and upgrading Microsoft Windows operating systems, working with the Windows Command Line Interface, troubleshooting and maintenance of Windows, essentials of computer security, networking, and internet.

COMPUTER TECHNOLOGY 15
Security+ Certification Preparation
4 UNITS
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: Co Tech 4
Students learn concepts of computer and network-security and gain skills necessary to apply knowledge of security concepts, tools, and procedures to react to security incidents, and guard against the security risks. At the end of the course students are prepared for the CompTIA Security+ certification exam.

COMPUTER TECHNOLOGY 20
Computer Logic and Arithmetic
4 UNITS - (CSU)
Lecture 3 hours. Laboratory 3 hours
Prerequisites: Electronics 4 and Electronics 20.
The student teaches the essential number and logic theory upon which digital computers today are based, including principles and applications of logic devices used in digital systems,
number systems, boolean algebra, logic and truth tables, logic gates, and bistable devices.

**Computer Technology 30**
Introduction to Microprocessors

4 Units - (A)
Lecture 3 hours. Laboratory 3 hours
Prerequisite: Computer Technology 20 with a satisfactory grade.
Co-requisite: Computer Technology 36.
Advisory: Electronics 8.

Students receive a survey of various microprocessor devices with an in-depth analysis of a selected microprocessor. Emphasis is placed on the architecture, instruction set, I/O interfacing, and typical applications of selected devices.

**Computer Technology 36**
Digital Devices and Circuits

4 Units - (A)
Lecture 3 hours. Laboratory 3 hours
Prerequisite: Computer Technology 20 with a satisfactory grade.
Advisory: Electronics 8.

Students learn about digital integrated circuit devices such as registers, counters, encoder/decoders, multiplexer/demultiplexer, memory devices, and programmable logic arrays. Laboratory emphasizes use of dual-trace oscilloscope.

**Cooperative Education**

**Cooperative Education 195**
Work Experience - General I

1 Unit - (RPT 1) (CSU)

Lecture 1 hour.

Students receive college credit for supervised employment intended to assist students in acquiring desirable work habits, attitudes and career awareness. Topics include preparing for the changing job market, writing applications and resumes, communication skills, and awareness of on-the-job relations with other employees, supervisors, and the general public. The work experience need not be related to the student’s educational goals. Students must work 75 paid hours or 60 volunteer hours during the semester.

**Cooperative Education 295**
Work Experience - General II

2 Units - (RPT 2) (CSU)

Lecture 2 hours.

Students receive supervised employment intended to assist them in acquiring desirable work habits, attitudes and career awareness. Topics include preparing for the changing job market, writing applications and resumes, communication skills, and awareness of on-the-job relations with other employees, supervisors, and the general public. The work experience need not be related to the student’s educational goals. Students must work 150 paid hours or 120 volunteer hours during the semester.

**Cooperative Education 395**
Work Experience - General I

3 Units - (RPT 3) (CSU)

Lecture 3 hours.

Students receive supervised employment intended to assist students in acquiring desirable work habits, attitudes and career awareness. Topics include preparing for the changing job market, writing applications and resumes, communication skills, and awareness of on-the-job relations with other employees, supervisors, and the general public. The work experience need not be related to the student’s educational goals. Students must work 225 paid hours or 180 volunteer hours during the semester.

**Corrections**

**Corrections 1**
Introduction to Corrections

3 Units - (CSU)

Lecture 3 hours.

Students learn the nature of the correctional system which includes: the aims and objectives of corrections, probation, institutions, services, supervision of inmates, and career opportunities.

**Dance**

**Dance Specialties 440**
Social Dance

1 Unit - (RPT 3) (UC:CSU)
Laboratory 2 hours.

Students learn basic social dance steps and combinations, terminology, music, and appreciation of dance as an art form.

**Dance Specialties 446**
Tap Dance

1 Unit - (RPT 3) (UC:CSU)
Laboratory 2 hours.

Students learn basic tap dance steps and combinations, terminology, music, and appreciation of dance as an art form.

**Dance Specialties 459**
Flamenco and Spanish Dancing

1 Unit - (RPT 3) (UC:CSU)
Laboratory 2 hours.

Students learn basic flamenco and Spanish dance with an emphasis on correct posture, individual steps, arm movements, terminology, various rhythms and basic step combinations.

**Dance Studies 185**
Directed Study - Dance

1 Unit - (RPT 3) (UC:CSU)
Laboratory 2 hours.

Students pursue directed study in Dance on a contractual basis under the direction of a supervising instructor. Refer to the ‘Directed Study - Dance’ section in the catalog for additional information. Consent of instructor.

**Dance Studies 452**
Introduction to Choreography

1 Unit - (RPT 3) (UC:CSU)
Laboratory 2 hours.

Prerequisite: DanceQ 431 or 434 or 437
Students choreograph and perform dances with emphasis on basic steps and combinations, spacing, design, terminology, music, and appreciation of dance as a performing art form. Course may be taken four times.

**Dance Studies 805**
History and Appreciation of Dance

3 Units - (UC:CSU)

Lecture 3 hours.

Advisory: English 28 and 67.
This course provides a historical perspective of dance from ritual to contemporary theatrical dance forms. It focuses on the ethnic, cultural and ritual forms of dance as it affected and reflected the world in which people lived. Primarily, this course will focus on how Dance reflects the times, historical, social and political climate of the day. The class will consider the impact of dance on the western world and how it has been affected by the different dance traditions world-wide.
DANCE TECHNIQUES 400
Stress Management Techniques Through Dance and Movement
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students identify their stressors and receive tools and techniques for managing them through movement, dance therapy, dance meditation, authentic movement studies, breathing exercises, yoga, physical therapy and varied relaxation exercises. Multicultural stories, rhythms, music, and dance forms are used to enhance and support the individual in the group experience. May be taken 4 times.

DANCE TECHNIQUES 431
Modern Dance
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn basic Modern Dance steps and combinations, terminology, music, and appreciation of dance as a performing art. Course may be taken four times.

DANCE TECHNIQUES 434
Ballet
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn basic Ballet steps and combinations, terminology, music, and appreciation of dance as a performing art. Course may be taken four times.

DANCE TECHNIQUES 437
Jazz Dance
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn jazz dance with an emphasis on basic steps and combinations, terminology, music, and appreciation of dance as a performing art form. Course may be taken four times.

DANCE TECHNIQUES 440
Social Dance
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn basic social dance steps and combinations, terminology, music and appreciation of dance as an art form. Course may be taken four times.

DANCE TECHNIQUES 446
Tap Dance
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students perform several ballet combinations with an emphasis on basic steps and combinations, terminology, music and appreciation of dance as a performing art form. Course may be taken four times.

DANCE TECHNIQUES 466
Ballet Combinations
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Student perform several ballet combinations with an emphasis on basic steps and combinations, terminology, music and appreciation of dance as a performing art form.

DANCE TECHNIQUES 467
Modern Dance Combinations
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students perform modern dance combinations with emphasis on basic steps and combinations, terminology, music, and appreciation of dance as a performing art form. Course may be taken four times.

DANCE TECHNIQUES 468
Jazz Dance Combinations
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students perform several dance combinations with an emphasis on basic Jazz Dance steps, stylistic quality, technique, terminology, music, and appreciation of dance as a performing art form.

DANCE TECHNIQUES 469
Conditioning for Dance
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn Pilates based exercises to increase flexibility, strength, and endurance.
**DENTAL TECHNOLOGY**

**DENTAL TECHNOLOGY 100**
Introduction to the Dental Laboratory
2 UNITS - (A)
Lecture 1 hour. Lab 3 hours. Open to all college students.
An Introduction to the modern dental laboratory working with gypsum products as well as model and die production are stressed.

**DENTAL TECHNOLOGY 101**
Elements of Dental Technology
2 UNITS - (A)
Lecture 2 hours.
Advisory: English 21 or equivalent.
Open to all college students.
Students receive an orientation to the field of dental laboratory technology, including ethics, jurisprudence, history, and categories of training and employment.

**DENTAL TECHNOLOGY 102**
Dental Anatomy and Terminology
3 UNITS - (A)
Lecture 3 hours.
Advisory: English 21 or equivalent. Open to all college students.
The students learn about oral cavity and dental terminology, including morphology and function of primary and secondary human dentition, occlusion concepts and anatomical landmarks. Additionally, the students learn the significance of: skull of osteology, myology and tooth supporting structures histology.

**DENTAL TECHNOLOGY 103**
Complete Denture Prosthetics I
5 UNITS - (A)
Lecture 3 hours. Laboratory 5 hours.
Prerequisite: Dental Technology 100
The art and science of creating natural looking complete dentures. This course will include: anatomy, concepts of natural smile, selecting teeth, setting denture teeth, waxing to duplicate natural tissue, processing, finishing, and polishing dentures.

**DENTAL TECHNOLOGY 105**
Complete Denture Prosthetics II
2 UNITS - (A)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: Dental Technology 103
Construction of maxillary and mandibular dentures in balanced occlusion.

**DENTAL TECHNOLOGY 106**
Dental Materials
3.5 UNITS - (A)
Lecture 3 hours. Laboratory 1 hour.
Prerequisite: Dental Technology 100
Study of the physical properties, composition, and uses of dental materials by lecture and demonstration.

**DENTAL TECHNOLOGY 108**
Gnathological Concepts
3 UNITS - (A)
Lecture 2 hours. Lab 2 hours.
Prerequisite: Dental Technology 109.
A study of advanced occlusion concepts. Organic waxing of occlusal surfaces will be accomplished on fully adjustable articulators; mandibular tooth carvings will also be completed.

**DENTAL TECHNOLOGY 109**
Fixed Prosthetics I
4 UNITS - (A)
Lecture 2 hour. Lab 6 hours.
Prerequisite: Dental Technology 100
Advisory: English 73 or equivalent.
Waxing anterior and posterior single units by using PTC techniques and methodology based on student learning outcomes. Learning and understanding concepts such as: tooth contour alignment, functional and morphological occlusion. Applied techniques in spraying, investing and metal finish and polish are part of the course outline.

**DENTAL TECHNOLOGY 110**
Fixed Prosthetics II
5 UNITS - (A)
Lecture 2 hours. Lab 6 hours.
Prerequisite: Dental Technology 109
Waxing single and multiple units by using PTC techniques and methodology based on student learning outcomes. Learning and understanding concepts such as: tooth contour alignment, functional and morphological occlusion. Applied techniques in spraying, investing and casting including soldering, are part of the course outline.

**DENTAL TECHNOLOGY 112**
Removable Partial Denture Prosthetics I
3 UNITS - (A)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: Dental Technology 103
An introduction to the study of removable partial denture construction, use of the dental surveyor, design of the partial, waxing and casting techniques.

**DENTAL TECHNOLOGY 202**
Laboratory Management
4 UNITS - (A)
Lecture 2 hours. Lab 6 hours.
Co-requisite: Dental Technology 207 or 208
Opportunity to observe and work with a skilled dental technician in a dental office, clinic or dental laboratory. Opportunity to apply the knowledge and skills learned in the classroom in a dental office, clinic or dental laboratory for a minimum of 6 hours per week.

**DENTAL TECHNOLOGY 203**
Metal Ceramic Restorations
2 UNITS - (A)
Lecture 1 hour. Lab 3 hours.
Prerequisite: Dental Technology 206
A course in metal ceramic restorations, including proprieties, design, manipulation, firing, staining, glazing, polishing, science of color and esthetics; single units and soldered splint porcelain fused to metal.
DENTAL TECHNOLOGY 204
Orthodontics
3 UNITS - (A)
Lecture 2 hours. Lab 2 hours.
Prerequisite: Dental Technology 112
This course goes into the construction and repair of orthodontic and pedodontic appliances. Emphasis will be placed on pouring and trimming orthognathic study casts, wire bending techniques, soldering and welding techniques, and fabrication of various types of orthodontic appliances.

DENTAL TECHNOLOGY 205
Advanced Removable Partial Dentures
10 UNITS
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 111 and 105.
This course is the first course for Removable Prosthetic Specialists in Dental Technology Program. This course incorporates advanced removable partial denture design, and manufacturing techniques.

DENTAL TECHNOLOGY 206
Advanced Fixed Prosthetics
10 UNITS
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 204.
This course is the second course for Fixed Prosthetic Specialists in the Dental Technology Program. This course incorporates advanced fixed partial denture design, and manufacturing techniques.

DENTAL TECHNOLOGY 207
Advanced Complete Dentures
10 UNITS - (A) (RPT 1)
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 206.
This course is the second course for Fixed Prosthetic Specialists in the Dental Technology Program. This course incorporates advanced removable partial denture design and manufacturing techniques.

DENTAL TECHNOLOGY 208
Advanced Ceramic Restorations
10 UNITS - (A) (RPT 1)
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 208.
This course is the first course for Removable Prosthetic Specialists in the Dental Technology Program. This course incorporates advanced Ceramic Restoration design and manufacturing techniques.

DENTAL TECHNOLOGY UCLA COURSES
MASTER CERAMIST PROGRAM
DENTAL TECHNOLOGY 300
Introduction to Esthetic Dentistry
0.5 UNITS - (A)
Lecture .5 hour.
Prerequisite: Dental Technology 111.
Advisory: Dental Technology 108.
Students learn to use the right side of the brain to analyze and execute the waxing of both anterior and posterior teeth. Successful completion of all aspects of this course allows entry into the LACC/UCLA Esthetic Dental Design Program.

DENTAL TECHNOLOGY 301
Macro and Micro Esthetics
8 UNITS - (A)
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 300.
Advisory: Dental Technology 108.
Students learn the inter-tooth components of a natural esthetic smile as well as the intra-tooth component of each individual tooth.

DENTAL TECHNOLOGY 302
Restorations
3.72 UNITS - (A)
Lecture 2.22 hours. Laboratory 4.45 hours.
Prerequisite: Dental Technology 300.
Master Ceramist Program students learn to master the art and science of dental photography for analysis and communication. The different zones of an individual teeth are analyzed and mapped using both visual and computer generated techniques to create a guide for fabricating a dental restoration.

DENTAL TECHNOLOGY 303
Skeleton build-up for Porcelain Fused to Metal
5 UNITS - (A)
Lecture 4 hours. Laboratory 4 hours.
Prerequisite: Dental Technology 300.
The Master Ceramist Program student learns the design and fabrication of Cast and Composite Metal, single and multiple unit substructures, and the skeleton build-up technique in porcelain to complete these dental esthetic restorations.

DENTAL TECHNOLOGY 304
Skeleton build-up for All Ceramic Restorations
8 UNITS - (A)
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 300.
The Master Ceramist Program students learn the design and fabrication of All-Ceramic single and multiple unit restorative substructures and the skeleton build-up porcelain technique to complete dental esthetic restorations.

DENTAL TECHNOLOGY 305
Skeleton build-up for Pressable Ceramic Restorations
8 UNITS - (A)
Lecture 4 hours. Laboratory 12 hours.
Prerequisite: Dental Technology 300.
The Master Ceramist Program student learns the design and fabrication of Heat-Pressed Ceramic single and multiple unit restorative substructures and the skeleton build-up porcelain technique to complete dental esthetic restorations.

DENTAL TECHNOLOGY 306
Prototypes and Indirect Composite Restorations
12 UNITS - (A)
Lecture 6 hours. Laboratory 18 hours.
Prerequisite: Dental Technology 301.
The Master Ceramist Program student learns multiple techniques in making esthetic temporary and permanent restorations.

DENTAL TECHNOLOGY 307
Skeleton Build-up for Laminate Veneers
2.5 UNITS - (A)
Lecture 1 hour. Laboratory 5.66 hours.
Prerequisite: Dental Technology 301.
The Master Ceramist Program students learn the design and fabrication of Laminate Veneer single and multiple unit substructures and the skeleton build-up technique in porcelain to complete these dental esthetic restorations.

DENTAL TECHNOLOGY 308
Live-Patient Course
18 UNITS - (A)
Lecture 5 hours. Laboratory 46.8 hours.
Prerequisite: Dental Technology 304.
Second term Master Ceramist Program students learn to interact with patients for shade analysis and establishing tooth contour for actual dental restorations. Students then fabricate
and custom contour dental restorations for placement in the patients' mouth.

**DENTAL TECHNOLOGY 311**
**Master Ceramist Live - Patient Course I**
7 UNITS
Lecture 3 hours. Laboratory 12 hours
Prerequisite: Dental Technology 304
The Master Ceramist Program students learn to interact with patients for shade analysis and establishing tooth contour for actual dental restorations. Students then fabricate and custom contour dental restorations for placement in the patients' mouth.

**DENTAL TECHNOLOGY 312**
**Master Ceramist Live - Patient Course III**
7 UNITS
Lecture 3 hours. Laboratory 12 hours
Prerequisite: Dental Technology 304
Third term Master Ceramist students learn to interact with patients for shade analysis and establishing tooth contour for actual dental restorations. Students then fabricate and custom contour dental restorations for placement in the patients' mouth.

**DENTAL TECHNOLOGY 313**
**Master Ceramist Live - Patient Course IV**
18 UNITS
Lecture 5 hours. Laboratory 39 hours
Prerequisite: Dental Technology 304
Fourth term Master Ceramist Program students learn to interact with patients for shade analysis and establishing tooth contour for actual dental restorations. Students then fabricate and custom contour dental restorations for placement in the patients' mouth.

**ADVANCED PROSTHODONTICS, IMPLANTS AND MAXILLOFACIAL PROGRAM**

**DENTAL TECHNOLOGY 401**
**Introduction to Advanced Prosthetics**
7.5 UNITS
Lecture 4 hours. Laboratory 11 hours
Prerequisite: Dental Technology 102 and 106.
The Advanced Prosthodontic, Implant & Maxillofacial Program students learn dental terminology, materials and morphology necessary to the advance dental technician. Use of the computer in the dental laboratory will also be covered.

**DENTAL TECHNOLOGY 402**
**Advanced Prosthodontics 1**
16.5 UNITS
Lecture 5 hours. Laboratory 35 hours.
Prerequisite: Dental Technology 401.
The Advanced Prosthodontic, Implant & Maxillofacial Program students learn the planning and fabrication of Advanced Implant, Fixed and Removable Prostodontics and Dental Ceramics.

**DENTAL TECHNOLOGY 403**
**Advanced Prosthodontics 2**
6 UNITS
Lecture 3 hours. Laboratory 10.3 hours.
Prerequisite: Dental Technology 402.
The Advanced Prosthodontic, Implant & Maxillofacial Program students learn the planning and fabrication of advanced multi-unit full mouth reconstruction dental ceramics.

**DENTAL TECHNOLOGY 404**
**Advanced Prosthodontics 3**
16.5 UNITS
Lecture 5 hours. Laboratory 35 hours.
The Advanced Prosthodontic, Implant & Maxillofacial students learn the planning and fabrication of advanced implant, fixed, removable prosthodontic and maxillofacial appliances using hybrid materials and precision attachments.

**EARTH SCIENCE**

**ELECTRONICS**

**ECONOMICS**

**ECONOMICS 1**
**Principles of Economics I**
3 UNITS -(UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
A course in microeconomics introducing the principles and methods of economic analysis, economic institutions, and issues of economic policy. Emphasis is placed upon production and the allocation of economic resources, and distribution of income through the private enterprise price system.

**ECONOMICS 2**
**Principles of Economics II**
3 UNITS -(UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
A course in macroeconomics emphasizing aggregative economic analysis, including money and banking, national income determination, business fluctuations, and other topics relevant to macroeconomic analysis.

[Continued...]

**ELECTRONICS 2**
**Introduction to Electronics and Computer Technology**
3 UNITS -(CSU)
Lecture 2 hours. Laboratory 2 hours.
Students learn the basic concepts of electricity and applications of simple electronic components through introduction to the technological implications of electronics. The laboratory emphasizes skills in breadboarding and soldering and hands-on exposure to basic electronic principles.

**ELECTRONICS 4**
Fundamentals of Electronics I
4 UNITS - (CSU)
Lecture 3 hours. Laboratory 3 hours.
Co-requisite: Electronics 10.
Students learn the concepts of direct current circuits, including basics of electricity, series and parallel circuits, meters, batteries, resistors, and magnetism. The laboratory emphasizes skills in the analysis of circuits and the use of test equipment.

Electronics 6
Fundamentals of Electronics II
4 UNITS - (CSU)
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: Electronics 4 with satisfactory grade or better or equivalent.
Co-requisite: Electronics 12.
The student receives a detailed study of alternating current theory and applications, including reactance, impedance, resonance, transformers, coupling, filters, bandpass, and time constants. The laboratory emphasizes skills in the use of test equipment in AC circuits.

Electronics 8
Electron Devices
4 UNITS - (CSU)
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: Electronics 4 with satisfactory grade or better or equivalent.
The student learns the nature and operation of solid state devices including diodes, transistors, and field effect devices. Includes simple circuit applications.

Electronics 10
Mathematics of Electronics I
3 UNITS - (CSU)
Lecture 3 hours.
The student learns mathematical methods and techniques for the solution of basic DC circuit problems including the study of algebraic operations, simple linear equations, algebraic fractions, ratio and percent, graphing, and use of the electronic calculator.

Electronics 12
Mathematics of Electronics II
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Electronics 10 with satisfactory grade or better or equivalent.
Students develop skills in the use of algebra, trigonometry, complex numbers, logarithms, and determinants as needed in electronics calculations. Techniques of network solutions including Kirchhoff’s and Ohm’s laws and Thévenin’s and Norton’s theorems are emphasized.

Electronics 20
Electronics Circuits I
4 UNITS - (CSU)
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: Electronics 6 and 8 with satisfactory grades or better or equivalent.
The students learn the applications of electronic devices such as diodes, junction and FET transistors, MOSFET’s, SCR’s, to circuits such as signal and power amplifiers, multi-stage amplifiers, differential amplifiers, and special controller circuits. They solve circuit analysis problems with breadboards and computer simulations in the electronics laboratory.

Electronics 101
Science Electronics
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: Electronics 2
Students receive a survey of electronics technology in the context of the principles of science. The application of the methods of science, technology, engineering, and mathematics (STEM) to topics ranging from basic circuits to complex integrated circuits, and products that use them. Includes topics in electronic music, computers, robotics, digital communication, and a variety of existing technologies. Social, political, and economic impact of electronic technology are explored.

Electronics 105
Electrician’s Examination Preparation
6 UNITS - (A)
Lecture 6 hours.
Prepares the student for the “General Journeyman Electrician” Certification examination of the State of California. Reviews electricity principles and fundamentals, installations and services, feeders and branch circuits, grounding and bonding, conductors and cables, Low-voltage circuits and communications, special occupancies, special equipment, motors, power and conditioning equipment, testing/testing equipment, lighting, raceways and boxes, emergency systems, fire detection and alarm systems.

Electronics 156
Electronics VI
4 UNITS – (A)
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: Co Tech 30
Students learn the technology involved in the design and implementation of intelligent machines using a top-down systems approach. Topics include programmable logic devices, complex microprocessors, embedded controllers, and input/output devices using microprocessors or designed to work with microprocessor-based machines. The laboratory involves system design using CAD software, construction of prototypes, and microprocessor programming.

Engineering
(Electrical & General)

Electrical Engineering

Electrical Engineering 220
Electrical Circuits I
4 UNITS – (UC:CSU)
Lecture 3 hours. Laboratory 3 hours.
Prerequisites: Physics 102 with a satisfactory grade or equivalent.
Co-requisite: Mathematics 275.
Students learn the theory of circuit analysis and practice its application to areas of importance in electrical engineering such as DC, AC, operational amplifiers, multi-phase power, and frequency response. Students also perform laboratory exercises to learn how to realize circuit designs using electronic components and to use instruments such as multimeters, oscilloscopes, and signal generators.

**GENERAL ENGINEERING**

**ENGINEERING 101**  
Introduction to Science, Engineering and Technology  
2 UNITS – (UC:CSU)  
Lecture 2 hours.  
Required of all engineering first semester students. Open to all.  
Students learn about the engineering method and strategies for academic and career success in engineering. Students are introduced to mechanical, civil, electrical, and computer systems engineering through project work. The vast range of disciplines and opportunities in engineering are presented. Students are guided through challenging design exercises to develop skills in planning, communication, team working, and creativity. Only basic math is required.

**ENGINEERING 131**  
Statics  
3 UNITS – (UC:CSU)  
Lecture 3 hours.  
Prerequisite: Physics 101 with a satisfactory grade or equivalent.  
The student learns how to apply vector analysis of forces and moments to determine the equilibrium conditions in trusses, frames, and machines. The course also covers center of mass, centroids, friction, and moment of inertia.

**ENGINEERING 151**  
Materials of Engineering  
3 UNITS – (UC:CSU)  
Lecture 3 hours.  
Prerequisite: Physics 101 and Chemistry 101 with satisfactory grades or better or equivalent.  
The student learns how the properties of materials are related to atomic and crystal structure and how processing influences structure and hence properties. Topics include atomic structure and bonding; crystalline structures; phases and phase diagrams; metals; polymers; ceramics; composites; mechanical deformation, fracture, electrical, and magnetic properties.

**ENGINEERING 211**  
ARCHIVED  
Computer Augmented Design Techniques I  
3 UNITS – (UC:CSU)

**ENGINEERING 212**  
CADD for Engineers II  
3 UNITS – (RPT 3) (UC:CSU)  
Lecture 2 hour. Laboratory 2 hours.  
Students develop 3-D representations of engineering components and assemblies using Solidwords feature based parametric solid modeling software. Instruction is given in the types of solid object manipulations that are common to all parametric solid modeling software and used in industry to construct components that can be further combined to make assemblies. The preparation of engineering drawings from the 3-D representation using automation tools is also covered.

**ENGINEERING 241**  
Strength of Materials  
3 UNITS – (UC:CSU)  
Lecture 2 hours. Laboratory 3 hours.  
Prerequisite: Engineering, General 131 with a satisfactory grade or equivalent.  
The student learns the application of mechanics to determining the effect of forces and torques on materials. The student will be able to apply this knowledge to the design of load bearing components. The course will cover the following topics: stress, strain, axial loading, torsion, flexural stresses, transverse shear stress, horizontal shear stresses, stress transformations, Mohr’s circle, pressure vessels, shear and bending moment diagrams, stresses in a beam, methods of superposition, and elastic strain energy.

**ENGLISH**

**ENGLISH 20**  
College Reading Skills  
6 UNITS – NDC  
Lecture 6 hours.  
Prerequisite: Appropriate score on the English Placement Exam  
Students receive instruction in techniques of writing clear, coherent compositions and improvement in reading skills which reinforce writing skills necessary for academic success.

**ENGLISH 21**  
English Fundamentals  
3 UNITS – NDC  
Lecture 3 hours.  
Prerequisite: English 20 or appropriate placement score.  
Advisory: English 67.  
The student receives an introduction to English fundamentals in formal academic writing, focusing on basic grammar, reading, and writing skills.

**ENGLISH 28**  
Intermediate Reading and Composition  
3 UNITS – (A)  
Lecture 3 hours.  
Prerequisite: ESL 6A or English 21 or 73 or equivalent or appropriate placement score.  
Co-requisite: English 67.  
Students receive instruction in techniques of writing at the college level with an emphasis on grammar and various essay writing modes. Students develop reading skills through an analysis of fiction and non-fiction materials.

**ENGLISH 67**  
Writing Laboratory  
0.5 UNITS – (RPT 3) NDC  
Laboratory 1 hour.  
Individual help in improving college writing; organization, clarity, and mechanics.  
Note: English 21 students are required to take English 67.

**ENGLISH 69**  
Writing and Revising on the Computer  
1 UNIT – (RPT 3) NDC  
Laboratory 2 hours.  
English 69 is designed to supplement and enhance learning in intermediate writing composition and reading courses by providing individualized tutorial and self-help assistance, computers, online resources, and other resource materials that enhance students' critical reading, writing, and computer skills necessary for success in college, career, and vocations.

**ENGLISH 78**  
Writing Memoir  
3 UNITS – (RPT 2) (A)  
Lecture 3 hours.  
Advisory: English 21, Eligibility for English 21, English 97, ESL 6A, or equivalent.  
Students read full-length memoirs by published writers and outline and compose their own memoirs.

**ENGLISH 94**  
Intensive Grammar Review  
3 UNITS – NDC  
Lecture 3 hours.  
Advisory: English 21 and 67.  
Students engage in an intensive review of grammar and sentence structure to better prepare them for English 28 or 101.
ENGLISH 97
Introduction to College English and Reading Skills
6 UNITS
Lecture 6 hours.
Prerequisite: English 20 or Appropriate placement score.
Advisory: English 47 or English 67.
Students will be introduced to English fundamentals in formal academic writing, focusing on basic grammar, reading, and writing skills. There will also be an introduction to English grammar, college vocabulary, and academic writing skills as well as instruction in comprehending expository articles, narratives, and college-level textbook material.

UNIVERSITY TRANSFER COURSES

ENGLISH 101
College Reading and Composition I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 67 and 28 or 31 or appropriate placement score.
Students develop their skills for writing college-level essays that incorporate various documentation styles. Students learn the importance of various fiction and non-fiction readings.

ENGLISH 102
College Reading and Composition II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: of English 101 or equivalent.
Students study literature and literary criticism in order to develop critical thinking, reading and writing skills beyond the level achieved in English 101. This course emphasizes logical reasoning, analysis, and strategies of argumentation.

ENGLISH 103
Composition and Critical Thinking
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students develop logical, argumentative and analytical thinking through the examination of written and other types of cultural texts.

ENGLISH 104
World Literature II (1600 to the present)
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Study of selected major works of World literature, covering Western Europe, the Middle East, Africa, and Asia, from the 17th century to the present. The course will require students to recognize and compare readings from different cultures and analyze poetic forms and literary themes significant to the cultures in reasoned analyses.

ENGLISH 105
English Literature I
(Beginnings to 1800)
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 102 or equivalent.
Students read, discuss and analyze major works of English literature from the beginnings to the late eighteenth century, to develop an understanding and appreciation of the poetry, fiction, and drama of these literary periods and to express that appreciation in reasoned analyses.

ENGLISH 106
English Literature II:
Nineteenth Century to the Present
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 102 or equivalent.
Students read, discuss and analyze major works of English literature from the nineteenth century to the present, to develop an understanding and appreciation of the poetry, fiction, and drama of these literary periods and to express that appreciation in reasoned analyses.

ENGLISH 108
American Literature II:
Nineteenth Century to the Present
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students read, discuss and analyze major American literature from the Civil War Period to the present, in order to understand, appreciate, investigate multicultural influences within national identity. Students read works by Mark Twain, Kate Chopin, Robert Frost, Wallace Stevens, Langston Hughes, William Faulkner, Zora Neale Hurston, Leslie Marmon Silko, Tomas Rivera, Bharati Mukerjee, Allen Ginsberg and others.

ENGLISH 127
Creative Writing
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students receive intensive training in writing poetry, prose fiction, and/or playwriting. Students compose works that are discussed as part of instruction, supplemented by examples of published writers and theoretical essays on the creative process.
ENGLISH 212
Poetry
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students study works by selected poets and background for appreciation of the poetic form, including early verses to 20th and 21st centuries' poetry.

ENGLISH 214
Contemporary Literature
3 UNITS - (UC: CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students read key literary works and ideas of the recent mainstream and ethnically diverse literature to develop understanding and appreciation of contemporary culture, through reasoned analyses of its literature.

ENGLISH 215
Shakespeare I
3 UNITS - (UC: CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Shakespeare's sonnets and selected comedies, histories, and tragedies are read to develop an understanding and appreciation of these literary forms. Works selected in this class will differ from those used in English 216.

ENGLISH 216
Shakespeare II
3 UNITS - (UC: CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students continue to study Shakespeare's poetry, theater and drama with a selection of different works of Shakespeare than those used in English 215.

ENGLISH 218
Children's Literature
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students use critical analysis of the various ethnic American writers who straddle two or more cultures, analyzing in terms of assimilation, acculturation, double and mestiza consciousness and wholeness.

ENGLISH 219
The Literature of American Ethnic Groups
3 UNITS - (UC:CSU)
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: English 101 or equivalent.
Students use critical analysis of the various ethnic American writers who straddle two or more cultures, analyzing in terms of assimilation, acculturation, double and mestiza consciousness and wholeness.

ENGLISH 220
Literature and the Motion Picture I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students analyze and evaluate films of artistic and cultural significance, comparing the language, structure, and narrative techniques of film and literary classics by reading literature and watching films based on these literary sources.

ENGLISH 252
The English Bible as Literature
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101 or equivalent.
Students study the principle achievements of the Hebrew and Greek Testaments, using the Oxford Annotated Text as the basic text, to note literary and cultural influences.

ENGLISH 255
Latin American Literature
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101.
Students study a selection of significant literary works by Latin American authors. Readings will include selected poems, plays, and fiction by writers such as Pablo Neruda, Galéano, and Jorge Luis Borges, and will explore the themes of magical realism, social engagement, 'la raza cosmica,' and utopian yearnings.

ENGLISH 270
Science Fiction – Fantasy
3 UNITS (UC:CSU)
Lecture 3 hours.
Prerequisite: English 101, Appropriate score on the English Placement Exam or equivalent.
Students read and study works of science fiction, with an emphasis on the use of mythology, science fiction by scientists and non-scientists, philosophically oriented science fiction, and science fiction as fantasy and escape literature.

ENGLISH 185
Directed Study — English
1 UNIT (CSU) (RPT 2)

ENGLISH 285
Directed Study — English
2 UNIT (CSU)
Lecture 2 hours.

ENGLISH 385
Directed Study — English
3 UNITS (CSU)
Prerequisite: Approval of proposed project. See Department Chair.
Students pursue directed study in literary analysis, a particular genre or period, or independent research on a contract basis under the direction of a supervising instructor.
A maximum of 3 units in Directed Study may be taken for credit.
COLLEGE ENGLISH AS A SECOND LANGUAGE

ESL 1A
Integrated Skills: Reading and Writing
6 UNITS - NDC
Lecture 6 hours.
Prerequisite: Appropriate placement score.
Advisory: ESL 1B.
(Pass/ No Pass)
Students in the low beginning ESL level receive instruction to develop basic grammar, reading and writing skills needed for college work.

ESL 1B
Integrated Skills: Listening and Speaking
6 UNITS - NDC
Lecture 6 hours.
Prerequisite: Appropriate placement score. Advisory: ESL 1A.
(Pass/ No Pass)
Students at the low beginning ESL level learn skills in listening and speaking to prepare them for college work.

ESL 2A
Integrated Skills: Reading and Writing
6 UNITS - NDC
Lecture 6 hours.
Prerequisite: ESL 1A or appropriate score on the ESL placement assessment.
Advisory: ESL 2B.
(Pass/ No Pass)
Students in the high beginning ESL level receive instruction to develop basic grammar, reading and writing skills needed for college work.

ESL 2B
COLLEGE ENGLISH AS A SECOND LANGUAGE II:
WRITING AND GRAMMAR
6 UNITS - NDC
Lecture 6 hours.
Prerequisite: ESL 1B or appropriate score on the ESL placement assessment. Advisory: ESL 2A.
(Pass/ No Pass)
Students at the high-beginning ESL level learn skills to improve listening and speaking to prepare them for college work.

ESL 3A
Writing and Grammar
6 UNITS - (A)
Lecture 6 hours.
Prerequisite: ESL 2A or appropriate score on ESL placement. Advisory: ESL 3B and ESL 3C.
(Pass/ No Pass)
Students at the low-intermediate ESL level learn skills in writing and grammar to prepare them for college work.

ESL 3B
Reading and Vocabulary
3 UNITS - (A)
Lecture 3 hours.
Prerequisite: ESL 2B or appropriate score on the ESL placement assessment. Advisory: ESL 3A or ESL 3C.
(Pass/ No Pass)
Students at the low intermediate ESL level receive instruction in reading and vocabulary skills to prepare them for college work.

ESL 3C
COLLEGE ENGLISH AS A SECOND LANGUAGE III:
LISTENING AND SPEAKING
3 UNITS - (A)
Lecture 3 hours.
Prerequisite: ESL 2B or appropriate score on the ESL placement assessment.

Advisory: ESL 3A and ESL 3B.
(Pass/ No Pass)
Students at the low-intermediate ESL level learn skills to improve listening and speaking to prepare them for college work.

ESL 4A
Writing and Grammar
6 UNITS - (A)
Lecture 6 hours.
Prerequisite: Satisfactory completion of ESL 3A or appropriate score on the ESL placement assessment. Advisory: ESL 4B.
(Pass/ No Pass)
Students at the high-intermediate ESL level learn skills on improving their writing and grammar to prepare them lower-level college work.

ESL 4B
READING AND VOCABULARY
3 UNITS - (A)
Lecture 3 hours.
Prerequisite: Satisfactory completion of ESL 3B or appropriate score on the ESL placement assessment. Advisory: ESL 4A.
(Pass/ No Pass)
Students at the high-intermediate ESL level learn skills in reading and vocabulary to prepare them for college work.

E.S.L. 5A
Writing and Grammar
6 UNITS - (CSU)
Lecture 6 hours.
Prerequisite: ESL 4A or appropriate score on the ESL placement assessment. Advisory: ESL 5B. For low advanced ESL students.
Students at the low-advanced ESL level receive instruction on improving their writing skills to prepare them upper-level college work.

E.S.L. 5B
Reading and Vocabulary
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: ESL 4B or appropriate score on the ESL placement assessment. Advisory: ESL 5A.
Students at the low advanced ESL level learn skills in reading and vocabulary to prepare them for college work.
ENGLISH COURSE SEQUENCE

ENGLISH 101 - 3 Units
College Reading & Composition I
(UC-CSU)
* Requested for Associate Degree for students entering Fall 2009

ENGLISH 102 - 3 Units
College Reading & Composition II
(UC-CSU)

ENGLISH 103 - 3 Units
Composition and Critical Thinking, Reading & Writing
(UC-CSU)
Required only by Cal State LA.
Other colleges will accept EITHER 102 or 103

ENGLISH 28 - 3 Units
(AA)
Required for Associate Degree

ENGLISH 21 - 3 Units
(NDA)

ENGLISH 20 - 6 Units
(NDA)

ENGLISH 20 - 6 Units
(NDA)

ENGLISH 28 - 3 Units
(AA)
Required for Associate Degree

ENGLISH 21 - 3 Units
(NDA)

ENGLISH 20 - 6 Units
(NDA)

THE WRITING CENTER
Individualized Tutoring Available

ENGLISH 67 - 0.5 Units
(NDA)
Writing Lab
(required in Eng 21)

ENGLISH 68 - 0.5 Units
(NDA)
Reading Lab

ENGLISH 69 - 1 Units
(AA)
Writing/Revising on Computer

ENGLISH 101 - 3 Units
Writing and Grammar
6 UNITS - (CSU)
Prerequisite: ESL 5A or appropriate score on the ESL placement assessment. Advisory: ESL 6B. For advanced students. Improves writing to help prepare students for college work.

E.S.L. 6A
Reading and Vocabulary
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: ESL 5B or appropriate score on the ESL placement assessment. Advisory: ESL 6A.
Students at the high-advanced ESL level learn skills in reading and vocabulary to prepare them for college work.

E N V I R O N M E N T A L  D E S I G N

ENVIRONMENTAL DESIGN 101
Foundations of Design I
3 UNITS - (CSU)
Lecture 1 hour; laboratory 5 hours.
First level architectural design studio. Students develop creative, conceptual and analytical skills by creating simple to complex projects. Learn to properly communicate architectural concepts through drawings, renderings, physical models, and computer 3-D modeling. Fundamental architectural formal and spatial design principles, theories, order and methodologies are explored and incorporated into student projects. The profession of architecture and the practice of architects are clarified. Critical for students interested in pursuing a higher degree in architecture school or related design field. Recommended for all art and interior design related fields. Recommended as a general education course to develop the creative mind. Students will also create a portfolio of their work.

ENVIRONMENTAL DESIGN 102
Foundations of Design II
3 UNITS - (CSU)
Lecture 1 hour; laboratory 5 hours.
Prerequisite: Environmental Design 101 with a satisfactory grade.
Second level architectural design studio. Students continue to develop creative, conceptual and analytical skills by designing more complex projects addressing multiple programmatic requirements, symbolism and contextualism. Drawing, rendering, computer and model making skills are further refined. Students will also create a portfolio of their work.
FAMILY AND CONSUMER STUDIES

FAMILY AND CONSUMER STUDIES 21
(SAME AS NUTRITION 21)
Nutrition
3 UNITS - (UC: CSU)
Lecture 3 hours.
Co-requisite: English 21 and 67 or equivalent.
Students learn the scientific concepts of Nutrition in a lecture interactive format evaluating how lifestyle, diet, food/nutrition/ nutrient excess and deficiencies; phytochemicals; food safety; food technology affect diseases and assessment of nutrition in human development from conception through maturity. Personal dietary assessment, synthesizing data from computerized dietary program and family tree, appraises nutritional disease risk factors. Students evaluate excesses and deficiencies and construct practices that establish and maintain a healthy lifestyle and result in a healthier mind, healthier nutritional eating practices, enhancing the spirit and nourishing the body.

FAMILY AND CONSUMER STUDIES 24
Food Preparation
3 UNITS - (CSU)
Lecture 2 hours Laboratory 3 hours.
Advisory: English 21 and 67 or equivalent.
Students are introduced to the scientific fundamentals of food preparation in both lecture and laboratory format. Scientific principles of food preparation are emphasized using current technology. The role of food in cultures, nutrition, and the economy are integrated into meal planning and preparation.

FAMILY AND CONSUMER STUDIES 27
Nutrition Care
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Family and Consumer Studies 21, 55, 56 and English 21.
Co-requisite: Family and Consumer Studies 127 required.
Advisory: English 101 and Biology 25.
This course is offered only fall semesters, day session.
Nutrition problems of patients with cancer, AIDS, diabetes, cardiovascular diseases, renal diseases, and liver diseases are studied for appropriate menu modifications. The development and implementation of nutrition care plans are emphasized.

FAMILY AND CONSUMER STUDIES 28
Advanced Nutrition Care
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Family and Consumer Studies 27 or equivalent.
Co-requisite: Concurrent enrollment in Family and Consumer Studies 128 required.
This course is offered only spring semesters, day session.
Nutritional needs at each stage of the life cycle are studied in depth. Cultural food preferences are studied and incorporated into nutrition education and counseling of clients.

FAMILY AND CONSUMER STUDIES 29
Dietetic Seminar
1 UNIT - (CSU)
Lecture 1 hour.
Prerequisite: Family and Consumer Studies 28 with a satisfactory grade or equivalent.
Co-requisite: Concurrent enrollment in Family and Consumer Studies 129 required.
This course is offered only spring semesters, day session. The role of the dietetic technician in the dietetics profession and health care delivery system is explored.
FAMILY AND CONSUMER STUDIES 31
Marriage and Family Life
3 UNITS - (UC: CSU)
Lecture 3 hours.
Prerequisite: English 21 or 73 or equivalent.
Interpersonal growth and rewarding relationship are explored
over the course of the family life cycle. Examines the impact of
social, psychological and economic forces that affect the family.

FAMILY AND CONSUMER STUDIES 50
SANITATION AND SAFETY
3 UNITS - (CSU)
Lecture 3 hours.
Co-requisite: Concurrent enrollment in English 21 or equivalent.
Students learn basic principles of sanitation and safety
including the types of microorganisms that cause foodborne
illness, foodborne infections, toxin-mediated infection, and
intoxication. Class includes discussion of environmental
conditions including food hazards, contamination, cross-
contamination, time and temperature, and personal food
handler practices that cause sanitation/safety risks. US Food
Code regulations, California state and Los Angeles County
Environmental Health Department regulations and a HACCP
system of food safety will help define the role of food, people,
and facility in managing a sanitary food facility operation.
Emphasis on the importance of proper employee food safety
training practices as related to the providing of safe food are
core competencies of this class.

FAMILY AND CONSUMER STUDIES 51
Food Production Management
3 UNITS - (CSU)
Lecture 3 hours.
Co-requisite: Concurrent enrollment Family and Consumer
Studies 51 is required, English 28, Math 105 (or LS 10)
Students can satisfy English and Mathematics requirements
by appropriate placement on the College Assessment. This
course is offered only fall semesters, day session. Introduction
to institutional menu analysis for food requisitioning, food
production planning and implementation. Basic principles of
quantity cooking are emphasized.

FAMILY AND CONSUMER STUDIES 52
Food Service Management
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Family and Consumer Studies 51 and 55.
The student explores and masters the systems approach
to food service management including the menu, food
purchasing, personnel management, facility management,
fiscal management, marketing, and information systems.

FAMILY AND CONSUMER STUDIES 55
Dietetic Education
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 21 or equivalent.
This course is offered only fall semesters. An introduction to
careers in dietetics and school food service. The application of
communication skills to training, counseling, and education is
studied.

FAMILY AND CONSUMER STUDIES 56
Nutrition Delivery Systems
3 UNITS - (CSU)
Lecture 3 hours.
Co-requisite: Family and Consumer Studies 156 required.
Advisories: English 21 or equivalent, and Mathematics 105 or
higher, Learning Skills 10ABC or higher.
This course is offered only spring semesters, day session.
Introduction to nutrition delivery systems and institutional menu
diet modifications. State and Federal regulatory guidelines for
food service are studied.

FAMILY AND CONSUMER STUDIES 127
Nutrition Care Laboratory
2 UNITS - (A)
Lecture 3 hours.
Prerequisite: Physical examination, negative TB test within the
past 6 months, student liability insurance, background
check, fingerprinting, drug screening, etc. may be required.
Co-requisite: Concurrent enrollment in Family and Consumer
Studies 27 required.
This course is offered only fall semesters, day session. This
clinical laboratory provides supervised practice in development
and implementation of nutrition care plans in acute care facilities.

FAMILY AND CONSUMER STUDIES 128
Advanced Nutrition Care Laboratory
2 UNITS - (A)
Laboratory 6 hours.
Prerequisite: Family and Consumer Studies 127, Physical
examination, negative TB test within the past 6 months, MMR,
student liability insurance, background check, fingerprinting,
drug screening, etc. may be required.
This course is offered only spring semesters, day session. This
clinical laboratory provides supervised practice in group education
and counseling of clients from various stages of the life cycle.

FAMILY AND CONSUMER STUDIES 129
Dietetic Laboratory
2 UNITS - (A)
Prerequisite: Physical examination and negative TB test within
the past 6 months, student liability insurance, background
check, fingerprinting, drug screening, etc. may be required;
Family and Consumer Studies 29.
Co-requisite: Concurrent enrollment with Family and Consumer
Studies 29.
This course is offered only spring semesters, day session. This
clinical laboratory provides supervised practice in management
and marketing of food service facilities.

FAMILY AND CONSUMER STUDIES 151
Food Production Management Laboratory
2 UNITS - (A)
Laboratory 5 hours.
Prerequisite: Physical examination and negative TB test within
the past 6 months, student liability insurance. Co-requisite:
Family and Consumer Studies 51 required.
This course is offered only fall semesters, day session. Students receive supervised practice in food requisitioning,
food production planning, and quantity food production in a
clinical laboratory.

FAMILY AND CONSUMER STUDIES 156
Nutrition Delivery Systems Laboratory
2 UNITS - (A)
Lecture 5 hours.
Prerequisite: Physical examination and negative TB test within
the past 6 months, student liability insurance, background
check, fingerprinting, drug screening, etc. may be required.
Co-requisite: Concurrent enrollment in Family and Consumer
Studies 56 required.
This course is offered only spring semesters, day session. This
clinical laboratory provides supervised practice in nutritional
services including modified diets and the health care team.
Nutrition delivery systems are evaluated according to state
and regulatory guidelines.
FINANCE

FINANCE 2
Investments
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
Students receive the essentials of the principles of investment, the various types of investments, the operations of investment markets, and sources of information.

FINANCE 8
Personal Finance and Investments
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students receive and apply the principles of accounting, banking, finance, office methods, management, and production, to one’s personal affairs. Family budgeting, consumer credit, home ownership, life and property insurance, investments and savings plans, social security and retirement plans.

FINANCE 15
Principles of Banking
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
This course is designed to provide an understanding of the basic functions of banking and a working knowledge of the operation of a bank.

FRENCH

Transfer limit: UCLA allows no credit for duplication of a foreign language if the student completed in high school the equivalent levels with a satisfactory grade; A.A. Degree.

One year of high school study in French corresponds to one college semester of credit or one semester of French at LACC equals one full year of high school credit.

FRENCH 1
Elementary French I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour
Advisory: English 28 and 67
The student learns French pronunciation and grammar, practical vocabulary, useful phrases as well as basic facts on the geography, customs and culture of the French speaking world.

FRENCH 2
Elementary French II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: French 1 with a satisfactory grade or equivalent.
The student completes the study of elementary French grammar, increases their practical vocabulary, and masters useful phrases. The student reads elementary texts including those that explore basic facts on the geography, customs and culture of the French speaking world.

FRENCH 3
Intermediate French I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: French 2 with a satisfactory grade or equivalent.
Review of grammar, composition and vocabulary building. Introduction to French and Francophile authors.

FRENCH 4
Intermediate French II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: French 3 with a satisfactory grade or equivalent.
The student reviews French grammar, composition and vocabulary, and pursues a deeper understanding of French and Francophile authors.

FRENCH 8
Conversational French
2 UNITS - (UC:CSU)
Lecture 2 hours.
Prerequisite: French 2 with a satisfactory grade or equivalent.
Oral expression in French is the main thrust of the course. The focus is on conversational skills revolving around everyday situations that a person may encounter when traveling or living in French-speaking countries, or when interacting with French-speaking people in the United States.
UC Limit: maximum units: 2 courses.

FRENCH 10
(SAME AS HUMANITIES 42)
French Civilization
3 UNITS
Lecture 3 hours.
Advisory: English 28 and 67.
Students learn about French culture from before the Romans through the culture of today. The ruling dynasties, various wars and revolutions and their affect on the arts and literature is discussed. Students assess the role of France in Europe and the world.

GEOGRAPHY

TRANSFER INFORMATION:

Physical Science Requirement: Geography 1, Geography 3, and Meteorology 3 each satisfy the IGETC and CSU general education requirements for physical science.

Physical Science with Lab Requirement: Geography 1 taken with Geography 15 and satisfies the IGETC and CSU general education requirements for a physical science with a laboratory.

Social & Behavioral Science Requirement: Geography 2 satisfies the IGETC and CSU social and behavioral sciences requirement.

GEOGRAPHY 1
Physical Geography
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students learn about basic scientific principles of geography such as Earth-Sun relationships, weather and climate, ecosystems and biomes, anthropogenic pollution and climate change, earth’s internal structure and processes, and surface topography. Students will also learn basic map reading and geographic literacy.
GEOPHYSICS 2
Cultural Elements of Geography
3 UNITS – (UC:CSU)
Lecture 3 hours
Advisory: English 28 and 67 or equivalent.
Students learn about human cultural variables in the context of
the globe, including the description, analysis, and explanation
of population, migration, folk and popular culture, language,
religion, ethnicity, political geography, development, agriculture,
industry, economic activities, urban areas, and resource
utilization. Special emphasis is placed on contemporary
issues such as the effects of globalization and the impact of
human settlements on the natural environment. Students also
learn basic geographic literacy and map reading.

GEOPHYSICS 15
Physical Geography Laboratory
2 UNITS – (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Advisory: English 28 and 67 or equivalent; Geography 1.
Students learn to interpret physical maps, including weather
maps and topographic maps, as well as perform hands-on
exercises that explore Earth-Sun relationships, atmospheric
temperature, pressure and moisture, climate and biomes,
plate tectonics and volcanoes, and landforms.
Note: Geography 15 may be taken concurrently with
Geography 1.

GEOLOGY
TRANSFER INFORMATION:
Physical Science Requirement: Earth Science 1, Geology 1,
and Oceanography 1 each satisfy the IGETC and CSU
general education requirements for physical science.
Physical Science with Lab Requirement: Geology 1 taken with
Geology 6 satisfies the IGETC and CSU general education
requirements for a physical science with a laboratory.

GEOLOGY 1
Physical Geology
3 UNITS – (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
In this elementary course, the student learns Earth’s internal
and external forces and the features that these forces create.
Students study minerals, rocks, volcanoes, earthquakes,
mountain building, plate tectonics, tsunamis, global warming,
natural resources, and alternative energy resources.

GEOLOGY 6
Physical Geology Laboratory
2 UNITS – (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Advisory: English 28 and 67 or equivalent; Geology 1
In this elementary course the student learns to identify hand
samples of minerals and rocks using a hands-on approach.
The student also learns to develop topographic and geologic
maps in great detail, including changing map scales using
dimensional analysis and analyzing aerial photographs.
Note: Geology 6 may be taken concurrently with Geology 1.

HEALTH
UC Limit: Health 2, 8, and 11 combined: maximum credit, one
course.

HEALTH 2
Health and Fitness
3 UNITS – (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Course explores physical fitness as related to cardiovascular
capacity, nutrition, stress, and addictive substances. The
course involves laboratory assessment of each student’s
fitness status, lecture, and selected fitness activities. Based
on these experiences students develop individualized fitness
programs.

HEALTH 8
Women’s Personal Health
3 UNITS – (UC:CSU)
Lecture 3 hours.
The course examines the personal and social dimensions
of women’s health and the development of strategies for
empowerment in decision making that impact changes and
improvement in health welfare.

HEALTH 11
Principles of Healthful Living
3 UNITS – (UC:CSU)
Lecture 3 hours.
The course offers health related concepts for today and
the future as guidelines for a self-directed, responsible,
satisfying, and productive life-style. Emphasis is on cognitive
concepts and strategies of wellness for the individuals personal
community, vocational, and leadership roles.

HEALTH 12
Safety Education and First Aid
3 UNITS – (CSU)
Lecture 3 hours.
Students receive the theory and a detailed demonstration of the
first aid care of the injured. This course covers how to assess a
victim’s condition and incorporate proper treatment. Standard
first aid, CPR, and AED certification(s) will be granted upon
successful completion of requirements.

HISTORY
HISTORY 1
Introduction to Western Civilization I
3 UNITS – (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
A study of the main cultural, economic and political trends and
events from the rise of civilization in the Near East to the eve
of the French Revolution.

HISTORY 2
Introduction to Western Civilization II
3 UNITS – (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
A continuation of History 1 focusing on the period from the
French Revolution to the present.
HISTORY 3
History of England and Great Britain I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 101
The student explores British culture, emphasizing social, political, and economic issues from earliest times to 1500.

HISTORY 4
History of England and Great Britain II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 101
The student explores British culture, emphasizing social, political, and economic issues from 1500 to the present.

HISTORY 7
The World's Great Religions
3 UNITS - (UC:CSU)
Advisories: English 28 and 67
Students survey the historical development of the world's great religions. A study is made of the origins and growth of major religions with an emphasis on the nature of religions, and religion as a discipline of study.

HISTORY 11
Political and Social History of the United States I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Note: Meets the Associate of Arts degree requirements in U.S. History, U.S. Constitution, and California State and Local Government.
UC limit: Credit allowed for only one of African-American Studies 4 or History11 or Chicano Studies 7.
Students survey the political and social history of the United States from the colonial period through the Civil War and Reconstruction.

HISTORY 12
Political and Social History of the United States II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Note: Meets the Associate of Arts degree requirements in U.S. History, U.S. Constitution, and California State and Local Government. UC limit: Credit allowed for only one of History 12, 13 or African-American Studies 5, or Chicano Studies 8.
A survey of the political and social history of the United States from the Reconstruction to the 20th Century, including the U.S. Constitution, California State and Local Government.

HISTORY 13
The United States in the Twentieth Century
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 /31 or equivalent.
Note: Meets the Associate of Arts degree requirements in U.S. The student learns the main events, personalities, and themes of the social and political history of the U.S. in the 20th & 21st Centuries by focusing on their overall impact including a discussion of the country's central institutions. The student identifies, discusses and describes the historical importance of the events of the period in question.

HISTORY 59
Comparative History of Genocide and War Crimes
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67
The student learn the comparative history of genocide and war crimes in the 20th century and the legal instruments and organizations that have attempted to criminalize acts that fit within the definitions of genocide under international law. Students will also learn the comparative history of cultural conflict (identity), race & racism, and nationalism.

HISTORY 73
Race and Racism in the United States
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisories: English 28 and 67.
Students survey the development of racial theories and the interactions between ethnic groups in the United States. Students investigate and develop an understanding of how racism has affected intercultural collaboration or confrontation. This course encourages an understanding of the similarities and differences in racial and ethnic experiences in the United States.

HISTORY 78
The Environment in World History
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisories: English 101 and 67
Students learn about the environment history of the world from prehistoric times to the present. This introductory course covers human interactions with the environment in gatherer/hunter, agricultural, and industrial societies, addressing such issues as agricultural revolutions, the collapse of ancient civilizations, pollution, social constructions of nature, the loss of biological diversity, environmental ethics, globalization, and climate change.

HISTORY 81
A History of Working People in the United States I
3 UNITS - (UC:CSU)
Lecture 3 hours.
The student learns the history of working people in the United States from the colonial period through Reconstruction. Colonial life, the Revolutionary War, the early republic, the market revolution, the rise of urban America, westward expansion, the Civil War, and Reconstruction are examined from the perspective of indentured servants, slaves, farmers, skilled and unskilled laborers, and male and female workers.

HISTORY 82
A History of Working People in the United States II
3 UNITS - (UC:CSU)
Lecture 3 hours.
The student learns the history of working people in the United States from Reconstruction to the present. Reconstruction, the gilded Age and Progressive Era, immigration, imperialism, the Twenties, the Great Depression and New Deal, the World Wars, the Cold War and the Fifties, the conservative shift, and globalization are examined from the perspective of people from diverse social groups.
**HISTORY 86**  
**Introduction to World Civilizations I**  
3 UNITS - (UC:CSU)  
Traces the development and interrelationships of the major world civilizations and their cultural traditions and contributions from the earliest times to the era of European expansion in the sixteenth century.

**HISTORY 87**  
**Introduction to World Civilizations II**  
3 UNITS - (UC:CSU)  
Traces the development and interrelationships of the major world civilizations and their cultural traditions from the era of European expansion in the sixteenth century to the present.

**HISTORY 88**  
**Sex in History**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisories: English 28 and 67.  
Students explore how various world societies throughout history have dealt with sexual roles and sex drive in social, cultural, and political life.

**HUMANITIES**

**HUMANITIES 6**  
**GREAT PEOPLE, GREAT AGES**  
3 UNITS - (RPT 1) (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Introduction to ideas and methods in the Humanities. Exploration of the way in which individuals and groups create meaning in their lives and in the world around them.

**HUMANITIES 8**  
**Great Women, Great Eras**  
3 UNITS - (RPT 1) (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Students are introduced to the ideas and methods in gender studies. A wide range of conceptions of how gender identities are defined across cultures and historical eras explored. Various course topics covered include: how women have resisted oppression, how women have found sources of power in family, friends, work and education, how sexuality is constructed across time and place, and how gender relations continue to evolve.

**HUMANITIES 20**  
**Japanese Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
A survey of Japanese civilization from ancient times to the present; the historical and cultural backgrounds; significant aspects of Japanese culture; religion, philosophy, socio-political institutions and art forms.

**HUMANITIES 30**  
**The Beginnings of Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Introduction to Ancient Cultures and World Religions. Examination of the foundational texts, art and ideas of ancient India, China, the Middle East, Egypt and Greece.

**HUMANITIES 31**  
**People in Contemporary Society**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Examinations of the cultural encounters between European culture and the cultures of the Americas, Asia and Africa beginning from the Renaissance to present day.

**HUMANITIES 41**  
**Chinese Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
This course offers students lectures and discussions in English on history, culture, geography, government and institutions of China; the life style and customs of the people; the language, literature, arts and sciences; the contributions to civilization.

**HUMANITIES 42**  
**French Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Prerequisite: English 28 and 67.  
An overview of the French culture from before the Romans to today. The course includes an understanding of the different dynasties ruling France through the ages. It also covers the various wars and revolutions and their affect on the arts and literature movement. It underlies the role of France in Europe and the world.

**HUMANITIES 44**  
**Italian Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Students study the cultural development of Italy. Her contributions in the field of art, architecture, literature, music and the sciences are studied in their relation to the history and institutions of her people. Lectures and discussions are in English. Designed as a humanities course, for all college students, especially for those interested in arts, music and philosophy. Recommended for Italian majors.

**HUMANITIES 45**  
**Korean Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
This course offers the students lectures and discussions in English on geography, history, government and institutions of Korea; the life and customs of the people; the literature, music and art; and the contributions to civilization.

**HUMANITIES 47**  
**Hispanic Civilization**  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Geography, history, government and institutions of Spain; the life and customs of the people; the literature, music and art; and the contributions to civilization. Conducted in English. Same as Spanish 9.
**HUMANITIES 48**  
(SAME AS SPANISH 10)  
Latin American Civilization  
3 UNITS – (UC:CSU)  
Lecture 3 hours.  
An exploration of the histories, cultures and arts of Latin America. The focus of the course is to study the differences and similarities between the countries that comprise Latin America, noting the unifying forces as well as those that divide. The course also explores the relationship between Latin America and the United States throughout their histories.

**HUMANITIES 61**  
People and Their World: The Creative Processes  
3 UNITS – (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
An exploration of contemporary arts, literature, and popular culture. Sections use a range of analytic frameworks, including how the creative process is generated through myth and dreams as well as how race, class, and gender are portrayed in popular culture.

**HUMANITIES 63**  
Armenian Civilization  
3 UNITS – (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Students survey the Armenian civilization in its development from ancient times to the present. Lectures and discussions on the geography, history, and social structures of Armenia: religion, literature, and sciences, art, music and customs; and the contribution to the world.

**INTERNATIONAL BUSINESS**

**INTERNATIONAL BUSINESS 1**  
International Trade  
3 UNITS – (CSU)  
Lecture 3 hours.  
Prerequisite: Business 1 with a satisfactory grade or better.  
Students gain an understanding of international business, the dynamics between developed and developing countries, recent trends, how and why the world’s countries differ, and implications to managers of international companies. The principles of international trade, including the central tenets of globalization, the new world order in the global economy, and the institutions that govern global trade will be covered. Topics include: globalization, foreign direct investment, political economies, regional economic integration, foreign exchange market, international monetary system, global capital markets, strategies of international organizations, and exporting, importing and counter-trade.

**INTERNATIONAL BUSINESS 3**  
Exporting Procedures I  
3 UNITS – (CSU)  
Lecture 3 hours.  
Prerequisite: International Business 1 with a satisfactory grade or better.  
The student identifies, defines, and explains that which is required by the United States regulatory agencies to export from the United States. Emphasis will be placed on how to determine if a commodity is acceptable for export and how to prepare the proper documentation required by the country of destination.

**INTERNATIONAL BUSINESS 4**  
Import Procedures I  
3 UNITS – (CSU)  
Lecture 3 hours.  
Prerequisite: International Business 1.  
The student learns how to identify, define, and explain the United States regulatory agencies requirements to import to the United States. Emphasis will be placed on how to determine what duties commodities might be subject to and how to prepare and present to the Bureau of Customs the shipment and its document.

**INTERNATIONAL BUSINESS 5**  
Payment Instruments and Procedures I  
3 UNITS – (A)  
Lecture 3 hours.  
Prerequisite: Business 1 and/or International Business 1 with satisfactory grades or better.  
The student learns how to arrange and receive payment for merchandise shipped from one country to another. Topics covered include how to prepare and fill out documents. Also included is information regarding credit and political risk insurance.

**INTERNATIONAL BUSINESS 6**  
International Marketing I  
3 UNITS – (CSU)  
Lecture 3 hours.  
Open to all students.  
Student is focused on how to get foreign customers for American made products, how to identify prospective customers, how to make contact and how to sell the product. Variables include: culture, trade customs, politics, climate, wealth, business and government structures and international law.

**ITALIAN**

One year of high school study in Italian corresponds to one college semester or one semester of college Italian equals one full year of high school study.

**ITALIAN 1**  
Elementary Italian I  
5 UNITS – (UC:CSU)  
Lecture 5 hours. Laboratory 1 hour.  
Corresponds to the first year of high school Italian.  
Advisory: English 28 and 67.  
Pronunciation and grammar, practical vocabulary, useful phrases: basic facts on the geography, customs and culture of the Italian-speaking world.

**ITALIAN 2**  
Elementary Italian II  
5 UNITS – (UC:CSU)  
Lecture 5 hours. Laboratory 1 hour.  
Prerequisite: Italian 1 with a satisfactory grade or equivalent.  
Completes elementary Italian grammar, with emphasis on written and spoken language.
JAPANESE

One year of high school study in Japanese corresponds to one college semester or one semester of college Japanese equals one full year of high school study.

Required courses: Japanese 1, 2, 3, 4

JAPANESE 1
Elementary Japanese I
5 UNITS - (UC: CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: English 28 and 67.
Corresponds to the first year of high school Japanese.
Fundamentals of pronunciation and grammar, basic vocabulary, useful phrases; reading and writing with Romanized alphabet and Japanese scripts, basic facts on the geography, customs and culture of Japan.

JAPANESE 2
Elementary Japanese II
5 UNITS - (UC: CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Japanese 1 with a satisfactory grade or equivalent. Completes elementary Japanese I.
Continues to teach fundamentals of pronunciation and grammar. 100 additional Chinese characters will be introduced.
Continues to introduce Japanese geography, customs and culture of Japan.

JAPANESE 3
Intermediate Japanese I
5 UNITS - (UC: CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Japanese 2 with a satisfactory grade or equivalent.
Continues the study of grammar and vocabulary building for conversational fluency and written composition. Begins the study of short narrative writings.

JAPANESE 4
Intermediate Japanese II
5 UNITS - (UC: CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Japanese 3 with a satisfactory grade or equivalent.
Completes the study of fundamental grammar and provides additional training in grammar, written composition, and the use of idioms. Greater emphasis is placed on the knowledge and use of Kanji. Continues the reading of short narrative stories.

JAPANESE 8
Conversational Japanese
2 UNITS - (UC: CSU)
Lecture 2 hours.
Prerequisite: Japanese 2 with a satisfactory grade or equivalent.
Opportunities for practical conversation on everyday topics, current events, and cultural material.
UC Maximum credit: 2 times (4 units).

JAPANESE 9
Japanese Civilization
3 UNITS - (UC: CSU)
Lecture 3 hours. Laboratory 3 hour.
Advisory: English 28 and 67.
The student surveys Japanese civilization from ancient times to the present; the historical and cultural backgrounds; significant aspects of Japanese culture; religion, philosophy, socio-political institutions and art forms.

JOURNALISM

JOURNALISM 101
Collecting and Writing News
3 UNITS - (CSU)
Lecture 3 hours
Advisory: English 28 or equivalent.
This introductory course stresses instruction and practice in news gathering and news writing. Curriculum connects theory with meaningful activity in the basic principles of news writing, including a section on broadcast writing. The course includes an examination of freedom of the press along with a critical analysis of its responsibilities. Students receive an overview of press ethics and resolving ethical dilemmas.

JOURNALISM 105
Mass Communications
3 UNITS - (UC: CSU)
Lecture 3 hours
Advisory: English 28 and 67 or equivalent.
Course provides an examination of America's mass communications systems and how they affect human behavior in relation to social, political and economic institutions. Examines the structure and functioning in print and electronic communications including: film, print, television, radio, the recording industry, public relations and the Internet. Considers factors that influence creation and distribution of media messages, and the impact of those messages on society.

JOURNALISM 217
Publication Laboratory
2 UNITS - (RPT 3) (CSU)
Laboratory: 6 hours to be arranged.
Advisory: English 28 and 67 /31 or equivalent; Journalism 218.
Students learn newspaper production techniques through the publication of the campus newspaper. Desktop publishing techniques include publication, newspaper design, layout, graphic techniques and materials. (Los Angeles Collegian newspaper staff class).

JOURNALISM 218
Practical Editing
3 UNITS - (RPT 3) (CSU)
Lecture 1 hour Laboratory 6 hours to be arranged
Prerequisite: Journalism 101 with a satisfactory grade or equivalent.
Advisory: English 28 and 67 /31 or equivalent; Journalism 217.
Students learn newspaper writing and editing through the publication of the campus newspaper, the Collegian, which includes regular evaluation of stories published in the Collegian. Editions are evaluated in regularly scheduled class meetings.

JOURNALISM 219
Techniques for Staff Editors
1 UNIT - (RPT 3) (CSU)
Laboratory 3 hours to be arranged
Prerequisite: Journalism 101
Advisory: English 28 and 67 /31 or equivalent; Journalism 218.
A course in editorial writing. This course offers instruction for campus newspaper editors in editorial writing, column writing (viewpoints) and analysis of editorial problems. Emphasis is placed on formulating editorial policy.
JOURNALISM 185 DIRECTED STUDY
1 UNIT (CSU)
JOURNALISM 285 DIRECTED STUDY 2 UNITS
(CSU)
Advisory: English 28 and 67 /31 or equivalent.
Conference: 1 hour per unit.
Students are urged to get the instructor's permission prior to enrolling in any of the directed study classes. Allows students to pursue Directed Study on a contract basis under the direction of a supervising instructor. Refer to the "Directed Study" section of this catalog for additional information. Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.

KOREAN

One year of high school study in Korean corresponds to one college semester or one semester of college Korean equals one full year of high school study.

KOREAN 1
Elementary Korean I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: English 28 and 67.
Fundamentals of pronunciation and grammar, basic vocabulary, useful phrases; develops the ability to understand, read, write and speak simple Korean. The course includes basic facts on the geography, customs and cultures of Korea.

KOREAN 2
Elementary Korean II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Korean 1 with a satisfactory grade or equivalent.
The student expands from Elementary Korean I emphasizing the reading of elementary texts and the spoken language.

KOREAN 3
Intermediate Korean I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: Korean 2 with a satisfactory grade.
Corresponds to the second year of college level Korean. A review of grammar and idiomatic expression. Intensive and extensive reading and discussion of Korean tradition and contemporary culture and social issues.

KOREAN 4
Intermediate Korean II
3 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Korean 3 with a satisfactory grade or equivalent.
Corresponds to the second year of college level Korean. Completes Intermediate Korean I emphasizing reading of intermediate texts and the spoken language.

KOREAN 8
Conversational Korean
2 UNITS - (UC:CSU)
Lecture 2 hours.
Prerequisite: Korean 2 with a satisfactory grade or equivalent.
Students will practice conversation on everyday topics, current events, and cultural material.
UC maximum credit 4 units.

KOREAN 10
(SAME AS HUMANITIES 45)
Korean Civilization
3 UNITS - (UC:CSU)
Advisory: English 28 and 67 or equivalent.
Students are introduced to the geography, history, government and institutions of Korea; the life and customs of the Korean people; Korean literature, arts, and sciences; and Korea's contribution to world civilization. Same as Humanities 45.

LINGUISTICS

LINGUISTICS 1
Introduction to Language and Linguistics
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 28 and 67 or equivalent.
Introduction to the scientific study of language to gain an understanding of language structures, functions, linguistic universals, and the relationship between language and cognition.

LINGUISTICS 2
Introduction to Sociolinguistics
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: English 28 and 67 or equivalent.
Advisory: Linguistics 1
Students will study the processes of linguistic variation and its relationship to geography and socio-cultural identity in both monolingual and multilingual settings. Students will gain an understanding of language as a communicative, semiotic, and cognitive tool in society.

LAW

LAW 1
Business Law I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Students examine the U.S. legal system, focusing on the legal aspects of business; court procedures relating to business law; torts and criminal laws as related to various business practices; elements of a valid contract; breach of contracts and its remedies; sales and lease contracts.

LAW 2
Business Law II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Students learn about the fundamental principles of law as they apply in the business world. Topics include, but are not limited to, Bankruptcy Law; Employment and Labor Law; Employment Discrimination; Corporations; Administrative Law; Environmental Law; Real Property and Landlord-Tenant Relationships; and Wills, Trusts, and Elder Law. This course is necessary for a well-rounded knowledge of business law.

LAW 3
Civil Rights and the Law
3 UNITS - (UC:CSU)
Lecture 3 hours.
The student examines the law and related problems concerning civil rights, due process, freedom of expression, freedom of religion, racial equality, and democratic processes. The emphasis is on recent court decisions and international trends.
LAW 4
Directed Field Work in Legal Assisting
3 UNITS - (CSU)
Lecture 1 hour. Laboratory 6 hours.
Prerequisite: Law 10 with a satisfactory grade or equivalent.
Students gain practical experience by working in a law office or other legal environment. Students are supervised by an attorney, paralegal supervisor, or other legal personnel. These unpaid internship positions are available in a variety of legal fields and legal settings. Through weekly seminars, students also gain and share information on preparing for permanent employment. Students must complete 108 hours in their internship assignments.

LAW 10
Introduction to Legal Assistant I
3 UNITS - (CSU)
Corequisite: English 101 or equivalent.
The students learn about careers in the paralegal profession; the inner workings of the law office; ethics and professional responsibility; sources of American law; the court system and alternative dispute resolution; and conducting interviews and investigations. This is an introductory course in understanding the role of the paralegal in the legal field.

LAW 11
Introduction to Legal Assistant II
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Law 10 with a satisfactory grade or equivalent.
Students study a detailed examination of civil cases, the methods used in trial preparations and are introduced to legal drafting and writing.

LAW 12
Tort Law and Claims Investigation
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Law 10 with a satisfactory grade or equivalent.
This course will provide an introduction to the broad area of civil wrongs and their appropriate remedies as well as Tort Law principles in the traditional areas of intentional torts, negligence, strict liability, nuisance and the commonly employed defenses.

LAW 13
Wills, Trusts, and Probate Administration
3 UNITS - (A)
Lecture 3 hours.
This course will provide a study of the fundamental principles of the law of wills and trusts, including simple will and trust forms and formation; an examination of the organization and jurisdiction of the California Probate Court, with an overview of the administration of estates in probate.

LAW 14
Law Office Management
3 UNITS - (CSU)
Lecture 3 hours.
Students learn comprehensive, up-to-date information on the use of technology by paralegals in all types of legal organizations. This course describes basic computer concepts as well as more complex skills and software programs, with coverage and assignments for Word, Excel, Adobe Acrobat, AbacusLaw, CaseMap, HotDocs, Summation iBlaze, Tabs3, TimeMap, TrialDirector, and more. This course covers important topics such as electronic discovery, Internet legal/factual research, legal timekeeping and billing, litigation support software, and case management and docket control software. A variety of other topics are covered including mobile computing, document management, security, ethics, the electronic courthouse and many other trends in legal computing.

LAW 17
Legal Writing
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Law 10 and English 101 with satisfactory grades or equivalent.
Students study advanced legal drafting and writing, including special research projects.

LAW 18
Marriage and Family Law
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Law 10 with satisfactory grades or equivalent.
This course presents fundamental common law and statutory concepts of family law with emphasis on California’s Community Property Laws.

LAW 19
Property and Creditor Rights
3 UNITS - (A)
Lecture 3 hours.
An introduction to California real property law. Students learn the following subject matter: Forms of Ownership; Estates in Real Property; Property Title in California; Agency Law; The Rights and Duties of Landowners; Disputes Between Neighbors in California; Involuntary Liens in California; Foreclosure Law in California; California Real Estate Sales Contracts; Tenant—Landlord Law; Fair Housing; Transfers of Real Property; Common Interest Developments in California; Restrictions on Land Use; Environmental Law; Litigating a Real Property Case in California; Negotiation; and Personal Property.

LAW 33
Law and the Media
3 UNITS - (CSU)
Lecture 3 hours.
The student examines the federal, state, and local laws that most directly affect mass communication in the United States, focusing on: a basic understanding of the American legal system, its institutions, and some of its terminology; a broad understanding of First Amendment principles as they relate to mass communication; and a working knowledge of the laws that directly restrict or enhance information gathering and message dissemination in the mass media, and an understanding of the rationales behind those laws.

LAW 35
Immigration Law for Paralegals
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: Law 10 and English 101 with satisfactory grades or equivalent.
Students learn the fundamental concepts of immigration law including grounds of exclusion, defenses to deportation, petitions and visa applications. Research and writing will be emphasized in the areas of amnesty, naturalization, citizenship, international law, criminal aspects of immigration, and various types of immigration applications.
LEARNING SKILLS

Registration takes place in the Learning Skills Center during the first fourteen weeks of the semester. Students will be placed at the appropriate language arts and/or mathematics level based on a diagnostic assessment in the following course offerings.

All Learning Skills courses are offered on a pass/no-pass basis.

LEARNING SKILLS 1
Reading Comprehension
3 UNITS - (RPT 3) NDC
Laboratory 9 hours.

Individualized reading instruction for English as a Native Language (ENL) and English as a Second Language (ESL) students from beginning to advanced college level. Students will progress from reading sentences and paragraphs to short selections and excerpts from novels. Strategies are employed to help students with comprehension skills and vocabulary development. Depending upon the diagnostic assessment, students will be placed in an appropriate reading program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 2
English Fundamentals
3 UNITS - (RPT 3)
Laboratory 9 hours.

This course is a review of beginning to advanced grammar. It is designed to cover the basic structure of the sentence, parts of speech, phrases, clauses, and agreement; using verbs, pronouns, and modifiers correctly; punctuation, clear reference, a glossary of usage, and capital letters. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 3
VOCABULARY DEVELOPMENT
5 UNITS - NDC
Laboratory 15 hours.

Learning Skills 3A, 3B, and 3C are small group conversation classes designed to provide ESL students with class activities that will expand their comprehension and use of spoken English. Through the use of role-playing, practice dialogues, and impromptu speaking exercises, students are given the opportunity to improve their oral communication skills in a small group setting. Learning Skills 3D is an individualized, self-paced vocabulary program designed on various levels of difficulty. This course focuses on continued vocabulary growth and development, as well as provides students with helpful strategies for understanding complex vocabulary words. Learning Skills 3E-Occupational Vocabulary is a specially designed course for students enrolled in the Child Development or Nutrition curricula. A placement test will be given to all students. Students may enroll through the fourteenth week of the semester.

LEARNING SKILLS 4
The Mechanics of Spelling
1 UNIT - (RPT 3) NDC
Laboratory 3 hours.

LS4 is an intensive spelling course designed for non-spellers. Emphasis is placed upon the use of a phonics, focusing on additive doubling, ie or ei, finding silent e, pronunciation aids, tricky endings, words often confused, plurals, capitals, apostrophes, and basic principles. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 7
Basic Composition
3 UNITS - (RPT 3)
Laboratory 9 hours.

This course offers beginning to advanced writing instruction. Learning Skills 7 focuses upon basic sentence structures, paragraph development and essay organization. Depending upon the diagnostic assessment, students will be placed in an appropriate writing program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 8
Résumé Preparation and Job Search Skills
1 UNIT - (RPT 3) NDC
Laboratory 3 hours.

This course teaches how to write a resume and cover letter. In addition, job search techniques and job interview skills are explored. Depending upon the diagnostic assessment, students
will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 9
The Metric System
1 UNIT - NDC
Laboratory 3 hours.
This course will introduce students to the concepts of the metric system such as length, perimeter, and area. Depending upon the diagnostic assessment, students will be placed in an appropriate metric system program. Students may enroll through the twelfth week of semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 10
Mathematics Fundamentals
3 UNITS - (RPT 3) NDC
Laboratory 9 hours.
Individualized review of basic mathematics skills involving whole number properties, order of operations, exponents, prime numbers, fractions, decimals, percents, ratio and proportion, simple geometry, statistical graph analysis, and signed numbers. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 11
Elementary Algebra
5 UNITS - (RPT 3) NDC
Laboratory 15 hours.
Individualized review of basic algebra skills including the language of algebra: equations and inequalities, polynomials, factoring; rational expressions; graphing and inequalities; linear equations; exponents and radicals; quadratic equations. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 15
Overcoming Math Anxiety
3 UNITS - (RPT 3) NDC
Laboratory 9 hours.
This course is designed to reduce math anxiety and build self-confidence so that math concepts will be comprehensible. This course is open to all students and offered in a small group setting. Depending upon the diagnostic assessment, students will be placed in an appropriate program: LS15A-Basic Mathematics, LS 15B-Elementary Algebra, and LS 15C-Intermediate Algebra. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 17
Individualized Intermediate
3 UNITS - (RPT 3) NDC
Laboratory 15 hours.
The student receives individualized instruction in intermediate algebra with topics including order of operations, absolute value, linear equations in one, two, and three variables, quadratic equations and inequalities, graphing equations and inequalities, polynomials, rational and radical expressions including complex numbers, conic sections, exponential and logarithmic functions, sequences, series, and binomial expansion. Depending upon the diagnostic assessment, students are placed in an appropriate intermediate algebra program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are awarded on a pass/no-pass basis. (RPT 3)

LEARNING SKILLS 20
Effective Note Taking
1 UNIT - NDC
Laboratory 3 hours.
LS 20 teaches the elements of effective note taking skills. Depending upon the diagnostic assessment, students will be placed in an appropriate note taking program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 24
Theory & Practice of Tutoring
3 UNITS - NDC
Laboratory 9 hours.
This course is designed to provide theory and practice in tutoring sessions. Also, tutor training will be provided in each tutor's discipline. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 40
Introduction to Learning Disabilities
1 UNIT - NDC
Laboratory 3 hours.
This course will explore the nature of learning disabilities, and the laws, accommodations, and services available for academic improvement. Through assessment, students will discover personal learning strengths and weaknesses to develop a plan for academic success. Eligibility for support services will be determined.

LEARNING SKILLS 41
Study Strategies for the Learning Disabled
1 UNIT - (RPT 2) NDC
Laboratory 3 hours.
Students with disabilities learn how to employ multi-sensory techniques and strategies in order to meet the demands of the college's academic curriculum. Enrollment is intended for students with current functional limitations which (that) impede or prevent the student from benefiting from their academic classes without this foundation and support.

LEARNING SKILLS 43
Adaptive Word Processing Operations
1 UNIT - (RPT 3) NDC
Laboratory 3 hours.
Offered on a Pass/no-pass basis only. This course is specifically designed for students with verified disabilities who require training with adaptive computer modifications and/or assistive technology using keyboarding, word processing, database management and other appropriate applications. Enrolling is intended for students with current functional limitations that require individually-paced training.

LEARNING SKILLS 49
Introduction to Computer Assisted Instruction Application
0.5 UNITS - (RPT 3)
Laboratory 1 hour.
Introduction to Computer Assisted Instruction Application is designed to introduce all students to the computer as a tool for learning by using hands-on computer interactive programs. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.
LEARNING SKILLS 50
Introduction to CAI
Applications Language Arts
0.5 UNITS – (RPT 3)
Laboratory 1 hour.
Introduction to Computer Assisted Instruction in the Language Arts is designed to introduce students to CAI Programs in the Language Arts by using hands-on interactive instructional applications programs. Depending upon the diagnostic assessment, students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 52
Test Preparation for the General Education Development (GED) Literature and Arts
1 UNIT - (RPT 3) NDC
Advisory: English 20 or LS 1A, 1B, & 1C - Reading.
Lecture 1 hour. Laboratory 4 hours.
This course is designed to prepare students to pass the General Educational Development (GED): Literature and the Arts test. It will include critical thinking skills – reading comprehension skills, interpret graphs, analysis in literature and the arts, tone and style/prose fiction, interpret poetry, interpret drama, interpret plays, interpret non-fiction and commentaries. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 53
Test Preparation for the General Education Development (GED): Writing Skills
1 UNIT – (RPT 3) NDC
Advisory: English 20, LS 1A, 1B, 1C-Basic Composition or LS 2A, 2B, 2C, English Fundamental.
Lecture 1 hour. Laboratory 4 hours.
This course is designed to prepare students to pass the General Education Development Test (GED): Writing Skills Test. It will include basics grammar and usage skills, sentence structure, capitalization, punctuation, spelling, and the essay. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 54
Test Preparation for the General Education Development (GED): Science Test
1 UNIT – (RPT 3) NDC
Advisory: English 20 or Learning Skills 1A, 1B, 1C - Reading.
Lecture 1 hour. Laboratory 4 hours.
This course is designed to prepare students to pass the General Education Development (GED): Science Test. It will include biology, earth science, astronomy, geology, meteorology, chemistry, and physics. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. This course is open to all students. Grades are on a pass/no-pass basis.

LEARNING SKILLS 55
Test Preparation for the General Education Development (GED): Mathematics
1 UNIT - (RPT 3) NDC
Advisory: Math 105 or Learning Skills 10A, 10B, & 10C.
Lecture 1 hour. Laboratory 4 hours.
This course is designed to prepare students to pass the GED: Math Test. Concepts covered include basic arithmetic, metrics, algebra, geometry, statistics, and probability.

LEARNING SKILLS 56
Test Preparation for the General Education Development (GED): Social Studies
1 UNIT - (RPT 3) NDC
Advisory: English 20 or Learning Skills 1A, 1B, & 1C - Reading.
Lecture 1 hour. Laboratory 4 hours.
This course is designed to prepare students to pass the GED: Social Studies Test. It will include thirteen English Colonies, the Revolutionary War, inflation and its effects, various branches of government, time zones, anthropology, sociology, and psychology.

LEARNING SKILLS 485
Internet Research
1 UNIT – (RPT 2)
Laboratory 2 hours.
The Internet Research course teaches students how to use search engines; basic and advanced searches with Boolean operators; how to locate, store, and retrieve materials in various content fields; how to critically evaluate these sources; and how to use cite electronic resources. Depending upon the diagnostic assessment, students will be placed in an appropriate program. Students may enroll through the twelfth week of the semester. Grades are on a pass/no-pass basis.

LIBERAL ARTS
(TRANSFER MAJOR-See a Counselor for Information Interdisciplinary Program)

LIBRARY SCIENCE
The Library department is designed to help students succeed in their college classes. The course gives students confidence in doing research using standard library resources as well as the Internet.

LIBRARY SCIENCE 101
Library Research Methods
1 UNIT – (UC:CSU)
Advisory: CAOT 1
The student learns basic research skills. This is a self-paced course in the use of the Library, its print and selected on-line resources and the rudiments of research.
MANAGEMENT 2
Organization and Management Theory
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Business I or equivalent.
The course is an analytical study of the basic process of the management of an organization. The course presents the process of achieving set goals and objectives in a formal organization. The course objectives include: (a) To provide the student with a basic framework of the subject matter through an overview of how an enterprise is organized and managed. (2) To develop student sensitivity to the four key tools of management—planning, organizing, influencing, controlling. (3) To introduce learning tracks by which students will appreciate the essence of management activities throughout the process and activities related to production, distribution, finance and administration, and decision-making.

MANAGEMENT 13
Small Business Entrepreneurship
3 UNITS - (A)
Lecture 3 hours.
Students receive the fundamentals of how to organize and operate a small business.

MANAGEMENT 31
Human Relations for Employees
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
The students learn to recognize and develop those traits necessary for good relations with fellow workers, supervisors, subordinates, customers, and other business associates.

MANAGEMENT 33
Personnel Management
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
This course covers the essentials of human resource management. Topics include recruitment, selection, training, appraisals, compensations, benefits, labor relations and collective bargaining.

MARKETING 1
Principles of Selling
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students learn about careers in selling, ethics in selling, the psychology of selling and benefit selling. They learn prospecting methods, the approaches to customers, using questions in selling, techniques for meeting objections to buying and techniques for closing the sale. This course is one of a series of classes which lead to the Marketing Certificate and the AA Degree with a major in marketing.

MARKETING 11
Fundamentals of Advertising
3 UNITS - (CSU)
Lecture 3 hours
Advisory: English 28 and 67 or equivalent. Open to all students.
Students have an opportunity to explore the planning process, the strategies and the techniques used by corporations and small businesses to stimulate sales.

MARKETING 21
Principles of Marketing
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students learn the importance of making decisions with the customer in mind and the need to select target markets for products and services. The course covers decision making relative to product development and management, trademarks, wholesaling, retailing, selling, sales promotion, advertising and pricing. It is the first in a series of courses which lead to the Certificate in Marketing and the AA Degree with a major in marketing.

MARKETING 31
Retail Merchandising
3 UNITS - (CSU)
Lecture 3 hours.
The student receives a working knowledge of the principles and procedures in retailing, including a study of store location, store layout, store organization, buying, pricing, stock planning, and retail sales promotion.

MATH 10
Math as a Second Language (MSL)
1 UNIT
Lecture 1 hour.
Students study the basic mathematics sequence. The course introduces mathematical language and notation, along with fundamental concepts necessary for successful completion of the mathematics sequence. Topics include writing and speaking mathematical language, understanding how to determine what a problem is asking, and a multi-step program for solving problems. Also included are techniques that will enable students to have a positive outlook toward future mathematics classes.

MATH 100
Mathematics Workshop
1 UNIT - NDC
Laboratory 3 hours.
Co-requisite: MATH 105 or 111 or 113 or 114 or 115 or 124, or 215 or 216 or 227 or 230 or 240 or 245 or 260.
Students can supplement and enhance learning in mathematics through tutorial and self-help assistance, calculators, computers, programmed texts and other learning aids.

MATH 105
Arithmetic for College Students
3 UNITS - NDC
Lecture 1 hour. Laboratory 5 hours
Open to all students.
This course reviews the fundamentals of arithmetic that are essential to success in many college courses.
MATHEMATICS 112  
Pre-Algebra  
3 UNITS - NDC  
Lecture 3 hours.  
Prerequisite: Mathematics 105 with a satisfactory grade or equivalent.  
The student can, in this course, bridge the gap between arithmetic and algebra. Topics include operations with signed numbers, order of operations, evaluating expressions and formulas, rules of integer exponents, distributive property, working with polynomials, solving simple equations, working with graphs, linear equations, word problems, and basic geometry.

MATHEMATICS 113  
Elementary Algebra A  
3 UNITS - (A)  
Lecture 3 hours.  
Prerequisite: Mathematics 112 with a satisfactory grade or equivalent.  
Mathematics 113 and 114 together are equivalent to Mathematics 115 (see course description for Mathematics 115). Credit for Elementary Algebra can only be earned once, either through Mathematics 115, or through the Mathematics 113 and 114 sequence. Simultaneous enrollment in Math 113 and 114 is not permitted.

MATHEMATICS 114  
Elementary Algebra B  
3 UNITS - (A)  
Lecture 3 hours.  
Prerequisite: Mathematics 113 with a satisfactory grade or equivalent.  
Mathematics 113 and 114 together are equivalent to Mathematics 115 (see course description for Mathematics 115). Credit for Elementary Algebra can only be earned once, either through Mathematics 115, or through the Mathematics 113 and 114 sequence. Simultaneous enrollment in Math 113 and 114 is not permitted.

MATHEMATICS 115  
Elementary Algebra  
5 UNITS - (A)  
Lecture 5 hours.  
Prerequisite: Mathematics 112 with a satisfactory grade or equivalent.  
For students who have had no algebra or whose preparation in algebra is deficient, topics in this course include variables, polynomials, equations, factoring, system of linear equations, graphs, inequalities and quadratic equations.

MATHEMATICS 121  
Essentials of Geometry  
3 UNITS - (A)  
Lecture 3 hours.  
Prerequisite: Mathematics 115 with a satisfactory grade or equivalent.  
This course covers the definitions, axioms and theorems of geometry relating to angles, lines, circles and polygons. Basic constructions are introduced. The meaning and techniques of logical proofs are heavily emphasized. This is a required prerequisite for Math 240.

MATHEMATICS 124  
Intermediate Algebra  
5 UNITS - (A)  
Lecture 4 hours. Laboratory 2 hours.  
Prerequisite: Mathematics 115 with satisfactory grade or equivalent.  
The student learns the first part of Mathematics 125. Mathematics 124A and 124B together are equivalent to Mathematics 125. Topics include linear functions, systems of equations, inequalities, polynomials, rational functions, and exponents. Credit is allowed in only one Mathematics 125, or the Mathematics 124A and 124B combination. Simultaneous enrollment in Math 124A and 124B is not permitted. Simultaneous enrollment in Math 124A and 124B is not permitted.

MATHEMATICS 125  
Intermediate Algebra  
5 UNITS - (A)  
Lecture 5 hours.  
Prerequisite: Mathematics 115 with satisfactory grade or equivalent.  
Note: A maximum of 8 units may be earned by any combination of Mathematics 125, 240, and 245. Students study the laws of exponents, equations in one variable (linear, quadratic, and some of higher degree), systems of linear and non-linear equations, graphical representations, exponential and logarithmic functions, complex numbers, and binomial theorem.

MATHEMATICS 202  
Mathematics Workshop II  
1 UNIT - (CSU)  
Laboratory 3 hours.  
Co-requisite: One of the following MATH 215, 216, 225, 226, 230, 235, 236, 240, 245, 260, 261, 262, 263, 270, or 275  
This course is designed to supplement and enhance learning in mathematics by providing tutorial and self-help assistance, calculators, computers, programmed text, and other learning aids for baccalaureate level mathematics courses. Simultaneous enrollment in Mathematics 100 and Mathematics 202 is not permitted.

MATHEMATICS 215  
Principles of Mathematics I  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Prerequisite: Mathematics 125 with a satisfactory grade or equivalent.  
This course is the first of two in a sequence for prospective elementary school teachers. Topics include sets and relations, numbering systems, and elementary number theory. The main emphasis, however, will be understanding the structure of systems of whole numbers, integers, and rational numbers.

MATHEMATICS 216  
Principles of Mathematics II  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Prerequisite: Mathematics 215 with a satisfactory grade or equivalent.  
This course is the second of two in a sequence for prospective elementary school teachers. Topics include decimal and real numbers, rational numbers, abstract mathematical systems, geometry and the metric system.
MATHEMATICS 227
Statistics
4 UNITS - (UC:CSU)
Lecture 4 hours.
Prerequisite: Mathematics 125 with a satisfactory grade or equivalent.
This course is an introduction to probability, descriptive and inferential statistics including measures of central tendency and dispersion, sampling, and estimation. Hypothesis testing, analysis of variance, test of independence, linear correlation and regression analysis also are covered.

MATHEMATICS 230
Mathematics for Liberal Arts Students
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Mathematics 125 with a satisfactory grade or equivalent.
This course is intended for liberal arts majors. Topics include sets and counting, probability, linear systems, linear programming, statistics and mathematics of finance with applications for liberal arts majors, and logic.
NOTE: This course will satisfy the high school Mathematics requirement for admission to the UC.

MATHEMATICS 236
Calculus for Business and Social Sciences
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Mathematics 125 with a satisfactory grade or equivalent.
Calculus: limits, derivatives, optimization, antiderivatives, and definite integrals and their applications in Business, Economics, and Social Sciences. (This course contains some topics of Precalculus: Analysis of polynomial, rational, exponential and logarithmic functions, including their graphs.)

MATHEMATICS 237
Advanced Calculus for Business and Social Sciences
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Mathematics 236 with a satisfactory grade or equivalent.
Students learn advanced calculus topics with emphasis on business and social science applications. Topics include definite integrals, probability, techniques of integration, improper integrals, numerical integration, elementary differential equations, functions of several variables, partial derivatives, chain rule, total differentials, optimization of functions of several variables without and with constraints, method of Lagrange multipliers, double integrals.
NOTE: This course is not offered every semester. See Class Schedule.

MATHEMATICS 240
Trigonometry
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Both Mathematics 125 and Mathematics 121 with satisfactory grades or equivalent.
A maximum of 8 units of credit may be earned by any combination of Mathematics 125, 240 and 245.
The student applies analytical trigonometry to solve right and oblique triangles. Topics include inverse trigonometric functions and trigonometric equations. This course is a required prerequisite for Math 260.

MATHEMATICS 245
College Algebra
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Mathematics 125 with a satisfactory grade or equivalent.
Students receive instruction in the theory of equations, functions and their graphs, polynomial functions and their graphs, rational functions and their graphs, systems of equations, matrix algebra, determinants, permutations, combinations, probability, sequences and series, binomial theorem, and mathematical induction.

MATHEMATICS 260
Pre-calculus
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Mathematics 240 with a satisfactory grade or equivalent.
Students prepare for calculus, which covers the properties of polynomial, rational, algebraic, trigonometric, inverse trigonometric, exponential and logarithmic identities and equations, trigonometric form of complex numbers and DeMoivre's Theorem, conic sections with translation and rotation of axes, nonlinear systems of equations and inequalities, vector algebra with dot and cross products, polar coordinates and graphs of polar functions, partial fractions and mathematical induction.

MATHEMATICS 261
Calculus I
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Mathematics 260 with a satisfactory grade or equivalent.
The student receives instruction in functions and their graphs, limits, continuity, derivatives of functions in one variable, Mean Value Theorem, integrals, the Fundamental Theorem of Calculus (Part 1 and Part 2). Applications include optimization problems, and finding the area between curves, the volumes of bodies with non-rotational cross sections and with rotational cross sections (shell method and disk method), work of a force, and average value of a function.

MATHEMATICS 262
Calculus II
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Mathematics 261 with a satisfactory grade or equivalent.
Students learn the differentiation of transcendental functions, techniques of integration, sequences, infinite series, and curves in polar coordinates.

MATHEMATICS 263
Calculus III
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Mathematics 262 with a satisfactory grade or equivalent.
Topics include: vector calculus, and parametric equations, surfaces, partial differentiation, gradient, maxima and minima for functions of several variables, multiple integrals, surface integrals, line integrals, Green's Theorem, Divergence Theorem, and Stokes' Theorem.
MATHEMATICS COURSE SEQUENCE

The LACC Assessment Center Testing places student at the proper level in this sequence.

Math courses at level 100 or below do not transfer to UC or CSU but are prerequisites to higher level courses as shown in this flow chart.

The requirement for AA degree is Math 125 or the 124A, 124B sequence and the prerequisite for first level transfer courses: Math 215, 236, 227, 230, or 245.

College Level Transfer Courses.
Math/Science/Engineering Majors need Math 240.
UC Transfers may need Math 261 and 262.
Specialty Transfers:
Teachers: Math 215 and 216
Business Majors: Math 236 and 237

Higher Level Math Courses

Math Tutoring Lab (π Shop)
Math 100 or 202
Concurrent enrollment with any math course

Math 105 - Basic Mathematics
Math 112 - Pre-Algebra
Math 113 - Elementary Algebra A
Math 114 - Elementary Algebra B
Math 115 - Elementary Algebra
Math 121 - Essentials of Geometry
Math 124A - Intermediate Algebra A
Math 124B - Intermediate Algebra B
Math 125 - Intermediate Algebra
Math 215 - Principles of Mathematics I
Math 216 - Principles of Mathematics II
Math 227 - Statistics
Math 230 - Mathematics for Liberal Arts
Math 236 - Calculus for Business and Social Science I
Math 237 - Calculus for Business and Social Science II
Math 240 - Trigonometry
Math 245 - College Algebra
Math 260 - Pre-Calculus
Math 261 - Calculus I
Math 262 - Calculus II
Math 263 - Calculus III
Math 270 - Linear Algebra
Math 272 - Methods of Discrete Mathematics
Math 275 - Ordinary Differential Equations
Microbiology 20
General Microbiology
4 units - (UC:CSU)
Lecture 3 hours. Laboratory 3 hours.
Advisory: English 21 or equivalent and Chemistry 60.
Students examine diseases produced by microorganisms
including an introduction to bacterial classification, cytology,
physiology, growth, reproduction, sterilization, disinfection
and the applied fields of bacteriology. Bacteriological techniques
are emphasized in the laboratory.

Microbiology Laboratory
Preparations
1 unit - (RPT 2) (CSU)
Lecture 3 hours.
Corequisite: Microbiology 1 or Microbiology 20
Students prepare media and reagents normally used in a
bacteriological laboratory with emphasis on safety and proper
use and care of laboratory equipment and supplies.

Mathematics 270
Linear Algebra
3 units - (UC:CSU)
Lecture 3 hours.
Prerequisite: Mathematics 261 with a satisfactory grade or
equivalent.
Advisory: Simultaneous enrollment in Mathematics 262.
Students study vector spaces, linear transformation, matrices,
matrix algebra, and solutions of systems of equations.

Mathematics 272
Methods of Discrete Mathematics
5 units - (UC:CSU)
Lecture 5 hours.
Prerequisite: Mathematics 262 with a satisfactory grade or
equivalent.
This course stresses mathematical reasoning and the different
ways problems are solved. Interwoven in this course are:
mathematical reasoning (logic and mathematical proofs),
algorithm (use of pseudocode), combinatorial analysis (ability
to count), and discrete structures and their basic applications.

Mathematics 275
Ordinary Differential Equations
3 units - (UC:CSU)
Lecture 3 hours.
Prerequisite: Mathematics 262 with a satisfactory grade or
equivalent.
Students learn to categorize different types of differential
equations. Students learn to use techniques such as
separation of variables, exact differentials, homogeneity, and
change-of-variable (substitution) to solve first-order equations
as well as first-order Initial Value Problems (IVPs). Students
apply this knowledge to solve real-world problems such as
population growth and mixture problems. Students learn to
solve higher-order linear differential equations using constant
coefficient technique, the method of undetermined coefficients
and variation of parameters. Students apply this knowledge to
physics applications such as simple harmonic motion. Students
solve equations of higher-order with variable coefficients
applying specific techniques based on the type of the given
equations. Topics Include: Cauchy-Euler Equations, Power
Series solutions, Bessel’s Equations, and Legendre’s Equation.
Students learn the Laplace transform and its properties and
apply this knowledge to solving various differential equations
as well as IVP’s. If time permits, students are exposed to
techniques for solving Systems of Linear Differential Equations.

Microbiology 40
Preparations
1 unit - (CSU)
Lecture 3 hours.
Corequisite: Microbiology 1 or Microbiology 20
Students prepare media and reagents normally used in a
bacteriological laboratory with emphasis on safety and proper
use and care of laboratory equipment and supplies.

Music

Course Descriptions
Auditions to Meet the Prerequisite
Students enrolling in music classes with a performance level
prerequisite who have not taken the prerequisite may audition
as directed by the instructor at the first meeting of the class to
confirm a performance level equal to that of the prerequisite.

Auditions for Music Ensemble
Students enrolling in Music Ensemble classes where the
description indicates a need for an audition will audition as
directed by the instructor at the first class meeting.

Note: Not every class is offered each semester. Refer to the
current class schedule for current class offerings.
Prerequisites: Specified prerequisites must be completed
with a satisfactory grade (C or better) or equivalent.

Courses that are part of a sequenced transfer curriculum in
music are repeatable up to three times. Students may repeat
Music 180, 184, 250, 251, 314, 341, 351, 361, 403, 433, 453,
501, 531 561, 604, 614, 624, 634, 654, 705, 711, 725, 751,
765, 771 and 781 up to three times if they are declared music
majors; have completed the admission, assessment and
orientation portions of the college’s Matriculation Program;
have an approved Student Education Plan; and have spoken
with the Music Department Chair.

Music 101
Fundamentals of Music
3 units - (UC:CSU)
Lecture 3 hours.
(For the non-Music major.) A study of the fundamentals of
music including notation, meter signatures and rhythms, major
and minor scales and key signatures, intervals, triads, terms
and symbols. Some sight reading and ear training is included.
Satisfies Humanities requirement for graduation.
MUSIC 111  
Music Appreciation I  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Required of all Music majors. Open to all students.  
The student learns about masterpieces of music from the  
Middle Ages to the present day with an emphasis on perceptive  
listening. Satisfies Humanities requirement for graduation.

MUSIC 121  
Music History and Literature I  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
The student studies music history and literature from earliest  
times to 1750, including music of the ancient Greeks, early  
Christians, Middle Ages, Renaissance and Baroque periods,  
through the music of Bach and Handel.

MUSIC 122  
Music History and Literature II  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
This course is a survey of music history and music literature from  
1750 to the present time, including music of the Pre-Classical,  
Classical, and Romantic periods, as well as Contemporary 20th  
Century music.

MUSIC 135  
African-American Music  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
A study of African and African-American music and their  
influence on folk, spirituals, gospels, concert music, opera,  
ballet, blues and jazz underscoring styles, characteristics,  
origin and contributions by African-American artists. (Credit  
allowed for only one of Music 135 and African-American  
Studies 60.) Satisfies Humanities requirement for graduation.

MUSIC 137  
Music as a Business  
3 UNITS - (A)  
Lecture 3 hours.  
The student learns the skills and knowledge necessary for  
success in the many careers available in the music industry.  
Covers the roles of personal managers, agents and attorneys;  
the process of producing, publishing and copyrighting songs;  
and record production and marketing.

MUSIC 152  
Current Musical Events  
1 UNIT - (RPT 3) (CSU)  
Laboratory 2 hours.  
Live musical performances of a wide variety of styles, including  
guest artists, chamber groups, students, faculty, departmental  
orchestras, and lectures and demonstrations.

MUSIC 161  
Introduction to Electronic Music  
3 UNITS - (CSU)  
Lecture 2 hours. Laboratory 2 hours.  
The student learns electro-acoustic, MIDI and computer  
assisted music techniques for both the MAC and PC platforms.  
Emphasis is in computer-assisted sequencing, digital and MIDI  
recording, mixing, sound reinforcement and CD production.

MUSIC 180  
Applied Music Laboratory  
1.5 UNITS - (RPT 3) (CSU)  
Laboratory 5 hours.  
Co-requisite: Either Music 181, 182, 183 or 184.  
The student uses departmental labs to further enhance  
applicable skills necessary for success in the co-requisite  
applied music course.

MUSIC 181  
Applied Music I  
0.5 UNIT - (UC:CSU)  
Laboratory 1 hour.  
Co-requisite: Music 180.  
The student receives first level individual instruction and  
master classes in voice or a musical instrument. For transfer-  
oriented music majors as determined by the Music Department.  
(Confirmation of enrollment subject to audition.)

MUSIC 182  
Applied Music II  
0.5 UNIT - (UC:CSU)  
Laboratory 1 hour.  
Prerequisite: Music 181 with a satisfactory grade or equivalent.  
Co-requisite: Music 180.  
The student receives second level individual instruction and  
master classes in voice or a musical instrument. For transfer-  
oriented music majors as determined by the Music Department.  
(Confirmation of enrollment subject to audition.)

MUSIC 183  
Applied Music III  
0.5 UNIT - (UC:CSU)  
Laboratory 1 hour.  
Prerequisite: Music 182 with a satisfactory grade or equivalent.  
Co-requisite: Music 180.  
The student receives third level individual instruction and  
master classes in voice or a musical instrument. For transfer-  
oriented music majors as determined by the Music Department.  
(Confirmation of enrollment subject to audition.)

MUSIC 184  
Applied Music IV  
0.5 UNIT - (UC:CSU)  
Laboratory 1 hour.  
Prerequisite: Music 183 with a satisfactory grade or equivalent.  
Co-requisite: Music 180.  
The student receives fourth level individual instruction and  
master classes in voice or a musical instrument. For transfer-  
oriented music majors as determined by the Music Department.  
(Confirmation of enrollment subject to audition.)

MUSIC 185  
Directed Study - 1 UNIT  
(CSU) (RPT 2)  
Laboratory 1 hour.  
Vocal and instrumental students pursue directed study on a  
contract basis under the direction of a supervising instructor. A  
maximum of 3 units in Directed Study may be taken for credit.

MUSIC 200  
Introduction to Music Theory  
4 UNITS - (UC:CSU)  
Lecture 3 hours. Lab 2 hours.  
Co-requisite: Music 300  
The student learns the basic elements of music, notation,  
music reading, sight singing and ear training. Functions as the  
introductory course for the Music major. Students taking this  
class should also enroll in Music 300.
MUSIC 201
Harmony I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Music 200 with a satisfactory grade or equivalent.
Corequisite: Music 212 and Music 301
The student studies diatonic harmony including primary and secondary triads, the dominant seventh chord and their inversions. Also includes harmonizing figured and unfigured bass, simple melodies and the writing of original phrases. Students taking this class should also enroll in Music 211 and Music 301.

MUSIC 202
Harmony II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Music 201 with a satisfactory grade or equivalent.
Corequisite: Music 211 and Music 301
The student studies more advanced diatonic and chromatic harmony including seventh chords, modally borrowed chords, sequences, secondary dominants and secondary diminished sevenths, simple modulations and the writing of short original compositions. Students enrolling in this class should also enroll in Music 212 and Music 302.

MUSIC 203
Harmony III
3 UNITS - (UC:CSU)
Prerequisite: Music 202 with a satisfactory grade or equivalent.
Corequisite: Music 213 and Music 303
The student writes and analyzes advanced chromatic harmony. Students demonstrate skill required by harmonizing figured and unfigured bass melodies and writing short original compositions. Students enrolling in this class should also enroll in Music 213 and Music 303.

MUSIC 211
Musicianship I
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 200 with a satisfactory grade or equivalent.
Co-requisite: Music 201 and Music 301.
The student reads and plays simple diatonic melodies, two part play-and-sing drills, and simple melodic, harmonic, and rhythmic dictation.

MUSIC 212
Musicianship II
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 211 with a satisfactory grade or equivalent.
Co-requisite: Music 202 and Music 302
The student reads and plays intermediate level tonal and modal melodies, melodic, harmonic, and rhythmic dictation. Sight singing and ear training are stressed.

MUSIC 213
Musicianship III
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 212 with a satisfactory grade or equivalent.
Co-requisite: Music 203 and Music 303
The student reads and plays advanced chromatic melodies, harmonies, and rhythms using sight singing, ear training, and dictation.

MUSIC 218
Sight Reading I
1 UNIT
Lecture 1 hour.
Prerequisite: Music 200 with a satisfactory grade or equivalent.
The student will acquire basic skills in sight reading rhythms and melodies. The goal is to acquire sight reading skills necessary for reading, performing, composing and producing music.

MUSIC 219
Sight Reading II
1 UNIT
Lecture 1 hour.
Prerequisite: Music 218 with a satisfactory grade or equivalent.
The student will acquire skills in sight reading more advanced rhythms and melodies. The goal is to acquire sight reading skills necessary for reading, performing, composing and producing music.

MUSIC 221
Counterpoint I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Music 202 with a satisfactory grade or equivalent.
The student studies 18th-century contrapuntal techniques in two, three and four voices, including species counterpoint, invertible counterpoint, motive development and canon and resulting in analysis and composition of two-part inventions, binary dance forms and three and four-part fugue expositions.

MUSIC 223
Twentieth Century Compositional Techniques
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Music 202 with a satisfactory grade or equivalent.
The student learns melodic, harmonic and rhythmic techniques of the Twentieth Century, resulting in the writing of original compositions.

MUSIC 224
Composition
3 UNITS
Lecture 3 hours.
Prerequisite: Music 201 with a satisfactory grade or equivalent.
The student composes instrumental works based on specific compositional techniques. The student will establish a solid technique in counterpoint, harmony, and instrumentation, resulting in a greater awareness of new compositional ideas and aesthetics. The goal is to apply those techniques and ideas to the development of a personal approach to composition.

MUSIC 231
Orchestration and Arranging I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Music 202 with a satisfactory grade or equivalent.
Advisory: Music 241.
The student studies instrumentation and beginning orchestration, including writing for various instrumental groups.

MUSIC 232
Orchestration and Arranging II
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Music 231 with a satisfactory grade or equivalent.
The student studies intermediate to advanced orchestration and arranging.
MUSIC 241  
Music Notation and Copying I  
1 UNIT - (CSU)  
Lecture 1 hour.  
Instruction and practical experience in the techniques and materials required for music preparation to create both handwritten and computer generated scores. This course does not deal with music composition, but only with how to copy existing music in a professional manner.

MUSIC 242  
Music Notation and Copying II  
1 UNIT - (CSU)  
Lecture 1 hour.  
Prerequisite: Music 241 with a satisfactory grade or equivalent. Continued instruction and practical experience in the techniques and materials required for music preparation to create both handwritten and computer generated scores.

MUSIC 243  
Music Notation and Copying III  
1 UNIT - (CSU)  
Lecture 1 hour.  
Prerequisite: Music 242 with a satisfactory grade or equivalent. Continued instruction and practical experience in the techniques and materials required for music preparation to create both handwritten and computer generated scores.

MUSIC 250  
Music Performance Workshop  
1 UNIT - (RPT 3) (CSU)  
Laboratory 3 hours.  
The student prepares, rehearses and performs selected musical works. Illustration and discussion of various concepts of musical performance are emphasized. (Confirmation of enrollment is subject to audition).

MUSIC 261  
Electronic Music Workshop  
3 UNITS - (RPT 2) (CSU)  
Lecture 2 hours. Laboratory 2 hours.  
Prerequisite: Music 161 and Music 101 with a satisfactory grade or equivalent. The student develops functional skills to utilize synthesizers, digital keyboards, sequencers, digital audio interface, MIDI controllers, computers and other MIDI equipment.

MUSIC 271  
Songwriter's Workshop  
3 UNITS - (CSU)  
Lecture 3 hours.  
Prerequisites: Music 201 and Music 312 or Music 651. Students learn advanced electro-acoustic, MIDI event and audio editing, digital audio data management and synchronization.

MUSIC 281  
COMMERCIAL MUSIC TECHNIQUES I  
3 UNITS - (CSU)  
Lecture 2 hours. Laboratory 2 hours.  
Prerequisite: Music 161 and Music 201 with a satisfactory grade or equivalent. This is the first in a sequence of courses offering opportunity to develop the techniques of music for commercial applications. Skills in the preparation of music for compact disc production, multimedia applications, audio production techniques, songwriting and stage performance will be emphasized.

MUSIC 282  
Commercial Music Techniques II  
3 UNITS - (CSU)  
Lecture 2 hours. Laboratory 2 hours.  
Prerequisite: Music 281 with a satisfactory grade or equivalent. The student continues developing techniques of music for commercial applications. Advanced skills in the preparation of music for compact disc and DVD production, multimedia applications, audio production techniques, songwriting, score realization, stage performance and talent promotion will be emphasized.

MUSIC 291  
MIDI Instrument Instruction I  
2 UNITS - (CSU)  
Lecture 1 hour. Laboratory 2 hours.  
Prerequisite: Music 161 with a satisfactory grade or equivalent. Advisory: Music 261. The student develops functional skills to utilize synthesizers, digital keyboards, sequencers, digital audio interface, MIDI controllers, computers and other MIDI equipment.

MUSIC 292  
MIDI Instrument Instruction II  
2 UNITS - (CSU)  
Lecture 1 hour. Laboratory 2 hours.  
Prerequisite: Music 291 with a satisfactory grade or equivalent. The student continues to develop functional skills to utilize MIDI instruments. Emphasis is on advanced MIDI instrument techniques and applications in creative music technology using both MAC and PC computers.

MUSIC 293  
MIDI Instrument Instruction III  
2 UNITS - (CSU)  
Lecture 1 hour. Laboratory 2 hours.  
Prerequisite: Music 292 with a satisfactory grade or equivalent. The student continues to develop functional skills to utilize MIDI instruments. Emphasis is on advanced techniques in MIDI data, channel-voice messages, MIDI automation and non-registered parameters.

MUSIC 294  
MIDI Instrument Instruction IV  
2 UNITS - (CSU)  
Lecture 1 hour. Laboratory 2 hours.  
Prerequisite: Music 293 with a satisfactory grade or equivalent. The student continues to develop functional skills to utilize MIDI instruments. Emphasis is on advanced techniques in MIDI synchronization with digital audio files and their use.

MUSIC 300  
Introduction to Keyboard Harmony  
1 UNIT - (UC:CSU)  
Lecture 1 hour.  
Co-requisite: Music 200. The student learns music theory as applied to the piano. Correlated with Music 200. Students are required to furnish their own headphones.

MUSIC 301  
Keyboard Harmony I  
1 UNIT - (UC:CSU)  
Laboratory 2 hours.  
Prerequisite: Music 300 with a satisfactory grade or equivalent. Co-requisite: Music 201 and Music 211. The student studies diatonic harmony as applied to the piano. Correlated with Music 201 and Music 211.
MUSIC 302
Keyboard Harmony II
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 301 with a satisfactory grade or equivalent.
Co-requisite: Music 202 and Music 212
The student studies diatonic and simple chromatic harmony applied to the piano. Correlated with Music 202 and 212.

MUSIC 303
Keyboard Harmony III
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 302 with a satisfactory grade or equivalent.
Co-requisite: Music 203 and Music 213.
The student studies advanced chromatic harmony applied to the piano. Correlated with Music 203 and 213.

MUSIC 311
Piano I
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Open to all students.
The student receives instruction in basic piano skills with an emphasis on learning to read music, play finger-patterns, scales, chords, and beginning pieces. Students are required to furnish their own headphones.

MUSIC 312
Piano II
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 311 with a satisfactory grade or equivalent.
The student receives continued instruction in basic piano skills emphasizing note reading, simpler major and minor scales in quarter and eighth note patterns, triads, repertoire and memorization. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 313
Piano III
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 312 with a satisfactory grade or equivalent.
The student receives continued instruction in developing piano skills with increasing emphasis on note reading, major and minor scale techniques, cadences, triads, repertoire from major historical periods, and memorization. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 314
Piano IV
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 313 with a satisfactory grade or equivalent.
The student receives instruction in piano skills emphasizing major and minor scales; major and minor arpeggios; repertoire from the Baroque, Classical, Romantic, and 20th Century; and memorization. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 341
Intermediate Piano
2 UNITS - (RPT 3) (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 314 with a satisfactory grade or equivalent.
The students studies and performs concert piano literature from the Baroque, Classical, Romantic and Twentieth Century periods. Includes public performance. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 351
Piano Ensemble
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
The student reads, studies and performs standard piano ensemble repertoire with special emphasis on performance in recital. (Confirmation of enrollment subject to audition.)

MUSIC 361
Commercial Piano Techniques Workshop
2 UNITS - (RPT 3) (CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 201 and 313 with a satisfactory grade or equivalent.
The student learns chords and chord progressions used in jazz and popular music styles as applied to the keyboard. Students are required to provide their own headphones. (If prerequisites are not met, enrollment is subject to audition.)

MUSIC 400
Voice Fundamentals
1 UNIT - (UC:CSU)
Laboratory 2 hours.
This course concentrates on general, basic fundamentals of singing, using vocal exercises and simple songs. Emphasis is placed on developing an understanding of the singing voice, the body as a musical instrument, and the vocal potential of each student.

MUSIC 401
Classical Voice I
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 400 with a satisfactory grade or equivalent.
The student learns the basic fundamentals of singing using vocal exercises and simple arias and art songs in French. French pronunciation and vocal style will be studied. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 402
Classical Voice II
1 UNIT - (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 401 with a satisfactory grade or equivalent.
The student learns the basic fundamentals of singing using vocal exercises, simple arias and art songs in German. German pronunciation and vocal style are studied. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 403
Classical Voice III
1 UNIT - (UC:CSU) (RPT 3)
Laboratory 2 hours.
Prerequisite: Music 402 with a satisfactory grade or equivalent.
The student learns the basic fundamentals of singing using vocal exercises, simple arias and art songs in French. French pronunciation and vocal style are studied. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 431
Commercial Voice I
1 UNIT - (CSU)
Laboratory 2 hours.
Prerequisite: Music 400 with a satisfactory grade or equivalent.
The student concentrates on the basic fundamentals of singing using vocal exercises and songs selected from the commercial song literature. Course includes coaching sessions with class accompanist. (If prerequisite is not met, enrollment is subject to audition.)
MUSIC 432
Commercial Voice II
1 UNIT - (CSU)
Laboratory 2 hours.
Prerequisite: Music 431 with a satisfactory grade or equivalent.
The student concentrates on the singing voice using more difficult vocal exercises and songs from the many areas of commercial vocal music. Stylistic interpretation and performance practices are emphasized. Coaching sessions with class accompanist are included. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 433
Commercial Voice III
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Prerequisite: Music 432 with a satisfactory grade or equivalent.
The more advanced singer concentrates on the study through performance of the stylistic interpretations and performances practices of the many areas of commercial vocal music. Course includes coaching sessions with class accompanist. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 453
Musical Theater Repertoire For Singers
1 UNIT - (RPT3) (UC:CSU)
Laboratory 3 hours.
Prerequisite: Either Music 401 or 431 with a satisfactory grade or equivalent.
The student concentrates on general basic fundamentals of vocal techniques as utilized in musical theater. Additional instruction will include basic body movement, acting techniques and musical theater song literature interpretation. (If prerequisite is not met, enrollment is subject to audition. Bring the music of a prepared song to the first class meeting.)

MUSIC 501
College Choir
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The student studies and performs selected choral literature for mixed voices. Emphasis is on increased skill in music reading, development of basic voice and ensemble techniques, and improving musicianship.

MUSIC 531
Philharmonic Choir
1 UNIT - (RPT 3) (CSU)
Laboratory 3 hours.
The student analyzes, rehearses and performs a cappella and accompanied SATB choral music from various styles and periods in English and other languages. Major choral works may be included. Emphasis is on increased skill in reading music and sight singing, score interpretation, vocal technique, diction, and preparation for public performances. (Confirmation of enrollment subject to audition).

MUSIC 561
Chamber Chorale
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The student analyzes, rehearses and performs choral music suited to a small group of singers, with and without accompaniment. Emphasis is on increased skill in reading music and sight singing, score interpretation, vocal technique, diction, and preparation for public performances. (Confirmation of enrollment subject to audition).

MUSIC 601
Brass Instrument Instruction I
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
The student receives basic instruction on the brass instruments, including trumpet, French horn, trombone and tuba. Some instruments available to loan to enrolled students. Open to all students.

MUSIC 602
Brass Instrument Instruction II
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 601 with a satisfactory grade or equivalent.
The student continues brass instrument instruction with emphasis on the development of embouchure, range, endurance and music reading skills. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 603
Brass Instrument Instruction III
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 602 with a satisfactory grade or equivalent.
The student continues brass instrument instruction with increased emphasis in all areas covered. Primary emphasis is on interpretation of more complex rhythmic notation and performance skills. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 604
Brass Instrument Instruction IV
2 UNITS - (UC:CSU) (RPT 3)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 603 with a satisfactory grade or equivalent.
The student continues brass instrument instruction with increased emphasis in all areas covered. Primary emphasis is on interpretation of solo and small ensemble literature. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 611
String Instrument Instruction I
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
The student receives basic instruction on the string instruments, either violin, viola, cello or bass. Some instruments available to loan to enrolled students. Open to all students.

MUSIC 612
String Instrument Instruction II
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 611 with a satisfactory grade or equivalent.
The student learns more advanced string instrument techniques with increased emphasis in all areas covered. Primary emphasis is on development of bow and fingering techniques and music reading skills. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)
MUSIC 613
String Instrument
Instruction III
**2 UNITS - (UC:CSU)**
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 612 with a satisfactory grade or equivalent.
The student learns more advanced string instrument techniques with increased emphasis in all areas covered. Primary emphasis is on development of bow and fingering technique in third position and music reading skills. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 614
String Instrument
Instruction IV
**2 UNITS - (UC:CSU) (RPT 3)**
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 613 with a satisfactory grade or equivalent.
The student learns more advanced string instrument techniques with increased emphasis in all areas covered. Primary emphasis is on interpretation of advanced solo and small ensemble literature. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 621
Woodwind Instrument Instruction I
**2 UNITS - (UC:CSU)**
Lecture 1 hour. Laboratory 2 hours.
The student learns basic woodwind instrument techniques. Includes flute, oboe, clarinet, bassoon and saxophone. Some instruments available to loan to enrolled students. Open to all students.

MUSIC 622
Woodwind Instrument Instruction II
**2 UNITS - (UC:CSU)**
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 621 with a satisfactory grade or equivalent.
The student learns more advanced woodwind instrument techniques with increased emphasis in all areas covered. Primary emphasis is on embouchure development, range, endurance and music reading skills. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 623
Woodwind Instrument
Instruction III
**2 UNITS - (UC:CSU)**
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 622 with a satisfactory grade or equivalent.
The student learns more advanced woodwind instrument techniques with increased emphasis in all areas covered. Primary emphasis is on interpretation of more complex rhythmic notation and performance skills. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 624
Woodwind Instrument
Instruction IV
**2 UNITS - (UC:CSU) (RPT 3)**
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 623 with a satisfactory grade or equivalent.
The student learns more advanced woodwind instrument techniques with increased emphasis in all areas covered. Primary emphasis is on interpretation of advanced solo and small ensemble literature. Some instruments available to loan to enrolled students. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 625
Beginning Guitar
**2 UNITS - (UC:CSU)**
Lecture 1 hour. Laboratory 2 hours.
(Student must provide own guitar.)
The student learns basic positioning of body and hands, music notation and reading, finger picking and chord accompaniment. Designed for students with no previous musical training. Student must provide own guitar.
MUSIC 651
Classical Guitar I
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 650 with a satisfactory grade or equivalent. (Student must provide own guitar.)
The student reinforces fundamental music reading, right and left hand playing techniques and performance of elementary solo guitar compositions. For students who wish to continue beyond the beginning level. Student must provide own guitar. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 652
Classical Guitar II
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 651 with a satisfactory grade or equivalent. (Student must provide own guitar.)
The student performs intermediate level exercises and solos. For students who want to progress further into more technically demanding compositions. Student must provide own guitar. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 653
Classical Guitar III
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 652 with a satisfactory grade or equivalent. (Student must provide own guitar.)
The student performs compositions of greater harmonic and technical complexity. For intermediate to advanced students who wish to probe deeper into analysis and performance practices of the classical guitarist. Student must provide own guitar. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 654
Classical Guitar IV
2 UNITS - (UC:CSU) (RPT 3)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Music 653 with a satisfactory grade or equivalent. (Student must provide own guitar.)
The student analyzes, prepares and performs advanced compositions for classical guitar, incorporating the full range of classical guitar techniques. Musicianship and aesthetics of music are considered in depth. Ensembles of various sizes prepare and perform music from all eras.

MUSIC 670
Fingerboard Harmony
2 UNITS - (RPT 3) (CSU)
Laboratory 2 hours.
Students further their understanding of chord construction and progressions on the guitar. (If prerequisite is not met, enrollment is subject to audition.)

MUSIC 705
Chamber Music
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The student reads, studies and performs standard chamber music repertoire with special emphasis on preparing for recital. (Confirmation of enrollment subject to audition.)

MUSIC 711
Rehearsal Orchestra
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The orchestra player of intermediate ability who wishes to become more proficient on a secondary orchestra instrument performs intermediate orchestral music with an emphasis on the development of competence and ensemble skill. (Confirmation of enrollment subject to audition.)

MUSIC 725
Community Orchestra
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The student reads, studies and performs standard orchestral repertoire with special emphasis on performance of major orchestral works. Practical experience may also be offered to capable student conductors, soloists, composers and arrangers. (Confirmation of enrollment subject to audition.)

MUSIC 751
Wind Ensemble
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The student studies standard band literature with the intent to develop technical and artistic abilities through experiences with a wide range of band literature. Public performances are presented. (Confirmation of enrollment subject to audition.)

MUSIC 765
Percussion Ensemble
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
The student studies and performs standard percussion ensemble literature in the symphonic and commercial fields emphasizing proper execution of musical styles, phrasing, balance and blending techniques, intonation, rehearsal and performance techniques. (Confirmation of enrollment subject to audition.)

MUSIC 911
Cooperative Education - Music
1 UNIT - (RPT 3) (UC:CSU)
Lecture 1 hour.
Advisories: Music 101 and 161
Students receive credit for approved internships with an employer in the music industry. The work site must be approved by the Department Chair.
**MUSIC 921**  
Cooperative Education - Music  
2 UNITS - (RPT 3) (UC:CSU)  
Lecture 2 hours.  
Advisories: Music 101 and 161  
Students receive credit for approved internships with an employer in the music industry. The work site must be approved by the Department Chair.

**MUSIC 931**  
Cooperative Education - Music  
3 UNITS - (RPT 3) (UC:CSU)  
Lecture 3 hours.  
Advisories: Music 101 and 161  
Students receive credit for approved internships with an employer in the music industry. The work site must be approved by the Department Chair.

**MUSIC 941**  
Cooperative Education - Music  
1 UNIT - (RPT 3) (UC:CSU)  
Lecture 4 hours.  
Advisories: Music 101 and 161  
Students receive credit for approved internships with an employer in the music industry. The work site must be approved by the Department Chair.

**NURSING**

**NURSING 100**  
Certified Nurse Assistant  
5 UNITS – (A)  
Lecture 3 hours. Laboratory 6 hours.  
This course is approved by the State of California. Students will be prepared to perform basic nursing tasks and educated about the roles and responsibilities of the Certified Nurse Assistant. Students perform skill that include principles of safety, infection control and basic patient care practices. Students who successfully complete the course are eligible to take the State Certification Examination.

**NURSING 101**  
Home Health Aids  
2 UNITS - NDC  
Prerequisite: Nursing 100 with a satisfactory grade.  
Lecture 1.5 hours. Laboratory 1.25 hours.  
Students learn to provide comfort, hygiene, nutrition, elimination, sleep and rest care activities to clients. Emphasis is on the role of the home health aide, interpretation of client needs, personal-care services, nutrition and cleaning and care tasks in the home. The Certified Nursing Assistant (CNA) will be prepared as a Home Health Aide (HHA) to perform in-home care to patients and assist them with activities of daily living. This course is approved by the State of California.

**NURSING, REGISTERED 103**  
Nursing Pharmacology  
1 UNIT – (CSU)  
Lecture 1 hour.  
Prerequisite: Admission to Nursing program.  
Co-requisite: Nursing, Registered 104.  
First semester nursing students acquire introductory knowledge about the most frequently prescribed medications, their side effects, and possible interactions that are used in health care setting today.

**NURSING, REGISTERED 104**  
Nursing Foundations  
4 UNITS – (CSU)  
Lecture 2 hours. Laboratory 6 hours.  
Prerequisite: Math 115, English 101, Sociology 1, Speech 101, Psych 1, 41, Physiology 1, Anatomy 1 and Microbiology 20.  
Students acquire introductory knowledge about theoretical concepts and fundamental skills in nursing that are required for safe patient care. Students also learn and apply the Roy Adaptation Model nursing process as the conceptual framework for practice. Then students develop enhanced critical thinking and psychomotor skills during the clinical component.

**NURSING, REGISTERED 105**  
Beginning Medical-Surgical Nursing  
5 UNITS – (CSU)  
Lecture 2.5 hours. Laboratory 7.5 hours.  
Prerequisite: Nursing, Registered 104 with a satisfactory grade.  
Students acquire enhanced knowledge about the Roy Adaptation Model nursing process and implement this as the framework for nursing care. Students also develop introductory knowledge and understanding of common medical-surgical health problems. Additionally, students apply theoretical concepts and nursing skills in a clinical setting.

**NURSING, REGISTERED 106**  
Nursing Care of the Childbearing Family  
4 UNITS – (CSU)  
Lecture 2 hours. Laboratory 6 hours.  
Prerequisite: Nursing, Registered 105 with a satisfactory grade.  
Utilizing the Roy Adaptation model and the nursing process, the students in Nursing Care of the Childbearing Family focus on nursing care of culturally diverse families experiencing reproductive health, childbearing, and breast and reproductive cancers. The students apply concepts that include disease process, medical treatments, nursing responsibilities, and interventions, cultural, ethical, and legal issues to the childbearing family.

**NURSING, REGISTERED 107**  
Nursing Care of the Pediatric Client  
4 UNITS – (CSU)  
Lecture 2 hours. Laboratory 6 hours.  
Prerequisite: Nursing, Registered 105 with a satisfactory grade.  
Utilizing the Roy Adaptation Model and the nursing process, students will focus on the nursing care of children of various ages and their families. The student applies concepts that include disease process, medical treatments, nursing responsibilities, and interventions, cultural, ethical, and legal issues to the pediatric population.

**NURSING, REGISTERED 108**  
Nursing Care of the Client with Psychosocial Needs  
4 UNITS – (CSU)  
Lecture 2 hours. Laboratory 6 hours.  
Prerequisite: Nursing, Registered 107 with a satisfactory grade and approved second year status in RN program.  
The student receives correlated theoretical knowledge and clinical experience in the care of the psychiatric patient in the acute care facility. Emphasis will be on the holistic care of clients with mental health problems, cognitive disorders, and/or difficulties in coping with problems of daily living.
**Nursing, Registered 109**

Intermediate Medical-Surgical Nursing

**5 Units - (CSU)**

Lecture 2.5 hours. Laboratory 7.5 hours.

Prerequisite: Nursing, Registered 106 and Nursing, Registered 107 with a satisfactory grade and approved second year status in RN program.

Students identify and manage the needs of the older adult client possessing complex medical-surgical health problems. Students focus on the bio-psycho-social impact of illness across the life span and nursing interventions to promote client adaptation. Students also apply theoretical concepts during concurrent clinical experience.

**Nursing, Registered 110**

Advanced Medical-Surgical Nursing

**5 Units - (CSU)**

Lecture 2.5 hours. Laboratory 7.5 hours.

Prerequisite: Nursing, Registered 108 and Nursing, Registered 109 with a satisfactory grade.

In this advanced nursing course, students understand and apply advanced theoretical and clinical concepts in the care of medical-surgical patients with complex problems. Students acquire translational knowledge about complex concepts that include ECG monitoring, beginning ventilatory management, hemodynamic monitoring, care of the client with multisystem failure, and nursing care in emergency situations. Students will apply theoretical knowledge across all specialty care settings.

**Nursing, Registered 111**

Nursing Leadership and Management

**4 Units - (CSU)**

Lecture 1.36 hours. Laboratory 6 hours.

Prerequisite: Nursing, Registered 110 with a satisfactory grade.

Students explore, and apply the legal, ethical and current issues and trends that affect the Registered Nurse today within the context of the Roles of Practice. Students will complete a 108 clinical preceptorship in an acute care setting.

**Nursing, Registered 115**

Nursing Skills Competency I

**1 Unit - (CSU)**

Laboratory 3 hours.

Co-requisite: Nursing, Registered 104.

Students practice procedures and skills learned in concurrent Fundamentals and Beginning Medical-Surgical Nursing theory and clinical courses.

**Nursing, Registered 116**

Nursing Skills Competency II

**1 Unit - (CSU)**

Laboratory 3 hours.

Prerequisite: Nursing, Registered 105 with a satisfactory grade.

The student participates in this weekly 3 hour adjunct, laboratory course to practice procedures and skills learned in concurrent Fundamentals and Beginning Medical-Surgical Nursing theory and clinical courses.

**Nursing, Registered 117**

Nursing Skills Competency III

**1 Unit - (CSU)**

Laboratory 3 hours.

Prerequisite: Nursing, Registered 107 with a satisfactory grade and approved second year status in RN program.

Third semester nursing students practice and enhance both mental health and medical-surgical nursing skills.

**RN Residency in Pediatrics**

**Nursing, Registered 150**

Expanded Practice and Principles for Pediatric Nursing I

**9 Units**

Lecture 6 hours. Laboratory 9 hours.

Prerequisite: Nursing, Registered 111 with a satisfactory grade.

The student will participate in competency assessment in the progression from novice graduate to Registered Nurse in the Pediatric Nursing specialty.

**Nursing, Registered 151**

Role Development in Pediatric Nursing

**8 Units**

Lecture 3 hours. Laboratory 15 hours.

Prerequisite: Nursing, Registered 150 with a satisfactory grade.

The student will progress in role development, under preceptor guidance, from novice to toward increased clinical competency in the Pediatric Nurse Residency Program.

**Nursing, Registered 152**

Expanded Practice and Principles for Pediatric Nursing II

**7 Units**

Lecture 3 hours. Laboratory 12 hours.

Prerequisite: Nursing, Registered 151 with a satisfactory grade.

The student will progress toward leadership and independent practice as a specialty Pediatric Nurse.

**Nursing Science 100**

Transition from LVN to RN

**2 Units**

Lecture 3 hours. Laboratory 6 hours.

Eligible Licensed Vocational Nurses (LVN) participate in this bridge course to prepare for transition to the Registered Nurse (RN) program. Students learn and apply theory and skills in the following areas: role transition from LVN to RN, Professional Nursing, Nursing Process, Roy Adaptation Model and Maslow’s Hierarchy of Needs, communication skills, ethical and legal issues affecting nursing practice, cultural assessment techniques, pharmacology, and dosage calculation.

**Oceanography**

TRANSFER INFORMATION:

Physical Science Requirement: Earth Science 1, Geology 1, and Oceanography 1 each satisfy the IGETC and CSU general education requirements for physical science.

Physical Science with Lab Requirement: Geology 1 taken with Geology 6 satisfies the IGETC and CSU general education requirements for a physical science with a laboratory.

**Oceanography 1**

Introduction to Oceanography

**3 Units - (UC:CSU)**

Lecture 3 hours

Advisory: English 28 and 67 or equivalent.

The student receives a general introduction to the origin of the universe, plate tectonics, ocean basins, water, beaches, tides, and the overall uses and abuses of the ocean by human beings.
PERSONAL DEVELOPMENT 20
Post Secondary Education: The Scope of Career Planning
3 UNIT – (CSU)
Advisory: Eligibility for ENGLISH 28 and 67 or equivalent
This course is designed to assist students with self-exploration, career transitions, career-life planning and employment readiness skills in order to achieve success in a diverse society. Critical thinking skills will be utilized through a systematic approach to career development by examining values, interests, skills, life roles, personality type, personal self-management, decision-making and goal-setting throughout the life span through the use of career assessments and various other introspective activities.

PERSONAL DEVELOPMENT 40
College Success Seminar
3 UNIT – (UC:CSU)
Advisory: Eligibility for English 28 and 67 or equivalent
This course will explore issues related to higher education that impact student success. Topics will include an overview of academic success skills, value and purpose of higher education, Los Angeles City College and Los Angeles Community College District policies and procedures, ethics and responsibility, diversity in higher education, learning strategies and educational planning, interpersonal communication, career development, health issues, and self-assessment techniques.

PERSONAL DEVELOPMENT 41
Introduction to Higher Education
1 UNIT – (CSU)
This course introduces the Master Plan for Higher Education in California, as well as higher education systems in other states. Included will be discussions of general educational policies, requirements for transfer and the Associate of Arts degree, differences among various higher education systems, specifically in California. Students will develop a plan in order to accomplish their future educational goals.

PHILOSOPHY
PREREQUISITES: Specified prerequisites must be completed with a satisfactory grade or equivalent for Philosophy 1H and Philosophy 5.
All classes fulfill the Humanities requirement for the Associate in Arts degree except Philosophy 6, 7, 8 and 9, which fulfill the Language and Rationality requirement.

PHILOSOPHY 1
Introduction to Philosophy I
3 UNITS – (UC:CSU)
Lecture 3 hours.
This introductory course is open to all students. The following questions will be discussed: Does life have meaning? Does God exist? Do we have free will? Can we trust our senses?

PHILOSOPHY 5
Critical Thinking and Composition
3 UNITS – (UC:CSU)
Lecture 3 hours.
Prerequisite: ENGLISH 101 with a satisfactory grade or better or equivalent.
This class develops critical thinking skills necessary for evaluating and formulating argumentative/persuasive essays. Instruction in writing is a central focus of this course.

PHILOSOPHY 6
Logic in Practice
3 UNITS – (UC:CSU)
Lecture 3 hours.
This course in critical thinking is intended to develop understanding of logical principles and their application to everyday life in such areas as advertising, news reports, editorials, etc.

PHILOSOPHY 8
Deductive Logic
3 UNITS – (UC:CSU)
Lecture 3 hours.
This introductory logic class, which is open to all students, is designed to develop the student's ability to think critically and to reason correctly. Attention will be given to both formal and informal logic.

PHILOSOPHY 9
Symbolic Logic I
3 UNITS – (UC:CSU)
Lecture 3 hours.
Advisories: English 28 and 67
The student learns to translate, analyze and evaluate arguments in modern symbolic logic by employing the principles and methods of propositional and predicate logic.

PHILOSOPHY 14
History of Modern European Philosophy
3 UNITS – (UC:CSU)
Lecture 3 hours.
This class traces the development of the ideas which shape the modern mind. The individual's relationship to the state, to his fellow human beings and to the universe will be explored in the works of modern philosophers.

PHILOSOPHY 20
Ethics
3 UNITS – (UC:CSU)
Lecture 3 hours.
This class offers a study of both historical and contemporary ethical theories as well as a discussion and analysis of current moral issues.

PHILOSOPHY 30
Asian Philosophy
3 UNITS – (UC:CSU)
Lecture 3 hours.
This course explores the major philosophies of India, China and Japan, including Hinduism, Buddhism, Confucianism, Taoism and Zen Buddhism. Consideration is given to the differences between Eastern and Western thought.

PHILOSOPHY 32
Philosophy of Religion (formerly Philosophy 27)
3 UNITS – (UC:CSU)
Lecture 3 hours.
Offers an exposition, discussion and analysis of significant philosophical questions which have been directed at religious beliefs.

PHILOSOPHY 40
Introduction To The Philosophy of Art
3 UNITS – (UC:CSU)
Lecture 3 hours.
Various philosophical theories regarding the nature of art, "beauty", and the aesthetic experience will be examined in this course.
PHOTOGRAPHY

PHOTOGRAPHY 1
Elementary Photography
6 UNITS - (CSU)
Lecture 3 hours, Laboratory 9 hours.
Prerequisite: Photography 10 with a satisfactory grade, or approval of Black and White portfolio of 10 to 15 prints, by instructor. All work in the portfolio, including processing, must be by the student.
Advisory: Photography 28.
The beginning course for Photography majors, with intensive training in all phases of professional techniques, emphasizing view camera operation, exposure and development control of film, printing for optimum technical and aesthetic values, basic lighting techniques, theory of photographic processes, and basic sensitometry. Estimated material cost is approximately $225. Owning a professional quality light meter is recommended. Owning medium format or 4x5 camera equipment is not essential.

PHOTOGRAPHY 3
Basic Commercial Fields
6 UNITS - (A)
Lecture 2 hours, Laboratory 3 hours.
Prerequisite: Photography 1 or Photography 7 with a satisfactory grade.
Advisory: Photography 28.
Students learn intermediate professional lighting techniques for commercial photography. Specialized assignments related to current professional commercial photography requirements and practices will be assigned. Intermediate concept, design, and specialization in lighting for commercial advertising are emphasized. Introduction to professional studio strobes and accessories and continued use of professional cameras – film and digital – will be used for assignments.

PHOTOGRAPHY 6
Advanced Commercial Photography
3 UNITS - (RPT 1) (CSU)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: Photography 3 with a satisfactory grade.
Advisory: Photography 33 or equivalent
Students learn advanced professional lighting techniques for commercial photography. Specialized assignments related to current professional commercial photography methods and business practices will be assigned. Concept and design, and specialization in lighting for commercial advertising is emphasized. Applied professional photographic techniques, and projects will culminate in a working portfolio. Continued study in the use of professional film, digital cameras and software, strobes and accessories - in studio and on location will be emphasized.

PHOTOGRAPHY 7
Exploring Digital Photography
3 UNITS (CSU)
Advisory: English 28 and 67/31 or equivalent
An introductory course in the uses and applications of professional digital SLR cameras. Camera controls, elements of composition, and photographing with natural light will be stressed. Professional digital cameras may be provided by the department for student usage. Students may use their own cameras to supplement assignments. Owning a digital camera is not a requirement but is highly recommended.

PHOTOGRAPHY 10
Beginning Photography
3 UNITS - (UC: CSU)
Lecture 2 hours, Laboratory 3 hours.
Advisory: Concurrent enrollment in Photography 28 and English 28 and 67 or equivalent.
Basic principles of photography from the mechanical creation of the image with camera and film to enlarging the photograph for display, while applying the guidelines of composition, communication and self-expression. 35 mm single lens camera required. Automatic cameras are OK, but they must have manual shutter speed and lens opening capability. An approximate supply cost is $125. You must attend the first lecture meeting, or be replaced by students wishing to add. The first scheduled class is the first lecture meeting. Labs will begin meeting after first lecture.

PHOTOGRAPHY 15
Fundamentals of Portraiture
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: Photography 1 or Photography 7 with a satisfactory grade.
Advisory: Concurrent enrollment in Photography 28 or Photography 33.
Students learn to create individualized portraits utilizing a wide variety of traditional lighting styles both on location with available light, and in the studio with professional tungsten lighting and electronic strobes. Students learn how model selection, posing techniques, wardrobe, props, locations and other factors contribute to the total professional portrait. Students will make portraits of individuals, couples and groups. Students learn to make decisions regarding camera format including digital and film, printing and presentation.

PHOTOGRAPHY 17
Introduction to Color Photography
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: Photography 10 with a satisfactory grade.
Advisory: Photography 28 and English 28 and 67 or equivalent.
This is a course in traditional color printing from color negatives. There is an emphasis on color correction and color theory. Natural light and available light and their characteristics are studied in order to better understand perception and the individual's interpretation of color as seen and photographed. Students must have access to a 35mm manual camera. Estimated cost of materials is approximately $150.

PHOTOGRAPHY 20
Beginning Photojournalism
4 UNITS - (CSU)
Lecture 2 hours. Laboratory 6 hours.
Advisory: Photography 28 and Photography 7.
Students learn photography for publications, including magazines, wire services, print and online newspapers and campus publications. The primary emphasis is on digital photography and its use in the journalism and publication worlds. Students practice using cameras and computers, correctly applying the techniques of instruction to photojournalistic methods and visual news gathering.
PHOTOGRAPHY 22
Creative Photo-Vision
3 UNITS – (RPT 2) (A)
Lecture 2 hours. Laboratory 3 hours.
Prerequisite: Photography 1 with a satisfactory grade.
Advisory: Photography 28.
Designed as a workshop in sensitive seeing, this course offers photography students some of the avenues of self-expression through nontraditional photographic techniques including non-silver processes, collage, hand-coloring, serial imagery and other alternative processes.

PHOTOGRAPHY 28
Laboratory Processes
1 UNIT – (RPT 3) (A)
Laboratory 3 hours.
Advisory: English 28 and 67 or equivalent.
This course is designed for the photography student who wishes to increase laboratory skills, relative to concurrent photography classes, through extended contact with equipment and faculty. Students will not be permitted to use any of the photo lab facilities if they drop or are excluded from the main photo lecture section.

PHOTOGRAPHY 33
Advanced Laboratory Processes
1 UNIT – (RPT 3) (A)
Laboratory 3 hours.
Prerequisite: Photography 28 with a satisfactory grade.
Co-requisite: Photography 3 or 6 or 15 or 22.
Students, while concurrently enrolled in an advanced primary lecture class, demonstrate the ability to follow directions and advanced technical recommendations of their photography instructors while working in the photography laboratory including black and white, color, and digital facilities. Students must adhere to safety procedures and guidelines of the laboratory setting.

PHOTOGRAPHY 34
History of Photography
3 UNITS – (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent
Students recognize and identify the major historical developments of in photography including major technological inventions and advancements, styles and movements, and important photographers from 1826 through 1960. Special attention is paid to the impact of the photographic image and how it has shaped modern art and culture worldwide.

PHOTOGRAPHY 46
Photographic Digital Imaging
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 3 hours.
Students learn introductory digital imaging which will incorporate the use of computers and photographic digital software to alter, enhance, and create new images that can be output to print and digital media. The basic operations, functions, and applications of Adobe Photoshop will be covered. Detailed instruction and specialized assignments integrate digital image manipulation, compositing/collaging, editing and other practical tools.

PHOTOGRAPHY 49
Advanced Photographic Digital Imaging
6 UNITS - (CSU)
Lecture 3 hours. Laboratory 9 hours.
Prerequisite: Photography 46 with a satisfactory grade. (see “Health Advisory” under Certificate Programs)
Students learn advanced digital imaging/Photoshop techniques which will incorporate the use of computers and photographic digital software to alter, enhance, and create new images that can be output to print and digital media. Detailed instruction in the application of Adobe Photoshop will be covered. Development of concept and design, and the use of photographic images are emphasized. Creation of specialized projects will integrate digital image manipulation, compositing/collaging, retouching, editing and other specialized Photoshop techniques.

PHOTOGRAPHY 50
Specialty Fields
3 UNITS – (RPT 3) (A)
Laboratory 9 hours.
Prerequisite: Photography 1 or 207 with a satisfactory grade or instructor’s approval of advanced level portfolio.
The advanced student contracts with the instructor to produce an independent study photography project that is the basis of a free-lance, photo journalistic, commercial or fine art photographic portfolio. The student designs a portfolio based on individual concepts and goals under the guidance of the instructor.

PHOTOGRAPHY 107
Intermediate Digital Photography
3.00 UNITS (CSU)
Lecture 2 hours. Laboratory 3 hours.
PREREQUISITES: Photo 7 and Photo 46.
An in-depth course in the workflow of professional digital photography. RAW capture, processing, color management, archiving, transferring files, and printing will be stressed. Students will also explore studio lighting using tungsten lights and will develop a portfolio demonstrating technical and aesthetic proficiency. A limited number of professional digital cameras may be provided by the department for student usage. Owning a digital SLR camera is not a requirement but is highly recommended.

PHOTOGRAPHY 207
Advanced Digital Photography
3.00 UNITS (CSU)
Lecture 2 hours. Laboratory 3 hours.
PREREQUISITE: Photo 107. Advisory: Photography 28
An advanced course in the technical and practical aspects of professional digital photography. Topics will include: advanced RAW processing, advanced archiving, advanced digital SLR techniques, electronic flash for the studio and on location, as well as digital tech training including Phase One software and the medium format digital back. Additionally, students will learn self-promotion techniques, practice professionalism in the photographic industry, and create a working portfolio.
PHYSICAL EDUCATION

With the exception of contact sports, all activity and theory classes are open to both men and women. Individual courses are open to both men and women. Individual courses, Physical Education 96 through 480, may be repeated for credit. UC limit: Physical Education 96-399, any or all of these courses combined: maximum credit allowed, 4 units; 401-480, any or all of these courses combined: maximum Credit allowed, 4 units; 503-516, any or all of these courses combined: maximum credit allowed 8 units. Physical Education 185, 285, 385: depending on course content apply appropriate. Independent Study Limit. Advisory: English 28 and 67/31 or its equivalent or concurrent enrollment in Learning Skills 1, 7, and Speech Communication 113 for all Transfer Theory courses.

PHYSICAL EDUCATION 101-142
Water Activities - Swimming
1 UNIT - (RPT 3) (UC:CSU)
Activity 2 hours.
Beginning, intermediate and advanced levels offered for all swim courses.

PHYSICAL EDUCATION 101
Swimmer - Non-Swimmer
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn primary swimming skills, beginning locomotion skills of various swimming strokes, and improved water safety awareness.

PHYSICAL EDUCATION 102
Water Activities - Swimming Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn swimming skills. Skills for each stroke include kicking, arm stroke, proper breathing techniques, body position, and rhythm of stroke. The student will also learn water safety skills.

PHYSICAL EDUCATION 110
Lap Swimming For Fitness
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
For experienced swimmers who want to improve their speed, strength, and endurance. Students should be able to swim 50 yards without stopping in deep water using the freestyle stroke and rotary breathing. Class sessions consist of instructor directed, organized swimming workouts. At the first pool session, an assessment of swimming ability will be conducted to ensure minimum skills for participation.

PHYSICAL EDUCATION 122
Water Activities - Aqua Exercise
1 UNIT - (RPT 3) (UC:CSU)
Lecture .5 hour. Laboratory 1.5 hours.
Instruction includes progressive skills attainment. Beginning, intermediate, and advanced level offered.

PHYSICAL EDUCATION 170
Walking for Fitness
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
This course focuses on achieving cardiovascular fitness and a healthy lifestyle through walking. Course topics include posture, gait, walking styles, strength and flexibility, proper clothing, nutrition and nutritional aides, creating a walking program and fitness assessments.

PHYSICAL EDUCATION 185
see end of this section

PHYSICAL EDUCATION 203-299
Individual and Dual Activities
1 UNIT - (RPT 3) (UC:CSU)
Activity 2 hours.
In each sport or activity special attention is paid to techniques, strategy, etiquette, terminology, history, and rules.

PHYSICAL EDUCATION 203
Badminton Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn the fundamental skills and knowledge necessary to play badminton such as the serve, clear, drop and smash shots, rules and basic strategies for the games of singles and doubles.

PHYSICAL EDUCATION 212
Tennis Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn the fundamental skills and knowledge necessary to play tennis such as serve, forehand and backhand ground strokes and volleys, singles and doubles rules, and basic court positioning and strategy.

PHYSICAL EDUCATION 225
Yoga Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn the physical practice of Yoga, connecting body, mind and spirit. The students are introduced to its origins, asanas (positions) and terminology.

PHYSICAL EDUCATION 228
Body Conditioning
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students participate in a variety of vigorous exercises for increasing cardiovascular fitness, muscular strength, and flexibility.

PHYSICAL EDUCATION 230
Weight Training
1 UNIT - (RPT 3) (UC:CSU)
Lecture .5 hour. Laboratory 1.5 hours.
Students develop flexibility, muscular strength, muscular endurance, and cardiovascular endurance. Students learn the proper techniques to utilize in their personal fitness later in life, to achieve a healthier lifestyle.

PHYSICAL EDUCATION 238
Self-Defense Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
The student develops the basic skills of self-defense, beginning with lateral movement, strength and cardiovascular fitness, agility and awareness of self in one’s environment. The basic skills include striking, kicking, blocking, throwing, grappling, and other techniques. Additionally, legal and moral issues of self-defense are discussed.

PHYSICAL EDUCATION 241
Judo Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn to execute skills of falling correctly, throwing, and grappling as practiced in the Olympic sport of judo. Additionally, students learn the history, lore, competitive rules, and etiquette found in this cross cultural activity.
PHYSICAL EDUCATION 259
Golf Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
Students learn the fundamental techniques and skills, rules, terminology and etiquette of golf.

PHYSICAL EDUCATION 262
Track and Field Skills
1 UNIT - (RPT 3) (UC:CSU)
Lecture .5. Laboratory 1.5 hours.
The student interested in developing track and field skills receives an emphasis on fundamentals while working to improve overall fitness and conditioning levels. This will be done through a variety of track and field experiences including shot put, disks, hurdles, running, and other field sports.

PHYSICAL EDUCATION 299
Stress Management Techniques Through Movement and Dance
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students identify their stressors and receive tools and techniques for managing them through movement, dance therapy, dance meditation, authentic movement studies, breathing exercises, yoga, physical therapy and varied relaxation exercises. Multicultural stories, rhythms, music, and dance forms are used to enhance and support the individual in the group experience.

PHYSICAL EDUCATION 300-399
Team Sports
1 UNIT - (RPT 3) (UC:CSU)
Activity 2 hours.
In each sport or activity, special attention is paid to techniques, strategy, etiquette, terminology, history, and rules.

PHYSICAL EDUCATION 304
Basketball Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Instruction and practice in the fundamental skills of basketball and in offensive and defensive game strategies. Co-educational participation in drills and competition.

PHYSICAL EDUCATION 313
Team Sports - Soccer Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
The students develop soccer skills while developing cardiovascular endurance and coordination for both men and women. Strategies and team play are also covered.

PHYSICAL EDUCATION 322
Volleyball Skills
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Students learn volleyball skills and techniques. Skills learned are passing, setting, serving, hitting and blocking. The students also learn strategy used for games and rules of the sport.

PHYSICAL EDUCATION 630-810
Fitness
0.5-2 UNITS - (RPT Varies) (UC:CSU)
Activity hours vary.

PHYSICAL EDUCATION 630
Aerobic Super Circuit
Laboratory
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 2 hours.
Using fundamentals of exercise physiology, each student will assess his/her level of physical fitness, develop a fitness profile, and design and implement a personalized exercise program.

PHYSICAL EDUCATION 640
Beginning Lifelong Fitness
Laboratory
1 UNIT - (RPT 3) (UC:CSU)
Laboratory 3 hours.
Students develop flexibility, muscular strength, muscular endurance, cardiovascular endurance, and body composition. Students learn how to achieve a healthy lifestyle and proper fitness balance.

PHYSICAL EDUCATION 642
Adapted Fitness
1 UNIT - (RPT 3)
Laboratory 3 hours.
Students with verified disabilities will participate in individualized exercise programs to improve cardiovascular fitness, muscular fitness, and flexibility.

PHYSICAL EDUCATION THEORY CLASSES
Physical Education Major
These classes do not meet credit for Physical Education activity. Required for Physical Education and Recreation majors and minors.

PHYSICAL EDUCATION 185
Directed Study — 1 UNIT (CSU)
Conference 1 hour per unit.
Physical Education students pursue on their own an in-depth study of a subject of special interest in the field of physical education. Guidance and consultation with the instructor on a weekly basis, plus independent work is required. Refer to the “Directed Study” section of this catalog for additional information. Consent of Instructor required. Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.
**PHYSICAL SCIENCE**

UC Limit: no credit allowed if taken after a college course in Astronomy, Chemistry, Geology or Physics.

**PHYSICAL SCIENCE 1**

**Physical Science**

*3 UNITS - (UC:CSU)*

Lecture 3 hours.

Advisory: English 28 and 67 or equivalent or concurrent enrollment.

Open to all students.

An integrated course for non-science majors developing fundamental concepts of Physics and Chemistry. Topics include principles of motion and energy (Physics) and structure and properties of matter (Chemistry).

**PHYSICAL SCIENCE 14**

**Physical Science Laboratory**

*1 UNIT - (UC:CSU)*

Laboratory 3 hours.

Co-requisite: Physical Science 1. Advisory: English 21

This course provides the liberal arts student with laboratory experience which supplements the instruction given in Physical Science. Taken with or after Physical Science 1, it completes the transfer and graduation requirement for a Natural Science course with laboratory.

**PHYSICS**

**PHYSICS 6**

**General Physics I**

*4 UNITS - (UC:CSU)*

Lecture 3 hours. Laboratory 3 hours.

Advisory: English 28 and 67.

This course is designed for majors in Health and Life Sciences, Architecture, and all those needing a one-year course in college physics requiring trigonometry but not calculus (see also Physics 21). The principal topics are mechanics, heat and sound.

**PHYSICS 7**

**General Physics II**

*4 UNITS - (UC:CSU)*

Lecture 3 hours. Laboratory 3 hours.

Prerequisite: Physics 6 with a satisfactory grade or equivalent.

Advisory: English 28.

This course is designed for majors in Health and Life Sciences, Architecture, and all those needing a one-year course in college physics requiring trigonometry but not calculus. This course examines the later developments of physics leading through electricity and magnetism to optics, relativity and quantum theory, atomic and nuclear physics.

**PHYSICS 11**

**Introductory Physics**

*4 UNITS - (UC:CSU)*

Lecture 3 hours. Laboratory 3 hours.

Prerequisite: Mathematics 240 with a satisfactory grade or equivalent.

Advisory: English 28 and 67.

Credit allowed for only one of Physics 11 or 12.

This general introductory course with laboratory serves as the prerequisite for Physics 101, 6, 21, and for the health career programs. It is aimed at developing physical intuition, problem solving techniques and laboratory procedures. It is not open to students who have had a college course in physics. Those needing only one semester of laboratory science should consider enrolling in Physics 12.

**PHYSICS 12**

**Physics Fundamentals**

*3 UNITS - (UC:CSU)*

Lecture 3 hours.

Open to all students.

Advisory: English 28 and 67 or equivalent. Credit allowed for only one of Physics 12 and 11.

A survey of the major insights of physics. No mathematical preparation is needed. If a student wishes to transfer this as a lab science course, the student must also complete Physics 14.

**PHYSICS 14**

**Physics 14 Laboratory**

*1 UNIT - (UC:CSU)*

Laboratory 3 hours.

Co-requisite: Physics 12. Advisory: English 21

This introductory laboratory course in general physics provides the liberal arts student with laboratory experience which supplements the instruction given in Physics 12. Taken with or after Physics 12, it completes the units requirement for a Natural Science course with laboratory.

**PHYSICS 21**

**General Physics I with Calculus**

*4 UNITS - (UC:CSU)*

Lecture 3 hours. Laboratory 3 hours.

Prerequisite: Physics 11 with a satisfactory grade. Co-requisite: Mathematics 261.

Advisory: English 21 or equivalent.

Physics 21 is the first of a two-semester, calculus-based, sequence of general physics courses. (Physics 22 completes the sequence.) This sequence is recommended and designed for Pre-medical students, Life Science students and other students that require a two-semester, calculus based, sequence of physics courses. Topics covered in Physics 21 include mechanics, waves and fluids, with an emphasis on applications to the life sciences.

**PHYSICS 22**

**General Physics II with Calculus**

*4 UNITS - (UC:CSU)*

Prerequisites: Physics 21 with a satisfactory grade or equivalent. Co-requisite: Mathematics 262.

Advisory: English 28.

Physics 22 is the second of a two-semester, calculus-based, sequence of general physics courses. This sequence is recommended and designed for Pre-medical students, Life Science students and other students that require a two-semester, calculus based, sequence of physics courses. Topics covered in Physics 22 include thermodynamics, electricity and magnetism, optics, and atomic and nuclear physics. There will be an emphasis on applications to the life sciences.

**PHYSICS 101**

**Physics for Engineers and Scientists I**

*5 UNITS - (UC:CSU)*

Lecture 3 hours. Laboratory 6 hours.

Prerequisite: Physics 11 with a satisfactory grade or high school physics; and Mathematics 261.

Co-requisite: appropriate score on Math Placement test.

The student considers the fundamental principles and applications of Newton’s Laws in classical mechanics, including motion in one and two dimensions, gravitation, rotation, energy, momentum, periodic motion, and fluid mechanics at the beginning calculus level of mathematical sophistication. The laboratory includes both quantitative and qualitative experiments that permit students to verify, illustrate, and deduce various laws of physics.
PHYSICS 102
Physics for Engineers and Scientists II
5 UNITS - (UC:CSU)
Lecture 3 hours. Laboratory 6 hours.
Prerequisite: Physics 101 with a satisfactory grade or equivalent.
Co-requisite: Concurrent enrollment in Mathematics 262, unless taken previously.
Physics 102 continues the study of physics begun in PHYSICS 101. In PHYSICS 102 students learn the topics of introductory thermodynamics (temperature, heat, heat engines, entropy and other topics), and electricity and magnetism (electric forces, electric fields, potential, magnetism, magnetic forces and fields, capacitance, resistance, inductance, DC and AC circuits and other topics). The laboratory includes both quantitative and qualitative experiments which permit students to verify, illustrate, and deduce the laws of physics related to the topics discussed.

PHYSICS 103
Physics for Engineers and Scientists III
5 UNITS - (UC:CSU)
Lecture 3 hours. Laboratory 6 hours.
Prerequisite: Physics 102 with a satisfactory grade or equivalent.
Co-requisite: Concurrent enrollment in Mathematics 263, unless taken previously.
Physics 103 concludes the introductory sequence begun in PHYSICS 101 and 102. In PHYSICS 103 students learn the topics of molecular and condensed matter as well as particle physics. Topics in molecular and condensed matter may also be included. The laboratory includes both qualitative and quantitative experiments which enable students to verify, illustrate, and deduce some of the laws of physics that apply to the topics covered.

PHYSICS 185 DIRECTED STUDY — 1 UNIT (CSU)
PHYSICS 285 DIRECTED STUDY — 2 UNITS (CSU)
PHYSICS 385 DIRECTED STUDY — 3 UNITS (CSU)
Prerequisite: Signature of Instructor and Science and Mathematics classes appropriate to the research to be undertaken. Lecture 1 hour per unit.
Allow students to pursue Directed Study on a contract basis under the direction of a supervising instructor. Refer to the "Directed Study" section of this catalog for additional information.
Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.

PHYSIOLOGY
PHYSIOLOGY 1
Introduction to Human Physiology
4 UNITS — (UC:CSU)
Lecture 3 hours. Laboratory 3 hours.
Prerequisite: Anatomy 1 with a satisfactory grade or equivalent.
Advisory: English 21 or equivalent.
Students examine and learn the general principles of physiology with special emphasis upon the human body.

POLITICAL SCIENCE
POLITICAL SCIENCE 1
The Government of the United States
3 UNITS - (UC:CSU)
Lecture 3 hours.
Note: Meets Associate in Arts degree requirements in U. S. History. U.S. Constitution, California State and local government. Students study the U.S. Constitution and the major principles, institutions and policies of the American Federal system. Meets Associate in Arts degree requirements in U. S. History. and U.S. Constitution.

POLITICAL SCIENCE 2
Modern World Governments
3 UNITS – (UC:CSU)
Lecture 3 hours.
Students survey several countries around the world focusing on the "Third World" and questions of globalization, democracy, political and economic development and major theories and concepts in comparative politics.

POLITICAL SCIENCE 5
The History of Western Political Thought
3 UNITS — (UC PENDING:CSU)
Lecture 3 hours.
Examination of various theoretical approaches to politics and of basic political problems and proposed solutions: Analysis of selected political theories, relevance of theory to contemporary problems, and new approaches to political thought.

POLITICAL SCIENCE 7
Contemporary World Affairs
3 UNITS — (UC:CSU)
Lecture 3 hours.
Advisory: Political Science 1 or equivalent.
Students learn the major aspects and important issues of international relations and global politics, including but not limited to the study of war and conflict, international organizations and actors, and development and globalization.

POLITICAL SCIENCE 14
Government and Politics in the Middle East
3 UNITS — (UC PENDING:CSU)
Lecture 3 hours.
Students survey the domestic, regional, and international factors which shape the political landscape of the Middle East. They identify and explain sources of instability and violence in the region by focusing on the processes of state building and state disintegration. In addition, in a comparative context, they investigate particular experiences of Middle Eastern countries concerning the nature, roots, and historical evolution of the region’s regimes, nationalism, leadership, and institutions. The approach is thematic, not chronological.

POLITICAL SCIENCE 19
Women in Politics
3 UNITS — (UC PENDING:CSU)
Lecture 3 hours.
Students learn political theories and public policies which shape the various possibilities and strategies for women’s political participation in the United States and elsewhere. They also examine the political institutions, processes, and problems of the national, state, and local government.
PSYCHOLOGY

PSYCHOLOGY 1
General Psychology I
3 UNITS - (UC:CSU)
Lecture 3 hours.
Students learn the psychological principles behind behaviors such as learning, motivation, intelligence, feelings and emotions, personality, abnormal behavior and methods of adjustment. Different psychological perspectives such as psychoanalysis, neuroscience, cognitive, behaviorism and humanism will be emphasized.

PSYCHOLOGY 2
Biological Psychology
3 UNITS - (UC:CSU)
Lecture 3 hours.
This course explains psychological behavior on the basis of events taking place in the brain, nervous systems and endocrine glands. The biological events which underlie these systems are explained and identified with regard to their effect on moods, sexuality, motivation, sleep, perception, and learning.

PSYCHOLOGY 3
Personality and Social Development
3 UNITS - (CSU)
Prerequisite: Psychology 1 with a satisfactory grade or equivalent.
The student focuses on self-awareness and personality development. Topics considered include love, work, loneliness, death and loss, intimate relationships, sex roles and sexuality, and values in life.

PSYCHOLOGY 13
Social Psychology
3 UNITS - (UC:CSU)
Prerequisite: Psychology 1 with a satisfactory grade or equivalent.
Students learn how we are influenced by our society in the areas of persuasion, propaganda and brain washing, obedience and conformity, aggression and prejudice, sexism and interpersonal relationships.

PSYCHOLOGY 14
Abnormal Psychology
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Psychology 1 with a satisfactory grade or equivalent.
An overview of abnormal behavior from the perspective of contemporary medical, psychosocial, and socio-cultural approaches. Abnormal disorders are described, and their major causes and treatments are reviewed.

PSYCHOLOGY 41
Life Span Psychology: From Infancy to Old Age
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Psychology 1 with a satisfactory grade.
This course familiarizes the student with physical, cognitive and social growth and change affecting individuals during their many life stages. Periods examined include prenatal, infancy, childhood, adolescence, and old age.

PSYCHOLOGY 43
Principles of Group Dynamics I
3 UNITS - (CSU)
Lecture 3 hours.
This is an introduction to the dynamics of group interactions with an emphasis upon the individual's first-hand experience as the group studies itself. Students are evaluated on a pass/no-pass basis.

PSYCHOLOGY 44
Principles of Group Dynamics II
3 UNITS - (CSU)
Prerequisite: Psychology 43 with a satisfactory grade or equivalent.
This course covers the role of group processes in changing behavior, as well as the principle modes of counseling and therapy. Also covered are the principles of verbal and nonverbal communication, modes of learning, key concepts that enhance learning and significant communication.

PSYCHOLOGY 45
Issues in Human Service Careers
3 UNITS - (CSU)
Lecture 3 hours.
Prerequisite: Psychology 44 and Psychology 81 with satisfactory grades or equivalent.
This is a course in how to survive in the real world of work in Human Services. It will integrate the psychological theory learned in previous classes with practice. The course covers specialized areas of psychology such as crisis intervention, psychopharmacology, counseling ethics, and interviewing. Included are techniques for agency survival such as job interviewing, report writing and resource referral.

PSYCHOLOGY 52
Psychological Aspects of Human Sexuality
3 UNITS - (UC:CSU)
Lecture 3 hours.
This course explores psychological aspects of human sexuality. It emphasizes the effect of sexual development and functioning, on self concept and sexual identity. Topics included are: history of sexuality; myths and fallacies; physiology of sexuality; sexually transmitted diseases; paraphilias and sexual orientation.

PSYCHOLOGY 60
Stress Management
3 UNITS - (CSU)
Lecture 3 hours.
This course examines methods of identifying and managing environmental, organizational, social and internal stress in an effort to promote more effective coping on the part of the individual in occupational, interpersonal and everyday life situations.
PSYCHOLOGY 63
Alcohol/Drug Studies: Prevention and Education
3 UNITS - (CSU)
Lecture 3 hours.
This course introduces students to prevention and education of alcohol, drug problems and HIV/AIDS among various populations. The techniques of prevention and education in the community, family, school, worksite, and healthcare facilities will be emphasized.

PSYCHOLOGY 64
Introduction to Alcohol and Drug Abuse and Physiological Effects
3 UNITS - (CSU)
Lecture 3 hours.
This course is an introduction to the physiology and psychopharmacology of drugs and alcohol, theories of addiction, historical overview of treatment, drug classification, social policy and drug abuse, and the issues of relapse, rehabilitation and recovery.

PSYCHOLOGY 65
Chemical Dependency, Intervention, Treatment and Recovery
3 UNITS - (CSU)
Lecture 3 hours.
This course introduces the student to the processes of treatment and recovery of alcohol and drug abuse among various populations. An overview of the causes, treatment, models, and recovery, relapse, rehabilitation, and aftercare is emphasized.

PSYCHOLOGY 66
Introduction to Critical Thinking
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: Eligibility for English 28 and 67.
Students apply the theories and research evidence in cognitive psychology to enhance the ability to effectively solve problems, make decisions and think creatively. Practice with a variety of problems and simulations take place to ensure these critical thinking skills.

PSYCHOLOGY 67
Counseling Techniques for Chemically Addicted
3 UNITS - (CSU)
Lecture 3 hours.
This course will focus on the environment of chemical dependency counseling and the issues of the paraprofessional in alcohol and drug abuse treatment facilities. Case management in a multi-discipline team will be emphasized. All aspects of modern treatment techniques will be covered in class.

PSYCHOLOGY 68
Biopsychology of Chemical Dependency: Drugs, behavior, and health
3 UNITS - (CSU)
Lecture 3 hours.
The student learns pharmacological and behavioral effects of all major categories of both legal and illegal psychoactive substances, including an overview of contemporary and historical drug regulation and abuse, and a detailed review of the nervous system.

PSYCHOLOGY 74
Research Methods in the Behavioral Sciences
3 UNITS - (CSU)
Lecture 3 hours.
The student surveys various research methods with an emphasis on research design, experimental procedures, instrumentation, and the collection, analysis, interpretation, and reporting of research data. Research design and methodology will be illustrated through a selected review of research in the field of psychology.

PSYCHOLOGY 81
Field Work I
3 UNITS – (RPT 1) (CSU)
Co-requisite: Psychology 1 and Psychology 43.
Lecture 1 hour. Laboratory 5 hours.
This course is designed to orient the student to the field of Human Services. The primary emphasis is on observations of the application of interpersonal relationship skills in community settings. This class is intended for students new to Human Services fieldwork. Basic counseling and communication skills will be taught.

PSYCHOLOGY 82
Field Work II
3 UNITS - (CSU)
Lecture 1 hour. Laboratory 6 hours.
Prerequisite: Psychology 81 with a satisfactory grade or equivalent.
Students build on the skills they learned in Field Work I by participating, under supervision, at various facilities in the community that offer Human Services.

PSYCHOLOGY 83
FIELD WORK III
3 UNITS - (CSU)
Lecture 1 hour. Laboratory 6 hours.
Prerequisite: Psychology 82 with a satisfactory grade or equivalent.
Students learn more specialized skills in Human Services. This class is intended for the advanced student of the generalist option of Human Services.

PSYCHOLOGY 84
FIELDWORK I – DRUG/ALCOHOL
3 UNITS - (CSU)
Lecture 1.5 hours. Laboratory 5.5 hours.
Co-requisite: Psychology 1 and Psychology 43.
This course is designed to orient the student to the field of Human Services, Drug/Alcohol Studies. The primary emphasis is on the observations of the application of interpersonal relationship skills in drug/alcohol treatment and community settings. This class is intended for students new to Human Services field work. Basic counseling and communication skills will be taught.

PSYCHOLOGY 85
FIELD WORK II: DRUG/ALCOHOL
3 UNITS - (CSU)
Lecture 1.5 hours. Laboratory 6 hours.
Prerequisite: Psychology 84 with a satisfactory grade or equivalent.
The student receives more specialized participation in Human Services, Drug/Alcohol Studies. The primary emphasis is on the observations of the application of interpersonal relationship skills in drug/alcohol treatment and community settings. This class is intended for students with some experience of the Human Services field work. Basic counseling and communication skills will be taught.

PSYCHOLOGY 86
FIELD WORK III: DRUG/ALCOHOL
3 UNITS - (CSU)
Lecture 1.5 hours. Laboratory 5.5 hours.
Prerequisite: Psychology 85 with a satisfactory grade or equivalent.
This course is designed to orient the student to the field of Human Services, Drug/Alcohol Studies. The primary emphasis is on the observations of the application of interpersonal relationship skills in drug/alcohol treatment and community settings. This class is intended for students new to Human Services field work. Basic counseling and communication skills will be taught.
Services field work. Basic counseling and communication skills will be taught.

**PSYCHOLOGY 185**
**Directed Study — 1 Unit (CSU)**

**PSYCHOLOGY 385**
**Directed Study — 3 Units (CSU)**
Prerequisite: Psychology 1 with a satisfactory grade plus one additional course in Psychology and signature of instructor.

Lecture 1 hour per unit.

Allows students to pursue Directed Study on a contract basis under the direction of a supervising instructor. Refer to the "Directed Study" section of this catalog for additional information.

Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.

**RADIOLOGIC TECHNOLOGY**

NOTE: Not every class is offered each semester. Refer to the current class schedule for current class offerings.

PREREQUISITES: Specified prerequisites must be completed with a satisfactory grade or equivalent.

**RADIOLOGIC TECHNOLOGY 100**
**Introduction to Radiologic Technology — 1 Unit (CSU)**

Lecture 1 hour.

(Open to all students) An introduction course for students interested in a career in Radiologic Technology. The role of the Radiographer and career advancement are emphasized. Students interested in taking advanced classes in Radiologic Technology must successfully complete RT 100 and RT 101. Clinical education centers will be visited.

**RADIOLOGIC TECHNOLOGY 101**
**Medical Terminology for Radiologic Technology — 1 Unit (CSU)**

Lecture 1 hour.

Advisory: English 28 and 67. Open to all students.

This course is designed to introduce the student to the medical terminology used in the field of Radiologic Technology.

**RADIOLOGIC TECHNOLOGY 102**
**Image Recording and Film Processing — 3 Units (CSU)**

Lecture 2 hours. Laboratory 3 hours.

Prerequisite: Completion of English 28, RT 100 and RT 101. Advisories: Math 115 and English 67.

Students gain the knowledge to understand x-ray production, and film processing. Students are also introduced to radiation protection. Laboratory experience is included.

**RADIOLOGIC TECHNOLOGY 103**
**Radiographic Anatomy and Positioning - Skeletal System — 4 Units (CSU)**

Lecture 3 hours. Laboratory 2 hours.

Prerequisite: Radiologic Technology 102 with a satisfactory grade. Admission to the Radiologic Technology Program.

Students learn radiographic anatomy, positioning and selected pathology of the musculoskeletal system. Laboratory experience is included.

**RADIOLOGIC TECHNOLOGY 104**
**Radiographic Anatomy and Positioning - Cranium and Visceral Organs — 4 Units (CSU)**

Lecture 3 hours. Laboratory 2 hours.

Prerequisite: Radiologic Technology 101 and 103 with a satisfactory grade.

Students learn radiographic anatomy, positioning and selected pathology of the visceral organs and cranium. Laboratory experience is included.

**RADIOLOGIC TECHNOLOGY 105**
**Fundamentals of X-ray Physics — 3 Units (CSU)**

Lecture 3 hours.

Prerequisite: Radiologic Technology 100, 101, and 102.

Students learn the basic physical principles of x-ray generation. Emphasis is placed on the electrical circuitry of radiographic equipment. Interactions between x-ray radiation and matter is explained and students learn the principles that govern radiographic technique and quality.

**RADIOLOGIC TECHNOLOGY 106**
**Digital Radiography — 3 Units (CSU)**

Lecture 3 hours.

Prerequisite: Radiologic Technology 105 and 110 with satisfactory grade.

Students learn the factors that affect radiographic exposure. Laboratory experience is provided. Computer applications in diagnostic medical imaging are also introduced.

**RADIOLOGIC TECHNOLOGY 107**
**Patient Care and Management — 3 Units (CSU)**

Lecture 3 hours.

Prerequisite: Radiologic Technology 100, 101, and 102. Admission to the Radiologic Technology Program.

Students learn the principles of patient care management for radiographers. Routine and emergency care procedures are discussed. The role of the radiographer in patient education will also be explained. Laboratory experience is included.

**RADIOLOGIC TECHNOLOGY 110**
**Radiographic Mathematics — 2 Units (CSU)**

Laboratory 2 hours.

Prerequisite: Radiologic Technology 100, 101, and 102 with satisfactory grade.

Students learn the principles of mathematics encountered in Radiologic Technology. This course complements Radiologic Technology 105 and 106.

**RADIOLOGIC TECHNOLOGY 140**
**Radiation Protection and Biology — 3 Units (CSU)**

Lecture 3 hours.

Prerequisite: Radiologic Technology 102 and 107 with satisfactory grade.

Students learn potential hazards associated with the use of and the protective measures necessary to reduce radiation exposure to patients and personnel. Students are taught techniques to prepare for the State and national certificate examinations.

**RADIOLOGIC TECHNOLOGY 160**
**Introduction to Clinical Education — 4 Units (CSU)**

Lecture 4 hours.

Prerequisite: Radiologic Technology 101 and 103 with a satisfactory grade or equivalent.

Students begin the clinical education phase of the program. The student is assigned 16 hours per week in a clinical education center.
REAL ESTATE 1
Real Estate Principles
3 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
Advisory: English 28 and 67 or equivalent.
This course is required for the California Real Estate examination. A beginning course in real estate fundamentals and principles, including real estate economics, terminology and definitions, real estate law, building and construction, real estate investment, and vocational opportunities in real estate. A practical study of the principles, economic aspects, and laws of real estate, including the information needed to obtain a real estate sales/ brokers license and/or for better management of personal real estate investments. Topics include legal descriptions and estates, encumbrances, agencies, contracts, financing, appraisal, escrow and title, leases, urban economics, taxation, and vocational careers.

REAL ESTATE 3
Real Estate Practice
3 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
Advisory: English 28 and 67 or equivalent.
Problems of establishing and conducting a real estate business, including establishing the office, securing listing and prospects, showing properties and closing sales, ethics and professional relationships, rentals and leases, appraising, the California Real Estate Act. Preparation of documents used in real estate transactions, property transfers, and exchanges is included.

REAL ESTATE 5
Legal Aspects of Real Estate
13 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
Advisory: English 28 and 67 or equivalent.
Students who plan to take the state examination, which is required in order to obtain a broker license (meets optional requirements for sales license), can receive the appropriate legal background, including principles of property ownership and management in their business aspects, with special reference to law of California as it applies to community property, deeds, trust deeds, mortgages, leases, brokerage, mechanic’s liens, homesteads, wills, and estates.

REAL ESTATE 6
Legal Aspects of Real Estate II
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
The students learn advanced issues involving real estate legal matters, including an advanced and in depth study of agency and sub-agency law, civil rights and fair housing laws in real estate practice, and real estate escrow and title insurance laws. Also included are the introductory studies of wills, trusts, and probate administration as they apply to real estate broker’s practice.

REAL ESTATE 7
Real Estate Finance I
3 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
Advisory: English 28 and 67 or equivalent.
A study of the forms and sources of financing real property, including purchase, construction, refinance, and other creative permanent financing approaches. Also included is an assessment of the procedures for obtaining government-sponsored financing through FHA, DVA, and Cal-Vet. The various loan sources currently being used in the market place will be evaluated including banks, savings and loans, insurance companies, mortgage brokers/bankers, pensions, credit unions, and private parties.

REAL ESTATE 8
Real Estate Appraisal I
3 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
Advisory: English 28 and 67 or equivalent.
The purpose of appraisals, the appraisal process, and the different approaches of valuation. The methods and techniques used to determine the value of various types of properties; The market comparison and cost approaches are emphasized, plus an introduction to investment property valuation by the income approach.

REAL ESTATE 9
Escrow Principles
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
The principles used in handling escrows involving real estate transactions and the transfer of land titles. The basic methods and techniques of escrow holders, as well as and introduction to the types of instruments and forms used by escrow holders from escrow opening through post-closing activities, will be covered. Title insurance, tax issues, prorations, vesting, securing of loans, recording of documents and settlement procedures will be examined. Students will be instructed in the completion of common forms utilized in a basic transaction.
REAL ESTATE 14  
Property Management  
3 UNITS - (CSU)  
Lecture 3 hours.  
Open to all students.  
Advisory: English 28 and 67 or equivalent.  
Intended for individuals planning to become operators or owners of income-producing properties. Topics covered include nature and types of property management, leases and contracts, rent scheduling, selling of space and techniques of renting, tenant selection and supervision, relations with owners and budgets, purchasing and accounts, reporting, ethics, and legal and professional relationships.

REAL ESTATE 18  
Real Estate Investments I  
3 UNITS - (CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67 or equivalent.  
DEPARTMENT OF REAL ESTATE APPROVED FOR “ADVANCED R.E. FINANCE”  
A study of real estate investment with respect to identifying and understanding the language, basic procedures, financing, and facts essential to ownership, conveyance, environment problems, business organization involvement, and evaluation with other investments. A comparison and assessment of commercial, industrial, and residential projects, including location, feasibility studies, zoning restrictions, financing options, sale and leaseback, and preferential tax benefits.

REAL ESTATE 21  
Real Estate Economics  
3 UNITS - (CSU)  
Lecture 3 hours.  
Open to all students.  
Advisory: English 28 and 67 or equivalent.  
This course covers the fundamentals of economic trends and factors which affect the real estate market. Topics covered include: urban structural relationships, real estate market analysis, supply and demand, economic forecasting, land use theory and problems of sub-division. Also studied is the government’s role in the economy and its influence upon the real estate market including the Federal Reserve System taxation and land use controls including zoning, planning and fair housing legislation.

REAL ESTATE 60  
Real Estate Mathematics  
3 UNITS - (CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67 or equivalent.  
This course consists of typical real estate mathematics problems which are most common in actual practice, as well as those necessary for other real estate courses and those found in the California Real Estate Licensing examinations.

RUSSIAN  
RUSSIAN 1  
Elementary Russian I  
5 UNITS - (UC:CSU)  
Lecture 5 hours. Laboratory 1 hour.  
Advisory: English 28 and 67.  
The fundamentals of pronunciation and grammar, practical vocabulary, useful phrases; basic facts on the geography, customs and culture of Russia.

RUSSIAN 2  
Elementary Russian II  
5 UNITS - (UC:CSU)  
Lecture 5 hours. Laboratory 1 hour.  
Prerequisite: Russian 1 with a satisfactory grade or equivalent.  
Completes elementary Russian I. Emphasis on reading and spoken language.

RUSSIAN 3  
Intermediate Russian I  
5 UNITS - (UC:CSU)  
Lecture 5 hours. Laboratory 1 hour.  
Prerequisite: Russian 2 with a satisfactory grade or equivalent.  
Students continue their study of Russian grammar and vocabulary, advancing their conversation and writing skills. Reading of selected texts in Russian is also included.

RUSSIAN 4  
Intermediate Russian II  
5 UNITS - (UC:CSU)  
Lecture 5 hours. Laboratory 1 hour.  
Prerequisite: Russian 3 with a satisfactory grade or equivalent.  
This course continues the review of grammar and vocabulary build-up. It continues to introduce students to Russian life through the reading of selected Russian authors.

RUSSIAN 8  
Conversational Russian  
2 UNITS - (UC:CSU)  
Lecture 2 hours.  
Prerequisite: Russian 2 with a satisfactory grade or equivalent.  
Student develops and practices conversational skills in Russian pertaining to mundane situations and topics a person may encounter when traveling or living among a Russian-speaking community. UC maximum credit: 4 units

RUSSIAN 10  
Russian Civilization  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67.  
Students learn various aspects of Russian Civilization, including historical, social and cultural developments from the early stages to the present, and Russia’s contribution to the world.

SOCIOLOGY  
SOCIOLOGY 1  
Introduction to Sociology  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 28 and 67 or equivalent.  
This course is designed to acquaint students with the major principles of sociology as they are applied to contemporary social issues. With the use of several theoretical perspectives it examines social structures within American society and other cultures from macro and micro perspectives. There are extensive references to contemporary research findings on social structure, group dynamics, social stratification, and social institutions.
SOCIOLGY 2
American Social Problems
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students apply sociological perspectives and concepts in analyzing contemporary social problems in the United States. Problems associated with drug abuse, poverty, racial, ethnic, and gender inequality, crime and violence, and the environment are some of the topics addressed.

SOCIOLGY 11
Ethnic and Racial Minorities in the United States
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Examines global racial and ethnic relations with an emphasis on the United States. There will be extensive use of several theoretical perspectives and an analysis of historical records in explaining minority/majority relations, prejudice and discrimination, and the political and economic status of various racial and ethnic groups. There will be extensive references to contemporary research findings on majority/minority group relations.

SOCIOLGY 12
Marriage and Family Life
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: ENGLISH 28 and 67.
Students learn to use theory and research to examine the family and other forms of intimate-partner relationships that exist within a diverse, multicultural society. The students analyze these structures and their functions along with historical changes, emerging variant patterns, and the influence of contemporary society on the family.

SOCIOLGY 32
Introduction to Criminology
3 UNITS - (UC [PENDING]:CSU)
Lecture 3 hours.
Advisories: ENGLISH 28 and 67; and Sociology 1
Students examine the basic elements of criminology - the scientific study of crime and criminal behavior. This will include, but not limited to, an analysis of the following concepts: social deviance, crime, delinquency, victimization, the criminal justice system, social control, and terrorism. There is an extensive review of the major sociological explanations on the causes of crime and criminality in addition to a consideration of the biological and psychological perspectives. An examination of the research methods employed by criminologists in the collection and analysis of data will also be undertaken.

SPANISH
One year of high school study in Spanish corresponds to one college semester or one college semester equals one full year of high school study. Required courses: Spanish 1*, 2*, 3, 4 and 8*.
These courses are required only for students who plan to teach Spanish.

SPANISH 1
Elementary Spanish I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: English 28 and 67.
Student receives practice in the pronunciation, grammar, practical vocabulary, and useful phrases in Spanish. In addition, basic facts of the geography, customs and culture of the Spanish speaking world are presented.
UC accepts one of Spanish 1 or equivalent.

SPANISH 2
Elementary Spanish II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Spanish 1 with a satisfactory grade or equivalent.
Completes elementary Spanish I with emphasis on reading and writing of elementary texts and emphasizes the spoken language.

SPANISH 3
Intermediate Spanish I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Spanish 2 with a satisfactory grade or equivalent.
Students receive review of grammar, composition and vocabulary building. Introduction to Spanish and Latin-American authors.

SPANISH 4
Intermediate Spanish II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Spanish 3 with a satisfactory grade or equivalent.
Advisory: English 28 and 67
Students review grammar and composition while they build their vocabulary.

SPANISH 5
Advanced Spanish I
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Spanish 4 with a satisfactory grade or equivalent.
An overall examination of the arts and the concept of aesthetics in preparation for the study of literature. The focus is on the narrative (short story and novel) and poetry in Spanish and Latin American literary traditions. The course also examines the translation to film of some of the works studied. Discussions generated by lectures and readings provide oral practice in the target language. Written expression and review of grammatical structures, orthography and punctuation is done through essays on selected themes.

SPANISH 6
Advanced Spanish II
5 UNITS - (UC:CSU)
Lecture 5 hours.
Prerequisite: Spanish 5 with a satisfactory grade or equivalent.
The thrust of the course is a study of theater as a literary and performing art, and the essay as a non-fictional form of expression. Through lectures and readings, students will learn about the trajectory of the theater and the essay in Spanish and Latin-American literary traditions. Discussions generated
by lectures and reading provide for oral practice in the target language. Written expression and review of grammatical structures, orthography and punctuation is done through essays on selected themes.

SPANISH 8
Conversational Spanish
2 UNITS - (UC:CSU)
Lecture 2 hours.
Prerequisite: Spanish 2 with a satisfactory grade or equivalent.
Oral expression in Spanish is the main thrust of the course. The focus is on conversational skills revolving around everyday situations that a person may encounter when traveling or living in Spanish-speaking countries, or when interacting with Spanish-speaking people in the United States. UC limit: maximum credit allowed, 2 times (4 units).

SPANISH 9
Hispanic Civilization
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
The student learns the history, cultures, traditions and arts of Spain. Beginning with prehistory and progressing through the different epochs to the present day, an overview of the identity of Spain and its peoples will be the focus. Furthermore, comparisons to the histories and cultures of other European countries will clarify Spain’s similarities to them as well as highlight its stark uniqueness. The course is taught in English.

SPANISH 10
Latin American Civilization
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67.
The histories, cultures, and arts of Latin America are explored. Differences and similarities between the countries that comprise Latin America, noting forces that unify as well as divide, is the focus of the course. Students explore the relationship between Latin America and the United States throughout their histories.

SPANISH 35
Spanish for Spanish Speakers I
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Advisory: English 28 and 67.
(Equivalent to Spanish I)
The bilingual student practices written Spanish with an emphasis on the acquisition of a solid grammatical base, vocabulary enrichment, and spelling. Addresses all four skills in Spanish, but focuses on reading and writing. Includes readings on the geography, customs and culture of Spain and Latin America.

SPANISH 36
Spanish for Spanish Speakers II
5 UNITS - (UC:CSU)
Lecture 5 hours. Laboratory 1 hour.
Prerequisite: Spanish 35.
(Equivalent to Spanish 2)
In this continuation of Spanish 35, the student completes the study of grammar and continues the development of reading and writing skills. Further study of Spanish and Latin American culture and civilization is included.

SPEECH
SPEECH 60A
Listening and Speaking Laboratory
0.25 UNITS
Lab 0.25 hour.
Prerequisite: ESL 3C or appropriate placement score.
Co-requisite: Speech 71.
A level four laboratory course for persons who use English as a Second Language who are currently enrolled in Speech 71. Supplements usage of the most common words in English, their pronunciation practice and their usage in a speech laboratory setting. Develops skill in pronunciation of basic spoken English.

SPEECH 60B
Listening and Speaking Laboratory
0.25 UNITS
Lab 0.25 hour.
Prerequisite: Speech 60A and Speech 71 or appropriate placement score.
Co-requisite: Speech 72.
A level five laboratory course for persons taking Speech 72 who use English as a Second Language. Supplements usage of the most common words in English, their pronunciation practice and their usage in a speech laboratory setting. Develops skill in pronunciation, syllable stress and word stress and intonation of basic spoken English.

SPEECH 60C
Listening and Speaking Laboratory
0.25 UNITS
Lab 0.25 hour.
Prerequisite: Speech 60B and Speech 72 or appropriate placement score.
Co-requisite: Speech 73.
A level six laboratory course for persons taking Speech 73 who use English as a Second Language. Supplements usage of the most common words in English, their pronunciation practice and their usage in a speech laboratory setting. Develops skill in pronunciation, syllable stress and word stress and intonation of basic spoken English.

SPEECH 60D
Listening and Speaking Laboratory
0.25 UNITS
Lab 0.25 hour.
Prerequisite: Speech 73 and Speech 60C or appropriate placement score.
Co-requisite: Speech 113.
A level seven laboratory course for persons who use English as a Second Language who will use English as a Second Language in their college transfer course. Supplements usage of the most common and major-related technical words in English, their pronunciation practice and their usage in a speech laboratory setting. Develops fluency in articulation, pronunciation and prosody (pitch, loudness, rate and rhythm) during structured speech and conversational situations.

SPEECH 61
Speech Clinic
1 UNIT - (RPT 3) NDC
Lab 3 hours.
Advisory: Speech Communication 113 with a satisfactory grade and English 28 and 67 or equivalent.
Students receive individualized training from instructors and are involved in computer-aided speech exercises and conversation groups. Students work on mastering Standard American English, improving receptive and expressive language skills, and achieving other speech communication objectives. As needed, therapeutic assistance is provided to students with articulation, fluency, language and voice disorders.
SPEECH 71  
Speaking English as a Second Language I  
3 UNITS - NDC  
Lecture 3 hours.  
Prerequisite: ESL 3A, 3B, and 3C. Appropriate placement score.  
Co-requisite: Speech 60A  
A level four course for persons who use English as a second language. Stresses the most common words in English, their pronunciation and usage. Develops skill in basic spoken English communication.

SPEECH 72  
Speaking English as a Second Language II  
3 UNITS - NDC  
Lecture 3 hours.  
Prerequisite: ESL 4A/4B and Speech 71 and 60A or appropriate placement score  
Co-requisite: Speech 60B.  
A Level Five course for persons who use English as a second language. Stresses expanding vocabulary utilizing the most common words in English, their pronunciation and their usage along with usage of idiomatic expression, figurative language, etc. Develops skills in listening and basic spoken English communication.  
May not be taken concurrently with any speech class other than Speech 60B.

SPEECH 73  
Speaking English as a Second Language III  
3 UNITS - NDC  
Lecture 3 hours.  
Prerequisite: Speech 72 and 60B or appropriate placement score  
Co-requisite: Speech 60C.  
A level six intensive speech course for persons who use English as a Second Language who may have adequate reading and grammatical skills but need more help in articulation, pronunciation and oral composition.

TRANSFER COURSES

SPEECH 101  
Oral Communication I  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Advisory: English 101 or 28, 67 or appropriate score on the College Placement.  
SPEECH 101 is a Public Speaking course which gives students techniques and practice in Informative and Persuasive extemporaneous public speaking performances utilizing effective outlining, structure and style.

SPEECH 102  
Oral Communication II  
3 UNITS - (UC:CSU)  
Lecture 3 hours.  
Prerequisite: Speech Communication 101 and English 101.  
Advanced instruction and practice in the art and skill of public speaking with particular focus on real-world speaking situations.
SPEECH 104
Argumentation 1
3 UNITS - (UC:CSU)
Lecture 3 hours.
Prerequisite: Speech Communication 101
Advisory: English 101.
A study of the theory and uses of argumentation and critical thinking, including research and use of evidence and reason. Application of critical thinking skills to construct and analyze oral and written arguments. Meets AA degree and transfer requirements in critical and analytic thinking.

SPEECH 106
Forensics
2 UNITS - (RPT 3) (CSU)
Lecture 1 hour. Laboratory 3 hours.
Students develop the skills to research, prepare, and competitively deliver oral arguments in a debate or individual event at intercollegiate forensics tournaments.

SPEECH 111
Voice and Articulation
3 UNITS - (CSU)
Lecture 3 hours.
Advisory: English 28 and Speech Communication 113.
Study and practice of methods of voice development, speech sound production, articulation, pronunciation and prosody.

SPEECH 113
English Speech as a Second Language IV
3 UNITS - (RPT 1) (CSU)
Lecture 3 hours.
Pre-requisite: Speech 73 Speech 60C or appropriate placement score. Co-requisite: Speech 60D.
A level seven intensive speech course for persons who use English as a second language who may have adequate reading, grammatical and writing skills but need more help in specific areas of articulation, pronunciation and oral composition.

SPEECH 121
The Process of Interpersonal Communication
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and Speech Communication 113 with a satisfactory grade.
Provides practice in informal speaking situations which take place when two to five people talk. Covers self concept, feedback, perception, verbal and non-verbal communication, and listening. Communication barriers and break-downs studied. Classroom experimentation and exercises provide understanding and awareness of the skills necessary for successful interpersonal communication.

SPEECH 122
Communication Across Cultures
3 UNITS (UC:CSU)
Lecture 3 hours.
Prerequisite: Speech 121 and English 101
Analysis of cultural influence on human communication acts. Students will focus on the processes and problems of intercultural communication in multi-cultural, multiethnic urban environments with emphasis on gender, political, economic, and both nonverbal and verbal interpersonal forces.

SPEECH 130
Introduction to Oral Interpretation of Literature
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent with a satisfactory grade.
Students use oral interpretation to express the printed word. Stresses techniques of discovering an author’s meaning and expressing those meanings to an audience through reading aloud.
UC accepts only one of Speech Communication 130 or Theatre 210. Meets both AA Degree and CSU Transfer requirements in Humanities.

SPEECH 162
Communication Disorders
3 UNITS (CSU)
Lecture 3 hours.
Prerequisites: Speech 111 and Speech 121
This course is designed for students interested in communication disorders such as stuttering, vocal pathologies, child language delays, autism and articulation disorders. The course outlines the development of speech and language including normal language acquisition. Focus is on guidelines for determining normal and disordered speech and language development. This course also discusses career paths related to Speech-Language Pathology.

SPEECH 185 DIRECTED STUDY- 1 UNIT (CSU)
SPEECH 285 DIRECTED STUDY - 2 UNITS (CSU)
SPEECH 385 DIRECTED STUDY - 3 UNITS (CSU)

Allows students to pursue Directed Study on a contract basis under the direction of a supervising instructor.
Prerequisite: 2.5 grade point average and at least 6 units of transferable Speech Communication courses and approval of the project.
Refer to the “Directed Study” section of this catalog for additional information.
Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.

SUPERVISION
SUPERVISION 1
ELEMENTS OF SUPERVISION
3 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
Prerequisites: English 28 and 67 or equivalent.
Students develop leadership abilities used in supervisory positions in business and industry.

SUPERVISION 12
Written Communications for Supervisors
3 UNITS - (A)
Lecture 3 hours.
Advisory: English 28 and 67 or equivalent.
Students learn to improve their writing ability and write professional email messages, memorandums and a wide range of business letters, including direct requests for information, replies to information requests, direct claims, adjustment letters, letters of recommendation, persuasive requests, refusing routine requests and breaking bad news to customers and to employees. This course is one in a series that applies to the college’s Certificates in Business Administration, Marketing and Management, and the Western Association of Food Chains’ Marketing Management Certificate.
**TELEVISION 1**
Introduction to Television
3 UNITS - (CSU)
Lecture 3 hours.
Open to all students.
A required basic course for all first semester Television majors.
Recommended elective for Journalism, Theatre and Public Relations.

Students study what's on Television and why, including the history of Radio and Television Broadcasting. They also learn costs, ratings, the FCC rules, cable and pay Television.

**TELEVISION 4**
Camera Lighting and Sound for Television and Cinema
3 UNITS - (A)
Lecture 3 hours.
A required basic course for all first semester Television majors. Open to all students.

Students learn to operate basic camera, lighting and audio recording equipment for both video and film media in studio and on location.

**TELEVISION 6**
Studio and Remote Production
3 UNITS - (RPT 1) (A)
Lecture 1 hour. Laboratory 4 hours.
Prerequisite: Television 46 with a satisfactory grade or better. Advisory: Cinema 2

Students light and shoot remote setups then edit those pieces for inclusion into a half hour live to tape production in the studio.

**TELEVISION 7**
Television Announcing I
3 UNITS - (RPT 1) (CSU)
Lecture 1 hour. Laboratory 4 hours.
Prerequisite: Television 46 with a satisfactory grade or better. Advisory: Cinema 2

Students create and write a number of stories as part of training in Television announcing for broadcast news, sports, weather, and commercials. They act as on-camera talent in the production of a half hour in-studio live-to-date production.

**TELEVISION 9**
Introduction to TV Equipment Procedures
3 UNITS - (CSU)
Lecture 3 hours. Advisory: Television 4

A required basic course for all first semester TV majors. Open to all students.

Students learn the principles and operation of a television control room and studio equipment leading to the production of their own live-switched one-minute commercial. Sound control, studio lighting, control room procedures, video camera operation, directing, script writing, storyboarding, and production design are emphasized.

**TELEVISION 25**
Television and Film Dramatic Writing
3 UNITS - (RPT 1) (CSU)
Lecture 3 hours.
Advisory: English 21
Open to all students.

Professional methods and techniques of television writing for drama or comedy on film and tape. Also deals with obtaining an agent and selling a script.

**TELEVISION 46**
Television Production
3 UNITS - (RPT 1) (CSU)
Lecture 2 hour. Laboratory 2 hours.
Prerequisite: Television 9 with a satisfactory grade.

Advisory: Television 4

Required of all Television majors.

Students write, produce, and direct a series of three live-switched productions beginning with a 30-second commercial followed by two longer and more complex television programs.

**TELEVISION 48**
Television Programming and Video Tape Production Workshop
3 UNITS - (RPT 1) (CSU)
Lecture 2 hours. Laboratory 2 hours.
Prerequisite: Television 46 with a satisfactory grade. Required of all Television majors.

Advanced work in pre-producing, directing, producing, writing, operating remote equipment, and special effects.

**TELEVISION 49**
TV Production Workshop
3 UNITS - (RPT 1) (A)
Lecture 1 hour. Laboratory 4 hours.
Prerequisites: Television 46 with a satisfactory grade. Students train in the technical aspects of television production, including lighting, camera, videotape and character generator. No script writing or producing, this class is for studio technical crew only.

**TELEVISION 55**
Digital Video Production Workshop I
3 UNITS - (RPT 1) (A)
Lecture 1 hour. Laboratory 4 hours.
Prerequisite: Cinema 1, 2, and Television 4, 9.

Intermediate film and television students produce short video projects using digital video cameras and editing systems.

**TELEVISION 185**
Directed Study
1 UNIT - (CSU)
Lecture 1 hour per unit.
Prerequisite: Television 46 with satisfactory grades or better.

Note: Courses limited to advanced LACC Television Students.

Courses offered on a Pass/no-pass basis. Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.

Allows students to pursue directed study in Television on a contract basis under the direction of a supervising instructor. Refer to the “Directed Study” section of this catalog for additional information.

**THEATER**

Note: that some courses offered may be offered every other semester, or less frequently. Students must receive a satisfactory grade in all Theater courses taken and have completed those courses within eight years to meet requirements.

**THEATER 100**
Introduction to the Theatre
3 UNITS - (UC:CSU)
Lecture 3 hours.
Advisory: English 101 or equivalent.

A survey study and analysis of the various elements that make up the institution called the Theatre. Subjects range from origins of primitive drama to contemporary structure and direction of our modern Theatre.

**THEATER 105**
Drama Digest
1 UNIT - (RPT 3) (CSU)
Lecture 1 hour.
Enrollment required of Theater majors each semester of
attendance.
The student’s theatrical experience is enriched through the observation of regularly scheduled programs consisting of acting scenes and exercises from the various Theater classes. The basic program is augmented by the appearance of guest artists or theater groups.

**THEATER 110**

**History of the World Theatre**

**3 UNITS - (UC:CSU)**

Lecture 3 hours.
Advisory: English 101 or equivalent.

A history study and exploration of Western theatre and its traditions from its primitive beginnings up to the present.

**THEATER 185**

**Directed Study - 1 UNIT (CSU)**

Allows students to pursue Directed Study on a contract basis under the supervision of an instructor. Please refer to the “Directed Study” section of this catalog for additional information.

**THEATER 200**

**Introduction to Acting**

**3 UNITS - (UC:CSU)**

Lecture 3 hours.
Through lecture, discussion, demonstration, and various participation exercises, the student is introduced to the art and craft of acting.

**THEATER 205**

**Actor’s Orientation to Professional Theatre**

**2 UNITS - (RPT 1) (CSU)**

Lecture 1 hour. Laboratory 2 hours.
Co-requisite: Theater 270.
The student learns about a career as a professional actor in the American entertainment industry including methodology and techniques for seeking and gaining employment in Theater, Film, Television, Commercials, and New Media, which includes all forms of electronic performance.

**THEATER 210**

**Introduction to Oral Interpretation of Dramatic Literature**

**3 UNITS - (RPT 1) (UC:CSU)**

Lecture 3 hours.
Prerequisite: Theater 270 with a satisfactory grade.

A study of the techniques of oral interpretation including phrasing, inflection, work relish, verse scansion, tempo and rhythm – designed to develop the actor’s interpretive skills.

**THEATER 225**

**Beginning Direction**

**3 UNITS - (UC:CSU)**

Lecture 3 hours.
Prerequisite: Theater 270 with a satisfactory grade.

Beginning with play analysis from a director’s point of view to creating a directorial vision, the course includes an introduction to the basic principles of stage directing and the fundamental working techniques for the realization of the values of a play on stage. Also covered is the development of an organizational methodology and study of the professional protocols for the direction of a one act play. This is done through lectures, reading assignments, class exercises and demonstrations and the preparation of a complete director’s prompt book.

**THEATER 232**

**Play Production**

**2 UNITS - (RPT 3) (UC:CSU)**

Laboratory 6 hours.
The student is given the opportunity to work intensely in one or more areas associated with production: acting, voice, movement, management, costuming or technical theatre. Students must be prepared to work irregular hours.

**THEATER 240**

**Voice and Articulation for the Theatre**

**3 UNITS - (UC:CSU)**

Lecture 3 hours.
Note: Credit allowed for only one of Theater 240 or Speech Communication 111.

Developing of voice and speech skills, emphasizing clarity, precision, tone, dynamics and imaginative use of language. Individual goals will be set for performance and standards of improvement to help the student acquire the basics of good theatre speech.

**THEATER 242**

**Voice Development Workshop**

**3 UNITS - (RPT 3) (CSU)**

Laboratory 6 hours.
Through various vocal and physical exercises, discussion, and demonstration the student actor gains skill in physical alignment, release of habitual tension in breathing and vocal musculature, development of rich resonance and clear articulation. (For Theatre Academy students only.)

**THEATER 262**

**Special Projects**

**2 UNITS - (RPT 3) (CSU)**

Laboratory 4 hours.
Prerequisite: Theater 270 with a satisfactory grade.
Advanced students are given the opportunity to plan, rehearse, stage and produce approved all student projects for presentation before an audience.

**THEATER 270**

**Beginning Acting**

**3 UNITS - (UC:CSU)**

Lecture 2 hours. Laboratory 4 hours.
The students receive an introduction to the art and craft of acting. This class is the first level of the Theater Academy’s Professional Training Program’s acting option.

Students perform on stage using the physical body and voice to experience the process of the actor. Topics covered include: basic stage technique, movement values, relaxation, body awareness, physical limbering and alignment, pantomime dramatization, play and scene study. Students receive an introductory appreciation of how an actor trains for a career in theater, film and television as they develop their own skills of physical, verbal and emotional communication.

**THEATER 271**

**Intermediate Acting**

**2 UNITS - (UC:CSU)**

Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Theater 200.

Acting principles are expanded and applied in staged scenes. The emphasis is on comprehension, translation into meaningful dramatic action, and creation. The actor’s self awareness is explored and developed before a classroom audience.

**THEATER 272**

**Intermediate Applied Acting**

**3 UNITS - (UC:CSU)**

Lecture 2 hours. Laboratory 4 hours.
Requisite: Theater 270.
The acting principles applied to Theater 270 are expanded and applied in staged scenes. The emphasis is on comprehension, translation into meaningful dramatic action, and creation. The actor’s self awareness is explored and developed before a classroom audience.

**THEATER 274**

**Advanced Applied Acting**

**3 UNITS - (RPT 1) (UC:CSU)**

Lecture 2 hours. Laboratory 4 hours.
Prerequisite: Theater 272 with a satisfactory grade.
The student is engaged in greater in depth analysis of staged scenes. Emphasis is placed upon the rehearsal process and rehearsal techniques.
THEATER 275
Scene Study
2 UNITS - (RPT 3) (CSU)
Lecture 1 hour. Laboratory 2 hours.
Prerequisite: Theater 270 with a satisfactory grade.
The student is engaged in greater in-depth analysis of staged scenes.
Emphasis is placed upon the rehearsal process and techniques.

THEATER 276
Actor's Workshop
3 UNITS - (RPT 1) (CSU)
Lecture 2 hours. Laboratory 4 hours.
Prerequisite: Theater 270.
The actor learns to analyze scenes and speeches, classical, modern, and contemporary, for the most effective interpretations and choices in creating roles for performance. Emphasis on research, characterization, playing actions, vocal development, emotional centering, discoveries, release, and control, and physical expressiveness.

THEATER 277
Character Analysis
3 UNITS - (RPT 1) (UC:CSU)
Lecture 3 hours.
Prerequisite: Theater 270.
The course covers the analytical steps involved in the study of a play and the development of a character preparatory to rehearsals and performances.

THEATER 285
Directed Study - 2 UNITS (CSU)
Prerequisite: Theater 270 with a satisfactory grade.
Allows students to pursue Directed Study on a contract basis under the supervision of an instructor. Please refer to the “Directed Study” section of this catalog for additional information.

THEATER 295
Rehearsals and Performances Lab
5 UNITS - (RPT 3)
Laboratory 15 hours.
Prerequisite: Theater 270.
Students perform a role (or roles) in a public performance of a play in the Theatre Academy season integrating principles and techniques of acting, character analysis, voice and movement. Students will develop rehearsal disciplines and establish professional work habits during the preparation for public performance and will experience audience response to their acting skills.

THEATER 300
Introduction to Stagecraft
3 UNITS - (UC:CSU)
Lecture 3 hours.
Survey of the technical phases of play production; for scenery, properties, lighting, sound, costuming, and stage management and organization of stage activity.

THEATER 302
Introduction To Stage Management
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Advisory: English 28 and 67 or equivalent.
Students learn the function of stage managers in professional theater productions.

THEATER 311
Theatrical Lighting 3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
This course will create an understanding of the basic methods, physical techniques, and work ethics of the lighting designer/technician. The process will include training in the creative concepts of design, how to create a light plot as well as in the practical use and operation of the equipment used to execute the design. Specific attention will be paid to entertainment industry safety standards that will prepare the student for work in the industry.

THEATER 313
Scenic Painting for the Theatre
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
This course will create an understanding of the basic methods, techniques, and work habits of the scenic artist. It will include training on equipment, utilization of materials, preparation of painting sequences, and application of processes as well as standard safety practices in the entertainment industry.

THEATER 314
Theatrical Sound Design: Fundamentals, Procedures and Operation 3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
Students interested in the study of theory and practices used to setup production and sound equipment related materials utilized in a professional sound design for the theatre. Students will practice professional sound installations and design techniques.

THEATER 315
Introduction to Theatrical Scenic Design
3 UNITS - (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Students develop a visual graphic vocabulary in order to express design concepts for scenic environments. Students analyze specific text or events and create graphic documentation in order to communicate ideas and visual concepts. Class projects focus on specific skills and forms of design presentations; script analysis, ground plan and section, elevations, details, model building and computer pre-visualization of virtual environments.

THEATER 325
Stage Management and Advanced Stagecraft
3 UNITS - (RPT 3) (UC:CSU)
Advisory: English 28 and 67 or equivalent.
Intensive study of all technical phases of the theatre. Major topics: scenic design, painting, lighting, construction and manipulation of stage scenery; topography and equipment of stages and auditoriums; duties of stage manager, company manager, and technical director.

THEATER 335
Applied Stage Management and Production
4 UNITS - (RPT 3) (UC:CSU)
Laboratory 12 hours.
Technical Theatre students study the real and theoretical practices of managerial and technical theatre while constructing an actual production in college shops. Production work will consist of: carpentry, painting, lighting, sound editing and or stage management.

THEATER 336
Applied Stage Management and Production Lab
1 UNITS - (RPT 3)
Laboratory 3 hours.
Co-requisite: Theater 335.
Technical Theater Students study the real and theoretical practices of theater production while mounting an actual production in a college theater venue. Production crew work will consist of the collaborative synthesis of multiple departments in the creation of a theatrical performance and the techniques necessary in the management of resources towards a successful entertainment event.

THEATER 338
Introduction to Design: Theatre, Film, and Television
3 UNITS - (UC:CSU)
Lecture 3 hours.
An introduction to the design process for theatre, film, and television. Exploration of: the relationship between text and esthetic design choices, the recognition of basic compositional elements; color, mass, line, texture, rhythm, balance as used
THEATER 345
Technical Stage Production
4 UNITS - (RPT 3) (UC:CSU)
Lecture 2 hours. Laboratory 2 hours.
Co-requisite: Theater 346 and either Theater 270 or 272.
Theatre Academy Advanced Acting Students study the real and theoretical practices of managerial and technical theatre while mounting an actual production in a college theatre venue. Production work will consist of the collaborative synthesis of multiple departments in the creation of a theatrical performance and the techniques necessary in the management of resources towards a successful entertainment event.

THEATER 346
Technical Stage Production Lab
1 UNIT - (RPT 3)
Laboratory 3 hours.
Co-requisite: Theater 345 and either Theater 270 or 272.
Theatre Academy Advanced Acting students study the real and theoretical practices of managerial and technical theatre while mounting an actual production in a college theatre venue. Production work will consist of the collaborative synthesis of multiple departments in the creation of a theatrical performance and the techniques necessary in the management of resources towards a successful entertainment event.

THEATER 385
Directed Study - Theater
3 UNITS - (RPT 3)
Lecture 3 hours.
Theater students pursue on their own an in-depth study of a subject of special interest in the field of theater. Consultation with the instructor on a weekly basis, plus independent work is required.

THEATER 400
Costume Periods and Styles
3 UNITS - (UC:CSU)
Lecture 3 hours.
A study of the changes in dress from ancient to modern times, social and political forces influencing costume for stage, film and television.

THEATER 411
Costuming For The Theatre
3 UNITS - (RPT 2) (CSU)
Lecture 2 hours. Laboratory 2 hours.
Intensive study of techniques and practices of theatrical costume making. Topics include: choice, use and manipulation of patterns, textiles, jewelry and accessories to imitate historical appearances meeting the needs of performance costume rather than clothing. Practical solutions to budget limitations and camera media.

THEATER 413
Costume Dyeing and Painting
3 UNITS - (A)
Lecture 2 hours. Laboratory 2 hours.
Practical application of fabric surface design techniques for theatre: various dyes, tie dye, batik, stencil, screening, aging, antiquing and distressing.

THEATER 414
Costume Draping and Accessories
3 UNITS - (RPT 2) (A)
Lecture 2 hours. Laboratory 2 hours.
Theory and practice of creating stage and film costumes and costume accessories through draping.

THEATER 415
Costume Design for the Theater
3 UNITS - (A)
Lecture 2 hours. Laboratory 2 hours.
Beginning study of techniques and practices of theatrical costume design and illustration. Topics include: analyzing the play script, research techniques, creating the costume plot, choice and use of media, illustrating costume design for needs of theatrical performance.

THEATER 416
Materials and Methods for the Costumer
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
Advisory: English 28 and 67/31 or equivalent. Lecture and laboratory study of the properties of various non textile materials used by the costumer including latex, leather, plastics, dyes, glues, foam, rubber and molds.

THEATER 417
Costuming for Film
3 UNITS - (CSU)
Lecture 2 hours. Laboratory 2 hours.
Techniques and practices of costuming for film; analyzing and breaking down the script using computer spreadsheet, creating character boards, design conferences, budgeting, preproduction planning and resourcing.

THEATER 419
Advanced Costume Illustration
3 UNITS - (RPT 1) (A)
Lecture 2 hours. Laboratory 2 hours.
Advanced costume illustration for theatre and film, including: advanced figure drawing, sketch artist techniques, computer illustration, rendering textures and creating finished costume plates.

THEATER 420
Costuming on Set
3 UNITS - (A)
Lecture 2 hours. Laboratory 2 hours.
Theory and practical experience costuming for film: design conferences, preparation of costumes, and working on set as a costumer for student film project.

THEATER 425
Applied Costuming for the Theatre
4 UNITS - (RPT 3) (CSU)
Laboratory 12 hours.
Students receive practical experience in construction and maintenance of costumes for public theatrical presentation. Emphasis on professional wardrobe/dressing room practices, construction, alteration, maintenance, repair, cleaning and storage of costumes. Students must be available for rehearsals and performances.

THEATER 426
Applied Costuming for the Theater Lab
1 UNIT - (RPT 3)
Laboratory 3 hours.
Students learn professional maintenance of costumes for public theatrical presentation, professional wardrobe/dressing room practices, construction, alteration, maintenance, repair, cleaning and storage of costumes. Students must be available for rehearsals and performances.

THEATER 450
Beginning Stage Make Up
2 UNITS - (UC:CSU)
Lecture 1 hour. Laboratory 4 hours.
Techniques and practices of theatrical makeup design and application. Facial analysis, glamour, aging of the face, beards, stylized, and impersonation makeups are performed by the student on their own face. Topics include the use of makeup for film and television.
The LACC Workforce Readiness Academy was voted “Best Workforce Development Program” at the LA Community College District’s Excellence in Workforce Development Awards. The District’s eighth annual event also honored the program with a first place trophy in the category “Successful Encouragement of Special Populations.” This academy is a vital part of LACC and its courses are taught on campus and throughout the community. The program is focused on non-credit workforce education and enables students to enter various career ladder pathways.

**ALL COURSES ARE ALSO OFFERED ON A “STAND-ALONE” BASIS AS WELL**

**on-Credit Courses by Skills Certificate**

Skills Certificate Programs of Completion and Competency

Nelines Colon-Paladini
Coordinator of Non-Credit Programs
(323) 953-4000 ext. 2230

**ENTREPRENEURSHIP SKILLS CERTIFICATE**

This Skills Certificate encompasses two non-credit courses. Upon completion of this course, students will receive an Entrepreneurship Skills Certificate. Students will be given basic tools on how to start a small business.

RETAIL SALES AND CUSTOMER SERVICE SKILLS CERTIFICATE OF COMPETENCY

This Skills Certificate encompasses all of the Retail courses provided by the National Retail Federation (NRF). Upon completion of this training, you will receive a Retail Skills Certificate of Competency in addition to Certification from the NRF in either Sales/Customer Service Skills or Supervisory/Management Skills once you pass the online exam with a 75% or higher.
Discipline | Course Title | Class Hrs
---|---|---
VOCED 241 CE | Getting to Know your Customer | 6
VOCED 237 CE | Strategies in Meeting Your Customer’s Needs | 8
VOCED 238 CE | Strategies in Building a Continuous Relationship | 6
VOCED 235 CE | Going the Extra Mile | 6
VOCED 234 CE | Explaining Features and Benefits | 7
VOCED 231 CE | Building Sales | 6
VOCED 232 CE | Closing the Sale | 4
VOCED 233 CE | Completing the Sales Transaction | 5

**Total Class Hours: 22**

**RETAIL SUPERVISORY AND MANAGEMENT CERTIFICATE OF COMPETENCY**

The Retail Supervisory and Management Certificate of Competency includes four noncredit courses. The curriculum is provided by the National Retail Federation (NRF). Students will be introduced to strategies and skills in relation to explaining features and benefits, closing a sale, building sales, and completing sales transactions in a Retail environment. Upon completion of these combined courses, students have the unique opportunity to take the NRF online exam, free of charge. Contingent upon a passing score, students will become certified by the NRF in Supervisory and Management. This certification is nationally recognized and will increase candidates’ chances of advancement.

**VOCATIONAL ENGLISH AS A SECOND LANGUAGE SKILLS CERTIFICATE OF COMPLETION**

This Skills Certificate packages three non-credit courses. The below courses have been created to assist a student in transition from high-level ESL courses to vocational education programs towards a degree or career of their choosing. These three classes provide language skills training for our Limited English Proficient (LEP) population to help them achieve success in vocational education programs. Upon completion of these combined courses, you will receive a VESL Skills Certificate of Completion which will assist them in integrating into academic departments on campus and/or securing employment.

3 Time Team
Champion Winners!

Students will participate in the NATIONAL MATH CONTEST

Sponsored by AMATYC, the American Mathematics Association for Two Year College. The contest consists of 20 multiple choice questions covering topics from algebra, geometry, trigonometry, probability, and general mathematical reasoning. Student who achieve top scores on the National Math Contest are eligible for prizes including scholarship money.

First prize is a $3,000 Scholarship to be used at your transfer college.

There will be weekly practice sessions every Friday
9:30 a.m. - 12:00 p.m.
Room FH 112.

BASIC SKILLS 006CE
Review of Basic English
0 UNITS
In this course, LEP students will review, grammar, reading, comprehension, literacy responses, writing skills and application.

BASIC SKILLS 007CE
Review of Basic Math
0 UNITS
In this course, students will review basic math operations, number sense, functions and applications, measurements, and geometry, and algebra. This course is modifiable for LEP students.

BASIC SKILLS 052CE
College Preparatory English A
0 UNITS
Students review material specifically designed to prepare for the California High School Exit Exam (CAHSEE). Students cover in depth standards of the CASEE: reading comprehension, word analysis, literary response and analysis and specific language used at the High School English level. The curriculum is modifiable to meet needs of Limited English Proficient (LEP) and Individualized Education Plan (IEP) students.

BASIC SKILLS 053CE
College Preparatory English B
0 UNITS
Students review material specifically designed to prepare for the California High School Exit Exam (CAHSEE). Students cover in depth standards of the CASEE: writing conventions, writing strategies, writing applications and specific language used at the High School English level. The curriculum is modifiable to meet needs of Limited English Proficient (LEP) and Individualized Education Plan (IEP) students.

ENGLISH LITERACY AND CIVICS 010CE
ESL and Civics 1
0 UNITS
Prerequisite: None
Students learn civic content and practice oral/aural skills necessary to begin the process of becoming a United States citizen. Students develop beginning listening, speaking, reading and writing skills.

ENGLISH LITERACY AND CIVICS 011CE
ESL and Civics 2
0 UNITS
Prerequisite: None
Students learn civic content and practice oral/aural skills necessary to begin the process of becoming a United States citizen. Students will develop listening, speaking, reading and writing skills in preparation to the United States Citizenship and Immigration citizenship review.

ENGLISH LITERACY AND CIVICS 012CE
ESL and Civics 3
0 UNITS
Prerequisite: None
This is an open-entry/open-exit course. This course is intended for beginning English speakers at skill level 3, as recommended. Intermediate low listening, speaking, reading, and writing skills are emphasized. Learners engage in discussions on city, county, and community services and topics related to United States history (Civil War and Civil Rights Movement).

ENGLISH LITERACY AND CIVICS 013CE
ESL and Civics 4
0 UNITS
Prerequisite: None
This is an open-entry/open-exit course. This course is intended for English speakers at skill level 4, as recommended. Intermediate low listening, speaking, reading, and writing skills are emphasized. Learners engage in discussions on education and early United States history (Declaration of Independence, First Four Presidents, Constitution, etc.).

ENGLISH LITERACY AND CIVICS 014CE
ESL and Civics 5
0 UNITS
Prerequisite: None
This is an open-entry/open-exit course. This course is intended for English speakers at skill level 5, as recommended. Intermediate listening, speaking, reading, and writing skills are emphasized. Learners engage in discussions and written assignments on becoming work ready, workplace safety, and interactions with co-workers, as well as the judicial branch of government and national symbols and holidays.
ENGLISH LITERACY AND CIVICS 015CE
ESL AND CIVICS 6
0 UNITS
Prerequisite: None
This is an open-entry/open-exit course. This course is intended for English speakers at skill level 6, as recommended. Intermediate high listening, speaking, reading and writing skills are emphasized. Learners engage in discussions and written assignments. The focus of the course is on the role of state and local governments, the U.S. electoral process, and living and working in the U.S.

ENGLISH LITERACY AND CIVICS 030 CE
English Literacy and Civics
0 UNITS
Prerequisite: None
Students apply the content necessary to have a functioning understanding of the English language related to citizenship test. Students practice a variety of English and grammar contexts to prepare them for basic survival skills in a predominately English speaking society.

ENGLISH LITERACY AND CIVICS 031 CE
English Literacy and Civics
0 UNITS
Prerequisite: None
Students apply the content necessary to have an understanding of the United States Citizenship interview and test. Students practice a variety of advanced English and grammar contexts.

ENGLISH LITERACY AND CIVICS 032 CE
English Literacy and Civics
0 UNITS
Prerequisite: None
Students apply the content necessary to have an understanding of the United States Citizenship interview and test. Students practice a variety of advanced English and grammar contexts.

VOCATIONAL EDUCATION 002CE
In-Home Supportive Service Providers
0 UNITS
Prerequisite: None
This course is designed to provide students with the knowledge and necessary information required to apply skills, learned in the classroom and in the laboratory, within actual in-home nursing circumstances. Upon completion of this course students will be a full functioning IHSS.

VOCATIONAL EDUCATION 003CE
Workplace Computing for Limited English Populations
0 UNITS
Fundamentals of computer hardware, software, and the internet for computer novices at the workplace, introducing basic computer components and functions including hardware, operating systems, software applications, (e.g. word processing, spreadsheets, email) and web browsers to access information on the world wide web. The focus of this course is to prepare limited English proficient students to be competitive in securing employment, as well as retaining a job once they have acquired a job.

VOCATIONAL EDUCATION 054CE
VESL for Child Development 1: SPECIALIZED VOCABULARY IN DEVELOPMENTAL THEORIES
0 UNITS
This course is specifically designed for LEP students who are interested in taking Child Development courses, but need additional assistance with language before and during the course. Additionally, the students will be taught study skill strategies, and test-taking tools.

VOCATIONAL EDUCATION 055CE
Vocational English as a Second Language C
0 UNITS
A short-term vocational course designed for Limited English Proficient (LEP) students who need help with developing basic and content skills related to the world of work. The class focus is speaking, listening, reading, writing, and arithmetic as practiced in the workforce.

VOCATIONAL EDUCATION 056CE
VESL for Health Careers
0 UNITS
This course is designed for LEP students. Students learn English and acquire a general introduction to careers in the healthcare field and common medical practices. Emphasis is placed on vocabulary, medical terminology, pronunciation, grammar and the comprehension skills necessary for successful transition to health classes.

VOCATIONAL EDUCATION 059CE
VESL for Home-Health Aid
0 UNITS
This course is designed for LEP students who need to improve their English and acquire a general introduction to careers in the healthcare field and common medical practices. Emphasis is placed on vocabulary, medical terminology, pronunciation, and comprehension skills necessary for successful transition to health classes.

VOCATIONAL EDUCATION 078CE
Vocational English as a Second Language - B
0 UNITS
This short-term course is specifically designed for LEP students who need help with developing basic and content skills related to the world of work. The course focus is speaking, listening, reading, writing and arithmetic as practiced in the workplace.

VOCATIONAL EDUCATION 079CE
Vocational English as a Second Language - A
0 UNITS
A short-term vocational course designed for LEP students who need help with developing basic and content skills related to the world of work. The course focus is speaking, listening, reading, writing, and arithmetic as practiced in the workplace.
VOCA TIONAL EDUCA TION 084CE
Young Entrepreneur Training Program
0 UNITS
This course is designed for LEP students who need help in developing their basic and content skills related to the world of work. This first course is short-term and will focus on speaking, listening, reading, writing, arithmetic. Additionally, the course will introduce students to the world of work and language used in the workforce.

VOCA TIONAL EDUCA TION 092CE
Workplace Communication: Leadership Skills and Team Building
0 Units
This course will introduce you to the skills sets that everyone needs in order to be self-directed. You can be a powerful agent for change, an influencer during the adoption of a new initiative, or a model of productivity and commitment.

VOCA TIONAL EDUCA TION 093CE
Workplace Communication: Team Dynamics
0 Units
This open-entry/exit course is designed to reinforce the importance of communication in the workplace. The topics covered include but are not limited to: project communication, expectations, closeout reporting and easy templates. The curriculum is modifiable for incumbent workers and dislocated workers seeking employment.

VOCA TIONAL EDUCA TION 094CE
Retailing Smarts: Customer Service and Sales
0 UNITS
This course is designed to introduce prospective workers to the field of retail and/or reinforce skills and strategies necessary for achieving customer satisfaction by incumbent workers in the industry. The curriculum is provided by the National Retail Federation (NRF). After completing the training, you have the option to take an online exam provided by the NRF, upon a passing score, students will receive a Certification in Customer Service and Sales which is recognized nationally.

VOCA TIONAL EDUCA TION 230CE
30 WAYS TO SHINE AS A NEW EMPLOYEE
0 UNITS
This accelerated non-credit course is designed to provide new and incumbent workers “30 Ways to Shine as a New Employee” and increase their level of customer service and colleague relations. The curriculum is modifiable for the LEP student. The topics covered but are not limited to: job search planning and job market research. After completing this course the student has an option to continue their education or become gainfully employed.

VOCA TIONAL EDUCA TION 231CE
Retailing Smarts 6: Building Sales
0 Units
New and incumbent workers learn sales building skills and techniques is required in getting to know their customer or client. The curriculum is modifiable for the LEP students. The topics covered but are not limited to suggesting additional merchandise, creating special promotions, and taking the guesswork out of gift giving.

VOCA TIONAL EDUCA TION 232CE
Closing the Sales
0 Units
New and incumbent workers learn the skills and strategies required in making a sale. The curriculum is modifiable for the LEP students. The topics include recognizing buying signals, asking for the sale and suggesting helpful Add-ons.

VOCA TIONAL EDUCA TION 233CE
The Sale Transaction
0 Units
New and incumbent workers gain the skills needed to efficiently complete sales transactions. The curriculum is modifiable for the LEP students. The topics covered but are not limited to accepting checks and credit cards, and completing sales transaction paperwork.

VOCA TIONAL EDUCA TION 234CE
Explaining Features and Benefits
0 Units
New and incumbent workers learn strategies to explain features and benefits for a variety of products to customers. The curriculum is modifiable for the LEP students. The topics covered but are not limited to: learning about the products you sell, identifying product features, and demonstrating product features.

VOCA TIONAL EDUCA TION 235CE
Customer Service Smarts: Going the Extra Mile
0 UNITS
New and incumbent workers receive the strategies required in going the extra mile for a customer. The curriculum is modifiable for the LEP student. The topics covered but are not limited to: customer follow-up, artfully using business cards, business cards etiquette and offering personal services.

VOCA TIONAL EDUCA TION 236CE
JOB CLUB
0 UNITS
This accelerated non-credit course is designed to provide prospective employees with a support system that will assist them in preparation for the workforce. The curriculum is modifiable for the LEP students. The topics covered but are not limited to: job search planning and job market research. After completing this course the student has an option to continue their education or become gainfully employed.

VOCA TIONAL EDUCA TION 237CE
Strategies in Meeting your Customers Needs
0 UNITS
New and incumbent workers receive the strategies required in understanding their customers or client’s needs. The curriculum is modifiable for the LEP students. The topics covered but are not limited to making shopping an enjoyable experience, accommodating customers with disabilities, interacting with in-store and phone customers, keeping commitments to your customer, and handling special orders.

VOCA TIONAL EDUCA TION 238CE
Blueprint for Workplace Success
0 UNITS
Prerequisite: None
Students receive the necessary tools and skills to create a “blueprint” for workplace success. The topics covered include, but are not limited to, self-discovery, time management, job market realities, workplace skills (in-depth), effective communication, contacting employers, preparing for the interview, getting hired, and keeping your job. This course can be modified for LEP students.

VOCA TIONAL EDUCA TION 239CE
Blueprint for Customer Service
0 UNITS
This accelerated non-credit course is designed to provide students with the necessary tools and skills in order for them to create a “blueprint” for themselves with respect to the workplace. The topics covered include, but are not limited to, self-discovery, time management, job market realities, workplace skills (in-depth), effective communication, contacting employers, preparing for the interview, getting hired, and keeping your job. Each week there will be two topics covered.
**VOCATIONAL EDUCATION 240CE**
*Strategies in Adapting to Your Customer*

This short-term vocational education course is designed to provide new and incumbent workers with the strategies required in getting to know their customer or client. The curriculum is modifiable for the LEP student. The topics covered but are not limited to learning how to greet customers, building relationships, determining a customer’s needs. This course can be offered as a stand-alone course or coupled within the eight modules that are related to this material. After completing this course the student has an option to continue taking classes in their field of choice, or become gainfully employed.

**VOCATIONAL EDUCATION 241CE**
*Get to Know Your Customer*

This short-term vocational education course is designed to provide new and incumbent workers the methods and skills in getting to know their customer. The curriculum is modifiable for the LEP students. The topics covered but are not limited to: greeting customers in a winning way, building relationships, and determining a customer’s needs. After completing this course the student has an option to continue their education or become gainfully employed.

University Transfer Center Chavez Administration Building Room 109
POLICIES:
ACADEMIC
STUDENT
GENERAL
STUDENT RECORDS & DIRECTORY INFORMATION

The Los Angeles Community College District, in compliance with Federal and State law, has established policies and procedures governing student records and the control of personally identifiable information. The LACCD recognizes that student records are a confidential matter between the individual student and the College. At the same time the LACCD has a responsibility to fulfill public information needs (i.e., information about students participating in athletics, announcement of scholarships and awards).

To meet this responsibility the LACCD may release Directory Information unless the student states in writing not to release it. The responsibility for carrying out these provisions is charged to the College Records Officer, designated by the College President. The Records Officer may be contacted through the Office of Admissions. Copies of Federal and State laws and District policies and procedures are maintained by the College Records Officer and are available for inspection and inquiry.

All student records maintained by the various offices and departments of the College, other than those specifically exempted by law, are open to inspection by the student concerned. The student may challenge the accuracy and appropriateness of the records in writing to the College Records Officer. A student has the right to receive a copy of his or her record, at a cost not to exceed the cost of reproduction. (Requests for transcripts, as distinct from “student records,” should be made directly to the Office of Admissions.)

Directory Information includes the student’s name, the city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Directory Information about any student currently attending the College may be released or withheld at the discretion of the College Records Officer.

Los Angeles City College will release no student records, other than Directory Information, without the written consent of the student concerned except as authorized by law. A log of persons and organizations requesting or receiving student record information is maintained by the College Records Officer. The log is open to inspection only to the student and the community college official or his or her designee responsible for the maintenance of student records. No Directory Information will be released regarding any student who has notified the College Records Officer in writing that the College shall not release such information.

ACADEMIC RENEWAL

(See an Academic Counselor for advisement)

Students may submit a petition to the Office of Admissions and Records to have their academic record reviewed for Academic Renewal action of substandard academic performance under the following conditions:

1. Students must have achieved a grade-point-average of 2.5 in their last 15 semester units, or 2.0 in their last 30 semester units completed at any accredited college or university, and
2. At least two calendar years must have elapsed from the time the course work to be removed was completed.

If the student meets the above conditions, the College shall grant academic renewal, consisting of:

1. Eliminating from consideration in the cumulative grade-point-average up to 18 semester units of course work, and
2. Announcing the student academic record indicating where Academic Renewal action has removed courses.

Academic renewal actions are irreversible. Students should meet with a College Counselor before taking such an action.

TRANSCRIPTS/VERIFICATIONS

Upon written request, a copy of students’ academic records (transcripts) shall be forwarded by United States mail to the students or their designated addresses.

Students and former students shall be entitled to two free copies of their transcripts or to two free verifications of enrollment. Additional copies shall be made available to students, or to designated addressees identified by students, at a cost of $3.00 each. Students may request special processing to expedite their request for an additional fee of $10.00 per request.

A student’s transcript may be withheld if a hold has been placed on his or her record due to equipment, books, uniforms, or similar items that the student has not returned to the College or in the instance of any unpaid fees or charges due to LACC or to any LACCD college. The transcript may be withheld until the student discharges these obligations.

Requests for transcripts or verifications may be obtained in the Office of Admissions and Records, AD 100.

CONDITIONS OF ENROLLMENT IN LACC CLASSES

Unless specifically exempted by law, every course for which State aid is claimed is fully open to any person who has been admitted to the College and who meets the appropriate academic prerequisites.

CONCURRENT ENROLLMENT

 Concurrent enrollment in more than one section of the same course during a semester is not permitted, except for certain Physical Education classes on a limited basis. Concurrent enrollment in courses which are cross-referenced to each other is not permitted. Violation of this regulation will result in exclusion from class and denial of course credit in both courses.

Enrolling in classes scheduled or conducted during overlapping times is not permitted. In addition to exclusion from both classes and denial of credits, violators will be subject to disciplinary action. (See “Standards of Student Conduct,” elsewhere in this catalog.)

Students may be permitted to audit a class under the following conditions:

1. Payment of a fee of $15 per unit. Fees are not refundable and they are not covered by a fee waiver. Students enrolled in classes to receive credit for ten or more semester units shall not be charged a fee to audit three or fewer semester units per semester. This fee structure is subject to change.
2. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.
3. Priority in class enrollment shall be given to students wanting to take the course for credit.
4. Permission to enroll in a class on an audit basis is at the instructor’s discretion.
5. Participation in class activities by student auditors will be solely at the discretion of the instructor, who may provide a written statement of how much participation is allowed beyond observation.
6. Students must be added as an auditor by the last day of the term to add classes.

Maximum and minimum unit requirements may apply, as follows:

The maximum study load is 18 units during a regular semester, 12 units during Summer Session and 7 units during a Winter Intersession. The class load for students in the Fall or Spring semester is from 12-18 units for full-time students. A college program of 15 units is equal to at least a 50-hour work week. Students who want to take 19 or more units must obtain approval from a College Counselor.
Those students who will be employed while attending LACC should consider reducing their programs accordingly. Los Angeles City College suggests that those students who are employed full-time should enroll in no more than one or two classes (nine units maximum during the Fall or Spring semester; three units maximum during the Summer Session).

Los Angeles City College defines a “full-time student” as one who is enrolled in 12 or more graded units. Los Angeles City College defines a “part-time student” as one who is enrolled in 6-11 graded units.

**ATTENDANCE**

Only students who have been admitted to Los Angeles City College and are in approved active status may attend classes. Students should attend every meeting of all classes for which they register. To avoid being excluded from class, students should contact the instructor when they are absent for emergency reasons.

IMPORTANT: Students who are preregistered and miss the first class meeting may lose their right to a place in the class, but the instructor may consider special circumstances. Whenever students are absent more hours than the number of hours the class meets per week, the instructor may exclude them from class. In addition, the instructor will consider whether there are mitigating circumstances which may justify the absences. If the instructor determines that such circumstances do not exist, the instructor may exclude a student from the class.

To avoid being dropped from class, students should contact the instructor when they are absent for emergency reasons. Students are responsible for officially dropping a class that they stop attending. (See “Adding and Dropping” elsewhere in this catalog.)

**INSTRUCTOR NOTIFICATION POLICY**

Students should notify the instructor regarding absences by United States mail or by placing a notice in the “Student to Faculty Box,” located at the Campus Mail room. Students also may inform the instructor regarding their absences upon return to the class.

**ATTENDANCE DEFINITIONS**

“Attendance” means attendance in at least one semester each calendar year. Los Angeles City College defines continuous attendance for the California community colleges as attendance in one semester during the calendar year before the current semester of enrollment. (Two semesters need not be consecutive, as long as they are in the same calendar year.) Attendance means enrollment and completion of graded academic course work. (CR, NCR, Inc and W are acceptable.) Summer is not included in continuous attendance. Reference: California Code of Regulations, Title 5, Section 40401.

**GRADES & GRADING POLICIES**

Only the symbols in the grading scale given in this section will be used to grade all courses offered in fulfillment of the requirements for an Associate degree or certificate. Grades will be averaged based on the point equivalencies to set a student’s grade-point-average, using the following evaluative symbols:

The following non-evaluative symbols may be entered on the student’s record:

<table>
<thead>
<tr>
<th>GRADE SYMBOL</th>
<th>DEFINITION</th>
<th>POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Passing; less than satisfactory</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0</td>
</tr>
<tr>
<td>P</td>
<td>Pass (at least equivalent to a “C” grade or better; awarded are not counted in GPA</td>
<td></td>
</tr>
<tr>
<td>NP</td>
<td>Equal to “D” or “F” grade; units awarded are not counted in GPA</td>
<td></td>
</tr>
</tbody>
</table>

Incomplete academic work for unforeseeable emergency and justifiable reasons at the end of the term may result in an “I” symbol being entered in a student record. The condition for removal of the “I” shall be stated by the instructor in a written record, which shall contain the conditions for removal of the “I” and the grade assigned in lieu of its removal. This record shall be given to the student, with a copy on file in the College Office of Admissions until the “I” is made up or the time limit has passed. The “I” symbol shall not be used in calculating units attempted nor for grade points. The “I” must be made up no later than one year following the end of the term in which it was assigned. The student may petition for a time extension due to unusual circumstances.

Courses in which the student has received an Incomplete may not be repeated unless the “I” is removed and has been replaced by a grade. This does not apply to courses which are repeatable for additional credit. Petitions are available in the Admissions office.

The “IP” symbol shall be used only in those courses which extend beyond the normal end of an academic term. “IP” indicates that work is in progress, but that the assignment of a substantive grade must await its completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student’s record for the term in which the required work of the course is completed. The “IP” shall not be used in calculating grade-point-averages.

If a student enrolled in an open-entry, open-exit course is assigned an “IP” at the end of an attendance period and does not complete the course during the subsequent attendance period, the appropriate faculty will assign an evaluative symbol (grade) as specified above to be recorded on the student’s permanent record for the course.

The “RD” symbol shall be used when the instructor has temporarily not submitted the student’s assigned grade. Students receiving “RD” grades should contact their instructor immediately.

Withdrawal from a class or classes is authorized from the 4th week (or 30% of the time the class meets) through the last day of the 12th week of instruction (or 75% of the time the class is scheduled to meet, whichever is less). No notation (“W” or other) shall be made on the record of a student who withdraws during the first four weeks, or 30% of the time the class is scheduled, whichever is less.

Withdrawal between the end of the 4th week (or 30% of the time the class is scheduled to meet, whichever is less) and the last day of the 14th week of instruction (or 75% of the time the class is scheduled to meet, whichever
is less) shall be authorized after informing the appropriate faculty. A student who remains in class beyond the 12th week (or 75% of the time the class is scheduled, whichever is less) shall be given a grade other than a “W,” except in cases of extenuating circumstances.

After the last day of the 12th week (or 75% of the time the class is scheduled, whichever is less), the student may petition to withdraw from class by demonstrating extenuating circumstances. Students may obtain a petition in the Admissions Office. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student. Withdrawal after the end of the 12th week (or 75% of the time the class is scheduled, whichever is less) which has been authorized in extenuating circumstances shall be recorded as “W.”

The “W” shall not be used in calculating units attempted nor for the student’s grade point average. “W” will be used as a factor in progress probation and dismissal.

DEANS’ & PRESIDENT’S HONORS

Students with outstanding scholastic achievement are given public recognition through the Los Angeles City College Dean’s List. Full-time students (a student enrolled in 12 or more graded units the qualifying semester) must earn a 3.5 or higher GPA. Part-time students (a student enrolled in 6 through 11 graded units) must have completed 12 units and earn a 3.5 or higher GPA in the qualifying semester. Only the grades from courses completed at LACC, during the qualifying semester, will be used in calculating the grade point average (GPA). Grades of “C” will not be counted in meeting the unit requirement for the Dean’s or President’s Honor List.

Students who have appeared on the college’s full-time or part-time Dean’s Honor list for three (3) consecutive semesters will be placed on the President’s Distinguished Honor List. Students who think they qualify for either of these honors can go to the Admissions Office and request an unofficial transcript of their records, or use an electronic kiosk, or access the college’s website and print out their transcript. Bring the unofficial transcript to the Office of Student Life & Leadership Development, located in the Student Union for verification.

The Dean’s Honor Program is held annually each spring semester to acknowledge the students who earned their honors the prior spring and fall semesters.

For graduation with honors (Summa Cum Laude, Magna Cum Laude, Cum Laude), see “Graduation With Honors” in the Graduation Requirements section of this catalog.

GRADES & GRADE CHANGES

The Los Angeles Community College Board of Trustees has approved the following grading policies and academic standards as required by California law. Please be aware of these policies and standards as they can have serious consequences if not followed. The Admissions Office and the Counseling Office will be happy to answer any questions you might have regarding these policies and standards.

- Section 76224(a) provides: When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course, and the determination of the student’s grade by the instructor, in the absence of a mistake, fraud, bad faith, or incompetency, shall be final.
- No grade may be challenged by a student more than one (1) year from the end of the term in which the course was taken, provided that if a college’s academic senate has determined that the period of time during which grades may be challenged should be more than one year, such longer period shall apply at that college. (Title 5, CAC, Section 51308)

Students must file petitions in the Admissions Office for any evaluative or non-evaluative grade symbol change. Inquiries regarding results of grade petitions or instructor complaints should first be directed to the faculty member responsible for the course. If resolution is not reached, the inquiry should be directed to the appropriate academic department chairperson and/or area Dean. If resolution is not reached at the departmental or area Dean level, inquiries should be made to the campus Ombudsman, at (323) 953-4000 ext. 2249.

PASS/NO PASS OPTION (P/NP)

The College President may designate courses wherein all students enrolled in such courses are evaluated on a pass/no pass basis or wherein each student may elect on registration or no later than the end of the first 30% of the term whether the basis of evaluation is to be pass/no pass or a letter grade. These courses are noted elsewhere in this catalog as being eligible for the pass/no pass Option.

1. Single performance standard. The pass/no pass grading system shall be used in any course in which there is a single satisfactory standard of performance for which unit credit is assigned. A grade of Pass (P) shall be assigned for meeting that standard, and a grade of No-Pass (NP) shall be assigned for failure to do so.

2. Acceptance of credits. All units earned on a pass/no pass basis in accredited California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements.

3. Recording of grade. A student who is approved to be evaluated on the pass/no pass basis shall receive both course credit and unit credit upon satisfactory completion of the course. Satisfactory completion for credit is equivalent to the grade of “C” or better. A student who does not perform satisfactorily will be assigned a No-Pass (NP) grade.

4. Grade point calculation. Units earned on a pass/no pass basis shall not be used to calculate grade-point-averages. Units attempted for which No-Pass (NP) is recorded shall be considered in probationary and dismissal procedures.

5. Standards of evaluation. The student who is enrolled in a course on a pass/no pass basis will be held responsible for all assignments and examinations required in the course and must meet the standards of evaluation which are identical for all students.

6. Conversion to letter grade. A student who has received credit for a course taken on a pass/no pass basis may not convert this credit to a letter grade.

7. Course repetition. A student who has received a grade of No-Pass (NP) may repeat the course by meeting the requirements set forth by the District Course Repetition to Improve Substandard Grades Policy.
PASS/ NO PASS COURSES
Pass/No-Pass Courses do not fulfill prerequisites for more advanced courses. The student must meet all class standards. A maximum of 15 units of pass/no-pass grades may be applied toward the Associate Degree. Courses offered on this basis are listed below. NOTE: Please check the appropriate academic department for confirmation. Designated courses are subject to change.

DIRECTED STUDY COURSES
Directed Study courses are offered by several academic and vocational departments. They are designed for students who are capable of independent work and who demonstrate the need or desire for additional study beyond the regular curriculum. Enrollment allows students to pursue activities such as directed field experience, research, or the development of skills and competencies under faculty advisement and supervision. Directed Study courses are available in a wide variety of disciplines. Students wishing to enroll in a Directed Study course should contact the appropriate department chair.

Units are awarded depending upon satisfactory performance and the amount of time committed by the student to the course. Allowable units vary according to discipline and are based on the following formula:

\[
\text{Directed Study } u = \text{48 hours per semester} \\
\text{Directed Study } u = \text{96 hours per semester} \\
\text{Directed Study } u = \text{144 hours per semester}
\]

Students should note that there are limitations as to the allowable maximum number of Directed Study units. For all Directed Study Courses transferring to the University of California, the maximum credit allowed is 3 semester units per term or six units total in any and all appropriate subject areas combined. The granting of transfer credit for Directed Study courses is contingent upon review of the course outline by the appropriate UC campus.

It is recommended that students consult with a College Counselor and with the appropriate instructor and/or department chairperson before enrolling in Directed Study courses. Please refer to the current Schedule of Classes for information regarding specific Directed Study classes being offered.

During the first two weeks of the term, available classes are posted by section number in an area near the Office of Admissions in the Administration building. As with other LACC classes, the available classes listed at the Add Card Center are available to add by telephone.

GRADE REPORTS
Any drops or exclusions that occur between the 5th and the 12th week of the Los Angeles Community College District does not mail grades to students.
Students may receive information on their grades through the Student Telephone Enrollment Process (STEP). (See elsewhere in this catalog for additional information about STEP) To receive grade information, follow these procedures:

Step One: Dial one of the following numbers: (323) 226-1999; (213) 689-8888; (310) 605-0505; (818) 988-2222. STEP’s voice response will guide you with each entry. Press * to correct any mistakes.

Step Two: Press 1 for Los Angeles City College.

Step Three: Press 1 for Spring, 2 for Summer, or 3 for Fall semester.

Step Four: Enter your social security number without dashes (or student identification if it is different from your social security number)

Step Five: Enter your Personal Identification Number (PIN).

Step Six: Press 3 to hear your grades.

Step Seven: Press 9 to exit the system.

You may obtain a printed copy of your grades from the LACC Admissions Office. This printed copy is not a transcript or a Verification of Enrollment. If you need a transcript or a Verification of Enrollment, you may order it from the Admissions Office. Refer to "Transcripts/Verification" elsewhere in this catalog.

**ADDING/DROPPING CLASSES AND COLLEGE WITHDRAWAL**

LACC policies regarding adding and dropping classes are listed below. These policies are subject to change. Refer to the current Schedule of Classes for current information.

Only students who have been admitted to the College and are in approved active status may add or attend classes. Registered students who are on a waiting or standby list must obtain permission from the instructor to add the class.

During the first two weeks of the term, available classes are posted by section number in an area near the Office of Admissions in the Administration building. As with other LACC classes, the available classes listed at the Add Center are available to add by telephone.

Students wishing to drop one or more classes must do so through the Office of Admissions by filing a drop card or through the telephone (STEP) or web site.

It is the student’s responsibility to drop from class if he or she decides not to attend or stops attending. Students might not be automatically dropped and/or excluded and will be accountable for any fees due.

The following schedule applies to dropping classes. Any drops or exclusions that occur before the end of the 4th week of the semester (or 30% of the time the class is scheduled to meet) will not be noted on the student records.

the semester (or 75% of the time the class is scheduled, whichever is less) will result in a "W" ("Withdrawal") on the student’s record, which will be included in the determination of progress probation.

Drops are not permitted beyond the end of the 12th week. A grade (A, B, C, D, F, I, or NP) will be assigned to students who are enrolled past the end of the 12th week even if they stop attending class, except in cases of extenuating circumstances. After the last day to drop students may withdraw from class upon petition demonstrating extenuating circumstances. Petitions may be obtained from the Office of Admissions.

It is recommended that students consult with a College Counselor when withdrawing (dropping all classes). Clearance of the record in courses where equipment has been issued is required when students separate from such classes.

**PROBATION & DISMISSAL**

The following standards for academic and progress probation shall be applied as required by regulations adopted by the Board of Governors of the California Community Colleges.

A student shall be placed on probation if any one of the following conditions prevail:

- **Academic Probation:** The student has attempted a minimum of 12 semester units of work and has a grade-point-average less than a "C" (2.0).

- **Progress probation:** The student has enrolled in a total of at least 12 semester units and the percentage of all units in which a student has enrolled and for which entries of W (Withdrawal), I (Incomplete), and NP (No Pass) are recorded reaches or exceeds fifty percent (50%).

- **Transfer student:** The student has met the conditions of “Academic Probation” or “Progress Probation,” above, at another college within the Los Angeles Community College District.

- **Units Attempted:** “Units Attempted,” for purposes of determining probation status only, means all units of credit in the current community college of attendance in which the student is enrolled.

Students shall be subject to dismissal and subsequently be dismissed under the conditions set forth within this section. Dismissal from Los Angeles City College shall disqualify students from admission to any college in the Los Angeles Community College District (LACCD).

- **Academic Dismissal:** Students who are on academic probation shall be subject to dismissal if they have earned a cumulative grade-point-average of less than 2.0 in all units attempted in each of three consecutive semesters.

Students who are on academic probation and who earn a semester grade-point-average of 2.0 or better shall not be dismissed as long as this minimum semester grade-point-average is maintained.

- **Progress Dismissal:** Students who are on progress probation shall be subject to dismissal if the cumulative percentage of units in which they have been enrolled for which entries of W (Withdrawal), I (Incomplete), and NP (No Pass) are recorded in at least three (3) consecutive semesters reaches or exceeds fifty percent (50%). Students who are on progress probation shall not be dismissed after a semester in which the percentage
of units in which they have been enrolled for which entries of W, I and NP are recorded is less than fifty percent (50%).

Students who are subject to dismissal may appeal to the Vice President of Student Services. Dismissal may be postponed and the student continued on probation if the student shows significant improvement in academic achievement but has not been able to achieve a level that would meet the requirements for removal from probation.

Students who have been dismissed may request reinstatement after two (2) semesters have elapsed. They shall submit a written petition requesting readmission to the College in compliance with College procedures. Readmission may be granted, denied, or postponed subject to fulfillment of conditions prescribed by the College. Students must file a petition to return prior to the day for new and returning students to register in person. Refer to the College Calendar in the current Schedule of Classes for effective dates.

**COURSE REPLICATION**
See an Academic Counselor For Advisement

Repetition of courses for which substandard work has not been recorded shall be permitted only upon advance petition of the student and with permission of the College President or designee based on a finding that circumstances exist which justify such repetition. In such repetition under special circumstances, the student’s permanent academic record shall be annotated in such a manner that all work remains legible. Grades awarded for repetition under special circumstances shall not be counted in calculating a student’s grade-point-average.

Students may petition for approval to repeat courses up to a total of 15 units in which substandard grades (less than “C”) were awarded. Students may repeat the same course only once for this purpose. Upon completion of a course repetition, the best grade earned will be computed in the cumulative grade-point-average and the student academic record so annotated.

No specific course or categories of courses shall be exempt from course repetition. This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ. Students planning to transfer to another college or university should contact that institution regarding its policy.

**Student may also repeat certain activity, performance, and skills courses as stated below:**

Legally mandated training requirement: Courses necessary to meet legally mandated training requirements as a condition of continued paid or volunteer employment may be repeated for credit any number of times.

Content differs each time the course is offered: The course outline of record must clearly differentiate how the content changes each time. Applied courses, such as production and studio courses, may also qualify as activity courses (see below). Courses where students apply theory may also fall under the category of content changing each time. Examples of these types of courses are poetry writing creative writing or conversational Spanish. Other examples of courses where content changes each time are: directed study, field work, special topics, or current events. Theory courses should not be repeatable.

Activity courses: are defined as those where the students meets course objectives by repeating a similar primary educational activity and gains an expanded educational experience each time the course is repeated, provided: (A) skills or proficiencies are enhanced by supervised repetition and practice within class periods; or (B) active participatory experience in individual study or group assignments is the basic means by which learning objectives are attained. Examples of activity courses that qualify as repeatable courses include but are not limited to the following: physical education courses or visual or performing arts courses in music, fine arts, theater, dance, or career technical education courses. Foreign language and ESL courses are not considered “activity courses”.

**CREDIT BY EXAMINATION**

Some courses in listed in this catalog are eligible for credit by examination.

1. Methods of obtaining credit by examination.
   a. Achievement of a score of three (3) or higher on an Advanced Placement Examination administered by the College Entrance Board
   b. Credit by satisfactory completion of an examination administered by the college in lieu of completion of a course listed in the Los Angeles City College Catalog.
   c. Achievement of a score that qualifies for credit on an examination administered by other agencies approved by Los Angeles City College.

2. Determination of Eligibility to Take College Administered Examinations. Students who qualify:
   a. Must be currently enrolled in at least six (6) units at Los Angeles City College, in good standing, and with minimum grade point average of “C” (2.0) in any work attempted at Los Angeles City College.
   b. May petition for credit by examination if they
      1) Are eligible to take such course for credit under existing regulations;
      2) Have not completed a course or are not in the process of taking a course which is more advanced than the course for which credit is requested.

3. Maximum credit allowable for credit by examination: The maximum number of credits allowable for credit by examination for the associate degree shall be fifteen (15). Credit by examination transferred from other institutions is not counted toward this maximum.

**Limitations:**

a. Credits acquired by examination are not applicable to meeting such unit load requirements as Veteran or Social Security benefits.

b. Recording of Credit: Students who successfully pass the examination given to fulfill the “credit by examination” option shall have the course posted on their cumulative record indicating “Credit” in the grade column. The number of units of credit recorded for any course may not exceed those listed in the College catalog.

4. Acceptance Towards Residence
   Units for which credit is given pursuant to the provisions of this section shall not be counted in determining the twelve units of credit in residence requirement.

5. Recording of credit:
   a. If a student passes the examination, the course shall be based on his/her cumulative record indicating “Credit” in the “Grade” column.
   b. The number of units of credit recorded for any course may not exceed those listed in the Los Angeles City College Catalog.
CREDIT FOR COURSES COMPLETED AT NON-ACCRREDITED INSTITUTION

Students transferring from institutions not accredited by the Western Association of Schools and Colleges may, after successful completion of 30 units with a “C” or better grade-point-average, petition for credit in courses which parallel the offerings of the College.

The following exceptions for currently enrolled students may be made to this regulation:

1. Credit for Graduates of Diploma Schools of Nursing. The following amount of credit is authorized for graduates of Diploma Schools of Nursing who enter a Los Angeles Community College District college:
   A. Thirty semester units of credit will be awarded to graduates of Diploma Schools of Nursing under the following conditions:
      i. The student presents a valid, current California certificate as a licensed registered nurse to the designated administrative officer;
      ii. The student has completed at least 12 units of credit at the College to which application is made.
   B. The work of graduates of Diploma Schools of Nursing outside California will be recognized if the student has a valid, current California license. Credit will be given although the license was obtained by reciprocity with another state rather than by examination.

2. Credits for Military Service Training. Students who are currently serving in or have served in the military service, may, after successful completion of at least one course at a college in the Los Angeles Community College District, request an evaluation of credit earned through military service training schools and/or military occupational specialties for a total of six general elective credits.

3. Credits for Law Enforcement Academy Training. Credit for basic recruit academy training instructional programs in Administration of Justice or other criminal justice occupations shall be granted as follows:
   A. Credit will be given for training from institutions which meet the standards of training of the California Peace Officers Standards and Training Commission.
   B. A single block of credit will be given and identified as academy credit.
   C. One unit of credit may be granted for each 50 hours of training, not to exceed 18 semester units or their equivalent. Credits granted by an institution of higher education for basic recruit academy training, under the above provisions, shall not be identified as equivalent to any required course in the major.

4. Acceptance Towards Residence Units for which credit is given pursuant to the provisions of this section shall not be counted in determining the twelve units of credit in residence requirement.

5. Recording of Grade Students who successfully pass the examination given to fulfill the “credit by examination” option shall have the record of such examination entered on their record as “CRX” (Credit by Exam), as provided by the LACCD Grading Symbols and Definitions Policy. *The exception being foreign languages.

EVALUATION OF FOREIGN AND INTERNATIONAL TRANSCRIPTS

Students who wish to receive course credit for college and university work completed in a foreign county or outside of the United States must have their transcripts evaluated if the transcript is in foreign language.

It is also recommended that course descriptions be submitted along with the evaluated transcript, for courses that the student would like to receive credit. The process for receiving credit for Foreign/International Transcripts is as follows:

1. A petition must be submitted to the Admissions Office in AD-100 to request credit for the courses in question along with the evaluated transcripts. If you don’t know where to take your Foreign/International transcripts to be evaluated, the Admissions Office will provide you with a list of LACCD recognized companies that are authorized to evaluate Foreign/International transcripts.

2. It is advisable that you provide the Admissions Office with course descriptions, where possible, of the evaluated course work, or any catalog information that may expedite the evaluation process. Please refer to the university or college the course work was completed, to request course descriptions.

3. After your petition and transcripts have been evaluated, you will be informed of the outcome.

If you do not agree with the outcome of your petition, you may petition the appropriate Department Chair. The decision of the Department Chair is final.

CANCELLATION OF CLASSES

The College reserves the right to discontinue any class with insufficient enrollment.

CLASSROOM CONDUCT

Instructors are responsible for presenting appropriate material in courses, and students are responsible for learning this material. Although it is a student’s academic performance that is evaluated in determining grades, student conduct is important in the academic setting. Enrollment in a class may be terminated due to unsatisfactory student conduct, undue disrespect toward an instructor or administrator, or academic dishonesty. Each student is responsible for maintaining standards of academic performance established for each course in which he or she is enrolled.

STANDARDS OF STUDENT CONDUCT

Students enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the College community, students should be encouraged to develop the capacity for critical judgment; to engage in sustained and independent search for truth; and to exercise their rights to free inquiry and free speech in a responsible, nonviolent manner.

Students shall respect and obey civil and criminal law, and shall be subject to legal penalties for violation of laws of the City, County, State, and Nation.

Student conduct must conform to LACCD and Los Angeles City College rules and regulations. Violations of such rules and regulations will subject students to disciplinary action. Such violations, include, but are not limited to, the following:

BOARD RULE 9803.10

Willful disobedience to directions of College officials acting in the performance of their duties.
**BOARD RULE 9803.11**
Violation of College rules and regulations including those concerning student organizations, the use of College facilities, or the time, place, and manner of public expression or distribution of materials.

**BOARD RULE 9803.12**
Dishonesty, such as cheating, or knowingly furnishing false information to the College.

**BOARD RULE 9803.13**
Unauthorized entry to or use of the College facilities.

**BOARD RULE 9803.14**
Forgery, alteration, or misuse of College documents, records, or identification.

**BOARD RULE 9803.15**
Obstruction or disruption of classes, administration, disciplinary procedures, or authorized College activities.

**BOARD RULE 9803.16**
Theft of or Damage to Property. Theft of or damage to property belonging to the College, a member of the College community, or a campus visitor.

**BOARD RULE 9803.17**
Interference with Peace of College. The malicious or willful disturbance of the peace or quiet of any of the Los Angeles Community Colleges by loud or unusual noise of any threat, challenge to fight, or violation of any rules of conduct as set forth in the LACCD Board Rule regarding “Conduct on Campus.” Any person whose conduct violates this section shall be considered to have interfered with the peaceful conduct of the activities of the College where such acts are committed.

**BOARD RULE 9803.18**
Assault or Battery. Assault or battery, abuse or any threat of force or violence directed toward any member of the college community or campus visitor engaged in authorized activities.

**BOARD RULE 9803.19**
Alcohol and Drugs. Any possession of controlled substances which would constitute a violation of Health and Safety Code section 11350 or Business and Professions Code section 4230, any controlled substances the possession of which are prohibited by the same, or any possession or use of alcoholic beverages while on any property owned or used by the District or colleges of the District or while participating in any District or college-sponsored function or field trip. “Controlled substances,” as used in this section, include but are not limited to the following drugs and narcotics: Opiates, opium, and opium derivatives; mescaline; hallucinogenic substances; peyote, marijuana; stimulants, depressants, cocaine.

**BOARD RULE 9803.20**
Lethal Weapons. Possession, while on a college campus or at a college-sponsored function, of any object that might be used as a lethal weapon is forbidden all persons except sworn peace officers, police officers, and other government employees charged with policing responsibilities.

**BOARD RULE 9803.21**
Discriminatory Behavior. Behavior while on a college campus or at a college-sponsored function, inconsistent with the District’s nondiscrimination policy, which requires that all programs and activities of the Los Angeles Community College District be operated in a manner which is free of discrimination on the basis of race, color, national origin, ancestry, religion, creed, sex, pregnancy, marital status, sexual orientation, age, handicap, or veterans status.

**BOARD RULE 9803.22**
Unlawful Assembly. Any assemblage of two or more persons to (1) do an unlawful act, or (2) do a lawful act in a violent, boisterous, or tumultuous manner.

**BOARD RULE 9803.23**
Conspiring to Perform Illegal Acts. Any agreement between two or more persons to perform illegal acts.

**BOARD RULE 9803.24**
Threatening Behavior. A direct or implied expression of intent to inflict physical or mental/emotional harm and/or actions, such as stalking, which a reasonable person would perceive as a threat to personal safety or property. Threats may include verbal statements, written statements, telephone threats, or physical threats.

**BOARD RULE 9803.25**
Disorderly Conduct. Conduct which may be considered disorderly includes: lewd or indecent attire or behavior that disrupts classes or college activities; breach of the peace of the college; aiding or inciting another person to breach the peace of the college premises or functions.

**BOARD RULE 9803.26**
Theft or Abuse of Computer Resources. Theft or abuse of computer resources including but not limited to: (a) Unauthorized entry into a file to use, read, or change the contents, or for any other purpose. (b) Unauthorized transfer of a file. (c) Unauthorized use of another individual’s identification and password. (d) Use of computing facilities to interfere with the work of a student, faculty member, or college official, or to alter college or district records. (e) Use of unlicensed software. (f) Unauthorized copying of software. (g) Use of computing facilities to access, send or engage in messages which are obscene, threatening, defamatory, present a clear and present danger, violate a lawful regulation and/or substantially disrupt the orderly operation of a college campus. (h) Use of computing facilities to interfere with the regular operation of the college or district computing system.

**BOARD RULE 2803.27**
Performance of an Illegal Act. Conduct while present on a college campus or at a location operated and/or controlled by the District or at a District-sponsored event, which is prohibited by local, State, or federal law.

**BOARD RULE 9804**
Interference with Classes. Every person who, by physical force, willfully obstructs or attempts to obstruct, or attempts to obstruct, any student or teacher seeking to attend or instruct classes at any of the campuses or facilities owned, controlled, or administered by the Board of Trustees of the Los Angeles Community College District, is punishable by a fine not exceeding five hundred dollars ($500) or imprisonment in a county jail not to exceed one (1) year, or by both such fine and imprisonment. As used in this section, “physical force” includes, but is not limited to, use of one’s person, individually or in concert with others, to impede access to or movement within which the premises are devoted.

**BOARD RULE 9805**
Interference with Performance of Duties by Employees. Action to cause or attempt to cause, any employee of the Los Angeles Community
COLLEGES to do or refrain from doing, any act in the performance of his/her duties by means of a threat to inflict any injury upon any person or property, is guilty of a public offense.

**BOARD RULE 9805.10**

Assault or abuse of an Instructor. Assault or abuse of any instructor employed by the District in the presence or hearing of a community college student or in the presence of other community college personnel or students and at a place which is on District premises or public sidewalks, streets, or other public ways adjacent to school premises, or at some other place where the instructor is required to be in connection with assigned college activities.

**STUDENT DISCIPLINE PROCEDURES**

Community college districts are required by law to adopt standards of student conduct along with applicable penalties for violation (Education Code Section 66300). The Los Angeles Community College District has complied with this requirement by adopting Board Rules 9803 and 9804-9806, Standards of Student Conduct.

The LACCD has adopted Board Rule 91101, "Student Discipline Procedures," to provide uniform procedures to assure due process when a student is charged with a violation of the Standards of Student Conduct. All proceedings held in accordance with these procedures shall relate specifically to an alleged violation of the established Standards of Student Conduct. These provisions do not apply to grievance procedures, student organization councils and courts, or residence determination and other academic and legal requirements for admission and retention. Disciplinary measures may be taken by the College independently of any charges filed through civil or criminal authorities, or both.

Copies of the Student Discipline Procedures are available in the Office of Vice President of Student Services.

**STUDENT GRIEVANCE PROCEDURES—OMBUDSPERSON ADMINISTRATIVE REGULATION E-55**

Information about the grievance procedures and a copy of the regulation are available to grievant(s) and/or respondent(s) upon request from the Ombudsperson in the Office of Student Life & Leadership Development, located in the Student Union. The ombudsperson can be reached at ombudsperson@lacitycollege.edu. The purpose of this regulation is to provide a prompt and equitable means for resolving student(s) grievances. In the pursuit of academic goals, the student should be free of unfair or improper action by any member of the academic community.

The grievance procedure may be initiated by a student, or group of students who reasonably believe he/she/they have been subjected to unjust action or denied rights that adversely affect his/her/their status, rights, or privileges as a student. It is the responsibility of the student(s) to submit proof of alleged unfair or improper action.

The role of the Ombudsperson is that of a facilitator of the grievance process, and not that of an advocate for either the grievant(s) or respondent(s). During the informal resolution stage of the grievance process, the ombudsperson will facilitate informal meetings and discussions that may lead to a resolution of the grievance.

If the matter cannot be resolved informally, the student may request a formal grievance hearing. Grievances pertaining to grades are subject to the California Education Code, Section 76224(a) which states: "When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final."

This grievance procedure does not apply to the challenge process for prerequisites, co-requisites, advisories and limitations on enrollment; alleged violations of sexual harassment actions involving student discipline; alleged discrimination on the basis of the ethnic group identification, religion, age, sex, color, sexual orientation, physical or mental disability; or an appeal for residency decision; or the eligibility, disqualification or reinstatement of Financial Aid. The appeal procedure regarding Financial Aid may be obtained in the Financial Aid Office. Additional information regarding discrimination and sexual harassment procedures and policies are listed in the Schedule of Classes and the College Catalog. Procedure may be obtained from the Ombudsperson, located in the Office of Student Life & Leadership Development, located in the Student Union. For assistance, call (323) 953-4000 ext. 2453 or email ombudsperson@lacitycollege.edu.

**OPEN ENROLLMENT**

The policy of the Los Angeles Community College District is that, unless specifically exempted by statute or regulation, every course, course selection, or class offered and maintained by the District and reported for state aid shall be fully open to enrollment and participation by any person who has been admitted to Los Angeles City College and who meets the prerequisites established according to the regulations contained in California Code of Regulations Title 5 §§55200-55202.

**DRUG-FREE CAMPUS**

Los Angeles City College adheres to, supports, and is in full compliance with requirements that maintain our college as a drug-free institution of higher education. The LACCD Board of Trustees has adopted the following standards of conduct:

Students and employees are prohibited from unlawfully possessing, using or distributing illicit drugs and alcohol on district premises, in District vehicles, or as part of any activity of the Los Angeles Community College District.

The LACCD Board of Trustees has adopted Rule 9803.19, which prohibits: Any possession of controlled substances which would constitute a violation of Health and Safety Code section 11350 or Business and Professions Code section 4230, any use of controlled substances, the possession of which...
is prohibited by the same or any possession or use of alcoholic beverages while on any property owned or used by the District or colleges of the District. “Controlled substances,” as used in this section, include, but are not limited to the following drugs and narcotics: opiates, opium and opium derivatives, mescaline, hallucinogenic substances, peyote, marijuana, stimulants, depressants, cocaine.

The LACCD Board of Trustees policy on the Drug-Free Workplace restates these prohibitions.

**Legal Sanctions**
Federal laws regarding alcohol and illicit drugs allow for fines and/or imprisonment. Other legal problems include the loss of driver’s license and limitations of career choices.

**Health Risks**
Health risks associated with the abuse of controlled substances include malnutrition, damage to various organs, hangovers, blackouts, general fatigue, impaired learning, dependency, disability, and death. Both drugs and alcohol may be damaging to the development of an unborn fetus.

**Other Risks**
Personal problems include diminished self-esteem, depression, alienation from reality, and suicide. Social problems include loss of friends, academic standing and co- and extra-curricular opportunities, alienation from and abuse of family members, and chronic conflict with authority. Economic problems include loss of job, financial aid eligibility, homes, savings, and other assets.

**Counseling, Treatment and Rehabilitation**
Students should contact the LACC Counseling Office for assistance and referrals.

**Disciplinary Action**
Violation of the above Board Rules shall result in student discipline, imposed in accordance with the Student or termination of financial aid; suspension; withdrawal of consent to remain on campus; expulsion subject to reconsideration; and permanent expulsion. Furthermore, institutional policies and practices may impose disciplinary sanctions on students and employees consistent with local, state, and Federal law, up to and including expulsion, termination of employment, and referral for prosecution for violations of the standard of conduct.

The Los Angeles Community College District is committed to drug-free and alcohol-free campuses. We ask you to share in this commitment and dedication.

**EDUCATIONAL ENVIRONMENT POLICY**
Due to requirements set forth by the Occupational Safety and Health Administration, proper attire, including shoes, eye ware, and other articles, should be worn during all class hours.

**FAMILY EDUCATION RIGHTS & PRIVACY ACT**
See Student Records and Directory Information, elsewhere in this catalog.

**HEALTH FEE WAIVERS (STUDENT)**
LACCD policy exempts the following students from paying the student health fee: a) students who depend exclusively on prayer for healing in accordance with the teaching of a bonafide religious sect; c) students attending classes under an approved apprenticeship training programs; d) non-credit education students; e) students enrolled exclusively at District sites where health services are not provided; f) students enrolled exclusively through Instructional Television or distance education classes; g) students enrolled exclusively through contract education. Students exempted under the provisions of a), c) and d) above are eligible to receive the services of the college health program; all other exempted students are not eligible to receive the services of the college health program.

**SEX OFFENDER REGISTRATION**
California law requires that certain statutorily defined sex offenders notify community college law enforcement officials that they are present on campus in specific capacities. If you fall into this category, you must register with the College’s Sheriff’s Department Office.

**SMOKING POLICY**
Smoking is not permitted in any classroom or other enclosed facility that any student is required to occupy or which is customarily occupied by students, faculty, staff, and/or administrator.

**WORKFORCE DIVERSITY**
The policy of the Los Angeles Community College District is to implement affirmatively equal opportunity to all qualified employees and applicants for employment without regard to race, color, national origin, ancestry, religion, creed, sex, age, disability, marital status, sexual orientation, or veteran status. Positive action will be taken to ensure that this policy is followed in all personnel practices, including recruitment, hiring, placement, upgrading, transfer, demotion, treatment during employment, rate of pay or other forms of compensation, selection for training, layoff, or termination. An Affirmative Action Program will be maintained in accordance with Board Rule 101301.

Inquiries regarding Workforce Diversity at Los Angeles City College should be directed to the Associate Vice President, Administrative Services responsible for Human Resources.

ASSESSMENT
Appointment Window: Cesar Chavez Administration Building, Room 103. Assessment Center: Learning Resource Center • (323) 953-4000 ext. 2264
http://www.lacitycollege.edu/services/matriculation/
For information, see the catalog section on Admissions, page 7

ASSOCIATED STUDENT GOVERNMENT (ASG)
Student Union • (323) 953-4000 ext. 2475
http://aso.lacitycollege.edu/
The LACC Associated Student Government (ASG) is the officially designated student organization that represents students' needs and concerns. The ASG is a significant component of LACC's shared governance process. The governing body of the ASG is the Student Senate, composed of officers elected annually by the student body at large, following requirements of LACCD Administrative Regulation S-9.

LACC students are encouraged to join the ASG by paying the ASG fee of $7.00 per semester. The membership benefits include participation in student government, preferred parking, book grants (limited number to qualified applicants), free copier services (weekly limit), free scantrons and bluebooks (weekly limit), discounted local faxing, free admission to ASG supported cultural and social events, discount tickets to theaters and local amusement parks, and much more.

The ASG represents students on college, district and state-wide issues. It provides students with leadership opportunities through involvement on the Student Senate and Club Council, and by appointment to various LACC, ASG, regional and state committees. It provides funding support for a variety of campus activities - Dean's Honor Ceremony, Commencement, Welcome Days, Health Fair, English Writing Contest, Forensics Team, Latino Heritage Festival, Foreign Language Day, African-American History Month, blood drives, social events, speakers, and other events.

Student clubs provide a rich and exciting multi-cultural dimension to college life. Any ASG member can start a club—it just takes eight ASG members who share an interest and a faculty advisor—to be chartered by the ASG. Information on joining or starting a club is available in the Student Activities Center (SAC). All student clubs must be chartered by the ASO in order to be recognized and officially function on campus.

The Student Senate is composed of the elected, or appointed, student leaders. It meets regularly, with agendas posted in advance in accordance with the Brown Act. It is composed of the President, Executive Vice President, Vice President of Finance, Vice President of Clubs, and 9 Senators. The Associate Dean of Student Life serves as the advisor. Qualifications to hold student government office, as stated in S-9, include maintaining a minimum unit enrollment and GPA, as well as limits to the number of units completed and semesters holding office.

More information on student government, joining and/or starting a club, holding an activity, eligibility for office, and the many benefits offered, is available in the Office of Student Life & Leadership Development in the Student Union, or by calling (323) 953-4000 extension 2450. All students are encouraged to get involved and get more out of college.

Student Trustee
One student is elected, from all nine colleges within the LACCD, to represent all of the District's students on the Board of Trustees. The Student Trustee sits on the Board, attends meetings, and has an advisory vote. There is an annual election, held in conjunction with the Associated Student Organization election, whereby each student in the District has an opportunity to cast a vote to select the Trustee. LACCD Board rule 2100 details the process for selection and the qualifications for candidacy and insures an equal opportunity for any student from any LACCD campus to seek the position of Student Trustee.

In accordance with existing law, candidates for Student Trustee must:

1. Be currently enrolled at an LACCD college.
2. Be enrolled in a minimum of five (5) units.
3. Maintain enrollment in a minimum of five (5) units through the one-year term of office.
4. Have completed a minimum of 12 units and no more than 80 transferable units.
5. Have and maintain a minimum 2.0 GPA.

BOOKSTORE
Student Union (323) 953-4000 ext. 2140
http://www.lacitycollege.edu/resource/bookstore/
Hours posted outside store. (Normal Business Hours are M-Th, 7:30am to 7:00 pm Friday 7:30 am to 3:00pm)
The Los Angeles City College Bookstore offers a wide variety of textbooks, supplies and materials that help LACC students succeed in their classes. Faculty provide information to the Bookstore concerning textbooks, supplies and material needs for courses. The bookstore provides these items for purchase by LACC students. In addition, there is the opportunity for the students to sell authorized textbooks back to the bookstore during the last week of each major term and other posted dates.

—Please see cashiers for refund policy and more information—

REFUNDS
Cash register receipt MUST accompany all refunds and exchanges
— NO EXCEPTIONS.

TEXTBOOKS
Required textbooks are arranged alphabetically by subject within their respective departments and numerically by course number. The instructors’ name will be listed under the book. Used books, if available are on the shelves with the new books. They are clearly marked USED. You should not purchase your textbooks until you are officially enrolled.
Full refunds on textbooks will be allowed during the first 10 school days of the Fall and Spring Semesters and the first 5 days of the Summer, Winter and short-term classes (5 weeks or longer). [see requirements below]. Refunds for books purchased for 8-day courses or courses shorter than 5 weeks will only be allowed during the first day of class.

Refunds for textbooks purchased after the first 10 school days of the Fall and Spring semesters and the first 5 days of the Summer, Winter or short-term classes MUST be made within 24 hours of purchase and will only be allowed if the book is wrong or defective.

NO Refunds or Exchanges will be granted on books during the Final Examination period (i.e. last ten days) of any semester or session.

New Books: Must be returned in same condition as when purchased, free of markings, underlining, soil marks or erasures. Otherwise, the book will be classified as “USED” and refundable at a maximum of 50% of the purchase price. Final determination will be made by Bookstore Management. Water damaged books will not be accepted.

Computer Software: May not be refunded if the package is open. This includes textbooks with software if the shrink-wrap has been opened.

Special Orders: Not eligible for refund.

Shrinkwrapped Textbooks: Packages without software may be refunded if all items in the bundle are in new, sellable condition (to be determined by Bookstore staff). A $5.00 restocking fee will be charged.

Packages that include cd’s, computer disks, cassettes or supplemental booklets etc. must be returned in original, UNOPENED packaging for a refund. Otherwise, they do not qualify for a refund.

Supplies
All clothing and non-textbook items are refundable only if they are in their original package, in new sellable condition, unworn, accompanied by the original sales receipt and returned within 24 hours of purchase.

Cassette tapes, computer disks, paperback books, magazines, catalogs, dictionaries, reference books, dental tools, dissecting kits, compact disks, video tapes, calculators and related items are NOT returnable. Swimwear, goggles, lab glasses, lab smocks and socks are NOT returnable as governed by the California State Health Laws.

Check Purchasing Policy
Current LACC (or other LACCD campus) Student Registration Fee Receipt or current Associated Student Organization Card AND Valid California I.D. or Drivers License are REQUIRED to pay by check.

Checks must be bank printed and written for the amount of purchase only. No temporary or third party checks are accepted.

There is a 30-day waiting period for a cash refund on merchandise purchased by check. Merchandise must be returned by return deadline to qualify. A credit slip will be issued and a return date given to pick up refund (15 days from date of purchase). If upon return the check has cleared the district bank (tangible proof required) or the canceled check is presented (both sides) cash will be refunded at time of return.

NOTE: AFTER JULY 1, 2006 IF YOU MAKE A PURCHASE WITH A CHECK, your student id number will be written on your check. If you do not wish to have your student id number appear on your check, you must use an alternate form of payment.

Credit Card Acceptance Policy
LACC Bookstore accepts VISA, MasterCard, American Express and Discover credit cards when presented with the student’s current registration or Associated Students Organization identification card. A valid California Drivers License or I.D. card is required for identification and signature verification purposes only. The person the card is issued to must be present.

No Cash Refunds will be issued on a credit card purchase. Merchandise must be returned by return deadline to qualify. A credit will be issued and forwarded to the credit agency and a copy given to the customer. **

Please note: refunds are sent to our bank each night...your bank may take up to 3 weeks to credit your account.

Cash Purchasing Policy
Merchandise must be returned by return deadline to qualify. Cash refunds will be issued at time of return if all other refund policy qualifications are met.

Book Buyback
No refunds on textbooks purchased during finals. Books may be sold back to the Bookstore at the end of each semester (during finals). The Bookstore will make an effort to Buy Back as many texts as possible from LACC students. It is not an obligation on the part of the Bookstore, but a special service we perform to help keep the cost of books down. How books quality for buyback- for a book to be bought back by the LACC Bookstore, all of the following conditions must be met. The book will then be purchased at 50% of the purchase price.

Check posted signs for dates and times the bookstore will often offer buyback at the beginning of each major term.

1. A signed adoption by the department.
2. Needed for the LACC Bookstore inventory for the next semester.
3. The book is in the correct edition, volume, etc. and in good condition (limited writing and underlining are permissible in most texts). No water damaged books will be accepted.

- The LACC Bookstore will not buy back workbooks, study guides, syllabi or supplementary related materials.
- Final determination of the condition and resale value of a textbook shall be made by Bookstore Management
- Textbooks not bought back by the Bookstore may be purchased by the company conducting the buyback, at a lesser price, subject to that companies buying policy. The Bookstore regrets it cannot buy back all books.

-
**COLLEGE READINESS ACADEMY**

CRA assists students to strengthen their English and/or math foundations. The academy provides basic skills English and Math courses designed to help students prepare for the CAHSEE, GED, and Basic Skills assessments. In addition to providing courses, a wide variety of support services are available to students who qualify. Some of the services include free class materials, in-class tutors, computer literacy, and job placement assistance.

To receive information, please call Coordinator, Luis Cordova at (323) 953-4000 X 2582 or E-Mail at CordovaLa@lacitycollege.edu

**CAL WORKS**

Life Science 107 • (323) 953-4000 ext. 2597
Cub Center 209A (next to Bookstore) • (323) 953-4000 ext. 2586
http://www.lacitycollege.edu/services/calworks/

Our office provides CalWORKs students with comprehensive support to enable them to be successful in their Welfare to Work (WTW) activity and take positive strides towards self-sufficiency.

The California Work Opportunity and Responsibility to Kids (CalWORKs) Program is part of the Office of Economic & Workforce Development in Academic Affairs. CalWORKs is a comprehensive effort by the State of California and the County of Los Angeles Department of Public Social Services (DSPS) to provide education, skills assessment, short/long term training, counseling, job development, child care, resource and referral, and other supportive services to eligible welfare recipients. CalWORKs students are referred to LACC by their county offices to participate in program including: English as a Second Language (ESL); Adult Basic Education (ABE) or Remedial Education (REM); General Education Diploma (GED); Self Initiated Participant (SIP); Vocational Training (VOC); Job Services Training (JST); and/or Work Experience (WEX). Our office also provides students with: important information about the changes in Welfare to Work (WTW) policies; verifications; progress reports; and assistance with other county paperwork or issues regarding GAIN participation.

**CAMPUS CHILD DEVELOPMENT CENTER**

(323) 953-4000 ext. 2220

The Campus Child Development Center offers a preschool program for children 3 to 5 years of age and an evening program for school age children. The Center provides a developmentally appropriate curriculum that responds to the individual needs of the children, incorporating the learning domains of social, physical, cultural, cognitive and emotional growth. Enrollment is available for the children of LACC student/parents to assist them in completing their educational goals. Priority is given to low-income families. Applications for enrollment are available at the Campus Child Development Center. Applicants are encouraged to apply early because enrollment is limited. A fee may be charged, based upon the family size and income. Many families qualify for the grant program and receive subsidized child care.

**CAREER & JOB DEVELOPMENT CENTER**

Administration Building 109 • (323) 953-4000 ext. 2210
http://www.lacitycollege.edu/services/career/index.html

The Career and Job Development Center provides students with career assessment (testing), career counseling, and information on career choices. The Center offers vocational testing to identify interests, abilities, personality type, and work values related to career options. In addition, there is a career resource library and internet accessible computers with software programs (i.e. EUREKA) to assist in the career exploration process. The Career Center offers workshops, resume assistance and has information on internships. Services are provided by appointment and on a walk-in basis when available.

**COMPLIANCE OFFICER**

Cesar Chavez Administration Building 208C • (323) 953-4000 ext. 2249
http://www.lacitycollege.edu/resource/complianceoffice/index.htm

Los Angeles City College prohibits discrimination based on sex (including sexual harassment, sexual orientation), race, color, pregnancy, ancestry, national origin, religion, creed, marital status, disability, medical condition (cancer related), age (40 & above) and/or veteran status. This is in accordance with applicable federal and State law and District College policy.

The policy applies to admission, access and treatment in College programs and activities for all full-time and part-time students.

Sexual harassment is one form of discrimination. It is generally defined as unwelcome sexual advances and/or requests for sexual favors by a male or female. Sexual harassment is physical, verbal, or visual behavior that is sexual in nature, repeated, and interferes with your ability to study or work. It is conduct that has created a hostile or intimidating environment.

The role of the Compliance Officer is to implement policies and procedures that follow Federal and State laws on discrimination and sexual harassment, oversee compliance, investigate and recommend resolutions to discrimination and/or sexual harassment complaints, serve as a resource on relevant issues and promote diversity. Students who feel that they have been discriminated against or sexually harassed or who wish to discuss incidents of discrimination or sexual harassment may contact and/or file a complaint with the Compliance Office.

Copies of the Discrimination and Sexual Harassment Policy and relevant compliant forms may be obtained upon request from the Compliance Office or online.

**CONTRACT EDUCATION**

Cesar Chavez Administration Building 208 • (323) 953-4000 ext. 2062
(Academic Affairs) ext. 2595 (Workforce Education)

Contract Education is designed to enhance the economic development of the State of California. All courses and programs are taught by qualified faculty and meet the same standards of academic rigor as does the traditional, campus-based program. For additional information, contact the Office of Economic & Workforce Development in Academic Affairs.

Through its Contract Education program, LACC provides credit courses and complete lower division transfer programs as well as non-credit workshops and customized seminars, for business, industry, and government agencies.
The course offerings may be provided on company or agency premises or on campus. Contract Education course work is paid for by the contracting company or agency.

COMMUNITY SERVICES
Administration Building 112 • (323) 953-4000 ext. 2650
www.lacitycollege.edu/comsvcs/
The Los Angeles City College Community Services Program provides a full range of not-for-credit classes and programs designed to meet the educational, social, recreational, cultural, and civic needs of residents in the college community. Fee and grant funds are received for programs to make them self-supporting.

Educational programs offer the community an opportunity to explore a variety of personal interest areas of learning and to update individual knowledge and skills. Moreover, recreational, cultural, and social programs offer opportunities for community residents to participate in such activities as not-for-credit, short-term programs in dance, martial arts, physical fitness, gymnastics, and sports as well as a variety of self-directed activities.

COUNSELING DEPARTMENT
Cesar Chavez Administration Building 108
(323) 953-4000 ext. 2250
www.lacitycollege.edu/services/counsel/index.html
Academic counseling services are available for all students in the Counseling Department. Students are encouraged to make an appointment to consult with a college counselor. If students need to review their records, appointments should be made in person several days in advance.
No appointments are available the first week of the semester. Walk-in counselors are available to answer quick questions or to provide emergency help for students.

The services available include counseling and guidance on educational, career, and personal goals as well as problems that may interfere with a successful adjustment to college life. The experienced and professionally trained counseling faculty works with students concerning transfer, educational goals, career planning, choice of college or universities, and other decisions involving a direction in life. Counselors also help students select and plan their academic majors, explore future college or other educational choices, and develop specific plans to meet their transfer and graduation goals. Students should consult with a college counselor as soon as possible to make these plans.

Counselors will work with students who feel the need for greater self-understanding, who need to know more clearly what their abilities and interests are, and where these abilities and interests may lead.

Personal Development courses offered through the department have been structured to prepare and help students complete their college education in a timely manner. The courses are highly recommended for new and returning students.

ENGLISH LITERACY & CIVICS
CCW - City College at Wilshire - 3020 Wilshire Blvd. • (323) 953-4000 ext. 2230 AND Van de Kamp Innovating Center (VDK) (323) 953-4000 Ext. 3534 www.lacitycollege.edu/services/citizenship/index.html
also see the “Programs & Courses: Citizenship” section

The LACC English Literacy Program and Citizenship Center are part of the Office of Economic & Workforce Development in Academic Affairs. The English Literacy Program provides eligible students with instruction in non-credit English as a Second Language (ESL), Vocational ESL, Basic Skills, and Tutoring Services, while the Citizenship Center is focused on providing students with all services necessary for completing the citizenship process. These services are available to any permanent resident who has lived in the United States for five years. The Center assists with the N400 form, provides information, takes photographs, sponsors test preparation workshops, and administers the CASAS approved Citizenship Examination.

EXTENDED OPPORTUNITY PROGRAMS & SERVICES (EOP&S) COOPERATIVE AGENCIES
RESOURCES FOR EDUCATION (CARE)
SSV119 • (323) 953-4000 ext. 2300 & 2301
http://eops.lacitycollege.edu/
EOP&S is a state-funded program for nontraditional students who are affected by educational and economic barriers. The program motivates students in reaching their career and educational goals by providing support services and encouragement. EOP&S provides the following services: intensive academic, career and personal counseling, individualized tutoring, priority registration, transfer assistance, educational workshops, and book vouchers.

CARE- The CARE Program is a supplement program within EOP&S that provides additional support services for single parents receiving TANF/CalWORKS subsidies. CARE students are eligible for all EOP&S services plus childcare referrals, meal tickets, parking permits, auto gas card (if funding permits), parenting and job preparation seminars. CARE offers personal and professional support while assisting participants to meet their educational goals.

Bring your registration receipt showing 12 or more active units to Clausen Hall 111B to find out if you qualify. OSS students must be enrolled in 6 or more active units to apply.

EXTRA- & CO-CURRICULAR ACTIVITIES
In addition to the regular academic offerings of the College, various departments make noteworthy contributions to the cultural life of LACC students and its community. Listed below are College-authorized “extra-curricular” (outside or supplemental to course work) activities available to LACC students.

The Art Department presents exhibitions of interest to the diverse community served by the College. The gallery in DaVinci Hall features drawing, painting, graphics, photography, sculpture, and ceramics by artists of local and international reputation, as well as offering a first-time gallery exhibition experience to students.

Forums, guest speakers, and art demonstrations are presented throughout the year and are open to the general student body. Student work is prominently displayed in the first and second floor cases in DaVinci Hall. The Annual Art Competition and subsequent scholarships reward outstanding department students with cash awards based on submitted portfolios.

The Citadel is the creative arts and literary journal of Los Angeles City College, presented through the English department. The Citadel publishes
works of art, photography, fiction, novels-in-progress, essays, manifestos, and poetry by LACC students. The Citadel publishes work that reflects the socio-cultural changes taking place on campus, in the city, as well as in the world. The Citadel addresses issues that reflect changes due to America’s growing diversity; reviews and illuminates LACC’s understanding, respect, and eager embrace of the many cultural aspects of its students from around the world.

The Music Department presents noontime concerts twice weekly during the academic year. The concerts feature outstanding student soloists, ensembles, and guest artists. The department also presents several evening concerts, given by the musical organizations of the department. The concert experiences are designed to keep students informed about current developments in various phases of the music profession.

The Theatre Arts department and the Theatre Arts Academy present several plays each semester utilizing up to three theatres located on campus: the Camino, the Caminito, and the Cameo. In existence since 1929, the department has built a reputation for excellence that is nationally recognized. Scores of its graduates have been invited to Washington, D.C. as part of the Kennedy Center/American College Theatre Festival.

In 1965 the department was designated by the Community College Board of Trustees as the professional theatre training school for the Los Angeles Community College District. It is the largest, most comprehensive professional theatre training institution in the West. As with extra-curricular activities, various departments make noteworthy contributions to Los Angeles City College students and its community through their “co-curricular” (related to course work) activities. Listed below are College-authorized co-curricular activities available to LACC students.

The “Collegian” is the official student newspaper for Los Angeles City College. It is published twice a month during the academic year. Its purposes are to disseminate information of interest to the college students, faculty, staff and administrators and to offer a means for practical application of the journalistic principles and techniques taught through the Media Arts department.

The “Collegian” is published as a learning experience, offered under the College’s journalism instructional program of the Media Arts department. The editorial and advertising materials published, including any opinions expressed, are the responsibility of the student newspaper staff, free from prior restraint under the First Amendment to the United States Constitution. Accordingly, material published, including any opinions expressed, should not be interpreted as the position of the Los Angeles Community College District, Los Angeles City College, or any LACCD or LACC employee.

The Department of Speech Communication provides opportunities for students to compete in intercollegiate debate tournaments as well as individual Forensics events. Having existed at LACC since the 1930’s, the Forensics squad participates in local state, and national competitions throughout the academic year. Established on a strong winning foundation, the current student competitors continue the tradition in speaking events ranging from debate to oral interpretation of literature.

**FINANCIAL AID**

Student Services Village Rm. 117 • (323) 953-4000 ext. 2010

http://www.lacitycollege.edu/stusvcs/finaid/

For more information, see the section on Financial Aid at the beginning of the catalog.

**FIRST YEAR EXPERIENCE**

**AD 108**

The First Year Experience Learning Community is a program that allows freshmen students an alternate approach to learning that encourages relationships with peers and their instructors. Participants will enroll in selected classes as a group. Peer mentors will be assigned to assist in the classroom. Academic counseling will be provided for all participants, helping to ensure the students’ academic needs are met. Such reinforcement helps student retention, encourages student partnerships, and creates an encouraging learning environment. Interested students should apply as soon as possible because space is limited.

**THE FOUNDATION**

**LOS ANGELES CITY COLLEGE FOUNDATION**

LACCF • (323) 953-4000 ext. 2490

www.laccfoundation.org The Foundation provides deserving students with the opportunity to achieve their academic goals by providing a full range of scholarships and awards. All awards and scholarships are given on an annual basis normally during the Spring semester. For application, criteria and requirements visit the foundation website: www.laccfoundation.org. The specific and primary purposes for which the Foundation is formed are: (1) To promote, foster, encourage and provide scientific, literary, educational and recreational facilities at LACC; (2) To provide for scholarships, fellowships, grants in aid, loans and other financial assistance to worthy students and members of the faculty; (3) To further research and provide for associated facilities; (4) To receive gifts, bequests or devises, either outright or as a trustee or beneficiary of a trust, to hold, transfer, buy, sell, invest, or reinvest real property, cash, stocks and bonds, and all other evidences of value; (5) To expend moneys for the general welfare of the students and faculty of LACC; and (6) To otherwise provide aids to education supplementary to state and local tax means for the support and benefit of LACC.

The Foundation is a non-profit, tax-exempt corporation, designed to receive gifts for the college from individuals, corporations, and foundations. Our tax payer ID # is 95-6207819.

**FOSTER & KINSHIP CARE EDUCATION AND THE INDEPENDENT LIVING PROGRAMS**

Student Services Village Rm. 127C (323) 953-4000 ext. 2335

Los Angeles City College offers various educational programs, ranging from basic to advanced levels, to help caregivers meet the complex and unique needs of the children placed in their homes. The Foster Care Education program trains Foster, Adoptive, and Kinship caregivers to improve the lives of families in crisis by promoting teamwork and sensitivity. All classes are free and open to various types of Foster Care providers. We offer classes in English and Spanish.

Available workshops include: Foster & Kinship Care Education (FKCE); Medical or Specialized FKCE Pre-Service (F- Rate or D- Rate); Model Approach to Partnerships in Parenting (PS-MAPP); Kinship Orientations. Certificate provided upon completion of the requirements.

**LOS ANGELES CITY COLLEGE GUARDIAN SCHOLARS**

EOPS/CARE - SSV 127 (323) 953-4000 ext. 2300

The LACC Guardian Scholars (GS) Program is a comprehensive program that supports current and former foster youth from 16-24 years of age as they pursue their educational/vocational goals. GS provides a seamless integration of student support services including admissions, financial aid, counseling, OSS and EOPS/CARE. The program is conducted under the auspices of the EOPS/CARE program which has the primary function of supporting and assuring that each Foster Youth student is adequately guided and mentored throughout the entire educational process.
**HEALTH & WELLNESS CENTER**

Life Science 101 • (323) 953-4000 ext. 2485

The Health Center services all currently enrolled students. It offers basic primary and non-emergency care, health care counseling, emotional and behavioral counseling, family planning, referrals, TB skin test, and other laboratory tests and immunizations (TD, Hep B, MMR), some which carry additional fees. Appointments can be made to see a medical provider or mental health professional. A mandatory Student Health Fee of $11.00 per semester is payable at the time of registration. (For information on Health Fee Waivers, see “Policies: General.”)

**HEALTHY ADVOCACY RESPONSE TEAM (HART)**

(323) 953-4000 ext. 2450

The College has trained staff to assist students who may be victims of rape, sexual assault and/or stalking. Students who have been assaulted should immediately go to the College Sheriff Office to report the incident - (323) 662-5276. Or, from any campus pay phone, dial #3. Inquiries about this team should be directed to the Chair of HART at (323) 953-4000 ext. 2450 or 2280.

**HONORS PROGRAM**

(323) 953-4000 ext. 2058 AD 205B

http://www.lacitycollege.edu/services/honorsprogram/Page_1x.html

The Honors Program is designed to prepare the highly motivated student for transfer. Honors students who complete 18 units of Honors credit will receive certification in the Transfer Alliance Program (TAP). This guarantees priority consideration for admission to non-impacted majors in UCLA's College of Letters and Sciences, and increases the students' chances of being admitted. Other partners include UC Irvine, UC Riverside, UC Santa Cruz, Occidental College, Chapman University, and La Sierra University.

For more information see the “Transfer Information” section.

**INSTRUCTIONAL TELEVISION (ITV)**

www.lacitycollege.edu/ITV • (818) 833-3594 (Mission College Office)

http://www.lamission.edu/itv/

ITV allows the students to take general education classes which meet transfer and graduation requirements at their own pace through videos and the internet. The award winning videos provide course content, the internet provides an online community for class discussions, virtual tours and online quizzes. Exams are taken on campus, there are on campus seminars on the weekends (approximately once a month). Students may attend seminars and take exams on campus. All classes are three units, except Math 125 which is five units. The tuition is the same as on-campus classes.

**INTERNATIONAL STUDENT CENTER**

Cub Center • (323) 953-4000 ext. 2470

http://intl.lacitycollege.edu/

The LACC International Student Center is a one-stop office that provides admissions, testing, academic counseling, registration, adding and dropping of classes, letters of certification, transcripts, intent to transfer letters and on-campus and off-campus work authorization. The Center also assists students with paperwork to apply to the Immigration and Naturalization Service for change of status, practical training, extension of stay, reinstatement to student status, and transfer to other institutions of learning. Los Angeles City College is authorized under Federal law to enroll nonimmigrant alien students.

International Students: Eligibility For Admission to LACC

To be eligible for admission to Los Angeles City College, the student must:

- Have a score of four-hundred-fifty (450-paper based/133-computer based/45-internet based) or more on the TOEFL (Test of English as a Foreign Language).
- Show the ability to pay the nonresident tuition, currently $169 per unit.
- Have earned a high school diploma from a high school in the United States or the equivalent education from a foreign country. (Immigration requires students to be enrolled in 12 semester units to maintain visa status.) The student must also show the ability to pay living and personal expenses for twelve (12) months, which are estimated to be $10,000. If you are currently living outside the United States, the deadlines are May 30 for the Fall semester and November 15 for the Spring semester. For additional information, write to:

  Director, International Student Program
  Los Angeles City College
  855 North Vermont Avenue
  Los Angeles, CA 90029

**JOB PLACEMENT SERVICES**

Cesar Chavez Administration Building 109 • 953-4000

Current and graduated LACC students are entitled to use the job placement services of the College and those at all Los Angeles Community College District colleges. Job board listing current offerings in the LACC service area is located outside the Student Assistance Center.

**LEARNING SKILLS CENTER**

Learning Resource Center, lower level.

(323) 953-4000 ext. 2770 or 2772

The Learning Skills Center (LSC) provides the opportunity for students to improve their basic study skills in mathematics and language arts. Students may register for classes in the LSC up through the first fourteen weeks of the semester. One-unit classes are offered on an open entry/open exit basis and can be taken as pass/no-pass. (Credit for individualized, self-paced, open entry/open exit courses may not be counted as part of a student minimum load in qualifying for benefits until the courses have been completed.)

Programs are individualized and developed on the basis of diagnostic tests administered to each student to determine his or her academic needs. A student's program is designed to include self-paced instruction, instructor-student conferences, and peer tutoring sessions. Emphasis is placed on the improvement of basic skills in reading, vocabulary, study skills, writing, grammar, basic mathematics, and algebra. Tutoring in most subjects is available. The LSC also offers small group classes in conversation, speech, resume writing, and math anxiety.

**LIBRARY**

Martin Luther King, Jr., Library • (323) 953-4000 ext. 2400

www.lacitycollege.edu/resource/library/

The library features:

- Reference Center with Faculty Librarians for Research Assistance
- Circulation/Periodicals Desk with Textbooks, Reserve Material, Magazines, and Newspapers
- 170 Computers for Students
- 2 ADA Stations
- 2 Tables with low/high adjustability
- Wireless Access
- Photocopy Center
- 2 Print Station Desks with B&W and Color Copying & Printing
- 17 Group Study Rooms
A library brochure and instructor-requested orientations are available through the Reference Center. Two one-unit courses are offered: LS 101 Library Research Methods and LS 102 Internet Research Methods. Individual questions are welcomed at the Reference and Circulation/Periodicals Desks. Students must use their valid college identification card to qualify for library privileges. When the library is closed, materials may be returned through the outside chute located on the front of the building.

**LOST AND FOUND**

Cesar Chavez Administration Building 115 • (323) 662-5276
Inquiries about personal belongings lost on campus should be directed to the Campus Sheriff's office.

**OFFICE OF SPECIAL SERVICES**

Clausen Hall 109 • (323) 953-4000 ext. 2270 • TDD (323) 667-0812
www.lacitycollege.edu/services/DSPS/

The Office of Special Services (OSS) is one of the student services at Los Angeles City College designed to provide educational support and access to programs for currently enrolled students. A variety of programs and services are available to eligible students with disabilities, providing them the opportunity to fully participate in Los Angeles City College's programs and activities through appropriate and reasonable academic accommodations. Provision of these accommodations allow students with disabilities equal access to all aspects of their education, however students must master all competencies required by Title B of the California Educational Code and comply with the Student Code of Conduct adopted by Los Angeles City College.

The following OSS offices are located in Clausen Hall 109: Counseling, ACL, Tutoring, the High Technology Center, and Learning Disabilities Services. Additional counseling is available in the main Counseling Office.

Services provided include but are not limited to: information and referral, advocacy and liaison, academic counseling, learning disability assessment, special education and learning skills classes, high technology center, sign language interpreter, readers, note takers, captioning and Braille transcription.

**RELATED INFORMATION (NOT HANDLED BY OSS)**

**Disabled Parking**

Disabled parking spaces are available in all college designated parking lots. Any vehicle parking in a college disabled parking space must display a State of California issued Disabled Parking Placard or they will be issued a citation.

**Closed Captioning**

Federal laws require that all instructional videos be closed captioned to ensure that all students have full access to instructional material. Academic Departments needing to close caption existing videos should contact OSS. Any new instructional videos purchased by the college must meet this requirement.

**SATELLITE LOCATIONS**

**CITY COLLEGE AT WILSHIRE** - 3020 Wilshire Blvd.
http://www.lacitycollege.edu/offsite/ccw

City College at Wilshire is located on the 2nd floor of 3020 Wilshire Boulevard, east of Vermont - (323) 953-4000 ext. 2230.

**NORTHEAST CAMPUS**

LACCD Van De Kamp Innovation Center (VDK)
2930 Fletcher Drive - 2nd floor
(323) 953-4000 ext. 2230

We also offer distance learning (taking classes via computer and/or video) through Instructional Television and on-line courses.

**OFFICE OF STUDENT LIFE & LEADERSHIP DEVELOPMENT**

Located in the Student Union
(323) 953-4000 ext. 2450

The Office of Student Life & Leadership Development are dedicated to providing opportunities for students to enhance their overall personal and leadership development. We are committed to supporting and preparing LACC's students' development through training workshop, and access to resources. We are dedicated to meeting each individual student's needs so they are equipped with skills that can be transferable in their personal, academic and professional lives.

**STUDENT ASSISTANCE CENTER**

Cesar Chavez Administration Building 105
(323) 953-4000 ext. 2455

The Student Assistance Center is the first stop for students who want to register for classes. A multilingual staff assists students in completing applications for admission to LACC. The Center provides a wide range of support systems, including general campus information as well as a confidential evaluation and referral service. The Center offers community referrals for employment, child care, medical treatment, family planning, county public assistance, housing, legal aid, and psychological counseling.

**TRIO/STUDENT SUPPORT SERVICES**

Clausen Hall 116 • (323) 953-4000 ext. 2468/2466
www.lacitycollege.edu/services/trioss/

TRIO/Student Support Services is a federally funded program designed to serve 160 students who have identified transfer to a four-year university as their academic goal. To meet eligibility requirements, students should be low income, first generation college students and/or students with disabilities evidencing academic need. Eligibility requirements also include having a GPA in the "C" range and students who have not completed an Associate’s degree. Participants must be U.S. Citizens or permanent residents. Services provided include academic, career and personal counseling, full financial aid package consideration, tutoring referrals, educational workshops, (eliminate priority registration), free cultural events & field trips, computer lab usage, and laptop/calculator loan program. Interested students should apply as soon as possible because space is limited.
**UNIVERSITY TRANSFER CENTER**

Cesar Chavez Administration Building 109 • (323) 953-4000 ext. 2215
http://www.lacitycollege.edu/services/transfer/

At LACC, you can complete the first two years of a Bachelor’s degree then transfer to a 4-year university as a Junior. Representatives from the University of California and California State University campuses, as well as private universities, visit the Center on a regular basis to provide up-to-date transfer information to students. Questions on the transfer process, admission requirements and procedures, financial aid, majors and student services are answered. UC, CSU and USC applications are available, and workshops on various aspects of transferring are scheduled throughout the year. Also, catalogs from every accredited college and university in the United States are available in the Center and on websites and CD Rom. For more information see the “Transfer Information” section.

**UPWARD BOUND**

Administration Building 100J • (323) 953-4000 ext. 2315
http://www.lacitycollege.edu/services/upwardbound/ubprogram1.htm

The Upward Bound Program is a federally-funded program designed to prepare high school students for success in college and professional careers. It is one of 500 such programs funded nationwide, all of which are working to increase representation of low-income students in higher education. The program serves students from Belmont, Fairfax, Hollywood, and Manual Arts High Schools, and provides academic support and career guidance services to students from their tenth grade until they graduate from high school, and enter a post-secondary education program. Students qualify for the program by being from low-income families where the parents have not earned a B.A./B.S. degree.

During the academic year, the Upward Bound Program provides participants with tutoring and advising services at their high schools and conducts Saturday Academy sessions on the LACC campus. Every summer, participants attend an intensive 6-week Summer Academic Program at LACC, where they enroll in courses and earn credits towards high school graduation. Instruction includes courses in Math, English Composition, Laboratory Sciences, Computers, Languages, Social Studies, and various Visual and Performing Arts. Throughout the year, the program provides tutoring services, instruction in college-level study skills, exposure to professional careers, and guidance through the college application and financial aid processes. The program also conducts trips to four-year colleges and universities, theatre performances, leadership conferences, and other enriching experiences.

**VEHICLES ON CAMPUS**

See The Current Schedule of Classes For Additional And Current Parking Information

**Board Rule 7400: Parking And Movement Of Vehicles**

Parking and movement of vehicles on District-owned property shall be controlled by the College President, who shall prepare, post, and make available any special regulations. The LACCD Chancellor shall make these regulations available at the District office. Vehicle Code 21113.

**Board Rule 7401: Damage Or Loss Of Property**

Neither the Board of Trustees nor the Los Angeles Community College District shall be responsible for damage to or loss of vehicles or loss of contents thereof from any cause whatever except in those instances in which the District would be liable under Government Code including, but not limited to, Government Code 810 to 996.6, inclusive.

**VETERANS’ RESOURCE CENTER**

Student Union • (323) 953-4000 ext. 2024

Veterans, service members, and their survivors and dependents may apply for their VA Educational Benefit Programs through the Veterans’ Resource Center. To initiate the VA Certification Process, Veteran students must complete a VA Application form and submit it with their DD-214, Verification of Enrollment, and Veteran Educational Plan to the Veterans’ Affairs Office. Veteran students who had previously attended another post-secondary institution must submit a transcript from the institution (civilian and military) for evaluation by an academic counselor prior to certifying for a second enrollment period. Los Angeles City College, as required by the Department of Veterans Affairs (DVA) policy, conducts and evaluates all prior postsecondary education, experience and training (civilian and military) before certifying for a second enrollment period. As required, Los Angeles City College grants the appropriate credit, shortening the training period proportionately, and notifies both the DVA and the student of the amount of credit allowed towards their declared program.

Unless otherwise notified, all programs (majors) in this catalog are approved for VA benefits payment. Transfer programs are approved contingent upon Los Angeles City College having current articulation agreements with the universities offering the transfer programs. Contact the Transfer Center for more information about approved transfer programs. To maintain eligibility, Veteran students must maintain standards of academic progress as indicated in the College Catalog.

Mezynski, Andrzej (2001)  
Associate Professor of Library Science  
B.A., San Diego State University  
M.S.L.I.S, University of Illinois at Urbana-Champaign

Miklos, Michael J. (2005)  
Associate Professor or English  
B.A., University of California, Irvine  
M.A., Ph.D. (pending) University of Southern California

Miller, Kelli (2002)  
Assistant Professor of Child Development  
B.A., University of California, Riverside  
M.A., California State University, Los Angeles  
Ph.D., California State University, Los Angeles

Miyaki, Lawrence (1979)  
Associate Professor of Geography  
A.A., Los Angeles City College  
B.A., M.S., California State University, Northridge  
B.S.O.D., Southern California College of Optometry

Moody, James (2002)  
Associate Professor of Theatre Arts  
B.S., Southern Illinois University  
M.F.A., University of California, Los Angeles

Morimoto, Charlene N. (1980)  
Professor of CAOT  
B.A., Los Angeles City College  
B.S., M.A., California State University, Los Angeles

Morin, Jose (1996)  
Associate Professor of Spanish  
B.A., University of California, Los Angeles  
M.A., University of California, Los Angeles  
Ph.D., University Of California, Los Angeles

Morrissey, Kevin (2005)  
Associate Professor of Theater  
B.F.A, DePaul University  
M.F.A., New York University

Muller, Danielle N. (2002)  
Associate Professor of English  
B.A., University of California, Santa Barbara  
M.A., Ph.D., University of Southern California

Niemeyer, Susan (2001)  
Associate Professor of English/ESL  
B.A., Iowa State University  
M.A., University of Illinois at Urbana Champaign

Nikolyukh, Anatoliy M. (2000)  
Professor of Mathematics  
B.S., Kiev University, Kiev  
M.S., Ph.D., Odessa University Institute of Technology, Odessa

Nishiooka, Hayward H. (1975)  
Professor of Physical Education  
B.A., Los Angeles City College  
B.A., M.A., California State University, Los Angeles

Nishimura, Jeffrey (2005)  
Associate Professor of English/ESL  
B.A., University of California, Santa Barbara  
M.A., University of California, Davis

O’Boyle, Christina (2004)  
Associate Professor of Earth Science  
B.S., M.S., Kent State University

Okamura, Linda (2001)  
Associate Professor of Photography  
B.A., University of Southern California  
B.F.A, Art Center

Pahl, Juergen (1971)  
Professor of Mathematics  
B.S., M.S., University of Hamburg  
Ph.D., University of Bern

Pai, Edward (2010)  
Dean, Institutional Research  
B.A., Yale  
M.S., Ph.D., University of California, Los Angeles

Pak, Joseph (2010)  
Assistant Professor of Philosophy  
Paley, Laurel (2009)  
Assistant Professor of Art and Design  
B.A., Smith College  
M.F.A., Claremont Graduate University

Parada, Yelgy (1995)  
Associate Professor of Foreign Language  
A.A., Los Angeles City College  
B.A., California State University, Los Angeles  
B.S., Universidad de Oriente  
M.A., California State University, Los Angeles
Park, Christine (2006)  
Associate Professor of Music  
B.S., M.A., California State University, Northridge  
Dalcroze Eurythmics Certificate, The Juilliard School

Parsakar, Sandy (1999)  
Associate Professor of Counseling  
B.A., M.A., California State University, Northridge

Partlow, Gayle (2000)  
Associate Professor of Art  
B.A., University of California, Los Angeles  
M.F.A., University of California, Los Angeles

Pashazadeh Monajem, Mohamad (1989)  
Professor of Computer Science  
B.S., Tabriz University  
M.S., Stanford University

Patthey, G. Genevieve (1989)  
Associate Professor of English and ESL  
B.A., University of California, Los Angeles  
M.A., Ph.D., University of Southern California  
Postdoctoral Fellow, National Academy of Education

Pavlik, April (2008)  
Assistant Professor of Psychology  
Payne, Naemah (2002)  
Associate Professor of Mathematics  
B.S., M.S., California State Polytechnic University, Pomona

Peters, Earic (2007)  
Associate Dean of Student Life  
A.A., Santa Monica College  
B.A., M.Ed., Azusa Pacific University

Phommasaysy, Sean (2005)  
Associate Professor of Life Science  
Piday, Mary L. (1995)  
Associate Professor of Theatre Arts  
B.A., University of Southern California  
M.F.A., University of Southern California

Plotquin, Hector (2001)  
Professor of Mathematics  
B.S., M.S., the University of Buenos Aires

Pumphrey, Reri N. (2005)  
Assistant Professor of Counseling  
B.A., Los Angeles City College  
B.A., California State University, Los Angeles  
M.A., Antioch University, Marina del Rey

Radke, John G. (1979)  
Professor of Radiologic Technology  
B.S., Loma Linda University  
M.A., California State University, Los Angeles  
R.T. (N.M.) CNMT, LAC-USC Medical Center

Reed, Billy (1996)  
Associate Professor of Counseling  
B.A., University of California, Santa Barbara  
M.A., Point Loma University

Reinauer, Bruce J. (2007)  
Assistant Professor of Psychology  
Reisch, Maria F. (1973)  
Professor of Physical Education/Dance  
B.A., M.A., University of California, Los Angeles  
M.F.A., University of Southern California  
B.A., Los Angeles Valley College  
B.S.N., California State University, Los Angeles  
M.S.N., University of California, Los Angeles  
DNP, Case Western University

Rivera, Mario (1997)  
Associate Professor of Spanish & Humanities  
B.A., M.A., University of California, Los Angeles

Rodriguez, F.J. (1983)  
Associate Professor of Sociology  
A.A., East Los Angeles College  
B.A., California State University, Los Angeles  
M.S.W., University of California, Los Angeles

Rogers, Corey (2008)  
Associate Dean, Student Services  
B.A., University of California, Irvine  
M.A., Claremont Graduate University

Rossi, Alfred A. (1978)  
Professor of Theater Arts  
B.S., Loyola University, Chicago  
M.A., University of Kansas  
Ph.D., University of Minnesota

Rountree, Jennifer (1990)  
Associate Professor of Theater  
B.A., University of California, Santa Cruz  
M.F.A., University of California, Los Angeles

Rousey, Stephen  
Associate Professor of Health

Rozenkopf, Francine (1989)  
Associate Professor of French  
A.A., Los Angeles City College  
B.A., M.A., C. Phil, University of California, Los Angeles

Rueda, Mary (1989)  
Professor of Counseling  
B.A., California State University, Los Angeles  
M.A., California State University, San Diego

Ruiz, Daniel (2010)  
Assistant Professor of English

Ryan, Joseph (1989)  
Associate Professor of English/ESL

Salazar, Juliet  
Assistant Professor of Mathematics

Sambrano, Robert (2005)  
Associate Professor of CAOT  
B.A., M.B.A., University of Texas  
Trinity University

Samplewala, Robert  
Associate Professor of Computer Science

Sbarlanto, Aura (2001)  
Professor of Child Development  
B.A., Los Angeles City College  
M.A., California State University, Los Angeles  
A.A., San Diego City College

Schonberg, Lawrence (1979)  
Associate Professor of Business Administration  
B.B.A., Nichols College  
M.B.A., Suffolk University  
Professor of Art  
B.A., M.A., California State University, Los Angeles  
M.F.A., California State University, Los Angeles

Sechooler, Rochelle L. (1978)  
Professor of Psychology  
B.A., M.A., Ph.D., University of California, Los Angeles

Segal, Ted (2000)  
Professor of Counseling  
A.A., Los Angeles City College  
B.A., California State University, Northridge  
M.A., Chapman University Licensed Marriage, Family, Child Therapist, State of California

Associate Professor of Speech  
Directo of Forensics  
M.S., California State Polytechnic University, Pomona  
M.A., Miami University, Ohio

Assistant Professor of Nursing  
A.S., Nursing, Santa Barbara City College  
B.A., University of California, Santa Barbara  
B.S. University of Laverne  
M.S./FNP, California State University, Dominguez Hills

Sirott, Amy (2005)  
Associate Professor of CAOT  
B.S., California State University, Northridge  
M.A., California Lutheran University

Sisko, Diane (1976)  
Associate Professor of Theater Arts  
B.A., Purdue University

Skousen Radford, Mary (2005)  
Assistant Professor of Child Development  
B.A., California State University, Los Angeles  
M.A., Pacific Oaks College

Solis, Bernadette L.  
Associate Professor of Counseling  
B.A., M.A., California State University, Dominguez Hills

Solimuto, Peter E. (1979)  
Professor of English  
A.B., M.A., University of California, Los Angeles  
Ph.D., University of Southern California
Sow, Nili (2002)  
Assistant Professor of Mathematics  
B.A., M.A., University of Dakar, Senegal

Suovanen, Charles (2000)  
Associate Professor of Music  
B.M., M.A., California State University, Northridge

Sweetman, Amy B. (1996)  
Associate Professor of Psychology  
B.A., M.A., California State University, Los Angeles

Sweetman, Timothy N. (1996)  
Associate Professor of Administration of Justice  
B.S., Cal Poly Pomona University  
M.P.A., California State University, Northridge

Tamayo, Flavia J. (2002)  
Associate Professor of English  
Dual B.A.’s, University of Southern California  
M.A., Stanford University

Tavakoli, Mozhgan (1986)  
Professor of Computer Science  
B.S., M.A., California State University, Los Angeles  
M.S., Azusa Pacific (pending)

Tchen, Bernadette (1991)  
Professor of English  
B.A., M.A., Université de Paris – Sorbonne  
M.A., Ph.D., University of Southern California  
Certificate in Programming and Data Processing, University of Southern California

Tinberg, Christine  
Assistant Professor of Physical Education/Health

Tiscareno, Emma (2005)  
Assistant Professor of Counseling  
A.A., West Los Angeles Community College  
B.A., M.A., Loyola Marymount University  
Ed.D., Pepperdine University

Tiwari, Braj (1991)  
Professor of Business Administration  
B.A., M.A., Kanpur University  
M.S., Bowling Green State University

Torres, Julio (1999)  
Associate Professor of Philosophy  
B.A., M.A., California State University, Los Angeles

Udeozor, Valerie (2008)  
Assistant Professor of Nursing  
A.S.N., Mount of Saint Mary’s College  
B.A., Howard University  
M.S.N., University of Phoenix

Upshaw, Darlene (2007)  
Assistant Professor of Nursing  
A.S.N., Mount St. Mary’s College  
B.S.N., Mount St. Mary’s College

Vangor, Robert (2007)  
Associate Professor of Learning Skills

Vargas, Wilhelm I. Dr.  
Assistant Professor of Law  
B.S. California State University – Long Beach  
J.D. Southwestern University, School of Law  
Member State Bar of California, New York, Colorado, and Washington, D.C. (323) 953-4000 ext. 2754

Professor of Cinema-TV  
B.A., University of North Carolina, Greensboro  
M.A., State University of New York, Buffalo

Vasquez, Barbara Jean (1996)  
Associate Professor of Library Science  
B.A., California State University, Fullerton  
M.S.L.S., California State University, Fullerton

Velez, Patricio (1977)  
Professor of Mathematics  
A.B., University of the East, Philippines  
M.S., University of Santo Tomas, Philippines  
DIP. STAT., University of the Philippines  
M.S., University of Southern California

Viller, Jeremy  
Associate Dean, Student Access  
A.A., Los Angeles Valley College  
B.A., M.S., California State University, Northridge

Walden, Daniel (2003)  
President, Academic Affairs  
A.A., Cerritos College  
B.A., California State University, Long Beach  
M.A., Claremont Graduate University  
M.Div., Fuller Theological Seminary  
Ph.D., Claremont Graduate University

Walter, Andrew (2005)  
Associate Professor of Humanities  
B.A., University of California, Santa Cruz  
Ph.D., University of Minnesota

Wanner, Daniel (2002)  
Professor of Music  
B.A., M.A., Columbia College  
D.M.A., Columbia University

Ward, Jerold M. (2001)  
Associate Professor of Counseling  
B.A., California State University, Northridge  
M.Ed., Suffolk University, Boston  
Ph.D., California Graduate Institute

Washburn, Nancy (2000)  
Professor of Child Development  
B.A., M.A., California State University, Los Angeles

Windsor, Kevin R. (2000)  
Associate Professor of Mathematics  
B.A., California State University, Stanislaus  
M.S., California State University, Northridge

Wolf, Roger (1977)  
Associate Professor of Mathematics  
B.S., United State Military Academy  
M.A., University of California, Los Angeles

Yazdanian, Mahmood (2006)  
Assistant Professor of Electrical Engineering  
M.S., University of Southern California

Young, Wanda  
Assistant Professor of CAOT/Office Administration

Young, Janice J. (1976)  
Professor, Family & Consumer Studies  
B.S., M.S., Brigham Young University  
Registered Dietitian, American Dietetic Association

CHILD DEVELOPMENT CENTER FACULTY

Director:  
Harris, Dorian K. (2010)

Glossary

Academic Probation - After attempting 12 units, a student whose cumulative grade point average (Effective Fall 1981) falls below 2.00 is placed on academic probation.

Academic Renewal - A student may initiate a petition to have his/her record reviewed for the removal of grade(s) from permanent record for the purpose of computing the grade point average. A student must meet specific conditions and may only have a maximum of 18 units removed.

Add Permit - A form issued by an instructor which permits the student to add to the class if the instructor determines that there is room. Enrollment in the class is official only if the add permit is processed by the office of Admissions and Records.

Advisory Enrollment - An advisory is a condition of enrollment that a student is advised (but not required) to meet before, or in conjunction with, enrollment in a course.

Appeal - A student request for reconsideration of a decision made affecting disciplinary action, grade change, prerequisite challenge, etc.

Application for Admission - A form provided by the Office of Admissions and Records on which the student enters identifying data and requests admittance to a specific semester.

Articulation Agreement - The community colleges work together with the University of California, the California State University and private postsecondary colleges/universities to establish a course agreement to enable transfer students to receive credit for their academic programs.

Assessment - Assessment is the process the college uses to evaluate student skills in areas such as reading, writing and mathematics and English as a Second Language (ESL).

A.S.O. - Organization which all enrolled students are eligible to join is called the Associated Students Organization.

Associate Degree - A degree (Associate in Arts, A.A., or Associate in Science, A.S.) granted by a community college which recognizes a student's satisfactory completion of an organized program of study consisting of a minimum of 60 degree applicable semester units.

Audit - A student's attendance in a class with permission of the instructor and payment of a fee. No college credit nor grade is given.

CalWORKs Program - CalWORKs (California Work Opportunity and Responsibility to Kids), previously GAIN, is an LACC Program offering training and support services to students receiving TANF (Temporary Assistance to Needy Families), previously AFDC.

CAN - The California Articulation Number System, known as CAN, is a means of identifying comparable courses offered at LACC and other colleges in California. CAN is a system that uses the same prefix and number to identify a course on every participating campus. Each campus has its own number, the CAN is added to denote courses that can be used in lieu of each other at participating colleges.

Catalog Rights - Catalog rights refer to the right of every continuing student to choose one, and only one, catalog under whose course requirements the student is to be evaluated for the purpose of determining whether the student meets the requirements for LACC graduation or for certification to transfer to UC or CSU. The continuing student may select the catalog which was in effect when the student initially enrolled at LACC or any catalog in effect thereafter through and including the semester when the student petitions for graduation or transfer certification.

Certificate Programs - Program designated for students who are looking for instruction with a high degree of specialization. Certificate programs vary in length and may require less than two years of full-time study, and may be pursued on a part-time basis. At the point of completion students may request the issuance of a certificate of completion.

Certification of CSU General Education Requirements - Completion of a body of transfer courses which meet the general education requirements of the California State University system (CSU).

Concurrent Enrollment - A student may enroll in two mutually dependent courses within the same semester and/or may be simultaneously enrolled at both LACC and a high school or another college.

Cooperative Education - An instructional program that is designed to complement the student's academic training with realistic on-the-job experiences.

Co-requisites - A condition of enrollment consisting of what course is required to be taken simultaneously in order to enroll in another course.

Counseling - Guidance provided by professional counselors in academic, vocational, and personal matters.

Course - A subject of study. Identified by Title and Number; for example: Accounting 1.

Credit by Examination - Credit granted for proficiency previously accomplished through testing.

Cross-Referenced - Course content is the same as another course, e.g. HIST 7 and PHIL 23.

CSU - California State University.

Dismissal - A student on academic or progress probation for three semesters may be dismissed from the College. Once dismissed the student may not attend any college within the Los Angeles Community College District for a period of one year and must petition for readmittance at the end of that period of time.

Drop - A student's official withdrawal from a class.

Elective - Courses which a student may choose without restriction of a particular major program-curriculum.

Full-Time Student - A student enrolled and active in 12 or more units, during the Fall or Spring Semester.
General Education Requirements – A group of courses from several subject areas which are required for graduation by state law.

Grade Points – The numerical value of a college letter grade. A=4, B=3, C=2, D=1, F=0, times the number of units of the course: An A in a 5 unit course equals 20 points.

Grade Point Average (GPA) – The GPA is determined by dividing the total grade points earned by the number of attempted units.

Honors Program – The LACC Honors program is designed for students with a 3.0 GPA or higher who plan on transferring to a four-year college or university.

IGETC – Intersegmental General Education Transfer Curriculum. Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California.

INC – Incomplete. The administrative symbol “INC” is recorded on the student’s permanent record in special situations in which the student has not been able to complete a course due to circumstances beyond the student’s control.

IP – In Progress. A symbol which indicates a course which continues over parts or all of two semesters.

Lower Division – College courses at the freshman and sophomore levels.

Major – A concentration of study in a specified discipline.

Matriculation – A combination of assessment of reading, writing, and mathematics skills; orientation to college programs and services; academic advising and counseling; and the programs and services that enable a student to reach his or her educational goals.

NDA – Non degree applicable Credit courses that do not apply toward a degree and are not transferable.

Non-penalty Drop Period – The first four weeks of a regular semester during which a student’s enrollment in a class is not recorded on the student’s permanent record if the student drops by the deadline. This deadline will be different for short-term and summer session courses.

Pass/No Pass – A form of grading whereby a student receives a grade of Pass (P) or No Pass (NP) instead of an A, B, C, D, or F. A “P” is assigned for class work equivalent to a C or above. “NP” denotes work below a grade of C.

Permit to Register – A form listing an appointment day and time at which the student may register.

Prerequisite - A condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

Progress Probation – After enrolling in 12 units, a student whose total units for which a W, NCR or INC has been assigned equals 50 percent or more of the units enrolled is placed on progress probation.

RD – Report Delayed. A temporary administrative symbol which is recorded on the student’s permanent record when a course grade has not been received from the instructor. It is changed to a letter grade when the grade report is received.

Returning Student – A previously enrolled student who did not attend the college during the previous two semesters. Attendance during the summer session is not included in this determination.

Satisfactory Completion – Completion of a course with a grade of “C” or better.

Schedule of Classes – A schedule, giving directions for enrollment and detailed information about the times, locations, and instructors of the classes to be offered. It is issued before the beginning of each semester and summer session.

Section Number – A four-digit class identification number which appears in the first column in the class schedule before the time of day or evening the class meets.

Semester – One-half of the academic year usually 15 weeks.

SEP – Student Educational Plan

Subject Deficiency – Lack of credit for a course or courses required for some particular objective such as graduation or acceptance by another institution.

Substandard Grade – An earned grade of D or F.

Transcripts – A student’s permanent record and an official list of all courses taken at a college or university showing the final grade received for each course.

Transfer – A student may change from one collegiate institution to another after having met the requirements for admission to the second institution.

Transfer Courses – Courses designed to match lower division courses of a four-year institution and for which credit may be transferred to that institution.

Transferable Units – College units earned through satisfactory completion of courses acceptable for credit at a four-year college or university.

UC – University of California.

Units – The amount of college credit earned by satisfactory completion of a specific course taken for one semester. Each unit represents one hour per week of lecture or recitation, or a longer time in laboratory or other exercises not requiring outside preparation.

Units Attempted – Total number of units in courses for which a student was ever actively enrolled.

Units Completed – Total number of units in courses for which a student received a grade of A, B, C, D, F, or CR.

Units Enrolled – Total number of units in which the student is enrolled at the end of the non-penalty drop period, which is the total number of units for all courses appearing on the student’s transcripts.

W – An administrative symbol assigned to a student’s permanent record for all classes which a student has dropped or has been excluded from by the instructor after the end of the non-penalty drop date but by the last day to drop.

Withdrawal – The action a student takes in dropping all classes during any one semester and discontinuing coursework at the college.
